INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Employees Profit Sharing 401(k) Plan of Alfred Benesch & Company

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Employees Profit Sharing 401(k) Plan of Alfred Benesch & Company (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate**.**

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

(847) 498-8880 Northbrook
3400 Dundee Rd, Suite 120, Northbrook, IL 60062

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

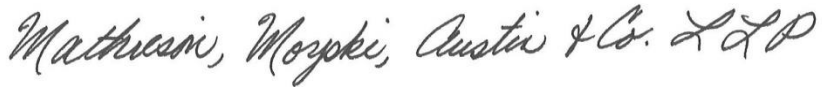

The supplemental schedules of schedule H, line 4i – schedule of assets (held at end of year) and schedule H, line 4a – schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – PLAN SUMMARY AND DESCRIPTION:

The following description of the Employees Profit Sharing 401(k) Plan of Alfred Benesch & Company (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all eligible employees of Alfred Benesch & Company (Company) who have at least one month of service and are age twenty-one or older. Once these requirements are attained, employees may enroll on the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage or flat dollar amount of eligible compensation, as defined in the Plan, subject to certain Internal Revenue Service (IRS) limitations. There is no maximum deferral election. Some or all of the participant's deferral contribution may be designated as a Roth deferral contribution at the time the deferral election is made. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective July 1, 2024, the Plan has an automatic enrollment provision of 3% salary deferral for employees hired on or after July 1, 2024, whereby employees must elect out of the Plan if they do not wish to participate. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions, as well as the matching Company contribution and additional profit sharing amounts that may be contributed at the option of the Company's board of directors into various investment options offered by the Plan.

The Plan currently offers several families of pooled separate accounts and two fully benefit-responsive guaranteed investment contracts as investment options for participants. The Company offers a discretionary match whereas the Company contributes eighty cents for each dollar contributed up to 5% of eligible compensation deferred. Contributions are subject to certain statutory limitations. The Company made matching contributions of $5,935,645 to the Plan for the year ended December 31, 2025.

NOTE 1 – PLAN SUMMARY AND DESCRIPTION (continued):

The Plan allows for a discretionary profit sharing contribution in an amount set annually by the Board of Directors. Participants must be employed on the last day of the plan year and have earned 1,000 hours of service to be eligible to receive discretionary profit sharing contributions. The Board approved a contribution rate of 5% of eligible wages resulting in contributions of $7,506,416 to the Plan for the year ended December 31, 2025.

An employer non-elective contribution consisting of unused vacation time may be converted to equivalent dollars and deposited into individual participant accounts of the Plan each Plan year. The expected maximum amount of unused vacation dollars that can be deposited into the Plan is equal to the lesser of unused vacation pay in excess of one week or the balance remaining of the combined maximum allowed contribution pursuant to the Internal Revenue Code (IRC). This unused vacation contribution cannot be forfeited and is not subject to vesting. The Company made non-elective contributions for unused vacation time of $100,902 to the Plan for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, Company profit sharing contributions, non-elective contributions and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and withdrawals. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and the Company's matching contributions plus actual earnings thereon. Effective January 1, 2024, the method for crediting vesting service for profit sharing contributions is based on vesting periods of service. Participants hired on or after January 1, 2024, are credited with a period of service for 1,000 hours earned, and are 100% vested after five years of service. Participants hired before January 1, 2024 are credited with a period of service for 1,000 hours earned and fully vested in the Company profit sharing contributions plus actual earnings thereon after one year of credit service. If participants are employed on or after their Normal Retirement Age or if they terminate employment on account of death or disability, they are 100% vested in their Company matching and profit sharing contributions.

NOTE 1 – PLAN SUMMARY AND DESCRIPTION (continued):

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the fair value of the participant's vested interest in his or her account, installment distribution in equal amounts over a period of time, or purchase of an annuity. An optional form of benefit may be selected pursuant to a qualified election within the 180-day period ending on the annuity starting date. Participant accounts that do not exceed $1,000 receive a single lump-sum payment as soon as administratively feasible following the event that entitles the participant to a distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or partial withdrawal of any portion of the vested balance. Distributions are also permitted prior to termination if certain age requirements are met or if the participant qualifies for hardship as defined by the Plan.

Generally, participants who have separated from service with account balances over $7,000 remain in the Plan until the participant elects payment. A participant will receive an involuntary lump sum distribution if the total vested account balance is $7,000 or less at the time of distribution.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $197,808 and $29,167, respectively. This account can be used to offset Company contributions and pay administrative expenses of the Plan. During the year ended December 31, 2025, forfeited nonvested amounts of $29,168 were used to offset Company contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plans Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants are recorded in the year in which the contributions are withheld from compensation. Company contributions are recorded in the period in which the related obligation is incurred.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the outstanding loan balance is reduced, and the delinquent participant's note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

The Plan entered into a revenue sharing agreement with Voya Retirement Insurance and Annuity Company (Voya) to assist in paying Plan administrative fees. At December 31, 2025 and 2024, the balance in the account totaled $172,565 and $141,939, respectively. This account is used to pay administrative expenses of the Plan. During the year ended December 31, 2025, the account was used to pay Plan expenses in the amount of $61,173, which was included in administrative expenses on the accompanying statement of changes in net assets available for benefits. During the year ended December 31, 2025, the account received credits to offset future expenses in the amount of $91,799.

Subsequent Events

Subsequent events were evaluated through October 9, 2026, which is the date the Plan's financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Reclassification

Certain prior year amounts have been reclassified to conform to the current year presentation. Such reclassifications had no effect on net assets available for benefits or changes in net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued):

The following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts

Pooled separate accounts are valued using the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level One)	Other Observable Inputs (Level Two)	Unobservable Inputs (Level Three)
Investments, at fair value	$ -	$ -	$ -	$ -
Investments measured at NAV (a)	$ 366,353,559			
Total	$ 366,353,559			

NOTE 3 – FAIR VALUE MEASUREMENTS (continued):

Investments at Fair Value as of December 31, 2024

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level One)	Other Observable Inputs (Level Two)	Unobservable Inputs (Level Three)
Investments, at fair value	$ -	$ -	$ -	$ -
Investments measured at NAV (a)	$ 309,584,122			
Total	$ 309,584,122			

(a) The fair values of the pooled separate accounts reflected in the tables above have been determined using the NAV per share (or its equivalent) as a practical expedient and, as such, have not been categorized within the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes information related to the pooled separate accounts measured at fair value based on the net asset value per share as a practical expedient as of December 31, 2025 and 2024. The pooled separate accounts are maintained by Voya and hold investments in accordance with a stated set of fund objectives. There are no participant redemption restrictions for these investments.

	2025	2024
Fair value	$ 366,353,559	$ 309,584,122
Redemption frequency	Daily	Daily
Redemption notice period	None	None
Unfunded commitments	N/A	N/A

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan invests in the Voya Fixed Account, which is a fully benefit-responsive guaranteed investment contract (GIC). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The following represents the disaggregation of investment contracts held by the Plan:

	2025	2024
Traditional investment contracts	$20,190,015	$17,495,165
Total Fully Benefit-Responsive Investment Contracts	$20,190,015	$17,495,165

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established in a contract between the Plan and the contract issuer, which will not fall below 2%. The crediting rate is reviewed annually for resetting. The contract cannot be terminated before the scheduled maturity date.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024 was $20,190,015 and $17,495,165 respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligation. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued):

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan)
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable that might limit the ability of the Plan to transact at contract value with the contracts issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 – INFORMATION PREPARED BY AND CERTIFIED BY CUSTODIAN:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been certified to as complete and accurate by Voya as of December 31, 2025 and 2024:

	2025	2024
Investments at fair value	$ 366,353,559	$ 309,584,122
Investments at contract value	20,190,015	17,495,165
Notes receivable from participants	2,278,306	2,029,387
Net appreciation in fair value of investments	35,028,410	N/A
Dividends and interest	17,276,659	N/A
Interest income on notes receivable from participants	177,569	N/A

NOTE 6 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2025, the Plan made direct payments of $391,760 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

NOTE 7 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS (continued):

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

NOTE 8 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 – TAX STATUS:

On June 30, 2020, the Internal Revenue Service issued an opinion letter which stated that the non-standardized pre-approved profit sharing plan adopted by the Plan, as then designed, qualified under Section 401 of the Internal Revenue Code (IRC). Although the Plan has not received a determination letter specific to the Plan itself, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.
