INDEPENDENT AUDITORS' REPORT

To the Cumberland Valley Financial Corporation
Savings & Retirement Plan and Participants

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Cumberland Valley Financial Corporation Savings & Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Cumberland Valley Financial Corporation Savings & Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Cumberland Valley Financial Corporation Savings & Retirement Plan and to meet our other ethical

responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cumberland Valley Financial Corporation Savings & Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cumberland Valley Financial Corporation Savings & Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cumberland Valley Financial Corporation Savings & Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and

disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of Cumberland Valley Financial Corporation Savings & Retirement Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 18, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, are presented, in all

material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Cumberland Valley Financial Corporation (the "Company") Savings & Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and became effective January 1, 1992, and was restated effective July 1, 2021. The Plan had been amended for SECURE Act 2.0 provisions effective January 1, 2024 and other amendments effective January 1, 2025. The Plan covers all eligible employees of Cumberland Valley National Bank (the Plan Sponsor, Employer, and Administrator) and its wholly owned subsidiary, Cumberland Valley Title Company. The Plan's recordkeeper and custodian is Empower Retirement, LLC.

Eligibility

Employees are eligible to participate in the Plan once they have reached the age of 21 and have completed 90 days of service. Effective January 1, 2025, employees are eligible to participate in the Plan once they complete 90 days of service and reach the age of 18.

Contributions

Participants may contribute to the Plan, as a pre-tax deferral or Roth contributions from their eligible compensation, as defined in the Plan adoption agreement. Participants may also contribute amounts representing distributions from other qualified retirement plans. Rollover contributions are permitted only by participants who have satisfied the conditions of participation. The Plan Sponsor makes a safe harbor matching contributions on behalf of eligible participants equal to 100% of a participant's deferral contributions up to 3% of the participant's eligible compensation for the plan year plus 50% of the participant's deferral contributions in excess of 3% but not in excess of 5% of the participant's compensation for the plan year. The Plan Sponsor may also elect to make an additional discretionary contribution not to exceed 4% of compensation. No discretionary contributions were made during 2025. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants are automatically enrolled in an elective deferral contribution of 3% of compensation, unless the participant affirmatively elects a different percentage or elects not to make an elective deferral contribution. This percentage is automatically increased on or after each January 1 by 1% up to a maximum of 15%.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions and the Plan Sponsor's contributions, an allocation of plan earnings or losses, and administrative expenses. Administrative expenses are charged to each participant's account balances, as defined in the Plan adoption agreement. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct their investment of their contributions into various investment options provided by the Plan. If no such direction is made, participant accounts are invested in accordance with a qualified default investment alternative as established under the Plan. The Plan Sponsor's contributions are automatically invested in the same investment options at the same percentage as participant deferral contributions.

1. Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions, rollovers, and employer safe harbor contributions plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants are vested in the Plan Sponsor's discretionary contributions according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

If a participant dies or becomes disabled, he or she is automatically 100% vested in all accounts.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested account balance is greater than $7,000 may elect to receive either a single lump-sum amount equal to the value of the participant's vested interest in his or her account, or a single sum payment of a portion of the participant's vested interest in his or her account. A participant whose vested account balance is not greater than $7,000 upon termination of service (excluding amounts attributable to rollovers) will receive his or her benefits as a single lump sum payment.

Unallocated Accounts

All forfeited balances of terminated participants' non-vested accounts are used to reduce future Plan Sponsor matching contributions or to pay plan expenses. As of December 31, 2025,and 2024 there were no forfeited non-vested accounts. At December 31, 2025 and 2024, there were $5,437 and $9,925, respectively of unallocated accounts related to the revenue credit program and plan expenses.

Revenue Credit Program

The Plan provides for a revenue credit program in connection with revenue sharing with certain investment managers. The amounts may be used to pay Plan expenses or allocated to eligible participant accounts. The revenue sharing amounts are reported as other income on the Statement of Changes in Net Assets Available for Benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of a fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Trust Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Contributions from Plan participants and the contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Benefits Paid

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. Investment related expenses are included in the net appreciation of investments. Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are excluded from these financial statements.

Use of Estimates

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Management's Review of Subsequent Events

The Plan's management evaluated subsequent events for accounting and disclosure requirements through September 22, 2026, the date the financial statements were available to be issued. Subsequent events past this date, as they pertain to the year ended December 31, 2025 have not been evaluated by the Plan.

3. Information Certified by the Plan's Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Retirement, LLC, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024 and investment related activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025.

- *Pooled separate accounts:* Valued at net asset value (NAV) per share based on quoted market prices of underlying investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as follows:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts	$ NA	$ NA	$ NA	$ 16,207,807

	Assets at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts	$ NA	$ NA	$ NA	$ 13,304,620

In accordance with accounting standards, investments in 2024 and 2025 consist of pooled separate accounts that are measured using NAV per share (or equivalent) practical expedient have not been classified as Level 1, 2, or 3 in fair value hierarchy.

4. Fair Value Measurements (Continued)

The following table summarized investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

2025	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$16,207,807	N/A	Immediate	None

2024	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$13,304,620	N/A	Immediate	None

5. Fully Benefit – Responsive Investment Contracts

The Plan has a fully benefit-responsive investment contract with Talcott Resolution Life Insurance Company (Talcott or Issuer) that is reported at contract value. Talcott maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by Empower. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Plan Sponsor, and certain other Plan Sponsor-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

For credit risk of the contract issuer, there are no reserves against the contract value, the crediting interest rate is based on an agreed-upon formula with the issuer. It cannot be less than 3%, these interest rates are reviewed semi-annually. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers and withdrawals into/out of the contract; and the duration of the underlying investments backing the contract.

The contract was included in the financial statements at contract value of approximately $3,524,325 and $3,599,301 as of December 31, 2025 and 2024, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no unfunded commitments.

6. Tax Status

The Plan is based on a non-standardized pre-approved plan and has received an opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022, stating that the form of the Plan is granted favorable treatment as being in accordance with applicable sections of the Internal Revenue Code, and therefore, the related trust is tax exempt. Although the Plan has been amended since receiving the determination letter, the Plan Sponsor believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the federal taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. Exempt Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Plan Sponsor, and certain others. Professional fees and the majority of other administration expenses of the Plan were paid by the Plan Sponsor. RFH, PLLC is the independent auditor for the Plan in 2025. Dean Dorton was the independent auditor for the Plan in 2024. Empower is the custodian and recordkeeper of the Plan. During the year ended December 31, 2025, the Plan paid $28,638 to Alden Capital for investment advisory services. During the year ended December 31, 2025, the Plan received $50,116 from the Revenue Credit Program, which was placed in an ERISA account. Qualified Plan expenses may be paid from the ERISA account. As of December 31, 2025, there is $2,008 remaining in the ERISA account.

Additionally, indirect fees are paid to Empower based on investment account values. These fees range from 0.25% to 1.00% of the investment account value. The fees decrease net appreciation in fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

8. Plan Termination

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
