INDEPENDENT AUDITORS' REPORT

To the 401(k) Committee of
Sterling Infrastructure 401(k) Plan
The Woodlands, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sterling Infrastructure 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

Sterling Infrastructure 401(k) Plan (the Plan) is a qualified defined contribution plan adopted by Sterling Infrastructure, Inc. and its affiliates (collectively, the Company). Affiliated companies are defined as members of a controlled group of corporations or other entities that are under common control. The Plan is designed to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was originally adopted by the Company effective October 1, 1983, and was most recently amended and restated effective December 1, 2025. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Significant provisions of the Plan in effect are summarized below. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Administration: The Plan is administered by the Sterling Infrastructure 401(k) Committee (the Committee) which is composed of employees of the Company. The Committee is responsible for the overall operation and administration of the Plan, including the management of its assets. From January 1, 2025 through November 30, 2025, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company served as trustee and Principal Financial Group served as recordkeeper. Effective December 1, 2025, Fidelity Management Trust Company became the Plan's trustee, and Fidelity Investments assumed the role of recordkeeper.

Plan Restatement: Effective December 1, 2025, the Plan was amended and restated for several key changes to the Plan:

- Deferrals: The Plan elected to apply higher catch-up contribution limits for participants who are ages 60 through 63.
- Matching Contribution: The Plan's matching contribution was redesignated as a safe harbor matching employer contribution. The formula remains 100% of the first 5% of eligible compensation deferred, and the contribution is fully vested when made.
- Discretionary Nonelective Contributions: The employed on the last-day-of-the-Plan-Year eligibility requirement was removed.
- Payment of Benefits: The automatic cash-out and rollover threshold increased from $5,000 to $7,000.

Eligibility: All non-excluded employees of the Company who have attained age eighteen and who have worked at least one month are eligible to participate in the Plan. The entry date will be the first day of the month on or after the employee satisfies the eligibility requirements.

Contributions: Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a pre-tax or Roth salary deferral, not to exceed the dollar limit which is set by law. Participants who are at least age 50 or will attain age 50 before the end of a calendar year may elect to defer additional amounts called catch-up contributions. Participants are permitted to revoke or change their salary deferral election at any time during the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company will make a safe harbor matching employer contribution equal to 100% of a participant's contributions, up to 5% of a participant's pay each Plan year. Additionally, the Company may make a discretionary nonelective contribution each year. To be eligible for the discretionary nonelective contribution, a participant must have worked a minimum of 1,000 hours during the Plan year.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company contributions (b) Plan earnings, and (c) forfeitures of discretionary nonelective employer contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are always 100% vested in their salary deferrals, catch-up contributions, safe harbor matching employer contributions, rollovers, and any earnings thereon. Employer discretionary nonelective contributions are subject to a six-year graded vesting schedule based on years of service, beginning with 20% vesting after two years of service and increasing to 100% vesting after six years of service.

Investment Options: Participants direct the investment of their entire interest in the Plan into various investment options. Participants may redirect the investment of future contributions or reallocate or transfer existing balances among available investment options at any time.

Payment of Benefits: Upon termination of service before normal retirement age, a participant may elect to receive a single lump-sum payment in cash equal to the value of the participant's vested account balance, or to rollover the distribution directly to another qualified plan under section 401 of the Internal Revenue Code (IRC). If a participant's vested account balance exceeds $7,000, they may elect to receive a distribution in a single lump-sum payment, partial or installment payments. If the participant does not consent to a distribution of their vested account balance, their balance will remain in the Plan. If a participant's total vested account balance under the Plan is between $1,000 and $7,000 as of the distribution date and they do not consent to a distribution of their vested account balance, their vested benefit automatically will be rolled over to an IRA selected by the Company. If a participant's total vested balance is $1,000 or less as of the distribution date, their entire vested benefit will be distributed to them in a lump sum, even if they do not consent to a distribution. Upon normal retirement, disability, or death, the participant or beneficiary is entitled to receive the amount credited to their account. Benefits may be paid to the participant in a single lump-sum payment in cash or a direct rollover to another qualified plan. If the participant or their beneficiary is required to take minimum distributions, benefits may be paid in a series of payments as required by the IRC.

Participants may take in-service distributions while still employed with the Company if they are age 59½ or older at the time of the distribution. If a participant has a financial hardship due to immediate and heavy financial need, they may also withdraw from their vested account.

Notes Receivable from Participants: Loans are available to participants on a reasonably equivalent basis. The minimum loan amount is $1,000 and the maximum amount is the lesser of 50% of the participant's vested account balance in the Plan, or $50,000 reduced by the highest outstanding loan balance during the prior 12-month period. Loans are adequately secured and charged a commercially reasonable rate of interest. The term of the loan may not exceed five years unless the loan is for the purchase of a principal residence.

Forfeited Accounts: If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account remains in the Plan and is called a forfeiture. The Company may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Plan Termination: Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management related expenses are included in net appreciation in fair value of investments.

Subsequent Events: The Plan has evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks resulting from global events. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal) as of December 31, 2024 and for the period from January 1, 2025 to November 30, 2025, and by Fidelity Management Trust Company (Fidelity) for the period from December 1, 2025 to December 31, 2025.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

> *Level 1:* Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> *Level 2:* Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> *Level 3:* Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values as reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

Collective Trust Funds: The fair values of participation units in collective trusts are based on the net asset values per unit reported by the respective fund managers. There are no unfunded commitments with respect to these investments. Participant-directed redemptions of these investments may generally be made daily. The Morley Stable Value Fund requires 12 months' advance written notice for Plan sponsor-directed withdrawals, although the trustee may permit earlier payment at its discretion. Plan sponsor-directed withdrawals from the Putnam Stable Value Fund require advance written notice and may be subject to a put period based on the amount invested in the fund.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Additionally, participant-directed transfers from the Putnam Stable Value Fund to another investment option may be made on any business day, provided the transfer is not made directly to a competing fund. Amounts transferred from the Putnam Stable Value Fund must be held in a noncompeting investment option for a minimum of 90 days before being subsequently transferred to a competing fund.

There were no changes in the valuation methodologies used to measure fair value of investments during the years ended December 31, 2025 and 2024 and the Plan held no Level 3 investments during the years ended December 31, 2025 and 2024.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 103,828,987	$ -	$ -	$ 103,828,987
Total investments in the fair value hierarchy	$ 103,828,987	$ -	$ -	103,828,987
Collective trust funds measured at NAV as practical expedient*				4,690,813
Total investments at fair value				$ 108,519,800

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,695,950	$ -	$ -	$ 16,695,950
Total investments in the fair value hierarchy	$ 16,695,950	$ -	$ -	16,695,950
Pooled separate accounts measured at NAV as practical expedient*				9,995,134
Collective trust funds measured at NAV as practical expedient*				66,996,997
Total investments at fair value				$ 93,688,081

* Investments measured at fair value using the NAV per share (or its equivalent) practical expedient are not classified in the fair value hierarchy. The fair value amounts presented above are intended to permit reconciliation of the fair value hierarchy table to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Principal and Fidelity are service providers to the Plan and manages certain Plan investments and, therefore, these transactions and the Plan's payment of fees to Principal and Fidelity qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020, indicating that the non-standardized pre-approved profit sharing plan with CODA adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended from the original non-standardized pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 7 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the 2018 through 2025 plan years, the Company identified delinquent participant contributions totaling $476,115. As of December 31, 2025, $473,859 remained pending correction, as reflected on the supplemental schedule, while $2,256 had been corrected outside the Voluntary Fiduciary Correction Program. Management has initiated correction procedures, including the calculation and remittance of lost earnings and payment of applicable excise taxes. The correction process was not complete as of December 31, 2025; accordingly, the remaining amounts continue to be reported on Form 5500, Schedule H, Line 4a.
