INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
The Conlan Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Conlan Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Conlan Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note (F) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Conlan Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Conlan Company 401(k) Plan's ability to continue as a going concern for a period within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Conlan Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Conlan Company's 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

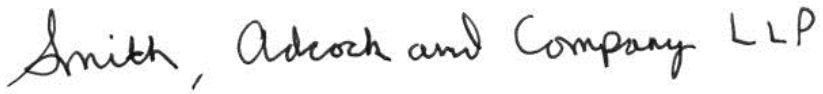

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(A) DESCRIPTION OF PLAN

The Conlan Company 401(k) Plan (the Plan) was adopted on January 1, 1992, principally to provide retirement benefits for eligible employees. The Plan was restated effective January 1, 2023 to compute and apply the employer match based on each payroll period. The following description of the Plan contains only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a single employer, participant-directed, defined contribution plan covering all employees of the Plan Sponsor, The Conlan Company (the Company), who are age 21 or older. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - During 2025, participants may contribute up to $23,500 of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various investment options for participants through an insurance investment contract and pooled separate accounts. The Company may make matching contributions at its discretion. During 2025, the Company contributed 25% of up to the first 6% of eligible compensation that a participant contributed to the Plan. The matching Company contribution is invested in the same investments selected for participant contributions. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are also invested in the same investments selected for participant contributions. Contributions are subject to certain limitations. The Company did not make a profit sharing contribution for 2025.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings. Allocations are based on participants earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their rollover contributions and voluntary contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in the discretionary matching and profit sharing contributions after six years of credited service. Vesting is graded and starts at 20% after two years of credited service and increases 20% each year of credited service until reaching 100%. Additionally, a participant automatically becomes 100% vested upon the occurrence of death, total and permanent disability, or attainment of early or normal retirement age while an employee. Also, see Note (C).

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are determined by the plan trustee. Principal and interest are repaid ratably through payroll deductions.

(A) DESCRIPTION OF PLAN - continued

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or payment in annual installments if the participant's vested account is more than $5,000. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Revenue Sharing Account - For the year ended December 31, 2025, the Plan was credited with revenue sharing income from Voya which was allocated to the ERISA budget account of $11,378. The amount is recorded as investment income on the statement of changes in net assets available for benefits. Revenue sharing income of $9,915 from 2024 was allocated to participants in 2025.

Forfeited Accounts - At December 31, 2025 and 2024, forfeited nonvested accounts in the Plan total $79,271 and $58,496, respectively. These accounts may be used for payment of administrative expenses. Any remaining forfeitures may be used to reduce future employer contributions. During 2025, $173 of available forfeitures were used to pay employer contributions. No available forfeitures were used to pay Plan expenses in 2025.

Administrative Expenses - For any plan year, the Company may pay the expenses of operating and maintaining the Plan. If not paid by the Company, these expenses are paid from the revenue sharing account, forfeitures available for allocation, and any unpaid remainder is paid from participant accounts.

Reclassifications in Presentation - Certain reclassifications of prior year amounts have been made to conform with current year presentation. There was no impact on net assets available for benefits or net increase in net assets available for benefits.

(B) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (G) for discussion of fair market value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(B) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants - Notes to participants are reported at their unpaid principal balances plus any accrued interest.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) totaled $213,069 for 2025 and $263,356 for 2024. The Plan distributed the 2025 excess contributions prior to March 15, 2026.

Date of Managements Review - Subsequent events were evaluated through October 12, 2026, which is the date the financial statements were available to be issued. See Note (K) for disclosure of subsequent event.

(C) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(D) TAX STATUS

The Plan is operating under a prototype non-standardized profit sharing plan with CODA offered by Voya Retirement Insurance and Annuity Company (VRIAC). The IRS has determined and informed VRIAC by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been restated since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(E) RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available fo benefits.

(F) INVESTMENTS

Unaudited Information Certified by the Plan Trustee

The accompanying financial statements, notes to the financial statements, and supplemental schedule were prepared in part or entirely from information certified by Voya Institutional, Trust Company (Voya), the trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. The information certified included total investments of $24,801,706 and $21,170,401, at December 31, 2025 and 2024, respectively and related investment income of $3,727,261 for the year ended December 31, 2025.

During 2025, the Plan's investments (including investment gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,703,856.

(G) FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits, except for the fully benefit-responsive investment contract, which is reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The "Fair Value Measurements and Disclosures" Topic of the Financial Accounting Standards Board Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist mostly of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. There are no Plan assets requiring use of Level 3 inputs for the periods presented.

(G) FAIR VALUE MEASUREMENTS - continued

Following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025, and 2024.

Pooled separate accounts - The fair value of the pooled separate accounts invested in mutual funds and the common collective trust fund is determined daily based on the net asset value of shares of the underlying fund, the fund's dividends, and the contract's separate account changes. The pooled separate accounts own the underlying mutual funds and common collective trust fund, which are valued daily at their net asset values (NAV). The Plan and participants own "units of participation" in the pooled separate accounts. The accumulation unit value (AUV) is the value of each unit in the separate account, and the separate account is valued daily as the number of accumulation units held multiplied by the AUV.

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements Using:			
December 31, 2025	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$23,914,131	$ -	$23,914,131

	Fair Value Measurements Using:			
December 31, 2024	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$20,195,277	$ -	$20,195,277

(H) INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with VRIAC. VRIAC maintains the contributions in a general fixed account. The account is credited with a declared rate of interest and is subject to a minimum rate of 1% according to the terms of the contract.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2025 and 2024 was $887,575 and $975,124, respectively.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with VRIAC. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

VRIAC has the option to payout 100% of the contract value of the contract after completion of five contract years.

(I) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$24,848,390	$21,136,642
Add: Excess contributions payable	213,069	263,356
Net assets available for benefits per Schedule H of the Form 5500	$25,061,459	$21,399,998

The following is a reconciliation of the net increase in net assets per the financial statements for the year ended December 31, 2025 to Form 5500:

Net increase in net assets available for benefits per the financial statements	$3,711,748
Add: 2025 Excess contributions payable	213,069
Less: 2024 Excess contributions payable	(263,356)
Net income per Schedule H of Form 5500	$3,661,461

Excess contributions payable are recorded on the Form 5500 when paid by the Plan.

(J) RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Voya Institutional Trust Company (Voya). Voya is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, plan expenses for Voya administrative fees and Smith, Adcock and Company LLP audit fees also qualify as party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(K) SUBSEQUENT EVENT

On September 28, 2026, the Plan was amended and restated. Effective January 1, 2027, the Plan will become a safe harbor 401(k) plan and participants who are eligible to make salary deferrals will be eligible for employer safe harbor matching contributions. The safe harbor matching contribution is equal to 100% of salary deferrals that do not exceed 3% of compensation plus 50% of salary deferrals between 3% and 5% of compensation. Safe harbor matching contributions will be determined on a per payroll period basis and are 100% vested. Under the amendment and restatement, effective January 1, 2027, the definition of compensation will be modified to include bonuses.
