# INDEPENDENT AUDITOR'S REPORT

Plan Administrator and the Benefit Plan Committee
Transportation Impact, LLC 401(k) Profit Sharing Plan

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Transportation Impact, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor’s Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

**Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## TRANSPORTATION IMPACT, LLC 401(k) PROFIT SHARING PLAN

## NOTES TO FINANCIAL STATEMENTS

### Note 1. Plan Description

The following description of the Transportation Impact, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

***General:*** The Plan is a defined contribution plan covering substantially all employees of TransImpact, LLC (the Sponsor). An employee becomes eligible to participate for purposes of 401(k) elective deferral contributions upon turning 18 years old. An employee becomes eligible for any employer match or non-elective contributions after completing 1 year of service and 1000 hours. The Plan Administrator is responsible for oversight of the Plan. The Benefit Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Provisions adopted but not yet amended for:*** Effective January 1, 2025, the Plan was administered with certain optional provisions of the Setting Every Community Up for Retirement Enhancements (SECURE) 2.0 Act of 2022, although the Plan had not yet been formally amended to incorporate such provisions as of year-end.

During 2025, the Plan was administered to permit participants who attain ages 60 through 63 during the calendar year to make enhanced catch-up contributions in excess of the standard age-50 catch-up contribution limit, subject to applicable Internal Revenue Code (IRC) limitations. The Plan also permitted employer matching contributions on qualified student loan payments and provided for pension-linked emergency savings accounts for eligible non-highly compensated employees.

In addition, the Plan was administered in accordance with provisions permitting distributions for certain emergency personal or family expenses, distributions to individuals affected by domestic abuse, and distributions related to qualified federally declared disasters, subject to applicable statutory limitations. The Plan also permitted participant self-certification for hardship distribution conditions and provided for qualified birth or adoption distributions.

The Plan was further administered in accordance with SECURE 2.0 provisions relating to distributions for long-term care insurance contracts, updated required minimum distribution rules, including the increase in the applicable age to 73 and the elimination of pre-death Roth account requirements. In addition, surviving spouses may elect treatment as the deceased participant for certain required minimum distribution purposes. The Plan also permits catch-up contributions to be designated as either pre-tax or Roth contributions, as applicable under the Plan's administrative procedures.

The Plan sponsor expects to adopt the amendment within the period prescribed by the Internal Revenue Service (IRS) for required plan amendments. During the year ended December 31, 2025, the Plan was administered in accordance with the provisions above and the Plan Sponsor's intended design.

**Note 1. Plan Description (Continued)**

***Contributions:*** Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Sponsor made a safe harbor contribution equal to 100% of the participant's match contribution, not to exceed 6% of compensation. The Sponsor may also make discretionary contributions to the Plan. The discretionary contribution is allocated to participants subject to eligibility requirements and subject to an allocation methodology which considers compensation and length of service, as defined in the Plan document. The Sponsor did not make any discretionary contributions for the year ended December 31, 2025. Contributions are subject to certain IRS limitations.

***Investment options:*** Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Benefit Plan Committee in 1% increments. Participants may change their investment options daily.

***Participant accounts:*** Each participant's account is credited with the participant's contributions and the Sponsor's matching contribution, as well as allocations of any profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting:*** Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Sponsor's contributions plus actual earnings thereon based on years of continuous service. A participant is 100% vested after four years of service, with the exception of all participants in the managed logistics department who are 100% vested in all accounts.

***Payment of benefits:*** The Plan permits withdrawals when a participant terminates employment, reaches retirement age or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

***Forfeitures:*** Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled $982 and $511 at December 31, 2025 and 2024, respectively. During 2025, no forfeitures were used to reduce employer matching contributions and $8,158 was used to pay administrative expenses.

***Notes receivable from participants:*** Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance, or $50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loans. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. These rates range from 4.25% to 9.50% on loans outstanding at December 31, 2025, and mature through 2055. Principal and interest are paid through semi-monthly payroll deductions.

## Note 2. Summary of Significant Accounting Policies

***Basis of accounting:*** The financial statements of the Plan are prepared on the accrual basis of accounting.

***Use of estimates:*** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

***Investment valuation and income recognition:*** Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefit Plan Committee determines the Plan's valuation policies utilizing information provided by the Trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Investments held by the defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

***Notes receivable from participants:*** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

***Contributions:*** Contributions from Plan participants and the safe harbor contributions from the Sponsor are recorded in the year in which the employee contributions are withheld from compensation. Discretionary contributions are recorded based on written instructions provided by the Sponsor.

***Payment of benefits:*** Benefits are recorded when paid.

**Note 2. Summary of Significant Accounting Policies (Continued)**

***Expenses:*** Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

***Subsequent events:*** The Plan has evaluated subsequent events (events occurring after December 31, 2025) through October 12, 2026, the date the financial statements were available to be issued.

**Note 3. Information Certified or Provided by Principal Trust Company (Custodian)**

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Principal Trust Company, the Custodian of the Plan. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

| | **2025** | 2024 |
|---|---|---|
| Investments, at fair value: | | |
| Registered investment companies | **$ 3,594,387** | $ 2,446,638 |
| Pooled separate accounts | **319,895** | 391,220 |
| Common collective trust funds | **11,701,036** | 9,452,374 |
| | **$ 15,615,318** | $ 12,290,232 |
| Investments, at contract value: | | |
| Guaranteed investment contract | **$ 39,314** | $ 34,034 |
| Notes Receivable from Participants | **$ 193,797** | $ 151,238 |

The Custodian also certified to the completeness and accuracy of $2,198,790 of net appreciation in fair value of investments and $49,184 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2025.

**Note 4. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

*Registered investment companies (mutual funds):* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Pooled separate accounts:* Valued at the NAV of shares in each account held by the Plan at year end. The NAV is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier is used as a practical expedient to estimating fair value.

*Common collective trust funds:* Valued at the NAV of shares in each account held by the Plan at year end. The NAV is not a publicly-quoted price in an active market. The NAV, as provided by the Custodian, is used as a practical expedient to estimating fair value.

**Note 4. Fair Value Measurements (Continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

| | **Assets at Fair Value as of December 31, 2025** | | | |
|---|---|---|---|---|
| Description | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Registered investment companies | **$ 3,594,387** | **$ -** | **$ -** | **$ 3,594,387** |
| | **$ 3,594,387** | **$ -** | **$ -** | **3,594,387** |
| Investments measured at NAV (a) | | | | **12,020,931** |
| **Investments, at fair value** | | | | **$ 15,615,318** |

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

| | Assets at Fair Value as of December 31, 2024 | | | |
|---|---|---|---|---|
| Description | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 2,446,638 | $ - | $ - | $ 2,446,638 |
| | $ 2,446,638 | $ - | $ - | 2,446,638 |
| Investments measured at NAV (a) | | | | 9,843,594 |
| **Investments, at fair value** | | | | $ 12,290,232 |

(a) In accordance with the *Fair Value Measurements* topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

## Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2025 and 2024:

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

## Note 5. Fully Benefit-Responsive Investment Contract

The Plan invests in the benefit-responsive investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on an agreed-upon formula with Principal, but it may not be less than 1%.

**Note 5. Fully Benefit-Responsive Investment Contract (Continued)**

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; and
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and
4. A material amendment to the agreement without the consent of the issuer.

The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

As described in Note 2, because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed interest account. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**Note 6. Party-in-Interest Transactions**

Principal Trust Company is the Custodian of the Plan; therefore, transactions with the Custodian qualify as party-in-interest transactions. Definiti, LLC is the recordkeeper of the Plan; therefore, transactions with the recordkeeper qualify as party-in-interest transactions. Fees paid by the Plan for custodian services and recordkeeping services totaled $80,310 for the year ended December 31, 2025.

### Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

### Note 8. Tax Status

Effective December 15, 2021, the Plan adopted a non-standardized form of a prototype plan sponsored by CCH Incorporated. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

### Note 9. Reconciliation of Financial Statement to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

| | **2025** | 2024 |
|---|---|---|
| Net assets available for benefits per the financial statements | **$ 15,952,326** | $ 12,562,528 |
| Differences in: | | |
| Investments – participant loans | **193,797** | 151,238 |
| Receivables – notes receivable from participants | **(193,797)** | (151,238) |
| **Net assets per the Form 5500** | **$ 15,952,326** | $ 12,562,528 |

### Note 10. Subsequent Event

On October 6, 2025, the Plan adopted a non-standardized form of prototype plan sponsored by Definiti effective January 1, 2026 to exclude gift payments from eligible compensation, update eligibility requirements, and adopt SECURE 2.0 provisions.
