Independent Auditor's Report

To the Participants and Plan Administrator of the
Jones Lang LaSalle Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Jones Lang LaSalle Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (collectively, the financial statements).

Plan management (Management), having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are

required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the transactions of the Plan that are presented and disclosed in the financial statements are in conformity with the provisions of the Plan, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Plan. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of the Plan

The following description of the Jones Lang LaSalle Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from Plan management.

General

Effective January 1, 2021, the Plan was amended and restated to incorporate all amendments that had been adopted since the prior restatement and to conform the Plan to other changes in applicable law. The Plan is a defined contribution plan covering all full-time employees of Jones Lang LaSalle Americas, Inc. (the Company) and affiliates (unless they are covered by a collective bargaining agreement, are compensated solely on a commission basis or are interns) who are age twenty-one or older. Part-time employees who complete at least 1,000 hours within a one year of service period are also covered by the Plan. Effective January 1, 2024, all employees are eligible to participate upon their employment including part -time employees. The Plan operates as safe harbor plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan authorizes the Company to appoint the Employee Benefits Wealth Committee (the Committee) to control and manage the Plan's operations and administration. The Committee is comprised of officers of the Company.

Contributions

Each year, participants may contribute up to 50 percent of annual compensation on a pretax and Roth after-tax basis, subject to limitations established by the Internal Revenue Code (IRC) and the Plan. Participants may also contribute up to 25 percent of regular compensation on an after-tax basis, subject to the overall addition limits specified in the Plan and the IRC. Participants who have attained age 50 under the IRC before the end of the plan year are eligible to make catch-up contributions. For 2025, the IRC allowed participants aged 50 or older to contribute up to $7,500 ($11,250 for participants who attain age 60, 61, 62, or 63 in 2025) over and above the $23,500 pretax and/or Roth 401(k) contribution limit. Participants may also make voluntary contributions to the Plan on an after-tax basis.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant fails to make an election for any portion of their account, the account will automatically be invested in the Plan's default fund, the Fidelity Freedom Fund, based on the year in which the participant attains age 65.

The Company matches pretax deferrals at a rate of $1.00 per dollar on the first 3% deferred and $0.50 per dollar on deferrals in excess of 3% up to 5% of the participants' compensation.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative

expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All amounts contributed to the Plan are immediately 100% vested, except under a prior retirement plan that was merged into the Plan may be subject to a different vesting schedule.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence and the effective interest rates range from 3.25% to 10.50% at December 31, 2024. The loans are secured by the balance in the participant's account and bear interest at commensurate rates with local prevailing rates as determined by Plan management. Effective April 25, 2020, participants are permitted to have two loans outstanding at any time.

Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, a participant, whose account balance is greater than $7,000, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments paid over a period of 5 to 10 years. Unless otherwise notified, participant account balances greater than $1,000 but less than $7,000 will be rolled over to an IRA. Participant account balances less than $1,000 will automatically be paid to the participant in one lump sum amount.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited accounts totaled $152,273 and $16,881, respectively. Forfeitures may be used to reduce employer matching contribution obligations or to offset the Plan's administrative expenses or, effective January 1, 2020, at the discretion of the Plan Administrator, to fund QNEC's as detailed in the plan document. Forfeitures were used to reduce employer matching contributions made to the Plan totaling $1,301,087 for 2025 and $0 was used to pay plan expenses.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, the participant's account balance would be no less than the amount the participant would be entitled to receive if he/she had terminated employment on the date preceding the effective date of the amendment or termination.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year, and expenses associated with the Plan's investment portfolio.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses

Any expenses relating to the administration of the Plan are specifically identified and charged directly to the Plan. Other management and legal services are provided to the Plan without charge by the Company.

Payment of Benefits

Fidelity Management Trust Company (Trustee) as initiated by the participant pays all benefits and benefits are recorded when paid.

Note 3: Investments and Investment Income (Certified by Trustee)

Information related to the Plan's investments as of December 31, 2025 and 2024, related investment income for the year ended December 31, 2025, and the information presented in the supplemental schedule of assets as of December 31, 2025, has been certified as accurate and complete by the Trustee, as permitted by 29 CFR 2520.103-8 of the Department of Labor rules under ERISA.

Note 4: Fair Value Measurement

FASB ASC 820, *Fair Value Measurement* (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable input.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used on December 31, 2025 and 2024.

Investments categorized as Level 1 in the fair value hierarchy table

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Brokeragelink Investments: Valued at quoted market prices reported in active markets for the underlying securities held within participant-directed brokerage accounts. Participants can open a self-directed brokerage account within the Plan that allows participants to buy and sell stocks, corporate bonds, treasury securities, and other securities through these accounts.

Investments valued at net asset value (NAV) per share practical expedient

Common/collective trust funds (CCTs): Valued at the NAV of units held by the Plan and determined using the quoted market prices of the underlying securities and allocated on a pro rata basis based on units in the collective trust. The investment objective of the CCTs is to provide investment results that correspond to the total return performance of common stocks publicly traded in the United States of America.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value and the Plan's investments measured as NAV as a practical expedient as of December 31, 2025 and 2024:

	2025	2024
Level 1:		
Mutual Funds	$ 918,956,942	$ 706,250,592
Brokeragelink Investments	145,002,253	123,235,499

Note 6: Party-In-Interest Transactions

Certain plan investments are managed by the Trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions; in addition, participant loans represent party-in-interest transactions. however, they are exempt from the prohibited transactions rules under ERISA. The Trustee also provides certain administrative services to the Plan, for the year ended December 31, 2025, the fees for these services totaled $706,621.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities and current market volatility, it is at least reasonably possible that change in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the statements of net assets available for benefits.

Note 8: Plan Tax Status

The Plan obtained its latest determination letter on March 16, 2016, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been restated and amended since receiving the determination letter. However, Plan management believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

US GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9: Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that occurred after December 31, 2025, and through October 7, 2026, which is the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.
