# Independent Auditor's Report

To the Plan Administrator
American Engineering & Development Corporation 401(k) Profit Sharing Plan
Hialeah Gardens, Florida

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of American Engineering & Development Corporation 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan‘s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

### Note 1 – Description of Plan

The following description of American Engineering & Development Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on May 1, 1987, as a defined contribution plan. The Plan has since been amended and restated throughout the years to comply with certain tax legislation. The Plan is available to eligible employees of American Engineering & Development Corporation (the Company, Employer or Plan Sponsor). Eligible employees may participate in the Plan beginning on the first day of the Plan year and the first day of the fourth, seventh and tenth month of the Plan year following the date of completing six months of service and have reached the age of eighteen (18) as defined in the Plan document. The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Employer is the Plan Administrator. Fidelity Management Trust Company (Fidelity or FMTC or the Trustee) serves as the Plan's trustee, holds the Plan's investment assets, executes investment transactions and provides recordkeeping services.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment

Effective January 15, 2025, the Plan was amended to modify the dollar threshold to "force out" terminated participants from the Plan from $1,000 to $5,000.

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions became effective in 2024 and subsequent years. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Contributions

Participants may contribute up to 90% of their annual eligible compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (the IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover). Roth 401(k) elective deferrals are allowed under the Plan's provisions.

The Plan includes an auto enrollment provision whereby all newly hired employees are automatically enrolled in the Plan after reaching the six (6) month credited service requirement unless they affirmatively elect not to participate in the Plan. Until a change request is made by the participant, automatically enrolled participants have their deferral rate set at 2.0% of eligible compensation and their contributions are invested in a designated balanced fund. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make discretionary matching contributions. For the year ended December 31, 2025, the Employer matched 100% of participant deferrals up to 3% of eligible compensation, with a maximum matching contribution cap of $10,500, as defined.

Contributions are subject to certain IRS limitations.

## Note 1 – Description of Plan, Continued

Participant accounts

Each participant account is credited with the participant's contributions and an allocation of: (a) the Employer's contributions (if any) and (b) Plan earnings or losses thereon. Participants are charged with his or her withdrawals and administrative expenses. Allocations are based on participant earnings or losses, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change the allocation of their contributions among funds pursuant to Plan provisions.

Vesting

Participants are immediately vested in their individual contributions, plus actual earnings or losses thereon. Vesting in the Employer's contribution portion on their account, plus earnings or losses thereon, is based on years of credited service in accordance with a six-year graded vesting schedule, as defined in the Plan document. A participant becomes 100% vested upon death, disability, normal retirement (age 65), or upon termination of the Plan.

Forfeitures

Forfeited nonvested accounts may be used to offset certain Plan administrative expenses or reduce future Employer contributions. For the year ended December 31, 2025, forfeitures used to offset certain Plan administrative expenses or reduce future Employer contributions totaled $133,989. Unallocated forfeited amounts available to be used in future periods at December 31, 2025 and 2024, approximated $9,000 and $17,000, respectively.

Notes receivable from participants

Plan participants may borrow from their accounts between $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan terms range from one (1) year to five (5) years, except in the case of loans for the purchase of a primary residence which may have terms of up to fifteen (15) years. Loans are secured by the balance in a participant's account and bear a reasonable rate of interest. Principal and interest are paid through regular payroll deductions and remitted to the Trustee. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

On termination of service due or death, disability or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's account or vested portion in either a lump sum amount or in annual installments. On termination, a participant's account balance is distributed if the vested value of the participant's account is $5,000 or less. If the balance exceeds $5,000, the participant may leave the balance in the Plan or request payment. On termination of service due to reasons other than death, disability, or retirement, a participant is entitled to a benefit equal to the vested interest in the participant's account. Benefit payments to participants are recorded upon distribution. Participants may elect to take an in-service distribution of vested funds if they meet certain defined requirements, including becoming disabled, reaching age 59½ or for a qualifying financial hardship, as defined.

## Note 1 – Description of Plan, Continued

Plan administration

The Plan Sponsor is the Plan Administrator, and, as such, controls and manages the operations of the Plan. Substantially all administrative expenses of maintaining the Plan are paid by the Employer and are not reflected in these financial statements. The Plan's investment assets are maintained by Fidelity who maintains the records of the participant data and invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

## Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual method. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations to the Company.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. No allowance for doubtful collection has been recorded at December 31, 2025 and 2024.

## Note 2 – Summary of Significant Accounting Policies, Continued

Payment of benefits

The Plan records benefits when paid.

Plan expenses

The Plan classified certain Plan expenses as administrative expenses rather than as a reduction of investment income. Substantially all administrative expenses for maintaining the Plan are paid by the Plan Sponsor and are not reflected in these financial statements. Certain expenses paid by the Plan consist of recordkeeping fees, trustee fees and loan processing fees and are charged directly to participants' accounts. Investment related expenses are included in net appreciation in fair value of investments.

Uncertain tax positions

U.S. GAAP requires Plan management to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

## Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

## Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

| | |
|---|---|
| Level 1 | Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access. |
| Level 2 | Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities. |
| Level 3 | Significant unobservable inputs. |

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual funds* – are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended funds traded on national exchanges. These funds are required to publish their daily net asset value (NAV) and to transact at those prices. The mutual funds are deemed to be actively traded.

*Money market fund* – institutional short-term investment vehicles valued daily with a NAV of $1.

*Collective investment trust (CIT)* – is measured at NAV of units held in the CIT. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CIT, less its liabilities. This practical expedient will not be used when it is determined to be probable that the CIT will sell its underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily at NAV and there are no unfunded commitments. This is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments, measured at fair value, on a recurring basis, as of December 31, 2025 and 2024:

| | Fair Value Measurements as of December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 23,753,610 | $ - | $ - | $ 23,753,610 |
| Money market fund | 864,026 | - | - | 864,026 |
| Collective investment trust * | - | - | - | 478,694 |
| Investments, at fair value | $ 24,617,636 | $ - | $ - | $ 25,096,330 |

## Note 4 – Fair Value Measurements, Continued

| | Fair Value Measurements as of December 31, 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 19,610,446 | $ - | $ - | $ 19,610,446 |
| Money market fund | 974,182 | | | 974,182 |
| Collective investment trust * | - | - | - | 582,983 |
| Investments, at fair value | $ 20,584,628 | $ - | $ - | $ 21,167,611 |

*Investment measured at NAV per share (or its equivalent) practical expedient has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits.

## Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer's contributions and earnings thereon.

## Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under the DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments are maintained, managed, and/or issued by Fidelity which serves as the Plan's trustee, and therefore, these transactions qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules under ERISA.

Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

Fees incurred by the Plan for investment advisory services are included in net appreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

## Note 7 – Tax Status

The Plan uses a non-standardized pre-approved profit-sharing plan with CODA plan document sponsored by Financial Management and Research Company, LLC. Financial Management and Research Company, LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS.

The Plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

## Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as shown on Form 5500 at December 31, 2025 and 2024, with the amounts shown in the financial statements, and changes in net assets available for benefits as shown on Form 5500 for the year ended December 31, 2025, with the amounts shown in the 2024 financial statement:

| | 2025 | 2024 |
|---|---|---|
| Net assets available for benefits – Form 5500 | $ 26,186,739 | $ 22,105,229 |
| Reconciling items: | | |
| Add: 2025 Employer contributions receivable | 15,712 | - |
| Add: 2025 and 2024 participant contributions receivable | 34,743 | 29,793 |
| Net assets available for benefits – financial statements | $ 26,237,194 | $ 22,135,022 |

| | |
|---|---|
| Change in net assets – Form 5500 | $ 4,081,510 |
| Reconciling items: | |
| Less: 2024 participant contributions | (29,793) |
| Add: 2025 participant contributions | 34,743 |
| Add: 2025 Employer contributions | 15,712 |
| Change in net assets – financial statements | $ 4,102,172 |

## Note 9 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2025 through September 22, 2026, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.

# Independent Auditor's Report

To the Plan Administrator
American Engineering & Development Corporation 401(k) Profit Sharing Plan
Hialeah Gardens, Florida

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of American Engineering & Development Corporation 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan‘s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

### Note 1 – Description of Plan

The following description of American Engineering & Development Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on May 1, 1987, as a defined contribution plan. The Plan has since been amended and restated throughout the years to comply with certain tax legislation. The Plan is available to eligible employees of American Engineering & Development Corporation (the Company, Employer or Plan Sponsor). Eligible employees may participate in the Plan beginning on the first day of the Plan year and the first day of the fourth, seventh and tenth month of the Plan year following the date of completing six months of service and have reached the age of eighteen (18) as defined in the Plan document. The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Employer is the Plan Administrator. Fidelity Management Trust Company (Fidelity or FMTC or the Trustee) serves as the Plan's trustee, holds the Plan's investment assets, executes investment transactions and provides recordkeeping services.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment

Effective January 15, 2025, the Plan was amended to modify the dollar threshold to "force out" terminated participants from the Plan from $1,000 to $5,000.

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions became effective in 2024 and subsequent years. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Contributions

Participants may contribute up to 90% of their annual eligible compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (the IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover). Roth 401(k) elective deferrals are allowed under the Plan's provisions.

The Plan includes an auto enrollment provision whereby all newly hired employees are automatically enrolled in the Plan after reaching the six (6) month credited service requirement unless they affirmatively elect not to participate in the Plan. Until a change request is made by the participant, automatically enrolled participants have their deferral rate set at 2.0% of eligible compensation and their contributions are invested in a designated balanced fund. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make discretionary matching contributions. For the year ended December 31, 2025, the Employer matched 100% of participant deferrals up to 3% of eligible compensation, with a maximum matching contribution cap of $10,500, as defined.

Contributions are subject to certain IRS limitations.

## Note 1 – Description of Plan, Continued

Participant accounts

Each participant account is credited with the participant's contributions and an allocation of: (a) the Employer's contributions (if any) and (b) Plan earnings or losses thereon. Participants are charged with his or her withdrawals and administrative expenses. Allocations are based on participant earnings or losses, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change the allocation of their contributions among funds pursuant to Plan provisions.

Vesting

Participants are immediately vested in their individual contributions, plus actual earnings or losses thereon. Vesting in the Employer's contribution portion on their account, plus earnings or losses thereon, is based on years of credited service in accordance with a six-year graded vesting schedule, as defined in the Plan document. A participant becomes 100% vested upon death, disability, normal retirement (age 65), or upon termination of the Plan.

Forfeitures

Forfeited nonvested accounts may be used to offset certain Plan administrative expenses or reduce future Employer contributions. For the year ended December 31, 2025, forfeitures used to offset certain Plan administrative expenses or reduce future Employer contributions totaled $133,989. Unallocated forfeited amounts available to be used in future periods at December 31, 2025 and 2024, approximated $9,000 and $17,000, respectively.

Notes receivable from participants

Plan participants may borrow from their accounts between $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan terms range from one (1) year to five (5) years, except in the case of loans for the purchase of a primary residence which may have terms of up to fifteen (15) years. Loans are secured by the balance in a participant's account and bear a reasonable rate of interest. Principal and interest are paid through regular payroll deductions and remitted to the Trustee. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

On termination of service due or death, disability or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's account or vested portion in either a lump sum amount or in annual installments. On termination, a participant's account balance is distributed if the vested value of the participant's account is $5,000 or less. If the balance exceeds $5,000, the participant may leave the balance in the Plan or request payment. On termination of service due to reasons other than death, disability, or retirement, a participant is entitled to a benefit equal to the vested interest in the participant's account. Benefit payments to participants are recorded upon distribution. Participants may elect to take an in-service distribution of vested funds if they meet certain defined requirements, including becoming disabled, reaching age 59½ or for a qualifying financial hardship, as defined.

## Note 1 – Description of Plan, Continued

Plan administration

The Plan Sponsor is the Plan Administrator, and, as such, controls and manages the operations of the Plan. Substantially all administrative expenses of maintaining the Plan are paid by the Employer and are not reflected in these financial statements. The Plan's investment assets are maintained by Fidelity who maintains the records of the participant data and invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of participants). Fees from covered service providers of the Plan are in compliance with the Department of Labor's (DOL) regulations regarding ERISA Section 408(b)(2).

## Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual method. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations to the Company.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. No allowance for doubtful collection has been recorded at December 31, 2025 and 2024.

## Note 2 – Summary of Significant Accounting Policies, Continued

Payment of benefits

The Plan records benefits when paid.

Plan expenses

The Plan classified certain Plan expenses as administrative expenses rather than as a reduction of investment income. Substantially all administrative expenses for maintaining the Plan are paid by the Plan Sponsor and are not reflected in these financial statements. Certain expenses paid by the Plan consist of recordkeeping fees, trustee fees and loan processing fees and are charged directly to participants' accounts. Investment related expenses are included in net appreciation in fair value of investments.

Uncertain tax positions

U.S. GAAP requires Plan management to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

## Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

## Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

| | |
|---|---|
| Level 1 | Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access. |
| Level 2 | Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities. |
| Level 3 | Significant unobservable inputs. |

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual funds* – are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended funds traded on national exchanges. These funds are required to publish their daily net asset value (NAV) and to transact at those prices. The mutual funds are deemed to be actively traded.

*Money market fund* – institutional short-term investment vehicles valued daily with a NAV of $1.

*Collective investment trust (CIT)* – is measured at NAV of units held in the CIT. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CIT, less its liabilities. This practical expedient will not be used when it is determined to be probable that the CIT will sell its underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily at NAV and there are no unfunded commitments. This is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments, measured at fair value, on a recurring basis, as of December 31, 2025 and 2024:

| | Fair Value Measurements as of December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 23,753,610 | $ - | $ - | $ 23,753,610 |
| Money market fund | 864,026 | - | - | 864,026 |
| Collective investment trust * | - | - | - | 478,694 |
| Investments, at fair value | $ 24,617,636 | $ - | $ - | $ 25,096,330 |

## Note 4 – Fair Value Measurements, Continued

| | Fair Value Measurements as of December 31, 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 19,610,446 | $ - | $ - | $ 19,610,446 |
| Money market fund | 974,182 | | | 974,182 |
| Collective investment trust * | - | - | - | 582,983 |
| Investments, at fair value | $ 20,584,628 | $ - | $ - | $ 21,167,611 |

*Investment measured at NAV per share (or its equivalent) practical expedient has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits.

## Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer's contributions and earnings thereon.

## Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under the DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments are maintained, managed, and/or issued by Fidelity which serves as the Plan's trustee, and therefore, these transactions qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules under ERISA.

Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

Fees incurred by the Plan for investment advisory services are included in net appreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

## Note 7 – Tax Status

The Plan uses a non-standardized pre-approved profit-sharing plan with CODA plan document sponsored by Financial Management and Research Company, LLC. Financial Management and Research Company, LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS.

The Plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

## Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as shown on Form 5500 at December 31, 2025 and 2024, with the amounts shown in the financial statements, and changes in net assets available for benefits as shown on Form 5500 for the year ended December 31, 2025, with the amounts shown in the 2024 financial statement:

| | 2025 | 2024 |
|---|---|---|
