Killbuck Savings Bank Company 401(k)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of Killbuck Savings Bank Company 401(k) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024; the related statement of changes in net assets available for benefits for the year ended December 31, 2025; and the related notes to the financial statements (collectively, the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matters (Continued)
***Supplemental Schedule Required by ERISA* (Continued)**
In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of Killbuck Savings Bank Company 401(k) (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more comprehensive description of the Plan's provisions.

General
The Plan is a defined contribution plan covering the employees of The Killbuck Savings Bank Company (the "Company"). The Plan includes a 401(k), before-tax savings feature, which permits all employees to defer compensation under Section 401(k) of the Internal Revenue Code. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Employees are eligible to participate in the Plan for purposes of elective deferrals upon attaining age 21. Employees hired on or after January 1, 2024 become participants for elective deferral purposes on the first day of the month coinciding with or next following satisfaction of the eligibility requirements. Employees are eligible to receive employer matching and nonelective contributions upon attaining age 21 and completing one year of service. Participants become eligible to receive such contributions on the first day of the month coinciding with or next following satisfaction of those requirements.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocation of (*a*) the Company's contribution and (*b*) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions
Employees may elect to contribute, through the 401(k) feature, a percentage or dollar amount of their compensation and have that amount contributed to the Plan on a pre-tax basis. Employees may elect to have their contributions invested in a variety of mutual funds and investment vehicles held in the trust. In addition, the employer makes a matching contribution equal to 25% of each eligible participant's elective deferrals each payroll period, limited to elective deferrals not exceeding 4% of compensation each payroll period. Matching contributions begin on the first of the month after completing (1) year of service. The employer may also make discretionary profit-sharing contributions to eligible participants as determined by the employer. Discretionary profit-sharing contributions were made during the year.

Vesting
Employees are always 100 percent vested in their accounts attributable to the following contributions: elective deferrals, including catch-up contributions and rollover contributions. An employee's "vested percentage" of employer contributions is based on vesting years of service. This means at the time the employee stops working, the account balance attributable to contributions subject to a vesting schedule is multiplied by the employee's vested percentage. Employees become vested as follows: 0 percent for/at less than 2 years; 20 percent after 2 years; 40 percent after 3 years; 60 percent after 4 years; 80 percent after 5 years; and 100 percent after 6 years.

Administrative Expenses
Administrative expenses of the Plan relating to investment management, recordkeeping, accounting fees and miscellaneous expenses are paid by the Plan sponsor and/or the Plan.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payments of Benefits
Upon termination of service, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account or a rollover distribution. Benefit payments to participants are recorded upon distribution.

Forfeitures
If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures will be allocated as an additional discretionary nonelective contribution. At December 31, 2025 and 2024, forfeited accounts totaled $56,333 and $33,251, respectively. Amounts totaling $32,020 were reallocated in the current year.

Automatic Enrollment
The Plan provides for automatic enrollment of eligible employees. Employees who do not make an affirmative election are automatically enrolled at a deferral rate of 4% of eligible compensation, with automatic annual increases of 1% up to a maximum deferral rate of 10%, unless the participant elects otherwise.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accounting principles followed by the Plan and the methods of applying these principles conform to U.S. generally accepted accounting principles.

A summary of the significant accounting and reporting policies applied in the presentation of the accompanying financial statements follows:

Accounting Estimates
In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ significantly from those estimates.

Valuation of Investments and Income Recognition
Quoted market prices are used to value investments. Investments for which there are no quoted market prices are reported at their estimated fair value. The net appreciation in fair value of investments includes investments purchased, sold, and held during the year. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investments in insurance company contracts are reported at contract value as determined by the insurance company if the contract is fully benefit responsive or otherwise at fair value. Annuity contracts are not fully benefit responsive since the investment contracts contain provisions that prevents the immediate and full payout of the contract value for Plan initiated transactions.

NOTE 3 – INVESTMENTS

The Plan investments are administered by both Empower Annuity Insurance Company of America and Empower Trust Company, LLC ("Custodians"). The following is a summary of the investment information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodians stating that information provided to the Plan Administrator by the Custodians related to the following investments is complete and accurate. Accordingly, as permitted by CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator elected to have an ERISA Section 103(a)(3)(c) audit and instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule, related to investments:

	December 31, 2025	December 31, 2024
Investments at fair value		
Mutual Funds	$ 12,872,503	$ 11,566,149
Collective Trust Funds	1,585,335	792,887
Annuity Contracts	2,193,507	1,992,448
	$ 16,651,345	$ 14,351,484

Empower Annuity Insurance Company of America and Empower Trust Company, LLC, also certified to the accuracy of $1,838,649 of net appreciation in fair value of investments and $421,822 of interest and dividends related to the aforementioned investments for the year ended December 31, 2025.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100 percent vested in their accounts.

NOTE 5 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Custodians by letter dated November 14, 2022, that the Plan, a prototype non standardized profit-sharing plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management of the Plan is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain Plan investments are managed by Empower Trust Company, LLC, the defined custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Company absorbs certain costs incurred in relation to the administration of the Plan. Such costs may pertain to legal and accounting issues. These expenses totaled $9,000 for the year ended December 31, 2025.

NOTE 7 – FAIR VALUE OF FINANCIAL INSTRUMENTS

The Plan discloses the estimated fair value of its financial instruments in accordance with FASB ASC Topic 825, *Financial Instruments*. Financial instruments are defined as cash, evidence of ownership in an entity, or a contract that creates an obligation or right to receive or deliver cash or another financial instrument from/to a second entity on potentially favorable or unfavorable terms. Fair value is defined as the amount at which a financial instrument could be exchanged in a current transaction between willing parties other than in a forced liquidation or sale. If a quoted market price is available for a financial instrument, the estimated fair value would be calculated based upon the market price per trading unit of the instrument. Investments would be considered financial instruments. At December 31, 2025 and 2024, the carrying amount of these financial instruments approximates fair values.

NOTE 8 – FAIR VALUE MEASUREMENTS

The Plan utilizes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described below:

- *Level I*: Inputs to the valuation methodology are unadjusted quoted prices for assets or liabilities in active markets that the Plan has the ability to access.

- *Level II*: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

- *Level III*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

Annuity contracts: The reported values for fixed and variable annuity options are reported daily based on the valuation method disclosed in the insurance contract, as calculated by the annuity provider.

Collective Trust Funds: The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund or accounts will sell the investment for an amount different than the reported NAV.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

Great Gray Trust American Funds 2060 I	130,724	N/A	Daily	Daily
Great Gray Trust American Funds 2065 I	13,605	N/A	Daily	Daily

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

NOTE 9 – SUBSEQUENT EVENTS

Management has reviewed events occurring through October 2, 2026, the date that the financial statements were issued, and no subsequent events have occurred requiring disclosure.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2025 and 2024, the Plan had investments of $3,641,703 and $3,392,128, respectively, that were concentrated in Fidelity 500 Index Fund and $1,580,899 and $1,691,761, respectively, that were concentrated in Fidelity International Index Fund.
