Independent Auditors' Report

To the Plan Administrator and Participants of
ARM, Inc. 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ARM, Inc. 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets Held at End of Year and Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of ARM, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of ARM, Inc. (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's recordkeeper is Schwab Retirement Plan Services, Inc. (the "Recordkeeper") and the Plan's trustee is Charles Schwab Trust Bank (the "Trustee"). Company management personnel act as the administrator of the Plan.

Eligibility - Employees who are at least eighteen years of age are eligible to participate in the Plan immediately. Prior to January 1, 2025, there was a one-month service requirement. Certain employee classes are excluded from participation in the Plan, as defined.

Contributions - All newly eligible and rehired employees are automatically enrolled in the Plan with a pre-tax deferral percentage of 3%, unless the employee changes the election. This percentage increases annually by 1%, up to a maximum of 10%, for all automatically enrolled employees and any other participants that select the automatic increase feature. Participants have the option to make pre-tax, Roth, and other after-tax contributions. Eligible employees may authorize the Company to withhold up to 75% of their eligible compensation, up to the annual limit established by the Internal Revenue Code ("IRC"). A participant's pre-tax, Roth, and other after-tax contributions are separately accounted for, as are the gains and losses attributable to each. Participants who reach fifty years of age before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans or individual retirement accounts.

The Plan provides for a discretionary employer matching contribution which, if elected, may not exceed 100% of the participant's contribution, excluding other after-tax contributions, not to exceed 6% of eligible compensation. The Company has discretion over the frequency of employer matching contributions and whether to perform a true-up calculation. The Company elected to use this formula for an employer matching contribution for the year ended December 31, 2025, and performed a true-up calculation as well.

Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings, and may be charged with an allocation of Plan expenses, as applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 and up to a maximum of 1) $50,000 reduced by the excess, if any, of i) the highest outstanding note receivable balance during the prior twelve-month period, over ii) the outstanding note receivable balance on the date the new note receivable is made or 2) 50% of their vested account balance preceding the new note receivable, whichever is less. Participant notes receivable are secured by the vested balance in the participant's account and bear interest at a reasonable interest rate as determined by the Company. Participants may have a maximum of two notes receivable outstanding at a time. Note receivable repayments are deducted through after-tax payroll deductions over a period not to exceed five years, unless the note receivable is for the purchase of a participant's primary residence, in which case the repayment period may not exceed fifteen years.

Vesting - Participants are immediately vested in their voluntary and employer matching contributions plus actual earnings thereon.

Payment of Benefits - Benefits are generally payable upon age 59.5, disability, death, retirement or termination of employment. Benefits equal to the participant's vested account balance may be paid to a participant or beneficiary by lump sum, substantially equal installments or rollover into a qualified plan, subject to regulatory requirements. Required minimum distributions are made to applicable participants in the absence of adequate distribution elections. Generally, if no longer employed by the Company, participants must either take a lump sum distribution or begin systematic, actuarially determined withdrawals by April 1 of the year following the year in which the participant turns 73 years of age. The Plan administrator may, without the participants' consent, distribute separated participants' account balances that are less than $1,000 in a lump sum or transfer separated participants' account balances that are at least $1,000 but not more than $7,000 into an individual retirement account. In-service distributions of rollover and other after-tax contributions may be taken at any time. Other in-service distributions, including hardship distributions, are permitted if certain criteria are met.

Current Legislation - The SECURE 2.0 Act of 2022 ("SECURE 2.0"), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income and simplify plan rules and administrative procedures. Each of the provisions in SECURE 2.0 has its own effective date, and any SECURE 2.0 amendments must be adopted by the Plan no later than December 31, 2026, although it may operate under the new provisions as required or elected prior to amending the Plan document. The Company is currently evaluating the impact of the remaining required and voluntary provisions of SECURE 2.0 on the Plan and its participants.

2. Significant Accounting Policies

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Accounting Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The ARM, Inc. 401(k) Savings Plan Committee determines the Plan's valuation policies utilizing information provided by the Trustee and investment advisor. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the Plan year.

Contributions Receivable - Contributions from participants and any related employer matching contributions are recorded in the year in which the participant contributions are withheld from compensation. The Company recognizes an allowance for credit losses based on factors such as the age of the contribution receivable balance, historical experience, current economic conditions, and reasonable and supportable forecasts. There was no allowance for estimated credit losses as of December 31, 2025 or 2024, as management deemed the outstanding contribution receivable balances collectible.

Notes Receivable from Participants - Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants - Benefits are recorded when paid.

Expenses - The Company may pay certain administrative and operating costs of the Plan at no obligation to the Plan. Fees related to the administration of notes receivable from participants and distributions, recordkeeping fees, and certain other fees paid to service providers are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses, such as management fees and operating expenses, are deducted from earnings recorded to net appreciation in fair value of investments.

Risks and Uncertainties - Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan has cash deposited with certain financial institutions and is exposed to credit risk related to the potential inability to access liquidity in financial institutions where its cash is concentrated.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Subsequent Events - The Company evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued, and no events have occurred through that date that would impact the financial statements.

3. Information Certified by the Trustee

Certain information in the accompanying financial statements, notes, and supplemental schedules related to the Plan's investments and notes receivable from participants held as of December 31, 2025 and 2024, and the related net investment gain and interest income on notes receivable from participants during the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee, a qualified institution.

4. Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Common/collective trusts are pooled investment vehicles designed primarily for certain qualified retirement plans. The fair values of these investments have been estimated using the net asset values per unit as a practical expedient, as provided by the fund managers, and are based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the funds will sell the investments for an amount different from the reported net asset values. Unit holders of the T. Rowe Price common/collective trusts may be required to provide up to a thirty-day notice prior to redemption, although the notice period may be reduced or waived by the issuer. If the Plan initiates a full redemption of the Galliard Stable Return Fund E, the issuer reserves the right to require a twelve-month notice prior to distribution. The MFS common/collective trusts require a five-day notice for Plan-directed withdrawals that exceed $1 million. Otherwise, units may be redeemed daily and there are no unfunded commitments.

Common stock, exchange-traded funds, exchange-traded notes, and other exchange-traded products: Common stock, exchange-traded funds, exchange-traded notes, and other exchange-traded products are valued at the closing price reported by the active market on which the individual securities are traded.

Interest-bearing cash and cash equivalents: Interest-bearing cash and cash equivalents are stated at cost, which approximates fair value.

The self-directed brokerage accounts include mutual funds, common stock, exchange-traded funds, exchange-traded notes, other exchange-traded products, interest-bearing cash, and cash equivalents.

The Plan's investments recorded at fair value were as follows as of December 31:

	Fair Value Hierarchy	2025	2024
Mutual funds	Level 1	$ 355,653,138	$ 318,253,225
Self-directed brokerage accounts	Level 1	26,131,303	19,958,314
Total assets in the fair value hierarchy		381,784,441	338,211,539
Common/collective trust funds [(1)]	NAV	267,626,443	191,218,351
Investments at fair value		$ 649,410,884	$ 529,429,890

[(1)] In accordance with U.S. GAAP, certain investments that are measured at fair value using the net asset value per unit as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to the amounts presented as investments at fair value in the statements of net assets available for benefits.

5. Tax Status

The Company has adopted a pre-approved plan document from the Recordkeeper that received an Internal Revenue Service ("IRS") opinion letter dated September 21, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest and Related Party Transactions

The Plan holds certain cash equivalents and mutual funds in the self-directed brokerage accounts that are managed by the Trustee and an affiliate, and the self-directed brokerage accounts are serviced by another affiliate. Additionally, the Plan paid fees to the Recordkeeper and investment advisor. Transactions such as these, as well as notes receivable from participants, qualify as exempt party-in-interest transactions. The Company also pays directly certain other fees related to the Plan's operations.

7. Prohibited Transactions

During the year ended December 31, 2025, the Company remitted certain participant contributions to the Plan after the timeframe established by the Department of Labor, while other contributions remained outstanding as of year-end. As of December 31, 2025, the Company had not yet remitted lost earnings for all affected participants.
