INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
A.I.S. Profit Sharing Plan
North Dartmouth, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of A.I.S. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of A.I.S. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2;
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of A.I.S. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about A.I.S. Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our

report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of A.I.S. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about A.I.S. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) (modified cash basis), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the

responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A.I.S. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. Description of Plan

The following description of the A.I.S. Profit Sharing Plan (the "Plan") provides only general information regarding the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2000. The Plan is a defined contribution 401(k) and profit-sharing plan structured under the provisions of Section 401(k) of Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan has been restated and amended to remain in compliance with changes required under ERISA. A.I.S., Inc. (the "Company") serves as the Plan Sponsor. The Company is responsible for overseeing the Plan in its capacity as Plan Sponsor. The third-party investment adviser as well as the investment committee determine the appropriateness of the Plan's investment offerings, and monitor investment performance. John Hancock Trust Company LLC ("John Hancock") serves as the Plan's trustee, custodian, and recordkeeper. Voya Retirement Insurance and Annuity Company ("Voya") also serves as the Plan's custodian and recordkeeper.

Eligibility

All employees who have attained age 21 and completed 30 consecutive days of service, as defined in the Plan document, are eligible to participate in the Plan for purposes of making salary deferrals. Employees covered by a collective bargaining agreement are excluded from the Plan. Upon attainment of age 21 and completion of one year of service, participants become eligible to receive discretionary employer matching and profit-sharing contributions.

Employee contributions

Eligible employees may elect to make pre-tax or Roth contributions to the Plan, subject to annual limits set by the IRC, through a salary reduction agreement. The maximum will change each year indexed to inflation (the maximum was $23,500 and $23,000 in 2025 and 2024, respectively). Participants who turn age 50 or older during the calendar year may elect to make catch-up contributions to the Plan, up to the IRC limit of $7,500 for 2025 and 2024. Beginning in 2025, participants who attain ages 60 through 63 before the end of the Plan year are eligible to make enhanced catch-up contributions as permitted under IRC Section 414(v), subject to applicable IRC limits. Participants may also contribute amounts representing distributions from other qualified benefit plans (rollover). See the Plan document for the definition of eligible compensation. Participants direct the investment of their and the Company's contributions into various investment options offered by the Plan.

Company contributions

The Company may elect to make discretionary matching and profit-sharing contributions to the Plan for employees who complete the required service conditions during the Plan year. During the years ended December 31, 2025 and 2024, the Company made discretionary

Company contributions (continued)

profit-sharing contributions of $106,152 (including $6,152 funded from forfeitures) and $233,046 (including $32,732 funded from forfeitures), respectively. No discretionary matching contributions were made for the years ended December 31, 2025 and 2024.

Participant accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, rollover contributions, and allocations of (1) the Company's discretionary contributions (if any) and (2) Plan earnings and losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contributions, plus actual earnings thereon, is based on years of continuous service. Participants vest based on the schedule below. Participants also become fully vested upon reaching their normal retirement date or upon permanent disability or death.

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of benefits

Participants may withdraw amounts equal to the total value of their pre-tax and Roth contributions and their vested Company contribution accounts upon attaining age 59½ or in the event of a financial hardship. Upon termination of employment, attainment of age 62 (normal retirement date), death or permanent disability, distributions may also be made. Participants can elect to receive payments as a lump-sum, as substantially equal installment payments over a specified period, or defer payment until a later date if the account balance exceeds $5,000.

Forfeited accounts

Participants who terminate employment before becoming fully vested forfeit the non-vested portion of the Company's discretionary matching and profit-sharing contributions. Forfeitures

1. Description of Plan (continued)

Forfeited accounts (continued)

may be used to pay Plan expenses or applied as permitted under the Plan. During the years ending December 31, 2025 and 2024, forfeited amounts of $6,152 and $32,732, respectively, were used to offset discretionary profit-sharing contributions. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $34,376 and $6,152, respectively.

2. Summary of significant accounting policies

Basis of accounting

The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP"). Under the modified cash basis, revenue and related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when obligations are incurred. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits in conformity with GAAP.

Use of estimates

The preparation of the financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in those amounts, as well as the disclosure of contingent assets and liabilities. Estimates are primarily used in the determination of the fair value of investments. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Investments in common collective trusts are valued at net asset value ("NAV") per unit as provided by the trustee. NAV is used as a practical expedient to estimate fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines valuation policies utilizing information provided by the custodians, who certify the investment information as complete and accurate. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and the discretionary matching and profit-sharing contributions from the Company are recorded in the year received by the Plan.

2. Summary of significant accounting policies (continued)

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Recordkeeping, custodian, and investment advisory fees are paid quarterly. These fees may be deducted from forfeitures, at the discretion of the Company or allocated to participants, on a pro-rata basis across all sources and funds or as an equal dollar amount per participant account, depending on the type of expense. Fees related to the participants' distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan did not have any subsequent events, through October 7, 2026, which is the date the financial statements were available to be issued, for events requiring recording or disclosure in the financial statements for the year ended December 31, 2025.

3. Information prepared and certified by the custodians

Certain information presented in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock and Voya, the custodians of the Plan assets. These certifications also include schedules of investments and inter-fund transfers.

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") *Accounting Standards Codification ("*ASC") *820*, *Fair Value Measurements and Disclosures* are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

4. Fair value measurements (continued)

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's investments. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual funds*:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at amortized cost.

Common collective trust fund*:* Valued at the NAV of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the trustee reserves the right to require advanced notification in order to ensure that securities liquidations will be carried out in an orderly business manner. See Note 5 for more information.

Group annuity investment contract: Reported at the contract value, which is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. See Note 6 for more information.

The preceding valuation methods may produce amounts that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of

4. Fair value measurements (continued)

different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2025 and 2024:

Plan Investments as of December 31, 2025

	Level 1	Level 2	Level 3	Total Investments
Investments at fair value:				
Registered investment companies	$ 5,098,296	$ -	$ -	$ 5,098,296

Total investments in fair the value hierarchy	$ 5,098,296	$34,376	$ -	$ 5,132,672
Investments at net asset value*:				
Common collective trust fund	$ -	$ -	$ -	$ 1,223,147
Total Plan investments	$ 5,098,296	$34,376	$ -	$ 6,355,819

Plan Investments as of December 31, 2024

	Level 1	Level 2	Level 3	Total Investments

Money market fund	-	6,152	-	6,152
Total investments in fair the value hierarchy	$ 4,084,697	$ 6,152	$ -	$ 4,090,849
Investments at net asset value*:				
Common collective trust fund	$ -	$ -	$ -	$ 1,166,419
Investments at contract value*:				
Group annuity investment contract	-	-	-	36,286
Total Plan investments	$ 4,084,697	$ 6,152	$ -	$ 5,293,554

4. Fair value measurements (continued)

* In accordance with ASC subtopic 820-10, investments measured using NAV as a practical expedient have not been classified in the fair value hierarchy. The group annuity investment contract is reported at contract value and is also not classified in the fair value hierarchy. The values presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits (Modified Cash Basis).

5. Investment contract with common collective trust

The Plan invests in the Putnam Stable Value Fund as of December 31, 2025 and 2024, which is a common collective trust ("CCT"). The CCT invests primarily in high-quality guaranteed investment contracts, security-backed investment contracts, and similar contracts issued by insurance companies, banks and other financial institutions. The Plan's investment in the CCT is valued at the NAV per unit as provided by the trustee. The NAV is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. The CCT generally provides for daily redemptions by the Plan, subject to certain restrictions and liquidity provisions. The Plan has no unfunded commitments related to its investment in the CCT.

6. Group annuity investment contract

Through October 13, 2025, the Plan participated in the Voya Fixed Account, which was a fully benefit-responsive general account group annuity investment contract. The contract was reported at contract value in the Statements of Net Assets Available for Benefits (Modified Cash Basis), as contract value represents the amount participants would have received if they initiated permitted transactions under the terms of the Plan. Contract value was equal to participant account balances, which included contributions, allocated earnings, less participant withdrawals and administrative expenses.

The contract is an evergreen group annuity contract maintained within Voya's general account. Specific securities within the general account are not attributed to the investment contract with the Plan. The Plan owns a series of guarantees that are embedded in the insurance contract. The contractual guarantees are backed up by the full faith and credit of Voya, the contract issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Effective October 13, 2025, the Plan ceased participation in the Voya Fixed Account, and the investment was fully liquidated. Accordingly, there was no balance in the Voya Fixed Account as of December 31, 2025.

6. Group annuity investment contract (continued)

Through October 13, 2025, there were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and includes such factors as the investment-year method experience of the underlying contract or pool, projected levels of cash flows within the current interest rate environment, and the projected maturity of the underlying investments. Such interest rates are reviewed on a semiannual basis for resetting. The crediting interest rate and guaranteed minimum credited interest rate were 3.00% for both 2025 and 2024.

7. Nonparticipant-directed investments

The nonparticipant-directed investments at December 31, 2025 and 2024, consisting of a money market account, amounted to $34,376 and $6,152, respectively.

The changes in the nonparticipant-directed investments consisted of the following:

	2025	2024
Transfers to nonparticipant-directed investments due to forfeitures	$ 33,708	$ 18,849
Earnings	668	1,225
Fees	-	(500)
Transfers to participant-directed investments to reduce sponsor contributions (Note 1)	(6,152)	(32,732)
Total investment change	$ 28,224	$ (13,158)

8. Related party and party-in-interest transactions

The Plan allows for transactions with certain parties who perform services or have fiduciary responsibilities to the Plan, including the Company. Plan investments are managed by John Hancock and Voya. John Hancock serves as the Plan's trustee, custodian and recordkeeper. Voya also serves as the Plan's custodian. Merrill Lynch serves as the Plan's investment adviser. Therefore, all transactions with these entities qualify as party-in-interest transactions.

The Plan is administered by a directed trustee appointed by the Company. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

9. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

10. Tax status

The Company has adopted a non-standardized pre-approved profit-sharing plan document, and is relying on the non-standardized pre-approved profit-sharing plan sponsor's opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020. The letter states that the non-standardized pre-approved profit-sharing plan and related trust are designed in accordance with the applicable sections of the IRC. Although the non-standardized pre-approved profit-sharing plan has been amended since receiving the opinion letter, the Plan's administrator and the Plan's tax counsel believe that the Plan and related trust are designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2022.

11. Risks and uncertainties

The Plan provides for and invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits (Modified Cash Basis).
