The Plan Administrators
Walker Medical Diagnostics, LLC 401(k) Profit Sharing Plan
Jasper, Alabama

Scope and Nature of ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Walker Medical Diagnostics, LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the financial statements section of our report. We are required to be independent of the Plan and to meet other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to the matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan' s ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA 103(a)(3)(C) Audits of section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise doubt about the Plan's ability to continue as going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets Held at End of Year (modified cash basis) as of and for the year ended December 31, 2025, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of the Walker Medical Diagnostics, LLC 401(K) Profit Sharing Plan ("Plan"), as amended, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan adopted January 1, 2007, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan covers all employees of Walker Medical Diagnostics, LLC (the "Company") and other participating employees who have completed the eligibility requirements. The Company is the Sponsor and Plan Administrator of the Plan. Matrix Trust Company has been appointed custodian of the Plan trust.

Eligibility – Employees who are not specifically excluded that have completed one year of service and are at least 21 years old are eligible for participation in the Plan. For purposes of eligibility, participants are credited with one year of eligible service upon completion of twelve consecutive months during which the employee has at least 1,000 hours of service beginning with the date on which the employee first performed an hour of service.

Contributions – Each year, the Company contributes a minimum amount of three percent of each employee's compensation defined as a non-elective safe harbor contribution. An additional discretionary employer amount may be contributed at the option of the Company's board of directors in the form of a profit-sharing contribution. Participants may elect to defer a portion of their compensation to make pre-tax contributions or may elect to make after-tax contributions defined as Roth contributions. Both types of contributions are permitted under Section 401(k) of the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Contributions are subject to certain regulatory limitations. The Plan has elected to make a profit-sharing contribution for 2025.

Participants' Accounts – Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their salary deferral and the Company's safe harbor contributions plus actual earnings thereon. Participants are subject to a vesting schedule based on years of continuous service, and fully vest in profit-sharing contributions after six years of credited service.

Participant-Directed Investment Options – Upon enrollment in the Plan, a participant may direct employee and employer contributions to any combination of the investment funds offered by the Plan. Participants may change investment options at any time.

Forfeitures – Terminated employees forfeit their non-vested portion if account balances are not fully vested. These forfeited amounts are used to reduce the employer's contributions, if any, to the Plan during the year. Unallocated forfeitures totaled $1,884 and $2,460 for the years ended December 31, 2025 and 2024. Forfeited non-vested accounts used to offset employer matching contribution were $2,044 and $1,519 during 2025 and 2024.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits – Upon termination of employment for any reason, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or in installments over a period of assumed life expectancy of the participant and his or her beneficiaries. Additionally, participants may take in-service distributions upon reaching age 59½. Generally, minimum distributions are required for participants who have separated from service and have reached age 72. The Plan also allows hardship distributions.

Administrative Expenses – Fees paid to national broker-dealers for the maintenance and custody of the Plan's assets as well as administrative record-keeping fees are paid from the assets of the Plan. The Company pays other administrative costs on behalf of the Plan.

Investment Options – Participants in the Plan can elect to invest in 16 investment options. Plan participants can also elect the option allowing for participant account management.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements (and supplemental schedule) of the Plan are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. All contributions are reflected in participants' equity on an accrual basis. Benefits, distributions, and expenses are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan follows Financial Accounting Standards Board (FASB) Accounting Standards codification (ASC) 820, *Fair Value Measurements and Disclosures* as well as subsequent guidance in Accounting Standards Update (ASU) 2015-12 *Plan Accounting Defined Contribution: (Part I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, and Part (III) Measurement Date Expedient.*

ASC 820 requires that investments held by the Plan be stated at fair value, which is defined as the price that the Plan would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment (see Note 5 for disclosures related to fair market value measurements).

The Plan presents the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments in the statement of changes in net assets available for benefits (modified cash basis). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded as received.

Excess Employee Deferrals Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits – Benefits owed before year-end were paid at December 31, 2025 and 2024.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses – Plan administrative expenses including fees paid to national broker-dealers for the maintenance and custody of the Plan's assets are paid by the Plan and included in administrative expenses on the statement of changes in net assets available for benefits (modified cash basis). Other expenses of the Plan, including legal and accounting expenses, have been paid by the Company.

Subsequent Events – Subsequent events have been evaluated through the date of the Independent Auditors' Report, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION CERTIFIED BY TRUSTEE AND RELATED PARTY

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Matrix Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net investment activity and interest and dividend income as shown on the statements of changes in net assets available for benefits for the year ended December 31, 2025 and 2024.
- Investment information included in the footnotes and supplemental schedule of assets held at end of year as of December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 4: INVESTMENTS

Composition of investments held at year end is as follows:

	2025	2024
Money Market Funds/Cash	$ 860,052^	$ 900,215^
Mutual Funds	13,761,700^	11,350,915^
Self-Directed Brokerage Accounts	12,807,446	11,677,272
Total Investments	$ 27,429,198	$ 23,928,402

^ – Investments certified by Matrix Trust Company.

NOTE 5: FAIR VALUE MEASUREMENTS

In accordance with ASC 820, fair value is defined as the price that the Plan would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 established a three-tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs, and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

- Level 1 – quoted prices in active markets for identical investments
- Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 – significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments)

The following table is set forth by level within the fair value hierarchy. The Plan's investments that are measured at fair value on a recurring basis at December 31, 2025 and 2024:

	December 31, 2025	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money Market Funds/Cash	$ 860,052	$ 860,052	$ -	$ -
Mutual Funds	13,761,700	13,761,700	-	-
Self-Directed Brokerage Accounts	12,807,446	11,813,777	989,220	4,449
Total Investments	$ 27,429,198	$ 26,435,529	$ 989,220	$ 4,449

	December 31, 2024	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money Market Funds	$ 900,215	$ 900,215	$ -	$ -
Mutual Funds	11,350,915	11,350,915	-	-
Self-Directed Brokerage Accounts	11,677,272	11,332,868	126,405	217,999
Total Investments	$ 23,928,402	$ 23,583,998	$ 126,405	$ 217,999

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025.

	Level 3 Assets Year Ended December 31, 2025
Balance at Beginning of Year	$ 217,999
Unrealized Gains Relating to Instruments Still Held at the Reporting Rate	-
Purchases, Sales, Issuances and Settlements (Net)	(213,550)
Balance at End of Year	$ 4,449

The following is a summary of significant valuation techniques for assets and liabilities measured at fair value on a recurring basis:

Level 1 Measurements

Mutual Funds:

Comprised of pools of money managed by an investment company that brings together funds from many investors and invests it in stocks, bonds, or other assets. Valuation is based on unadjusted quoted prices for identical assets in active markets that the Plan can access.

Self-Directed Brokerage Accounts:

Comprised of actively traded exchange listed U.S. and international equity securities, exchange traded funds, and mutual funds. Valuation is based on unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 Measurements

Self-Directed Brokerage Accounts:

Comprised of market-indexed and market-linked certificates of deposits (collectively MCD's) and corporate bonds.

Corporate Bonds – The primary inputs to the valuation include quoted prices for identical or similar assets in markets that are not active, contractual cash flows, benchmark yields, and credit spreads.

Level 3 Measurements

Self-Directed Brokerage Accounts:

Comprised primarily of privately placed securities that are not actively traded. Valuation is based on several methods including quoted prices for identical or similar assets, contractual cash flows, benchmark yields, and credit spreads. Some investments are valued using a discounted cash flow model that is widely accepted in the financial services industry. The primary inputs of the discounted cash flow model include an interest rate yield curve, as well as published credit spreads for similar assets in markets that are not active that incorporate the credit quality and industry sector of the issuer.

NOTE 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

During 2025 and 2024, certain Plan investments included shares of mutual funds held by Matrix Trust Company and other national broker dealers managing the self-directed brokerage accounts. Therefore, transactions occurring during the year ended December 31, 2025 and 2024, with these parties qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee received compensation from the Plan for these services.

NOTE 7: PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 8: TAX STATUS

The Internal Revenue Service has determined and informed the Plan sponsor by a letter dated December 31, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

NOTE 9: UNCERTAIN TAX POSITIONS

The Plan follows the accounting requirements associated with uncertainty in income taxes using the provisions of FASB ASC 74, Income Taxes. The Plan had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Previous open tax years may be subject to examination by taxing authorities.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan provides for various investments that in general are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 11: CONCENTRATION OF CREDIT RISK

The Plan maintains cash balances at brokerage firms. The cash balances are insured by the Securities Investors Protection Corporation up to $500,000 for each account.
