INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust’s ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The following is a brief description of the Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective March 1, 2025, the Plan was restated under the Principal Financial Group pre-approved plan document. In connection with the transition from Voya Retirement Insurance and Annuity Company ("Voya") to Principal, Principal Life Insurance Company became the issuer of the Plan's annuity contract and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal Trust Company") serves as the trustee of the Plan.

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is funded by employee and employer contributions. Employees who have attained age 18 and completed six months of entry service are eligible to participate for purposes of elective deferral contributions. Employees who have attained age 18 and completed 1,000 hours of service in a specified 12-month period are eligible to participate for purposes of employer matching and qualified nonelective contributions. Eligible employees enter the Plan on January 1, April 1, July 1, or October 1 on or after satisfying the applicable eligibility requirements. The Plan's original effective date was January 1, 1988.

Contributions - Eligible employees may elect to make pre-tax and/or Roth 401(k) elective deferral contributions up to 100% of eligible pay, subject to limitations imposed by the Code. Eligible employees are automatically enrolled at a deferral rate of 2% of pay unless they elect a different percentage or elect not to defer. The Plan provides for employer safe harbor matching contributions equal to 100% of a participant's elective deferral contributions up to 4% of eligible pay. The Plan also permits the Employer to make discretionary qualified nonelective contributions to eligible non-highly compensated employees who are active participants on the last day of the plan year. Employer safe harbor matching contributions to the Plan for the year ended December 31, 2025 were $229,017.

Vesting - Participants are immediately 100% vested in their elective deferral contributions, employer matching contributions, and qualified nonelective contributions.

Participant Accounts - Each participant's account is credited with the participant's elective deferral contributions, employer matching contributions, qualified nonelective contributions, if any, rollover contributions, if any, and allocations of Plan earnings or losses. Participants direct the investment of their accounts among the investment options made available under the Plan.

Participant Loans - Participants may generally borrow the lesser of 50% of their vested account balance or $50,000, reduced by applicable outstanding loan balances, subject to a minimum loan amount of $1,000. Only one loan may be outstanding at a time, and a participant may be granted up to five loans during any one-year period. Loan interest rates are based on rates available for similar loans from commercial lending institutions. Loans are generally repayable in at least quarterly installments over a maximum term of five years, except for residential loans in which the term may be longer.

1. PLAN DESCRIPTION (*Continued*)

Payment of Benefits - Participants are eligible for retirement benefits at age 65. Upon termination of employment, a participant may elect to receive all or any portion of his or her vested account. Benefits may also commence on or after a participant's normal retirement date in accordance with the terms of the Plan. Benefits may generally be deferred until the participant's applicable required beginning date under the Internal Revenue Code. For individuals reaching age 72 after December 31, 2022, the required beginning date is generally age 73, with later increases for younger birth cohorts as provided under the SECURE Act.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Withdrawals and Distributions - Upon termination of employment, a participant may elect to receive all or any portion of his or her vested account. Subject to the terms of the Plan, distributions may generally be made in a single sum or through partial payments. The Plan also permits certain in-service withdrawals, including withdrawals of rollover contributions and withdrawals after attaining age 59½.

Forfeited Accounts - Forfeitures, if any, may be used to pay Plan expenses, offset future employer contributions, or be reallocated to eligible participants in accordance with the Plan provisions. There were no forfeitures for the years ended December 31, 2025 and 2024.

Basis of Presentation - The accompanying financial statements have been presented on the accrual basis of accounting.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. As of December 31, 2025, the Plan's investments consisted primarily of registered investment companies, pooled separate accounts, and common/collective trusts. Registered investment companies are valued based on quoted market prices. Pooled separate accounts are valued based on unit values reported by the respective investment providers. Common/collective trusts are valued at net asset value ("NAV") per unit as reported by the trustee, using NAV as a practical expedient to estimate fair value.

During 2025, the Plan transitioned its investment platform from Voya to Principal. Principal Life Insurance Company is the issuer of the Plan's annuity contract, and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company serves as trustee of the Plan. As of December 31, 2024, the Plan also held a fixed annuity contract with Voya, which was stated at contract value, approximating fair value.

Net appreciation or depreciation in fair value of investments includes realized gains and losses on investments sold and changes in the fair value of investments held during the year. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

Participant Loans Receivable - Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest rates on outstanding loans ranged from 4.25% to 9.50% at December 31, 2025.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Certain expenses associated with administering the Plan may be paid from participant accounts, including investment-related expenses and fees associated with certain participant transactions. Other administrative expenses may be paid by the Plan Sponsor. During the years ended December 31, 2025 and 2024, expenses paid by the Plan totaled $40,084 and $10,820, respectively.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts of net assets at the date of the financial statements and the changes in net assets during the reporting period. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Represents inputs to the valuation methodology which consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Represents inputs to the valuation methodology which consist of: 1) quoted market prices for similar assets or liabilities in active markets; 2) quoted market prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Represents inputs to the valuation methodology that are unobservable and are significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS (*Continued*)

The following is a description of the valuation methodologies used for Plan assets measured at fair value.

Registered Investment Companies: Valued at quoted market prices in active markets.

The Plan's investments in registered investment companies consist of domestic and international equity and fixed income mutual funds. The fair value of these investments is based on quoted market prices for shares held by the Plan at the reporting date. These investments include funds managed by American Funds, BlackRock, Fidelity Investments, and JPMorgan. Because quoted market prices are available in active markets, these investments are classified as Level 1 within the fair value hierarchy.

Pooled Separate Accounts: Valued based on the fair value of underlying investments and the applicable unit value of each separate account.

The Plan's investments in pooled separate accounts consist of fixed income, high yield, and liquid asset investment options maintained by Principal Life Insurance Company. The net asset value of each separate account is generally calculated daily, is available to current investors, and is the basis for current transactions. The accounts are redeemable at the next computed net asset value. Accordingly, these investments have a readily determinable fair value and are classified as Level 1 within the fair value hierarchy.

At December 31, 2024, the Plan’s pooled separate accounts were maintained by Voya Retirement Insurance and Annuity Company and were valued based on unit values derived from the fair value of the underlying investments. The underlying investments consisted primarily of global and domestic equity and fixed income investments. Net asset values were calculated daily and posted by Voya. Because the valuation of the pooled separate accounts was based on observable market inputs rather than quoted prices for identical investments in active markets, the investments were classified as Level 2 within the fair value hierarchy.

Common/Collective Trusts: Valued at net asset value (“NAV”) per unit as reported by the trustee of the funds.

The Plan's investments in common/collective trusts consist primarily of Principal LifeTime Hybrid investment options with varying target retirement dates. The NAV of each trust is based on the fair value of the underlying investments and is calculated on a per-unit basis. The Plan measures these investments at NAV using the practical expedient under ASC 820. Accordingly, these investments are not classified within Level 1, Level 2, or Level 3 of the fair value hierarchy.

Fixed Annuity Contract: At December 31, 2024, the Plan held a fixed annuity contract with Voya Retirement Insurance and Annuity Company. The contract was valued at fair value, which approximated contract value, and was classified as Level 2 within the fair value hierarchy. The Plan did not hold a fixed annuity contract investment at December 31, 2025.

3. FAIR VALUE MEASUREMENTS (*Continued*)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies:	**$ 145,118**	**$ -**	**$ -**	**$ 145,118**
Pooled separate accounts:	**31,112**	**-**	**-**	**31,112**
Investments measured at NAV:	**-**	**-**	**-**	**10,053,159**
	$ 176,230	**$ -**	**$ -**	**$ 10,229,389**

*In accordance with ASC 820, investments measured at fair value using NAV per unit as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for plan benefits.

Common/Collective Trusts Measured at NAV: The Plan invests in common/collective trusts that invest in diversified portfolios of underlying investments based on the respective funds' investment objectives. The fair value of these investments is estimated using the NAV per unit provided by the trustee as a practical expedient. There were no unfunded commitments related to these investments at December 31, 2025. The investments are generally redeemable at NAV on any Valuation Date, provided the withdrawal request is received in good order by the Trustee's daily cut-off time. Withdrawals are normally processed within three business days, but may be processed up to 30 days following the Valuation Date.

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:	$ -	$ 8,452,015	$ -	$ 8,452,015
Fixed annuity contracts:	-	322,736	-	322,736
	$ -	$ 8,774,751	$ -	$ 8,774,751

4. INCOME TAX STATUS

The Plan obtained a determination letter from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code and therefore was exempt from taxation under Section 401(a) of the Code.

4. INCOME TAX STATUS (*Continued*)

The Plan has since been amended; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

5. RISKS AND UNCERTAINTIES

The Plan invests in multiple investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for plan benefits.

Potential Impact of Plan Termination

Subject to the provisions of the Plan and ERISA, the Plan Sponsor reserves the right to amend or terminate the Plan. In the event of Plan termination, participants' accounts would become 100% vested and nonforfeitable. Plan assets would continue to be held under the Plan and credited with investment earnings until distributed to participants and beneficiaries in accordance with the terms of the Plan. Distribution options available under the Plan may include single-sum payments, partial payments, or eligible direct rollovers to another retirement plan or individual retirement account. Upon Plan termination, each participant's account balance would be determined based on the participant's account balance, including contributions and investment earnings or losses, in accordance with the provisions of the Plan.

Distribution of Plan assets to participants and beneficiaries upon Plan termination may have tax implications. Depending on individual circumstances, recipients may be subject to income taxes, penalties for early withdrawals, or other tax obligations.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan engages in transactions with parties in interest, including the Plan Sponsor and service providers, as defined by ERISA. Certain Plan investments consist of pooled separate accounts maintained by Principal Life Insurance Company and common/collective trusts maintained by Principal Global Investors Trust Company. The Plan also makes loans to participants. These investments and participant loans constitute party-in-interest transactions. The Plan's 2025 Schedule H, Line 4i supplemental schedule identifies the Principal pooled separate accounts, Principal common/collective trusts, and participant loans as party-in-interest assets.

6. PARTY-IN-INTEREST TRANSACTIONS (*Continued*)

During the years ended December 31, 2025 and 2024, administrative expenses paid by the Plan totaled $40,084 and $10,820, respectively. The 2025 expenses include amounts incurred with Voya prior to the transition in March 2025 and with Principal during the remainder of the year.

As of December 31, 2025, employer and participant contributions receivable from the Plan Sponsor were $3,633 and $6,908, respectively. There were no contribution receivables at December 31, 2024.

These transactions qualify as party-in-interest transactions under ERISA but are exempt from being considered prohibited transactions. The Plan did not engage in any prohibited transactions for the year ended December 31, 2025.

7. SUMMARY OF CUSTODIAN INFORMATION

The following is a summary of certified investment information included in the Plan's financial statements and supplemental schedules. Investment information applicable to the period prior to the Plan's transition to Principal in March 2025 was certified by Voya Retirement Insurance and Annuity Company. Principal Trust Company certified the related financial information for the period March 1, 2025 through December 31, 2025. Comparative investment information for the year ended December 31, 2024 was prepared and certified by Voya.
