INDEPENDENT AUDITOR'S REPORT

Trustees of
Vigor Industrial LLC Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Vigor Industrial LLC Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and the schedule of delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VIGOR INDUSTRIAL LLC SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2025 AND 2024, AND FOR THE YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF PLAN

The following description of the Vigor Industrial LLC Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General—The Plan is a 401(k) defined contribution plan covering all eligible employees of Cascade General, Inc., Vigor Industrial LLC, Vigor Marine LLC, Shipyard Commerce Center LLC, Washington Marine Repair LLC, Specialty Finishes LLC dba Vigor Industrial Services, Vigor Fab LLC, Vigor Shipyards, Inc., Vigor Alaska LLC, Vigor Alaska Seward LLC, Vigor Works LLC, and Vigor Kvichak LLC (the "Companies").

Full-time salaried and non-union hourly employees of the Companies, excluding Alaska LLC ("VAK"), are eligible to participate in the Plan upon completion of 3 consecutive calendar months with at least 80 hours of service per month shall be eligible to participate as of the date such employee has satisfied such requirements.

Vigor Alaska LLC employees are eligible to participate in the Plan upon completion of three consecutive calendar months with at least 90 hours of service shall be eligible to participate in the Plan as of the date such employee has satisfied such requirements.

Any employee who is an intern, part time or limited duration employee and has completed one year of service shall be eligible to participate hereunder as of the date such employee has satisfied such requirements.

Union employees of the Companies are covered under the Vigor Industrial LLC Retirement Plan. As employees either join or leave a union, their account balances are transferred to the appropriate plan and are reported as transfers on the statements of changes in net assets available for benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Specific details of employer match contributions and vesting can be found in the following footnotes.

Contributions—Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participant salary deferral contributions are made voluntarily, subject to certain limits set by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition to the regular catch-up contributions, during 2025, participants aged 60-63 could make super catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan.

Effective January 1, 2025, the Plan was amended to include designated Roth contributions and designated Roth elective deferrals in accordance with final Internal Revenue Service ("IRS") regulations for designated Roth contributions to cash or deferred arrangements under IRC.

The Companies make Safe Harbor matching contributions. For the year ended December 31, 2025, the Companies made matching contributions of 100% of participants' contributions up to 4% of participants' eligible compensation. The Companies also makes a true-up matching contribution at the end of each Plan year, if applicable.

In addition, the Companies may also, at their sole discretion, make discretionary contributions to the Plan. Employees are eligible to receive discretionary contributions if they are employed on the last day of the Plan year and have completed 900 hours of service during the Plan year. No discretionary contributions were made by the Companies for the year ended December 31, 2025.

Participant Accounts—Each participant's account is credited with the participant's contribution and related allocations of the Companies' contributions, Plan earnings, and charged with withdrawals and an allocation of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants are vested immediately in their contributions, plus actual earnings thereon, and employer contributions; therefore, there are no forfeitures.

Notes Receivable from Participants—Plan participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50% of their vested account balances. Participants must be an active employee and are only allowed one outstanding loan at a time. The loan repayment term may not exceed five years, except for those loans qualifying for the purchase of a principal residence. The loans are secured by the vested balances in the participants' accounts and bear interest at rates that range from 5.25% to 10.50% and mature through 2035. Interest rates are set at the prime rate plus 2.0%, at the date of the loan. Principal and interest are paid ratably through regular payroll deductions or as a lump sum for the outstanding loan balance.

Payment of Benefits—Participants' accounts are payable upon retirement, termination, permanent disability, or death. Partial or full withdrawal of participants' account balances are also available under certain circumstances described in the Plan document. Dependent on the circumstances, participants may be able to elect lump sum or installment payments taken over a period of time that shall not exceed the life expectancy of the employee or designated beneficiary.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are deemed distributions or Plan loan offsets based upon the terms of the Plan document.

Contributions—Participant contributions and employer matching contributions are recorded when withheld and applied, respectively. Participant contributions of $5,784 were withheld and subsequently remitted to the trust in 2026. Safe Harbor matching contributions of $52,378 for the year ended December 31, 2025 were subsequently paid in 2026. These amounts were recognized as participant and employer contributions receivable as of December 31, 2025.

Payment of Benefits—Benefits are recorded when paid. There were no participants who elected to withdraw from the Plan but had not been paid as of December 31, 2025.

Administrative Expenses—All administrative expenses of the Plan are paid by the Plan unless otherwise paid by the Companies, at the Companies' discretion.

Subsequent Events—The Plan has evaluated subsequent events through October 7, 2026, which is the date the financial statements were available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.

3. CERTIFIED INFORMATION

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule of assets (held at end of year) that were prepared by or derived from information prepared by T. Rowe Price Trust Company, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Statements of Net Assets Available for Benefits	**2025**	**2024**
Non-interest bearing cash	$ 34	$ 15
Investments—at fair value:

Statement of Changes in Net Assets Available for Benefits	**2025**
Dividends	$ 3,321,439
Net appreciation in common collective trust funds	1,076,587
Net appreciation in registered investment company funds	5,572,125
Interest income on notes receivable from participants	71,397

Supplemental schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year).

Notes 4 & 5: All investment balances and investment information, excluding the level of investments in Note 4, Fair Value Measurements and the unfunded commitment and redemption provisions in Note 5, Net Asset Value (NAV) Per Share.

4. FAIR VALUE MEASUREMENTS

Fair value measurements include a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1—Quoted prices in active markets for identical securities;

Level 2—Other significant observable inputs (including quoted prices for similar securities, interest rates, repayment speeds, credit risk, etc.);

Level 3—Significant unobservable units (including the Plan's own assumptions in determining the fair value of investments).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Registered Investment Company Funds—Valued based on the quoted market value of the fund, which represents the NAV of shares held by the Plan at year end.

Collective Trust Funds—Consist of a stable value fund and common collective trust funds.

Stable Value Fund—A collective trust fund that is composed primarily of fully benefit- responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Common Collective Trust Funds—Valued at the NAV of units of a bank collective trust. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the fair value of the Plan's assets at fair value, by level:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment company funds	$ 67,745,148	$ -	$ -	$ 67,745,148

Investments valued at NAV				11,995,535
Total investments				$ 72,151,006

5. NET ASSET VALUE (NAV) PER SHARE

The following tables set forth a summary of the Plan's investments whose values were estimated using a reported NAV per share. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (If Current Eligible)	Redemption Notice Period

T. Rowe Price Equity Index Trust Class A	8,225,730	N/A	Daily	90 days
T. Rowe Price Stable Value Common Trust Fund B	2,844,383	N/A	Daily	12 or 30 months
	$ 11,995,535			

6. RELATED PARTY TRANSACTIONS AND EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment company funds and common collective trust funds managed by T. Rowe Price Trust Company. T. Rowe Price is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

7. TAX STATUS

The IRS has determined and informed the Companies, by a letter dated August 2, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and related trust is tax-exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

9. PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

10. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company remitted certain 2025 participant contributions of $122,965 to the trustee later than required by Department of Labor (DOL) Regulation 2510.3 102. The Company filed Form 5330 with the IRS and paid the required excise tax on the transaction. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.
