Report of Independent Auditors

Board of Directors
C.T.I. Pension Plan
Jackson, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of C.T.I. Pension Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of C.T.I. Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the C.T.I. Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about C.T.I. Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of C.T.I. Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about C.T.I. Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the C.T.I. Pension Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers employees of C. Thorrez Industries, Inc. and affiliated companies (Company or Plan Sponsors). Affiliated companies include Legends Manufacturing, Inc., Synchronous Manufacturing, Inc., Concord Manufacturing, Inc., Belgian Screw Machine Products, Inc., and Stockbridge Manufacturing, Inc. The Plan will count service with Dawlen Corp, a predecessor employer. The Plan does not provide for participant-directed investments. Participants must complete 1,000 or more hours of service within the 12 consecutive-month period commencing with the date of hire to participate in the Plan. Collectively bargained employees and nonresident aliens are excluded from Plan participation.

Entry dates to the Plan are January and July 1st of each year. Unless otherwise elected by the participant, participants are automatically enrolled in the Plan with a 1% deferral. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective February 19, 2026, the Plan's name has changed to Towers Retirement Plan.

Contributions

Participants may contribute up to 75% of their annual compensation, subject to a maximum allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined benefit contribution plans. The Company contributes 25% (for employees under 55 years of age) or 50% (for employees 55 years of age and over) of employees' contribution based on the first 6% of the participants' eligible wages.

In addition, the Plan allows for the Company to make a discretionary contribution. For the 2025 and 2024 plan years, the Company paid a discretionary contribution of 2% of the participant's annual compensation (regardless if the employee made deferrals into the Plan) and in certain circumstances, additional contributions. In order to receive the discretionary contribution, the participant was required to be employed on the last day of the plan year, as defined in the Plan document, unless the participant dies, becomes disabled, or retires. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, the Plan's Sponsors' discretionary contribution (if and when made), and Plan earnings, and charged with an allocation of Plan administrative expenses. Plan earnings and administrative expenses are allocated based on the ratio of each participant's account balance to the total account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions to the Plan and earnings thereon are immediately vested in their accounts. Vesting in the Company's matching and discretionary contributions is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service in accordance with the vesting schedule below, as outlined in the Plan document. Regardless of the vesting schedule, employees 65 years of age and over are fully vested.

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances under certain circumstances, as defined in the Plan document. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan. Principal and interest is reimbursed ratably through payroll deductions.

1. Description of Plan (continued)

Payment of Benefits

Upon termination of service due to retirement, disability, or death, a participant may elect a lump-sum distribution equal to the value of his or her account or may elect to receive installment payments, a life annuity, or a joint and survivor annuity as defined by the Plan agreement. For termination of service for other reasons, a participant may receive a lump-sum distribution as soon as administratively feasible on or after the first anniversary of the participant's termination. Participants who have reached age 59 ½ may withdraw all or any part of their vested account at any time. Early retirement is also allowed at age 63 with 20 years of service or age 60 with 30 years of service.

Forfeited Accounts

Forfeited nonvested accounts totaled $1,180 as of December 31, 2025 and $924 as of December 31, 2024. Forfeited nonvested accounts are used to reduce employer contributions or pay administrative expenses. The Plan did not utilize forfeited accounts in 2025 ($1,170 in 2024) to fund employer contributions.

Administrative Expenses

The Plan pays the asset management, trustee, and record keeping fees of the Plan. Additional fees for processing participant loans are paid by the Plan. Certain Plan administrative expenses, including salaries, legal, and accounting, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been presented in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Accordingly, actual results may differ from estimated amounts.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. See Note 4 for discussion of fair value measurements and investment valuation. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The change in the aggregate fair value and the cost of investments sold, purchased, and held is reflected in the statements of changes in net assets available for benefits as net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management has evaluated subsequent events through October 8, 2026, the date these financial statements were available to be issued. Effective February 17, 2026, the Plan recordkeeper is Empower and the Plan has also changed to be participant directed. Also, effective February 19, 2026, the Plan's name has changed to Towers Retirement Plan.

3. Financial Information Certified by the Trustees (Unaudited)

Certain information in the accompanying financial statements and ERISA-required supplemental schedule, including the investment balances, notes receivable from participants balance, interest and dividend income, and net appreciation in fair value of investments was obtained by management and agreed to or derived from information certified as complete and accurate by Huntington Bank (through January 12, 2024) and Charles Schwab Trust Bank (Charles Schwab) (January 13, 2024 through December 31, 2025). This certified information has not been audited by independent auditors.

4. Fair Value Measurements

As defined in the current authoritative guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The guidance is applicable to all financial instruments that are measured and reported on a fair value basis. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

4. Fair Value Measurements (continued)

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Unitized funds – These funds are valued at the net asset value (NAV) as a practical expedient. The funds are managed by Alta Trust with the NAV calculated daily based on purchases, redemptions, fair value of holdings, and other transactions. Alta Trust calculates the unit value for the account; participants transact at this unit value. The Plan transacts at the underlying investment level. The funds are in pooled investment vehicles. The underlying investments of the unitized funds are level 1 investments consisting primarily of cash, exchange-traded funds, bonds, mutual funds, and equity funds. There are no unfunded commitments or restrictions, except 30-days written notice to terminate the Alta Trust contract. There are no redemption restrictions or notice periods.

Money market accounts and cash equivalents – Valued at the closing price reported in the active market in which the individual securities are traded in which cost approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market accounts and cash equivalents	**$ 47,399**	**$ -**	**$ -**	**$ 47,399**
Total investments in the fair value hierarchy	**$ 47,399**	**$ -**	**$ -**	**$ 47,399**
Unitized funds measured at NAV				**28,285,972**
Total investments at fair value				**$ 28,333,371**

	Assets at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market accounts and cash equivalents	$ 46,001	$ -	$ -	$ 46,001
Total investments in the fair value hierarchy	$ 46,001	$ -	$ -	$ 46,001
Unitized funds measured at NAV				24,387,627
Total investments at fair value				$ 24,433,628

5. Party-In-Interest Transactions

Through January 12, 2024, certain Plan investments were managed by Huntington Bank. Starting January 13, 2024, certain Plan investments were managed by Charles Schwab. Huntington and Charles Schwab served as the trustees as defined by the Plan. Fees paid by the Plan to the trustees for recordkeeping, administrative, and other services rendered were $197,612 for the year ended December 31, 2025 ($35,174 for the year ended December 31, 2024). The Plan recordkeeper is Epic Retirement Plan Services. Notes receivable from participants are also considered party-in-interest transactions. The unitized investment funds are managed by Alta Trust. Fees paid to plan service providers are considered party in interest transactions. Andrews Hooper Pavlik PLC is the Plan auditor. OneDigital serves as the Plan investment advisor.

6. Income Tax Status

The Plan has adopted a prototype plan document. The plan document has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Generally, tax years 2022 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

7. Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
