Independent Auditor's Report

To the Plan Administrator of
ASSA ABLOY Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ASSA ABLOY Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ASSA ABLOY Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of ASSA ABLOY Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ASSA ABLOY Inc. Retirement Savings Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ASSA ABLOY Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ASSA ABLOY Inc. Retirement Savings Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

General
The Plan is a 401(k) defined contribution plan established effective January 1, 1990 and most recently restated effective June 30, 2021. The Plan covers all eligible employees, as defined in the Plan document. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees become eligible to contribute to the Plan upon completion of 30 days of service, as defined by the Plan. Employees become eligible to receive Company matching contributions and nonelective base contributions following completion of 12 months of service, as defined by the Plan, and attainment of age 21. The Employees Benefit Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Transfers

Effective January 17, 2025, EM Consult 401(k) Plan was merged into the Plan, and net assets totaling $554,039 were transferred to the Plan. Effective October 1, 2025, the portion of Insperity 401(k) Plan attributable to employees of Nomadix, Inc. was merged into the Plan, and net assets totaling $5,083,165 were transferred to the Plan. These transactions are reflected as transfers into the Plan in the accompanying statement of changes in net assets available for benefits.

Effective October 1, 2025, the Plan was amended following the merger of the retirement plan assets associated with acquired businesses. The amendment provides participants credit for certain service with predecessor employers for eligibility and vesting purposes.

Effective September 10, 2025, assets totaling $10,222 were transferred from the Plan to Fortune Brands Innovations Retirement Savings Plan.

Contributions

Participants may contribute, on a pre-tax or Roth basis, up to 99% of their annual eligible compensation, as defined in the Plan document and subject to certain statutory limitations. The Company will also make matching contributions to eligible participants, as further described in the Plan document, equal to 50% of the participant's pre-tax contributions to the extent that such pre-tax contributions do not exceed 3% of the participant's annual eligible compensation, as defined in the Plan document. The Company makes a base contribution equal to 3% of an eligible participant's eligible compensation for all Plan participants. The Plan may receive rollover contributions representing all or part of the entire amount of any distribution from another qualified retirement plan meeting the requirements of Internal Revenue Code ("IRC") Section 401(a).

Employer matching contributions that the Company makes on behalf of the participants are directed pro-rata to the same investment options as the participant contributions. Employer base contributions are directed to an investment option as elected by the participant or, if no election is made, to certain default fund options. Contributions are subject to certain limitations, including the Internal Revenue Service (the "IRS") annual compensation limit of $350,000 for the year ended December 31, 2025. For the year ended December 31, 2025, each participant's contributions were also limited to a maximum of $23,500. During 2025, all employees eligible to make salary reduction contributions and who attained age 50 before the close of the 2025 Plan year were eligible to make catch-up contributions of up to $7,500. In addition, participants who attained ages 60 through 63 during 2025 were eligible to make enhanced catch-up contributions of up to $11,250.

Participant accounts

Each participant's account is credited or charged with the participant's contributions and an allocation of (a) the Company's base and matching contributions, (b) Plan earnings, (c) remaining forfeitures of terminated participants' nonvested accounts, if any, and (d) applicable expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their individual contributions, the Company's base contribution and the Company's matching contribution, plus actual earnings thereon.

Investments
Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and collective trust funds as investment options for participants.

Payment of benefits
On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants with balances of $1,000 or less will receive an automatic lump-sum distribution upon termination. If the participant balance is between $1,000 and $7,000, the Plan administrator will distribute such funds to an individual retirement account as directed by the Plan document.

Notes receivable from participants
Participants may borrow from their accounts an amount between $1,000 and $50,000, but not to exceed one-half of a participant's vested balance. Each loan is collateralized by the vested balance in the borrowing participant's account and bears interest at a reasonable rate of interest to be determined by the Plan administrator taking into consideration the interest rates being charged by regional and local banks, the prevailing prime rate and general economic conditions. The term of the loan cannot exceed five years, unless the loan is to be used for the purchase of a primary residence, in which case the term of the loan cannot exceed 20 years. All loans are subject to both an origination fee and an annual maintenance fee. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Principal and interest are paid ratably through regular payroll deductions. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the loan.

Forfeited accounts
As of December 31, 2025 and 2024, forfeited nonvested accounts, and credits for other corrected balances, totaled $396,177 and $340,293, respectively. These amounts represent forfeitures and other corrections carried forward from prior years and earnings on funds therein. Forfeited amounts not used to reinstate previously forfeited accounts, reduce future employer contributions, or to pay administrative expenses, may be allocated to participants. During the year ended December 31, 2025, amounts totaling $3,492 were used to reduce employer contributions. There were no amounts used from forfeited accounts to reinstate previously forfeited accounts or to pay administrative expenses of the Plan during 2025.

Revenue credit account
The Plan has a revenue credit account with the Fidelity Management Trust Company (the "Trustee") to cover Plan expenses. The revenue credit account is treated as a Plan asset and must be used only for legitimate Plan expenses. Unused amounts for expenses may be allocated to participant accounts. At December 31, 2025 and 2024, the revenue credit account balance totaled $1,075 and $49,572, respectively. During 2025, the Trustee contributed $147,224 into the revenue credit account which is presented as other income in the accompanying statement of changes in net assets available for benefits. In 2025, $201,000 from the revenue credit account was used to pay Plan expenses.

Participant revenue credits
Certain investments offered by the Plan generate revenue credits that are deposited to participant accounts. During 2025, revenue credits deposited to participant accounts totaled $670,545 which are presented as other income in the accompanying statement of changes in net assets available for benefits.

2. Summary of accounting policies

Basis of accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition
The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year-end. Shares of the collective trust funds are measured at the NAV of units of a collective trust as a practical expedient to fair value. Investment transactions are recorded by the Trustee on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 7). The Plan's Employee Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or appreciation on those investments.

Contributions
Contributions from Plan participants and the Company are recorded in the year in which the employee contributions are withheld from compensation.

Administrative expenses
The expenses of amending, restating and administering the Plan and trust shall be paid by the Plan, to the extent not paid by the Company. Administrative expenses include fees and expenses of the fiduciaries of the Plan for the performance of their duties under the Plan, reasonable fees and expenses of any legal counsel, accountant, or agent for authorized services rendered, and all other proper charges and disbursements (including settlements of claims or legal actions approved by legal counsel). All loan fees and expenses directly or indirectly caused or incurred as a result of individual investment direction shall be paid from, and constitute a charge against, the respective account of a participant requesting such individual investment direction. Investment related expenses are included in net appreciation in fair value of investments. Administrative expenses paid by the Plan in 2025 were loan setup and maintenance fees, advisory fees, short-term redemption fees and overnight mail fees of $1,109,783, which were deducted from the accounts of the respective participants. Any additional administrative expenses were paid by the Company in 2025 (see Note 4).

Payment of benefits
Benefits are recorded when paid.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties
The Plan provides for various investment options in several mutual funds of which the underlying investments are any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term, and that such change could materially affect participants' account balances reported in the statements of net assets available for benefits.

Reclassifications
Certain amounts in the 2024 financial statements have been reclassified to conform to the 2025 presentation.

Subsequent events
Subsequent events were evaluated through October 9, 2026, which is the date the financial statements were available to be issued.

3. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

4. Related-party and party-in-interest transactions

Certain Plan investments are managed by the Trustee and, therefore, these investment transactions qualify as party-in-interest transactions. Fees (excluding investment management fees) incurred by the Plan to the Trustee amounted to $1,109,783 for the year ended December 31, 2025. In accordance with the terms of the Plan document, the Company has paid certain fees of $57,250 during 2025, which qualify as party-in-interest transactions. Participant loans in the amount of $21,825,245, and the related interest of $1,593,306, also qualify as party-in-interest transactions.

5. Tax status

The pre-approved plan document, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest opinion letter dated June 30, 2020, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Information certified by Trustee

The Plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the Plan's Trustee and a qualified institution. The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

7. Fair value measurements

Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("ASC") 820, *Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation technique include:

  - Quoted prices for similar assets or liabilities in active markets;

  - Quoted prices for identical or similar assets or liabilities in inactive markets;

  - Inputs other than quoted prices that are observable for the asset or liability; and

  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that the securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual funds measured at fair value of $301,338,402 and $335,172,250 are measured at Level 1 within the fair value hierarchy as of December 31, 2025 and 2024, respectively.

In accordance with Subtopic 820-10, the collective trust funds are measured at NAV per share (or its equivalent) and, therefore, are not classified in the fair value hierarchy. The value of the collective trust funds held by the Plan is $1,229,395,714 and $957,202,066 as of December 31, 2025 and 2024, respectively.

Fair value of investments that calculate NAV

The following tables summarize the investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments. The redemption notice period is applicable to only the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust funds	$ 1,229,395,714	None	Daily	12 months

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust funds	$ 957,202,066	None	Daily	12 months

8. Nonexempt transactions

The Company has determined that nonexempt transactions occurred during 2025. The nonexempt transactions involved the submission of employee contributions and loan repayments to the Plan later than the earliest day on which such contributions could reasonably be segregated from the employer's general assets. During 2025, the Company completed corrective actions with respect to certain late remittances related to the 2024 plan year. In addition, the Company completed corrective actions in September 2026 with respect to certain late remittances related to the 2025 plan year. These corrective actions included the contribution of lost earnings to affected participant accounts. Management believes that these transactions should not affect the tax-qualified status of the Plan; therefore, no provision for income taxes has been included in the Plan's financial statements.
