Independent Auditor's Report

To the Plan Administrator of
Moody National Bank 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of the Moody National Bank 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (collectively referred to as the "2025 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the *ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2025 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 9, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Moody National Bank 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, effective May 1, 2003, covering all full-time employees of Moody National Bank (the "Company") meeting participation requirements described below. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and all requirements of Section 401(a) of the Internal Revenue Code ("IRC").

The Plan was amended and restated, effective on January 1, 2023, to comply with the most recent statutory and regulatory changes applicable to plans maintained under Section 401(a) and 401(k) of the IRC.

Administration

The Plan is administered by the Company. The Moody National Bank Trust Department serves as trustee of the Plan. Voya Retirement Insurance and Annuity Company ("Voya") is the Plan's custodian and recordkeeper.

Eligibility

All Company employees who have completed a minimum of 90 days of service, and have attained the age of 19, are eligible to participate in the Plan except (i) collectively bargained employees and (ii) nonresident aliens who do not have United States income.

Employees meeting the eligibility requirements described above may begin participating in the Plan on the first day of the Plan year quarter coinciding with or immediately following the date such requirements are met (the "entry date").

Automatic enrollment

Employees who are eligible to participate in the Plan are automatically enrolled in the Plan and deemed to have elected a deferral rate equal to the percentage of compensation set forth in the table below based on the Plan year in which the automatic deferrals first apply to the participant, unless the employee affirmatively elects not to participate or elects a different deferral rate.

Plan Year	Percentage
1-2	3%
3	4%
4	5%
5 and thereafter	6%

Contributions
Employees may elect to contribute up to 100% of their eligible compensation as a pre-tax elective deferral or a Roth elective deferral not to exceed the limitation ($23,500 in 2025 and $23,000 in 2024) as set forth in Section 402(g) of the IRC. Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. For 2025 and 2024, catch-up contributions for participants age 50 through 59 and age 64 and older were limited to $7,500. Pursuant to the SECURE 2.0 Act, participants who attained ages 60 through 63 by the end of 2025 were eligible to make enhanced catch-up contributions of up to $11,250. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes safe harbor matching contributions on behalf of each participant equal to the sum of 100% of the first 4% of the eligible employee's compensation that he or she contributes to the Plan, plus 50% of the next 2% of the eligible employee's compensation that he or she contributes to the Plan. For the years ended December 31, 2025 and 2024, the Company made safe harbor matching contributions of $610,296 and $675,299, respectively.

The Company may also make employer matching contributions at a discretionary percentage of a participant's compensation or a discretionary dollar amount. Additionally, the Company, at its discretion, may elect to make annual contributions for all eligible Plan participants employed on the last day of the Plan year which must be designated as qualified nonelective profit sharing contributions. These contributions are allocated in the same ratio that each participant's compensation for the Plan year bears to the total compensation of all participants for the Plan year, subject to certain limitations required for Plan qualifications under the IRC. The Company made no discretionary employer matching contributions or qualified nonelective profit sharing contributions during 2025 or 2024.

Participant accounts
Each participant's account is credited with the participant's salary deferrals and rollover contributions and allocations of the Company contributions and Plan earnings and losses. Plan earnings and losses, net of appreciation are allocated as of the last day of each calendar quarter in the same proportion that each participant's and former participant's nonsegregated accounts bear to the total of all participant's and former participant's nonsegregated accounts as of the last day of each calendar quarter. Participants self-direct the allocation of contributions to investment choices offered under the Plan.

Administrative expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Vesting

Participants are immediately vested in their employee contributions and earnings thereon as well as balances rolled over into the Plan from other qualified benefit plans under ERISA. Participants' vesting in safe harbor matching contributions, discretionary employer matching contributions and employer nonelective profit sharing contributions are based on years of continuous service. A participant is 100% vested in safe harbor matching contribution after two years of credited service, and for discretionary employer matching contributions and employer nonelective profit sharing contributions after three years of credited service.

A participant becomes 100% vested in all Company contributions upon death, disability or attaining normal retirement age, as defined in the Plan document.

Notes receivable from participants

Participants may borrow from their fund accounts any amount greater than $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding loan balance incurred by the participant during the 12-month period ending on the day before the loan is made, or 50% of the participant's vested account balance. Loan terms range from one to five years except in the case of a loan used to acquire a principal residence which will be a reasonable period of time determined at the time the loan is made. The loans are secured by the balance in the participant's account and bear interest at the prime rate, as stated in the Wall Street Journal, plus 1.00%.

Loan repayments are made ratably through payroll deductions. Participant loans outstanding as of December 31, 2025 and 2024 were $201,603 and $254,956, respectively. As of December 31, 2025 and 2024, interest rates on outstanding loans ranged from 4.25% to 9.50%.

Payment of benefits

Benefit payments are typically made in a lump-sum distribution to the participant upon termination of employment, disability or retirement, or to the designated beneficiary in the event of death, equal to the balance of the participant's vested interest in his or her account. Participants over the age of 59 1/2 may make in-service withdrawals of the vested value of their accounts, subject to certain limitations as described in the Plan document.

Hardship withdrawals prior to the age of 59 1/2 are also permitted under certain circumstances.

Forfeitures

Forfeited nonvested accounts, subject to the Plan administrator's discretion, may be applied to reduce employer contributions or pay Plan expenses. At December 31, 2025 and 2024, forfeitures available to reduce future employer contributions or pay Plan expenses were $3,254 and $4,921, respectively. During the years ended December 31, 2025 and 2024, forfeitures used to reduce employer contributions totaled $20,377 and $12,287, respectively. During the years ended December 31, 2025 and 2024, forfeitures used to pay Plan expenses totaled $9,178 and $2,102, respectively.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Investment valuation and income recognition
Investments are reported at fair value, with the exception of the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in pooled separate accounts are valued at fair value based on the quoted market prices of the underlying assets and the number of units owned by the Plan at the reporting date.

The Plan invests in a fully benefit-responsive investment contract ("FBRIC") which is accounted for at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to FBRICs because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation and depreciation of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is accrued as earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefit payments
Benefits are recorded when paid.

Note 3 - Fair value measurements

Accounting Standards Codification Topic 820 ("ASC 820"), *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;

    - Quoted prices for identical or similar assets or liabilities in inactive markets;

    - Inputs other than quoted prices that are observable for the asset or liability; and

    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used by the Plan for investments measured at fair value. There has been no change in the methodology used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are restricted with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts: Valued at NAV of units of the collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The valuation methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2025:

	Assets at fair value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,461,232	$ -	$ -	$ 6,461,232
Investments measured at NAV [(a)]				7,901,875
Total investments, at fair value				$ 14,363,107

	Assets at fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,061,855	$ -	$ -	$ 6,061,855
Investments measured at NAV [(a)]				7,024,686
Total investments, at fair value				$ 13,086,541

(a) In accordance with ASC 820, investments measured at NAV per share (or its equivalent) as a practical expedient, are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Note 4 - Group annuity contract - fixed account

At December 31, 2025 and 2024, the Plan invested in a group annuity contract that holds a fully benefit-responsive guaranteed investment contract with Voya (the "Issuer"). Contributions are maintained in a fixed account backed by the general assets of the Issuer. The account is credited with earnings and charged for participant withdrawals and administrative expenses. The Issuer of the guaranteed investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive and accordingly, is presented in the accompanying Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by the Issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the Issuer. Such events include (1) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (2) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (3) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan). The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Voya has the option to payout 100% of the current value of the contract after completion of five contract years. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The guaranteed investment contract with Voya has a guaranteed annual interest rate of no less than 1.00%. The guaranteed interest rate is redetermined annually. However, under no circumstances will the redetermined rate be less than 1.00%. The guaranteed interest rate for both the years ended December 31, 2025 and 2024 was 1.00%.

Note 5 - Information certified by the Plan's custodian (unaudited)

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in the fair value of investments, interest and dividends and interest on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6 - Plan termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account balances.

Note 7 - Tax status

The Plan adopted by the Company is a prototype nonstandardized profit-sharing plan document ("Prototype Plan") designed by Voya. The Prototype Plan received an IRS opinion letter dated June 30, 2020, stating that the Plan document complied with the applicable law. The Plan, which continues to use that prototype document, has been subsequently amended; however, management believes it is designed and continues to be operated in compliance with the applicable requirements of the Code and thus is exempt from federal income taxes under the provisions of Section 401(a) of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the relevant taxing authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Party-in-interest transactions

Certain Plan investments are in accounts managed by the custodian, and the Plan issues notes receivable from participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note 9 - Subsequent events

Plan management has evaluated subsequent events through October 5, 2026, which is the date the financial statements were available to be issued, and has concluded that there are no significant events to be reported.
