INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
The Exploratorium Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of The Exploratorium Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits - in liquidation as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits - in liquidation for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Exploratorium Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of The Exploratorium Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As disclosed in Note 1, The Exploratorium terminated the Plan on March 1, 2022. As a result, the Plan's financial statements are presented under the liquidation basis of accounting. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Exploratorium Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) - in liquidation as of December 31, 2025, (the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of The Exploratorium Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a money purchase plan intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code ("IRC"), was established effective July 1, 1987 and most recently restated on January 1, 2021. The Plan was designed to provide participants with benefits in the event of retirement, disability, death, termination or financial hardship. The Plan covered all employees of The Exploratorium (the "Organization") who met certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws.

In January 2009, the Organization elected to freeze the Plan effective November 24, 2008 and, as a result, the Plan was amended to cease future employer contributions into the Plan relating to Plan years after December 31, 2008 and to disallow participation in the Plan to new employees. Effective January 2009, the Organization established a 403(b) plan which provides for both employee and employer contributions.

Plan administration

The Organization is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Organization has appointed the Finance and Investment Committee (the "Committee") to manage the operation and administration of the Plan. A designated officer of the Organization acts as the trustee. The Organization has contracted with TIAA and CREF, to serve as the Plan's asset custodians (the "Custodians") and an affiliate of the Custodians to provide recordkeeping services as of December 31, 2025 and 2024 and for the year ended December 31, 2025.

Plan termination

During 2022, the Organization began to take action necessary to terminate the Plan effective March 1, 2022, in accordance with the provisions of ERISA. The Plan Sponsor authorized Empower Trust Company ("Empower") (a previous custodian through August of 2022) to proceed with the termination of the Plan and liquidated and distributed all Plan assets held with Empower. The Plan Sponsor required all participants with Empower accounts in the Plan to elect a lump sum distribution or direct rollover of his or her account balance to an eligible retirement plan or to an individual retirement account or annuity. If no direct rollover or distribution instructions were received from the participant within a reasonable time frame, as defined, the affected participant's account was automatically rollover to a traditional or Roth individual retirement account based on the type of balance held in the participant's account. As of December 31, 2025 and 2024, the Organization had not completed liquidation of participant accounts held with TIAA and CREF.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

Employees became eligible to participate in the Plan on the first of the month following the completion of one year of service, as defined by the Plan, and attaining age 21.

Effective January 1, 2009, no employee or employer contributions are allowed under the Plan. Prior to January 1, 2009, the Organization was allowed to make contributions as defined by the Plan.

All prior contributions were paid to the Custodians for investment in the appropriate investment fund or portfolio in accordance with the participant's directives and the terms of the Plan.

Participant accounts

Each participant's account is credited with Plan earnings and charged with an allocation of administrative expenses and Plan losses. Allocations are based on account balances and investment options, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in employer contributions was based on years of credited service, as defined. A participant was 100% vested after three years of credited service. In the event of death, disability or attaining normal retirement age, participants were immediately vested in all Organization contributions. Upon Plan termination, all participants became fully vested in their accounts.

Notes receivable from participants

Before Plan termination, participants could borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever was less. Under the provisions of the Plan, the loans would be secured by the remaining vested balance in the participant's account. Principal and interest would be paid ratably through payroll deductions. All loans would have to be repaid within 5 years unless the loan was for the purchase of a principal residence for which the loan term could exceed 5 years. There are no notes receivable from participants outstanding as of December 31, 2025 or 2024.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability or death. If a participant's account balance is equal to or less than $1,000, the balance is distributed immediately in a lump-sum cash payment. Balances between $1,000 and $5,000 will be rolled over to an individual retirement account designated by the administrator if the participant has not requested a distribution. If the account balance is $5,000 or greater, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, installment payments, an annuity or postpone payment to a later date and remain in the Plan as described in the Plan document.

Under SECURE 2.0, effective January 1, 2024, the $5,000 amount described above was increased to $7,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the liquidation basis of accounting as of and for the year ended December 31, 2025 and 2024, and in accordance with ERISA.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - liquidation basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 6 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodians, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of:

- Investments at fair value reflected on the accompanying statements of net assets available for benefits - in liquidation as of December 31, 2025 and 2024.
- Investment income as shown in the accompanying statement of changes in net assets available for benefits - in liquidation for the year ended December 31, 2025.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS (UNAUDITED) (continued)

- Investments reflected on the schedule of assets (held at end of year) - in liquidation as of December 31, 2025.

Accordingly, as requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and the supplemental schedule of assets (held at end of year) - in liquidation.

4. TAX STATUS

Effective January 1, 2021, the Plan restated and adopted the Peery and Associates Volume Submitter Plan #1. The Internal Revenue Service has informed Peery and Associates by a letter dated June 30, 2020, which states that the document satisfies the applicable provisions of the IRC, and is appropriate for use by employers for the benefit of their employees. The Plan has been amended since the opinion letter; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similarly to the definition of a related party in financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Organization, and certain others. As such, transactions conducted by the Custodians and their affiliates, including fee offset agreements, qualify as exempt party-in-interest transactions. Purchases and sales of investments managed by the Custodians or its affiliates, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan documents and are specifically exempt under ERISA. Also, fees and expenses paid by the Organization on behalf of the Plan, if any, qualify as exempt party-in-interest transactions.

The Plan has included in their investment fund options certain funds managed by the Custodians or one of their affiliates. As the Plan custodians, these transactions qualify as exempt party-in-interest transactions.

6. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

- *Level 1* - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- *Level 2* - inputs are inputs other than Level 1 either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- *Level 3* - inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 and 2024.

Variable annuity contracts: CREF Accounts consist of eight investment portfolios: the Total Global Stock, Global Equities, Growth, S&P 500 Index, Core Bond, Inflation-Linked Bond, Responsible Balanced, and Money Market accounts. The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF Accounts are deemed actively traded, and thus are classified within level 1 of the fair value hierarchy. Data for values are available daily to plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources.

Non-fully benefit-responsive contract: TIAA Traditional Annuity is reported by TIAA at contract value, which approximates fair value. As this investment is contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. Contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. The TIAA Traditional Annuity is offered through a variety of contract types, including the Group Retirement Annuity ("GRA"), which are considered non-fully benefit-responsive contracts. The Plan's investment in the non-fully benefit-responsive contracts are presented as Level 3 fair value investments in the fair value hierarchy. Purchases of level 3 investments totaled $75,657, sales totaled $31,680, and net transfers out totaled $555.

6. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Fair Value
Variable annuity contracts	$ 2,861,955	$ -	$ -	$ 2,861,955
Non-fully benefit responsive contracts	-	-	1,807,849	1,807,849
	$ 2,861,955	$ -	$ 1,807,849	$ 4,669,804

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Variable annuity contracts	$ 2,459,074	$ -	$ -	$ 2,459,074
Non-fully benefit responsive contracts	-	-	1,764,427	1,764,427
	$ 2,459,074	$ -	$ 1,764,427	$ 4,223,501

The following table presents information about significance unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31, 2025:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity Non Benefit-Responsive	$ 1,807,849	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	GRA - 4.50% - 5.25%

6. FAIR VALUE MEASUREMENTS (continued)

The following table presents information about significance unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31, 2024:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity Non Benefit-Responsive	$ 1,764,427	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	GRA - 5.25% - 5.50%
