INDEPENDENT AUDITOR'S REPORT

Verizon Employee Benefits Committee
Verizon Welfare Benefit Plan for Mid-Atlantic Associates

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Verizon Welfare Benefit Plan for Mid-Atlantic Associates (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits and changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the Verizon Welfare Benefit Plan for Mid-Atlantic Associates (the "Plan") provides only general information on the Plan's provisions. Participants should refer to the applicable summary plan description and plan document for a complete description of the Plan's provisions. The Plan is an employee welfare benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Benefits

The Plan covers eligible Mid-Atlantic associate employees of Verizon Communications Inc. and certain of its subsidiary companies (the "Company" or the "Plan Sponsor"). The Plan provides the following benefits: medical and dental benefits to participants both before and after retirement from the Company subject to limitations and exclusions in the applicable plan document, vision benefits to participants until termination or retirement from the Company, sickness, accident and long-term disability ("LTD") benefits, business travel accident insurance, basic life insurance, supplemental life insurance, basic and dependent accidental death and dismemberment ("AD&D") insurance, and supplemental AD&D insurance for the active and retiree participants.

Employees are eligible to enroll in the medical, dental, and vision benefits at the hire date. Mid-Atlantic retired associate (non-salaried) employees, who retired on or after January 1, 1990, are eligible for basic and supplemental life insurance, group medical, dental and supplemental AD&D benefits according to the provisions of the Plan. The life insurance benefits are fully insured under the group insurance contracts with Prudential Insurance Company of America ("Prudential" or the "Insurance Carrier"). The Plan has "non experience-rated" contracts.

The employees' benefit for sickness and accident disability is based on the years of service attained. The employees' benefit under long-term disability is limited to 50% of the participant's base pay. In order to be eligible for the Plan, an employee must be a regular full-time or regular part-time associate employee of a participating business unit of the Company.

Current medical and dental claim payments of active and retired participants, their dependents and beneficiaries may be fully insured under group insurance contracts with either multiple Health Maintenance Organizations ("HMOs") including Medicare Advantage plans in different geographic regions, a national Group Medicare Advantage PPO, or one regional Dental Maintenance Organization ("DMO"). The Plan transfers 100% of the risk of payment for services to the national Group Medicare Advantage PPO insurer or these individual HMOs and DMO.

The sickness accident and long-term benefits and certain medical, dental and vision plans are self-insured. Participant's benefits are based on their employment status or union contract.

In the collective bargaining agreements ratified in June 2016, Verizon's annual postretirement benefit obligation ("PBO") for retiree healthcare remains capped at the levels established by the previous contracts ratified in 2012. Effective January 2016, certain retirees began to pay for the costs of retiree

healthcare in accordance with the provisions relating to caps in the previous contracts. In reaching new collective bargaining agreements in 2016, there is a mutual understanding that the substantive postretirement benefit plans provide that Verizon's annual PBO for retiree healthcare is capped and, accordingly, the Plan began accounting for the contractual healthcare caps in June 2016.

Funding Policy

Company and participant contributions are intended to fund current claims and insurance premiums under the Plan. Active employees may be required to make contributions to the Plan, generally through payroll, based upon the number of dependents covered and the level of coverage selected. Retirees may be required to make contributions to the Plan as established by the Company and based on the coverage options elected. Retirees make contributions to the Plan on a monthly basis.

Retiree contributions were as follows:

Mid-Atlantic Post-1989 Retirees (Pre-Medicare eligible)	For the sponsored plan options, only post-12/31/12 retirees pay various fixed dollar retiree contributions. For the non-sponsored plan options, all retirees pay various fixed dollar retiree contributions. All retirees pay the greater of any applicable defined minimum contribution amount or the cost of coverage above the Company subsidy for all plan options.
Mid-Atlantic Post-1989 Retirees (Medicare eligible)	Retirees receive a 100% Company subsidy toward the sponsored plan options. Local Medicare plan contributions are based on the cost difference between the sponsored options and the local HMO (up to 50% of the maximum contribution for pre-Medicare HMOs). Retirees pay the greater of a defined minimum contribution amount or the cost of coverage above the Company subsidy cap.

Retiree contributions were approximately $24.2 million for the year ended December 31, 2025.

The Plan's deficiency of net assets over benefit obligations as of December 31, 2025 and 2024, relates primarily to its PBO and will be funded in accordance with the terms of the Plan. However, such payments are subject to the Company's right to amend or terminate the Plan, subject to any applicable collective bargaining obligations.

Plan Assets

Voluntary Employees' Beneficiary Association Trust ("VEBA"), as defined in Section 501(c)(9) of the Internal Revenue Code (the "IRC"), is the vehicle through which the Company funds certain benefits of the Plan.

Plan assets covering the participants are held in The Welfare Trust for the GTE Bargained Retired Group Insurance Plan (the "Bargained Retired Trust" or the "Trust"), which was established as a VEBA. The Bank of New York (the "Trustee") is the trustee of the Trust.

As of December 31, 2025 and 2024, the Plan had no assets in the Trust.

Plan assets were held by Prudential in the Advance Premium Account ("APA").

Information Certified by the Trustee

As of December 31, 2025 and 2024, and for the year ended December 31, 2025, the investments in the Trust and the related investment income or loss, which are disclosed in the accompanying financial statements and supplemental schedule, have been obtained or derived from information certified as complete and accurate by the Trustee.

Information Certified by Prudential

As of December 31, 2025 and 2024, and for the year ended December 31, 2025, the investment assets held in the APA and the related investment income or loss, which are disclosed in the accompanying financial statements and supplemental schedule, have been obtained or derived from information certified as complete and accurate by Prudential.

Plan Termination

Although it has not expressed any intention to do so, the Verizon Employee Benefits Committee or the Company reserves the right to amend or terminate the Plan subject to the provisions of ERISA and the collective bargaining agreements. No amendment to or termination of the Plan shall cause or permit the assets of the Plan held in the Trust to be used for any purpose other than the defrayal of administrative expenses and payments of benefits on behalf of participants. Upon termination, the assets of the Plan shall be used to pay benefits that participants have become entitled to receive and pay administrative expenses incurred by the Plan and Trust in connection with the termination.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in conformity with generally accepted accounting principles in the United States ("U.S. GAAP").

Use of Estimates

U.S. GAAP requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Expenses

Administrative expenses are paid either out of the Plan's assets or by the Company.

Payment of Benefits and Premiums

Benefits and premiums are recorded when paid.

Claims Incurred But Not Reported

Plan obligations at year end for claims incurred but not reported ("IBNR") are estimated by the Plan's actuary in accordance with generally accepted actuarial principles based on existing Plan provisions and claims data provided by the Plan's third-party claims administrators. IBNR claims represent estimated benefits that have been earned by participants but not yet received, processed, or paid on behalf of the Plan.

Investment Valuation and Income Recognition

The Statement of Changes in Net Assets Available for Benefits reflects the interest income from the assets held by Prudential and the net increase/(decrease) in the Plan's interest in the Trust, which consist of the realized gains or losses and unrealized appreciation/(depreciation) in fair value of investments as well as interest and dividends earned. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/(depreciation) includes gains and losses on investments bought and sold, as well as held during the year.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Postretirement Benefit Obligations

A PBO has been recognized for retiree welfare benefits for eligible participants and their dependents upon retirement. The PBO, which is determined by an actuary, represents the actuarial present value of those estimated future benefits, net of retiree contributions, which are attributed to employee service rendered through December 31, 2025 and 2024. Postretirement benefits include future benefits expected to be paid to (1) currently retired or terminated employees and their dependents or beneficiaries, and (2) active employees and their dependents or beneficiaries after retirement from service with the Company. Prior to an active employee's full eligibility date, the PBO is the portion of the expected PBO that is attributed to that employee's service rendered to the valuation date.

The PBO is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual claims-costs per participant adjusted for the time value of money and the probability of payment between the valuation date and the expected date of payment.

The gross medical cost trend rates in 2025 for postretirement benefits were approximately 8.80% (pre-65) and 10.50% (post-65). The rates are assumed to decrease to an ultimate rate of 4.50% by 2034 for pre-65 and post-65.

The gross medical cost trend rates in 2024 for postretirement benefits were approximately 7.80% (pre-65) and 9.70% (post-65). The rates in 2024 were assumed to decrease to an ultimate rate of 4.50% by 2034 for pre-65 and post-65.

A one-percentage point increase in the assumed healthcare cost trend rates for each future year would have increased the accumulated PBO by approximately $83.4 million and $85.4 million as of December 31, 2025 and 2024, respectively.

The assumed discount rate used to measure the accumulated PBO was 5.43% and 5.66% as of December 31, 2025 and 2024, respectively.

The mortality table used for the December 31, 2025 PBO was the PRI-2012 fully generational table with a blue collar version for associates and a white collar version for managers. The projection scale used was the MP-2021, with a long-term COVID-19 adjustment.

The mortality table used for the December 31, 2024 PBO was the PRI-2012 fully generational table with a blue collar version for associates and a white collar version for managers. The projection scale used was the MP-2021, with a long-term COVID-19 adjustment.

Long-Term Disability Benefit Obligations

A benefit obligation has been recognized for LTD benefits for eligible participants and their dependents. The benefit obligation, which is determined by an actuary, represents the actuarial present value of those estimated future benefits, net of retiree contributions, for those employees currently on LTD. This includes welfare continuation benefits as well as life insurance continuation benefits and income replacement benefits for certain employees.

The benefit obligation is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual claims-costs per participant adjusted for the time value of money and the probability of payment between the valuation date and the expected date of payment. The benefit obligation also includes an amount that results from applying actuarial assumptions to company-provided life insurance benefits as well as company-provided income replacement benefits.

The assumed discount rate to measure the benefit obligation for LTD benefits was 5.53% and 4.93% as of December 31, 2025 and 2024, respectively.

The gross medical cost trend rate in 2025 for medical continuation benefits was approximately 7.50%. The rate is assumed to decrease to an ultimate rate 4.70% by 2034. The mortality/recovery table used in both 2025 and 2024 is the 2012 Group Long-Term Disability Table.

When necessary, the Company contributes to the Plan an amount sufficient to provide for the Plan benefit obligations as they become due.

The foregoing assumptions are based on the presumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the PBO and the LTD benefit obligations.

5. Assets held by the Insurance Carrier

Assets held in the APA are recorded at contract value as determined by Prudential. Contract value equals contributions and reinvested income, less any withdrawals plus accrued interest. The contract value of the investment contracts as of December 31, 2025 and 2024 approximates fair value due to the short-term nature of the funds.

The APA was established with funds that were transferred from the former carrier, Metropolitan Life Insurance Company's ("MetLife") Premium Stabilization Reserves ("PSR"), which represent accumulated employee paid program surpluses from prior years that may be used to supplement or replace employee premiums for life insurance benefits. The funds are included in the general account and the interest earned is aligned with the expected yield of short-term Federal Government Treasury instruments since these funds can be withdrawn on demand from the APA at the Company's discretion.

The fair value of the assets held in the APA was $54,180 and $51,847 as of December 31, 2025 and 2024, respectively, consisting of short-term investments measured under the fair value guidance at Level 2. The investment income of the APA for the year ended December 31, 2025 was insignificant.

6. Related-Party Transactions

Verizon Investment Management Corp. ("VIMCO"), an indirect, wholly-owned subsidiary of Verizon Communications Inc. is the investment advisor for certain investment funds of the Trust and, therefore, qualifies as a related party. VIMCO received no compensation from the Plan.

The Company is the Plan Sponsor. The Company employs the administrator of the Plan and members of the administrator's staff. The Company received no compensation from the Plan other than reimbursement of certain expenses directly attributable to administrative services rendered to the Plan.

The Trustee rendered various trustee services to the Trusts for which it was compensated in accordance with its agreements with the Company and VIMCO.

The related-party transactions described in this section are exempt from the prohibited transaction rules.

7. Income Tax Status

The Company has received a tax determination letter from the Internal Revenue Service ("IRS") dated June 15, 1993, stating that the Trust is exempt from federal income tax under the IRC for a qualifying VEBA. The Plan and the Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trust. The Plan Administrator believes the Plan is operating in compliance with the applicable requirements of the IRC, and therefore, believes that the related trust is tax-exempt.

U.S. GAAP requires the Plan's management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

8. Risks and Uncertainties

Plan contributions and the Plan benefit obligations are determined based on certain actuarial assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the financial statements.

9. Subsequent Events

Management has evaluated subsequent events for the Plan through October 12, 2026, the date the financial statements were available to be issued.

Verizon acquired Frontier Communications Parent, Inc. ("Frontier") on January 20, 2026. Effective January 1, 2027 certain Frontier employees will be eligible to participate in the Plan.

No other material subsequent events have occurred that require recognition or disclosures in these financial statements.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024 (in thousands):

	2025	2024
Net assets available for benefits per the financial statements	$ 54	$ 52
Less: Claims incurred but not reported	(73,519)	(65,380)
Net assets available for benefits per the Form 5500	**$ (73,465)**	**$ (65,328)**

Claims incurred but not reported are not considered liabilities under U.S. GAAP and therefore are not presented as benefits paid in the accompanying financial statements, but are recorded on the Form 5500 as benefits claims payable.

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2025 (in thousands):
