Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**
The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note 1. Description of the Plan

The following description of the Hologic, Inc. Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering all eligible U.S. employees of Hologic, Inc. (the Company or Plan Sponsor). The Plan is subject to the provisions of the Internal Revenue Code (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (Fidelity) serves as the trustee (Trustee) of the Plan and the Director of Human Resources serves as Plan Administrator.

**Eligibility:** Employees of the Company become eligible to participate in the Plan on the day they are hired. There is no age or service requirement to participate in the Plan unless the employee is classified as an intern or as a flexible employee. Such employees meeting these classifications become eligible to participate in the Plan on the first day after reaching age 21 and completing at least 1,000 hours of service.

**Contributions:** Eligible employees can contribute an amount up to 80% of eligible compensation as defined by the Plan, not to exceed statutory limits. Participants can make after-tax contributions to a Roth 401(k) investment.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

The Company is required under the safe harbor election to contribute 100% of the first 3% of eligible compensation that a participant contributes to the Plan and an additional match of 50% of the next 2% of eligible compensation that a participant contributes, not to exceed 4% of a participant's eligible compensation for the plan year. The Company made matching contributions of $24,182,035 for the year ended December 31, 2025.

The Company may make discretionary profit-sharing contributions to the Plan. No such contributions were made for the year ended December 31, 2025.

**Investment elections:** Each participant shall direct the investment of his or her own individual account and may select among various mutual funds, common collective trusts, and a self-directed brokerage account. Prior to the year ended September 30, 2007, the Hologic Common Stock Fund (Stock Fund) served as a depository for employer contributions that were made to the Plan in the form of the Company's common stock. Participants may transfer funds out of the Stock Fund without restriction. Employee contributions into the Stock Fund are not permitted. Each participant has the ability to change his or her investment allocations at any time.

**Rollovers:** With the approval of the Plan Administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts do not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

**Participant accounts:** Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of (a) the Company's discretionary profit-sharing contributions (if any) and (b) plan earnings, and is charged with an allocation of administrative expenses, as applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

**Note 1. Description of the Plan (Continued)**

**Vesting:** Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2012, participants with at least one hour of service on or after this date became 100% vested in all Company contributions to date and on a go forward basis. Participants who were not active employees on or after January 1, 2012, did not meet these criteria and remained vested in the Company's contribution plus actual earnings thereon at the previous rate of 25% per year for each year of credited service. Participants that enter the Plan through a merger are subject to separate vesting requirements based on the specific criteria outlined in the merger agreement.

**Forfeitures:** Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions and pay administrative expenses. During the year ended December 31, 2025, amounts forfeited totaled $14,500, and the cumulative forfeitures balance generated earnings of $1,442. During the year ended December 31, 2025, the Company's administrative fees were reduced by $16,185 from forfeited non-vested accounts. At December 31, 2025 and 2024, the amount of forfeitures available to offset future employer contributions was $2,510 and $2,753, respectively.

**Payment of benefits:** On termination of service, a participant may receive a lump-sum amount or installments equal to the vested value of his or her account or upon death, disability or retirement, elect to receive annual installments over a 10-year period. Participants may apply for a hardship withdrawal due to financial hardship as defined in the plan document.

**Notes receivable from participants:** Participants may borrow an amount up to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance during the preceding 12-month period. Loans are for a period not to exceed five years unless the loan is used to purchase a principal residence, in which case the loan may not exceed 10 years. Interest will be charged at a rate established by the Plan Administrator, on a nondiscriminatory basis, taking into consideration the interest rates then being charged on similar loans by independent commercial lenders.

**Administrative expenses:** Certain fees, primarily related to the set-up and maintenance of participant loans, are paid by the Plan via a reduction of participant accounts. Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses including legal, advisory, accounting and employee communication fees are paid by the Plan.

Recorded net within administrative expenses, the Plan received $362,140 in the year ended December 31, 2025, as approved through Fidelity's Revenue Credit Program (RCP), which may be used to pay for Plan expenses. Amounts unused for expenses may be allocated to participant accounts. During the year ended December 31, 2025, $144,916 of the accumulated RCP funding received was used to pay for Plan expenses and $202,592 was allocated to participant accounts. At December 31, 2025 and 2024, the unallocated balance to be used to pay for Plan expenses or allocated to participant accounts in the subsequent 12 months was $217,224 and $202,592, respectively.

**Basis of presentation and use of estimates:** The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States of America (U.S. GAAP) to ensure net assets available for plan benefits and changes in net assets available for plan benefits are consistently reported.

## Note 2. Summary of Significant Accounting Policies

References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC). The financial statements of the Plan are prepared on the accrual method of accounting.

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Accordingly, actual amounts could differ from those estimates.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to participant accounts. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent loans are treated as distributions based on the terms of the plan document.

**Investment valuation and income recognition:** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of benefits:** Benefit payments to the participants are recorded when paid.

**Accounting for uncertainty in income taxes:** U.S. GAAP requires plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2022.

### Note 3. Information Certified by Fidelity Management Trust Company (the Trustee)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets.

| | 2025 | 2024 |
|---|---|---|
| Investments at fair value: | | |
| Mutual funds | $ 457,533,970 | $ 445,642,459 |
| Brokerage link | 61,343,946 | 50,700,636 |
| Hologic common stock | 2,616,013 | 2,995,052 |
| Common collective trust | 771,989,097 | 680,543,563 |
| | $ 1,293,483,026 | $ 1,179,881,710 |
| Notes receivable from participants | $ 9,070,989 | $ 8,372,304 |

The Trustee also certified to the completeness and accuracy of $176,781,317 of net appreciation in fair value of investments, $22,792,135 of interest and dividends related to the aforementioned investments, and $799,720 of interest income on notes receivable from participants.

### Note 4. Fair Value Measurements

The Plan follows guidance within FASB ASC 820, Fair Value Measurements and Disclosures, which defines fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

**Level 2:** Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

**Level 3:** Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

### Note 4. Fair Value Measurements (Continued)

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Plan uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or Level 2 to Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

**Mutual funds, common stock and brokerage link:** Mutual funds and common stock are valued at quoted market prices. The brokerage link is a self-directed brokerage account through which participants are able to invest in mutual funds, common stock, and a money market account which are valued at quoted market prices. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

**Common collective trust:** Investments in the T Rowe Price Retirement Series (the Series) and the Fidelity Contrafund Pool operate much like mutual funds and post the daily net asset value (NAV) per unit to their websites as well as file their NAVs with the National Securities Clearing Company at the end of each day. For these investments, the NAV would be considered readily determinable fair value rather than a practical expedient. The Series and Contrafund Pool are classified at Level 1 because the prices are publicly reported to a national exchange at the end of each day.

**Stable value fund:** Investments in the Fidelity Managed Income Portfolio II (the Portfolio) are stated at the estimated fair value based on the fair value of the underlying assets at NAV of the Portfolio as based on information reported in the Portfolio's audited financial statements at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

| | 2025 | | | |
|---|---|---|---|---|
| | Total | Level 1 | Level 2 | Level 3 |
| Investments: | | | | |
| Mutual funds | $ 457,533,970 | $ 457,533,970 | $ - | $ - |

| Brokerage link | 61,343,946 | 61,343,946 | - | - |
| Hologic common stock | 2,616,013 | 2,616,013 | - | - |
| Total investments in fair value hierarchy | 1,254,229,448 | 1,254,229,448 | - | - |

## Note 4. Fair Value Measurements (Continued)

| | 2024 | | | |
|---|---|---|---|---|
| | Total | Level 1 | Level 2 | Level 3 |
| Investments: | | | | |
| Mutual funds | $ 445,642,459 | $ 445,642,459 | $ - | $ - |

| Investments at fair value | $ 1,179,881,710 | $ 1,140,153,471 | $ - | $ - |

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2025 and 2024:

| | 2025 | | | |
|---|---|---|---|---|
| | Fair Value | Unfunded Commitments | Redemption Frequency (If Currently Eligible) | Redemption Notice Period |
| Stable value fund: | | | | |
| Fidelity Managed Income Portfolio II | $ 39,253,578 | $ - | Daily | N/A |

| | 2024 | | | |
|---|---|---|---|---|
| | Fair Value | Unfunded Commitments | Redemption Frequency (If Currently Eligible) | Redemption Notice Period |
| Stable value fund: | | | | |
| Fidelity Managed Income Portfolio II | $ 39,728,239 | $ - | Daily | N/A |

## Note 5. Notes Receivable from Participants

A participant may borrow the lesser of $50,000 (less the highest outstanding loan balance in the previous 12 months) or 50% of his or her vested account balance, with a minimum loan amount of $1,000. Loans are repayable through payroll deductions over periods ranging up to five years, except for loans to purchase a primary residence, which have a 10-year maximum term. The interest rate is determined by the Plan Administrator taking into consideration the interest rates being charged on similar loans by independent commercial lenders. As of December 31, 2025, interest rates on outstanding notes receivable from participants ranged from 3.25% to 10.50%. As of December 31, 2025 and 2024, total notes receivable from participants were $9,070,989 and $8,372,304, respectively.

### Note 6. Income Tax Status

The Plan, through its adoption of a volume submitter plan, has received a copy of an opinion letter issued to Fidelity Management and Research Co. from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the volume submitter plan is qualified under Section 401(a) of the Code and that any employer adopting this plan will be considered to have a plan qualified under Section 401(a) of the Code. Subsequent to this determination by the IRS, the Plan was amended. The Plan Administrator believes the Plan is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and is tax exempt.

### Note 7. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for plan benefits as reported in the financial statements to the Form 5500 as of December 31, 2025 and 2024:

| | 2025 | 2024 |
|---|---|---|
| Net assets available for plan benefits per the financial statements | $ 1,304,822,180 | $ 1,190,436,428 |
| Employer contribution receivable | (2,268,165) | (2,182,414) |
| Deemed distribution of notes receivable from participants as of year end | (325,722) | (326,748) |
| Adjustment from NAV to Form 5500 fair value for the stable value fund | (1,088,249) | (2,279,557) |
| Net assets available for plan benefits per the Form 5500 | $ 1,301,140,044 | $ 1,185,647,709 |

The following is a reconciliation of net increase in net assets available for plan benefits for the year ended December 31, 2025, per the financial statements to the Form 5500:

| | |
|---|---|
| Net increase in net assets available for plan benefits per the financial statements | $ 114,385,752 |
| Change in employer contribution receivable | (85,751) |
| Change in deemed distribution of notes receivable from participants | 1,026 |
| Change in adjustment from NAV to the Form 5500 fair value for the stable value fund | 1,191,308 |
| Net increase in net assets available for plan benefits per the Form 5500 | $ 115,492,335 |

### Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

### Note 9. Party-in-Interest Transactions

Certain plan investments are shares of various mutual funds and common collective trusts managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA. The Plan received $362,140 as approved through RCP, which qualifies as a party-in-interest transaction. As discussed in Note 1, prior to September 30, 2007, employer contributions were made in the form of Hologic common stock, which also constitutes a party-in-interest transaction. Certain participant balances remain invested in Hologic common stock at December 31, 2025. The Plan issues notes receivable from participants, which are secured by the balances in the participants' accounts, which also constitute party-in-interest transactions.

### Note 10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the rights of each affected participant to the amounts of his or her accounts at such time shall become fully vested and non-forfeitable.

### Note 11. Subsequent Events

The Plan has evaluated subsequent events through October 8, 2026, date the financial statements were available to be issued.

# Independent Auditor's Report

Retirement Plans Administrative Committee and Participants
Hologic, Inc. Savings and Investment Plan

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Hologic, Inc. Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.

**Basis for Opinion**
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**
The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note 1. Description of the Plan

The following description of the Hologic, Inc. Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering all eligible U.S. employees of Hologic, Inc. (the Company or Plan Sponsor). The Plan is subject to the provisions of the Internal Revenue Code (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (Fidelity) serves as the trustee (Trustee) of the Plan and the Director of Human Resources serves as Plan Administrator.

**Eligibility:** Employees of the Company become eligible to participate in the Plan on the day they are hired. There is no age or service requirement to participate in the Plan unless the employee is classified as an intern or as a flexible employee. Such employees meeting these classifications become eligible to participate in the Plan on the first day after reaching age 21 and completing at least 1,000 hours of service.

**Contributions:** Eligible employees can contribute an amount up to 80% of eligible compensation as defined by the Plan, not to exceed statutory limits. Participants can make after-tax contributions to a Roth 401(k) investment.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

The Company is required under the safe harbor election to contribute 100% of the first 3% of eligible compensation that a participant contributes to the Plan and an additional match of 50% of the next 2% of eligible compensation that a participant contributes, not to exceed 4% of a participant's eligible compensation for the plan year. The Company made matching contributions of $24,182,035 for the year ended December 31, 2025.

The Company may make discretionary profit-sharing contributions to the Plan. No such contributions were made for the year ended December 31, 2025.

**Investment elections:** Each participant shall direct the investment of his or her own individual account and may select among various mutual funds, common collective trusts, and a self-directed brokerage account. Prior to the year ended September 30, 2007, the Hologic Common Stock Fund (Stock Fund) served as a depository for employer contributions that were made to the Plan in the form of the Company's common stock. Participants may transfer funds out of the Stock Fund without restriction. Employee contributions into the Stock Fund are not permitted. Each participant has the ability to change his or her investment allocations at any time.

**Rollovers:** With the approval of the Plan Administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts do not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

**Participant accounts:** Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of (a) the Company's discretionary profit-sharing contributions (if any) and (b) plan earnings, and is charged with an allocation of administrative expenses, as applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

**Note 1. Description of the Plan (Continued)**

**Vesting:** Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2012, participants with at least one hour of service on or after this date became 100% vested in all Company contributions to date and on a go forward basis. Participants who were not active employees on or after January 1, 2012, did not meet these criteria and remained vested in the Company's contribution plus actual earnings thereon at the previous rate of 25% per year for each year of credited service. Participants that enter the Plan through a merger are subject to separate vesting requirements based on the specific criteria outlined in the merger agreement.

**Forfeitures:** Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions and pay administrative expenses. During the year ended December 31, 2025, amounts forfeited totaled $14,500, and the cumulative forfeitures balance generated earnings of $1,442. During the year ended December 31, 2025, the Company's administrative fees were reduced by $16,185 from forfeited non-vested accounts. At December 31, 2025 and 2024, the amount of forfeitures available to offset future employer contributions was $2,510 and $2,753, respectively.

**Payment of benefits:** On termination of service, a participant may receive a lump-sum amount or installments equal to the vested value of his or her account or upon death, disability or retirement, elect to receive annual installments over a 10-year period. Participants may apply for a hardship withdrawal due to financial hardship as defined in the plan document.

**Notes receivable from participants:** Participants may borrow an amount up to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance during the preceding 12-month period. Loans are for a period not to exceed five years unless the loan is used to purchase a principal residence, in which case the loan may not exceed 10 years. Interest will be charged at a rate established by the Plan Administrator, on a nondiscriminatory basis, taking into consideration the interest rates then being charged on similar loans by independent commercial lenders.

**Administrative expenses:** Certain fees, primarily related to the set-up and maintenance of participant loans, are paid by the Plan via a reduction of participant accounts. Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses including legal, advisory, accounting and employee communication fees are paid by the Plan.

Recorded net within administrative expenses, the Plan received $362,140 in the year ended December 31, 2025, as approved through Fidelity's Revenue Credit Program (RCP), which may be used to pay for Plan expenses. Amounts unused for expenses may be allocated to participant accounts. During the year ended December 31, 2025, $144,916 of the accumulated RCP funding received was used to pay for Plan expenses and $202,592 was allocated to participant accounts. At December 31, 2025 and 2024, the unallocated balance to be used to pay for Plan expenses or allocated to participant accounts in the subsequent 12 months was $217,224 and $202,592, respectively.

**Basis of presentation and use of estimates:** The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States of America (U.S. GAAP) to ensure net assets available for plan benefits and changes in net assets available for plan benefits are consistently reported.

## Note 2. Summary of Significant Accounting Policies

References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC). The financial statements of the Plan are prepared on the accrual method of accounting.

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Accordingly, actual amounts could differ from those estimates.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to participant accounts. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent loans are treated as distributions based on the terms of the plan document.

**Investment valuation and income recognition:** The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of benefits:** Benefit payments to the participants are recorded when paid.

**Accounting for uncertainty in income taxes:** U.S. GAAP requires plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2022.

### Note 3. Information Certified by Fidelity Management Trust Company (the Trustee)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets.

| | 2025 | 2024 |
|---|---|---|
| Investments at fair value: | | |
| Mutual funds | $ 457,533,970 | $ 445,642,459 |
| Brokerage link | 61,343,946 | 50,700,636 |
| Hologic common stock | 2,616,013 | 2,995,052 |
| Common collective trust | 771,989,097 | 680,543,563 |
| | $ 1,293,483,026 | $ 1,179,881,710 |
| Notes receivable from participants | $ 9,070,989 | $ 8,372,304 |

The Trustee also certified to the completeness and accuracy of $176,781,317 of net appreciation in fair value of investments, $22,792,135 of interest and dividends related to the aforementioned investments, and $799,720 of interest income on notes receivable from participants.

### Note 4. Fair Value Measurements

The Plan follows guidance within FASB ASC 820, Fair Value Measurements and Disclosures, which defines fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

**Level 2:** Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

**Level 3:** Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

### Note 4. Fair Value Measurements (Continued)

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Plan uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or Level 2 to Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

**Mutual funds, common stock and brokerage link:** Mutual funds and common stock are valued at quoted market prices. The brokerage link is a self-directed brokerage account through which participants are able to invest in mutual funds, common stock, and a money market account which are valued at quoted market prices. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

**Common collective trust:** Investments in the T Rowe Price Retirement Series (the Series) and the Fidelity Contrafund Pool operate much like mutual funds and post the daily net asset value (NAV) per unit to their websites as well as file their NAVs with the National Securities Clearing Company at the end of each day. For these investments, the NAV would be considered readily determinable fair value rather than a practical expedient. The Series and Contrafund Pool are classified at Level 1 because the prices are publicly reported to a national exchange at the end of each day.

**Stable value fund:** Investments in the Fidelity Managed Income Portfolio II (the Portfolio) are stated at the estimated fair value based on the fair value of the underlying assets at NAV of the Portfolio as based on information reported in the Portfolio's audited financial statements at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

| | 2025 | | | |

## Note 5. Notes Receivable from Participants

A participant may borrow the lesser of $50,000 (less the highest outstanding loan balance in the previous 12 months) or 50% of his or her vested account balance, with a minimum loan amount of $1,000. Loans are repayable through payroll deductions over periods ranging up to five years, except for loans to purchase a primary residence, which have a 10-year maximum term. The interest rate is determined by the Plan Administrator taking into consideration the interest rates being charged on similar loans by independent commercial lenders. As of December 31, 2025, interest rates on outstanding notes receivable from participants ranged from 3.25% to 10.50%. As of December 31, 2025 and 2024, total notes receivable from participants were $9,070,989 and $8,372,304, respectively.

### Note 6. Income Tax Status

The Plan, through its adoption of a volume submitter plan, has received a copy of an opinion letter issued to Fidelity Management and Research Co. from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the volume submitter plan is qualified under Section 401(a) of the Code and that any employer adopting this plan will be considered to have a plan qualified under Section 401(a) of the Code. Subsequent to this determination by the IRS, the Plan was amended. The Plan Administrator believes the Plan is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and is tax exempt.

### Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

### Note 9. Party-in-Interest Transactions

Certain plan investments are shares of various mutual funds and common collective trusts managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA. The Plan received $362,140 as approved through RCP, which qualifies as a party-in-interest transaction. As discussed in Note 1, prior to September 30, 2007, employer contributions were made in the form of Hologic common stock, which also constitutes a party-in-interest transaction. Certain participant balances remain invested in Hologic common stock at December 31, 2025. The Plan issues notes receivable from participants, which are secured by the balances in the participants' accounts, which also constitute party-in-interest transactions.

### Note 10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the rights of each affected participant to the amounts of his or her accounts at such time shall become fully vested and non-forfeitable.

### Note 11. Subsequent Events

The Plan has evaluated subsequent events through October 8, 2026, date the financial statements were available to be issued.
