INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Pacific Northwest Research Institute DC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Pacific Northwest Research Institute DC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pacific Northwest Research Institute DC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of Pacific Northwest Research Institute DC Retirement Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Pacific Northwest Research Institute DC Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 10 to the financial statements, the Pacific Northwest Research Institute DC Retirement Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacific Northwest Research Institute DC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Pacific Northwest Research Institute DC Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Pacific Northwest Research Institute DC Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN

The provisions of the Pacific Northwest Research Institute (the Organization) DC Retirement Plan 401(k) Profit Sharing Plan (the Plan) were effective July 1, 1967. The Plan has been amended and restated to comply with current legislation. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Organization, excluding non-resident aliens. Employees are immediately eligible for participation in the salary deferral portion of the Plan. Participants, excluding student employees and international fellows, are eligible for the employer match after attainment of age 21 and the completion of one year of service, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may elect to contribute up to 100% of their pre-tax or Roth after-tax compensation to the Plan, within statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are paid to the Plan after each pay period.

The Organization may elect to make discretionary employer matching. From January 1, 2025 through June 1, 2025, the Organization matched 100% of the first 3% of compensation that a participant contributed to the Plan. No discretionary employer matching contributions were authorized after June 1, 2025. Discretionary employer matching contributions are paid to the Plan after each pay period.

Participant Accounts

Individual participant accounts are maintained by the Plan's third-party administrator. Each account is credited or charged with the participant's contributions, the Organization's contributions, allocations of investment income and losses on the individual account balances, and administrative expenses. Distribution and loan administration fees are deducted from the respective participant's accounts. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct employee and employer contributions among various mutual funds, variable annuity contracts, one pooled separate account, and guaranteed investment contracts.

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are 100% vested in all contributions and actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Terms of the notes receivable may not exceed five years, except in the case of the purchase of a residence. The notes receivable are secured by the balance of the participant's account and bear interest at the Federal Reserve Board Bank prime loan rate plus 1% at the time of loan issuance. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits may be distributed upon retirement, death, disability, or other termination of employment. Benefits up to the value of the participant's vested account may be paid in a lump-sum, installments, annuities, or ad-hoc, as described in the Plan document. Under certain hardship circumstances or attainment of age 59 ½, participants may request a lump-sum distribution of their vested elective deferral account balances, prior to retirement.

Subsequent Events

Subsequent to year end, in July 2026, the Organization elected to terminate the Plan. The Organization intends to liquidate the Plan during 2026 and distribute the Plan's remaining account balances in accordance with Plan provisions.

The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are significant accounting policies used by the Plan:

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value) (Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest, if any. Related fees are deducted from the borrower's account, recorded as administrative expenses, and expensed when they are incurred. No allowance for credit losses are recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment to the participant is recorded for the amount of the unpaid loan and any accrued but unpaid interest.

Contributions

Contributions from Plan participants and employer contributions from the Organization are recorded in the year in which the participant contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees for individual transactions such as distributions are deducted from the respective participant's account. Investment related expenses, and revenue sharing fees or credits, are included in net appreciation or depreciation in fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used by the Plan maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contracts (non-benefit responsive) – Valued at contract value, which approximates fair value. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Variable annuity contracts – Valued at the NAV of units of an insurance company. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the separate account, less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the custodian reserves the right to temporarily delay the withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate account – Invested in real estate and real estate-related investments and valued at the NAV of units of an insurance company separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the separate account, less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the custodian reserves the right to temporarily delay the withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

The following table sets forth, by level within the hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,040,670	$ -	$ -	$ 3,040,670
Guaranteed investment contracts	-	-	1,132,362	1,132,362
Total assets in the fair value hierarchy	3,040,670	-	1,132,362	4,173,032
Investments measured at net asset value (variable annuity contracts and pooled separate account)	-	-	-	6,304,956
Investments at fair value	$ 3,040,670	$ -	$ 1,132,362	$ 10,477,988

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,681,159	$ -	$ -	$ 2,681,159
Guaranteed investment contracts	-	-	1,092,540	1,092,540
Total assets in the fair value hierarchy	2,681,159	-	1,092,540	3,773,699
Investments measured at net asset value (variable annuity contracts and pooled separate account)	-	-	-	6,000,801
Investments at fair value	$ 2,681,159	$ -	$ 1,092,540	$ 9,774,500

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2025:

	Guaranteed investment contracts
Beginning balance:	$ 1,092,540
Purchases	2,726
Sales, transfers, and fees (net)	(8,558)
Interest	45,654
Ending balance:	$ 1,132,362

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Variable annuity contracts	$ 5,820,691	n/a	Daily	Up to 90 days
Pooled separate account	484,265	n/a	Once per quarter	Up to 90 days

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Variable annuity contracts	$ 5,518,785	n/a	Daily	Up to 90 days
Pooled separate account	482,016	n/a	Once per quarter	Up to 90 days

Variable annuity contracts – The investment objectives of the variable annuity contracts are to provide the potential for growth by providing a broad range of asset classes, from aggressive equity to conservative money market options.

NOTE 4 – CONTRACTS WITH INSURANCE COMPANY

The Plan holds traditional investment contracts with TIAA and CREF. Certain of these contracts meet the fully benefit-responsive investment contract criteria and are reported at contract value. Contract value is the relevant measure for insurance contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the insurance company fully benefit-responsive general account investment contracts was $792,658 and $710,518 at December 31, 2025 and 2024, respectively.

The traditional fully benefit-responsive investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is established by the contract issuer and may not be less than 1%. The crediting rate is reviewed on an annual basis for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Premature termination of the contract or a request for a lump-sum withdrawal by the individual contract holder will result in a surrender charge.

NOTE 4 – CONTRACTS WITH INSURANCE COMPANY (continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events may allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 – CERTIFIED INVESTMENTS

Certain information related to investments that is disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, interest on guaranteed investment contracts, and interest on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), the custodians of the Plan.

NOTE 6 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by TIAA and CREF, the custodians of the Plan. Therefore, transactions with TIAA and CREF and their affiliates qualify as party-in-interest transactions. Fees are paid by the Plan to these parties for administrative services. Additionally, these parties collect revenue sharing fees and contract administration charges from the Plan's investments to pay for administrative services.

NOTE 7 – PLAN TERMINATION

The Organization has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are always 100% vested.

NOTE 8 – TAX STATUS

The Plan operates under provisions of a Pre-Approved Plan, which received an opinion letter from the Internal Revenue Service (IRS) dated August 7, 2017, which stated that the Pre-Approved Plan, as then designed, was acceptable under the applicable sections of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

NOTE 8 – TAX STATUS (continued)

GAAP requires the Plan Administrator to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan allows participants to invest in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 10 – GAAP DEPARTURE

The Plan's financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Plan Administrator has elected to exclude those contracts and accounts and the related activity from the Plan's financial statements for purposes of the annual reporting requirements of ERISA in accordance with the transition relief provided by Department of Labor Field Assistance Bulletin 2009-02, Annual Reporting Requirements for 403(b) Plans. Presentation of this information is required by GAAP. The effects of this departure from GAAP on these financial statements are not reasonably determinable.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2024:

Net assets available for benefits per the financial statements statements (accrual basis)	$	10,539,703
Participant contributions receivable		(14,903)
Employer contributions receivable		(10,646)
Net assets available for benefits per Form 5500 (cash basis)	$	10,514,154

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (continued)

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2025, to Form 5500:

Net increase in net assets available for benefits per the financial statements (accrual basis)	$	735,457
2024 participant contributions receivable		14,903
2024 employer contributions receivable		10,646
