Independent Auditor's Report

To the Administrative Fiduciaries
Buffalo Lodging Associates, LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements

We have performed audits of the financial statements of Buffalo Lodging Associates, LLC Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits – modified cash basis as of December 31, 2025 and December 31, 2024, and the related statement of changes in net assets available for plan benefits – modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Buffalo Lodging Associates, LLC Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and December 31, 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Buffalo Lodging Associates, LLC Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Buffalo Lodging Associates, LLC Retirement Savings Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Buffalo Lodging Associates, LLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Buffalo Lodging Associates, LLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of Buffalo Lodging Associates, LLC Retirement Savings Plan (the Plan), is provided for general information purposes only. Participants should refer to the plan documents for more complete descriptions of the Plan's provisions.

General
The Plan is a safe harbor 401(k) defined contribution plan covering all non-excluded employees of the Plan Sponsor. Excluded employees consist of union employees under a collective bargaining agreement that does not require participation in the Plan, non-resident aliens and leased employees. Full-time employees who have completed one month of service and are age 21 or older are eligible to participate in the Plan. Part-time, temporary and seasonal employees become eligible to participate in the Plan following the later of attaining age 21 or one-year from their date of hire. The Plan is subject to the provisions of ERISA.

The Plan Sponsor is Buffalo Lodging Associates, LLC. The Administrative Fiduciaries are responsible for oversight of the Plan, and the Investment Fiduciaries determine the appropriateness of the Plan's investment offerings and monitor the performance of the investments.

Buffalo Lodging Associates, LLC is a member of a controlled group with the following companies included:

1. Description of the Plan (Continued)

Contributions

Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan document, through pre-tax, Roth, or after-tax (post-tax) contributions, subject to the limitations of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who have attained age 60 through 63 before the end of the Plan year are eligible for an increased catch-up contribution limit, as prescribed by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan Sponsor makes safe harbor matching contributions equal to 100 percent of salary deferrals that do not exceed 3 percent of eligible compensation plus 50 percent of salary deferrals between 3 percent and 5 percent of eligible compensation. This safe harbor matching contribution is 100 percent vested. The Plan Sponsor may also provide a flexible discretionary matching contribution where the Plan Sponsor retains discretion over the formula used for allocating the match. This includes discretion over the matching rate, limits on deferrals or contributions subject to match, the per participant match allocation limits, the participants or categories of participants who will receive the allocation and the time period applicable to any matching formula. Additional profit-sharing amounts may be contributed at the option of the Plan Sponsor's Management. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan also provides a true-up ("match true-up") of employer matching contributions that ensures participants receive the full employer matching contributions based on the annual amount the participants contributed to the Plan. The contribution is deposited in to the participant's account during the following year.

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan Sponsor contributions, earnings as allocated and forfeitures of terminated participants' non-vested accounts. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested immediately in the Plan Sponsor's safe harbor contributions as well as in the Plan Sponsor's contribution portion of their accounts plus earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. A participant may have only one loan outstanding at any time. Loans must be repaid to the participant's account over a period not to exceed five years, unless the loan is for the purchase of a principal residence in which case the term shall not exceed 15 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1 percent, which is commensurate with local prevailing rates as determined by the Plan Sponsor. Principal and interest are paid ratably through payroll deductions. The prime rate was 6.75 percent at December 31, 2025.

1. Description of the Plan (Continued)

Benefit Payment

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the participant's account, or annual installments only with respect to the lifetime required minimum distribution. For termination of service or for other reasons, a participant may receive the value of the vested interest in his or her accounts as a lump-sum distribution. Benefits are provided for early retirement at an attained age of 55 with 15 years of vesting service, and normal retirement at an attained age of 65, or may be deferred if the participant continues in active service with the Plan Sponsor. Benefits are also provided upon specific hardship or attainment of age 59½.

Forfeitures

Forfeited non-vested accounts are used to reduce future administrative expenses, Plan Sponsor contributions or can be allocated to qualifying participants. There was no balance in forfeited non-vested accounts at December 31, 2025 and December 31, 2024. In 2025, Plan administrative expenses were reduced by $141 from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis of accounting, which is an accepted method under the Department of Labor's Rules and Regulations and is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). This basis of accounting differs from U.S. GAAP primarily because certain revenue and related assets have been recognized when received rather than when earned and certain expenses and related liabilities have been recognized when paid rather than when the obligations were incurred. This modified cash basis of accounting resulted in the recording of participant loans at cost plus accrued interest and investments at fair value on the statements of net assets available for plan benefits. Investment income, contributions and other plan income are recognized when received and disbursements, benefit payments and other plan expenses are recognized when paid. The financial statements are not intended to present the net assets available for plan benefits and changes in net assets available for plan benefits in conformity with U.S. GAAP.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and December 31, 2024.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition
Investments are stated at fair value as certified by the custodian, John Hancock Trust Company LLC. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Earnings on investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and requests for distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the earnings on investments.

Subsequent Events
The Plan has evaluated for subsequent events through October 6, 2026, which is the date the financial statements were made available to be issued.

3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust
Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities.

There have been no changes in the methodologies used at December 31, 2025 and December 31, 2024.

3. Fair Value Measurement (Continued)

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about Plan investments measured at fair value on a recurring basis as of December 31, 2025 and December 31, 2024, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

	December 31, 2025

3. Fair Value Measurement (Continued)

The following table for December 31, 2025 and December 31, 2024 sets forth a summary of the Plan's investment with a reported net asset value:

		Fair Value at December 31,					
		2025	2024	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Reliance Trust Stable Value Fund - MetLife Series 25053 Class 0	(a)	$ 411,865	$ 705,940	$ -	Daily	None	None

(a) The objective of this fund is to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long-term.

4. Financial Certification (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by John Hancock Trust Company LLC in compliance with the audit requirements of the Act.

The following is a summary of the unaudited information included in the accompanying financial statements and supplemental schedule that was prepared and furnished to the Plan by John Hancock Trust Company LLC. The Plan has obtained certification from John Hancock Trust Company LLC that such information is complete and accurate as of December 31, 2025 and December 31, 2024 and for the year ended December 31, 2025.

	December 31, 2025	December 31, 2024
Assets as of		
Notes receivable from participants	$ 516,983	$ 499,464
Mutual funds at fair value	24,696,403	19,116,433
Common collective trust at fair value	411,865	705,940
Transactions for the year ended		
Notes receivable interest	$ 42,784	
Earnings on investments	3,574,380	

5. Party-in-Interest Transactions

Certain Plan investments are managed by John Hancock Trust Company LLC, who is the custodian for the Plan. In addition, the Plan uses UBS Financial Services, Inc. for investment advisory services. Transactions with these parties qualify as party-in-interest transactions. Fees paid by the Plan for the administrative and advisory services amounted to $82,644 for the year ended December 31, 2025. Fees paid by the Plan for investment management services are included in net appreciation in the fair value of the investments as they are paid through a fee levelization arrangement rather than a direct payment. The Plan Sponsor pays directly any other expenses related to the Plan's operations.

Notes receivable from participants qualify as exempt party-in-interest transactions as defined by ERISA. Interest earned on notes receivable from participants amounted to $42,784 for the year ended December 31, 2025.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants would become 100 percent vested in the Plan Sponsor contribution portion of the participant's account.

7. Tax Status

The Plan uses a prototype plan document sponsored by John Hancock Retirement Plan Services LLC. John Hancock Retirement Plan Services LLC received an opinion letter from the IRS dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received an opinion or determination letter from the IRS. Although the Plan has been amended since the prototype received the opinion letter, the Plan Sponsor believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

9. Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for plan benefits per Form 5500 to the financial statements:

	December 31, 2025	December 31, 2024
Net assets available for plan benefits per the Form 5500	$ 25,625,251	$ 20,321,835
Other adjustment - rounding	-	2
Net assets available for plan benefits per the financial statements	$ 25,625,251	$ 20,321,837

The following is a reconciliation of net increase per Form 5500 to the financial statements:

	For the Year Ended December 31, 2025
Net increase in net assets per the Form 5500	$ 5,303,416
Other adjustment - rounding	(2)
Net increase in net assets per the financial statements	$ 5,303,414

1. Description of the Plan (Continued)

Contributions

Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan document, through pre-tax, Roth, or after-tax (post-tax) contributions, subject to the limitations of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who have attained age 60 through 63 before the end of the Plan year are eligible for an increased catch-up contribution limit, as prescribed by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan Sponsor makes safe harbor matching contributions equal to 100 percent of salary deferrals that do not exceed 3 percent of eligible compensation plus 50 percent of salary deferrals between 3 percent and 5 percent of eligible compensation. This safe harbor matching contribution is 100 percent vested. The Plan Sponsor may also provide a flexible discretionary matching contribution where the Plan Sponsor retains discretion over the formula used for allocating the match. This includes discretion over the matching rate, limits on deferrals or contributions subject to match, the per participant match allocation limits, the participants or categories of participants who will receive the allocation and the time period applicable to any matching formula. Additional profit-sharing amounts may be contributed at the option of the Plan Sponsor's Management. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan also provides a true-up ("match true-up") of employer matching contributions that ensures participants receive the full employer matching contributions based on the annual amount the participants contributed to the Plan. The contribution is deposited in to the participant's account during the following year.

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan Sponsor contributions, earnings as allocated and forfeitures of terminated participants' non-vested accounts. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested immediately in the Plan Sponsor's safe harbor contributions as well as in the Plan Sponsor's contribution portion of their accounts plus earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. A participant may have only one loan outstanding at any time. Loans must be repaid to the participant's account over a period not to exceed five years, unless the loan is for the purchase of a principal residence in which case the term shall not exceed 15 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1 percent, which is commensurate with local prevailing rates as determined by the Plan Sponsor. Principal and interest are paid ratably through payroll deductions. The prime rate was 6.75 percent at December 31, 2025.

Benefit Payment

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the participant's account, or annual installments only with respect to the lifetime required minimum distribution. For termination of service or for other reasons, a participant may receive the value of the vested interest in his or her accounts as a lump-sum distribution. Benefits are provided for early retirement at an attained age of 55 with 15 years of vesting service, and normal retirement at an attained age of 65, or may be deferred if the participant continues in active service with the Plan Sponsor. Benefits are also provided upon specific hardship or attainment of age 59½.

Forfeitures

Forfeited non-vested accounts are used to reduce future administrative expenses, Plan Sponsor contributions or can be allocated to qualifying participants. There was no balance in forfeited non-vested accounts at December 31, 2025 and December 31, 2024. In 2025, Plan administrative expenses were reduced by $141 from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis of accounting, which is an accepted method under the Department of Labor's Rules and Regulations and is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). This basis of accounting differs from U.S. GAAP primarily because certain revenue and related assets have been recognized when received rather than when earned and certain expenses and related liabilities have been recognized when paid rather than when the obligations were incurred. This modified cash basis of accounting resulted in the recording of participant loans at cost plus accrued interest and investments at fair value on the statements of net assets available for plan benefits. Investment income, contributions and other plan income are recognized when received and disbursements, benefit payments and other plan expenses are recognized when paid. The financial statements are not intended to present the net assets available for plan benefits and changes in net assets available for plan benefits in conformity with U.S. GAAP.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and December 31, 2024.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition
Investments are stated at fair value as certified by the custodian, John Hancock Trust Company LLC. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Earnings on investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and requests for distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the earnings on investments.

Subsequent Events
The Plan has evaluated for subsequent events through October 6, 2026, which is the date the financial statements were made available to be issued.

3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust
Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities.

There have been no changes in the methodologies used at December 31, 2025 and December 31, 2024.

3. Fair Value Measurement (Continued)

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about Plan investments measured at fair value on a recurring basis as of December 31, 2025 and December 31, 2024, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

3. Fair Value Measurement (Continued)

The following table for December 31, 2025 and December 31, 2024 sets forth a summary of the Plan's investment with a reported net asset value:

		Fair Value at December 31,					
		2025	2024	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Reliance Trust Stable Value Fund - MetLife Series 25053 Class 0	(a)	$ 411,865	$ 705,940	$ -	Daily	None	None

(a) The objective of this fund is to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long-term.

4. Financial Certification (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by John Hancock Trust Company LLC in compliance with the audit requirements of the Act.

The following is a summary of the unaudited information included in the accompanying financial statements and supplemental schedule that was prepared and furnished to the Plan by John Hancock Trust Company LLC. The Plan has obtained certification from John Hancock Trust Company LLC that such information is complete and accurate as of December 31, 2025 and December 31, 2024 and for the year ended December 31, 2025.

	December 31, 2025	December 31, 2024
Assets as of		
Notes receivable from participants	$ 516,983	$ 499,464
Mutual funds at fair value	24,696,403	19,116,433
Common collective trust at fair value	411,865	705,940
Transactions for the year ended		
Notes receivable interest	$ 42,784	
Earnings on investments	3,574,380	

5. Party-in-Interest Transactions

Certain Plan investments are managed by John Hancock Trust Company LLC, who is the custodian for the Plan. In addition, the Plan uses UBS Financial Services, Inc. for investment advisory services. Transactions with these parties qualify as party-in-interest transactions. Fees paid by the Plan for the administrative and advisory services amounted to $82,644 for the year ended December 31, 2025. Fees paid by the Plan for investment management services are included in net appreciation in the fair value of the investments as they are paid through a fee levelization arrangement rather than a direct payment. The Plan Sponsor pays directly any other expenses related to the Plan's operations.

Notes receivable from participants qualify as exempt party-in-interest transactions as defined by ERISA. Interest earned on notes receivable from participants amounted to $42,784 for the year ended December 31, 2025.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants would become 100 percent vested in the Plan Sponsor contribution portion of the participant's account.

7. Tax Status

The Plan uses a prototype plan document sponsored by John Hancock Retirement Plan Services LLC. John Hancock Retirement Plan Services LLC received an opinion letter from the IRS dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received an opinion or determination letter from the IRS. Although the Plan has been amended since the prototype received the opinion letter, the Plan Sponsor believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

9. Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for plan benefits per Form 5500 to the financial statements:

	December 31, 2025	December 31, 2024
Net assets available for plan benefits per the Form 5500	$ 25,625,251	$ 20,321,835
Other adjustment - rounding	-	2
Net assets available for plan benefits per the financial statements	$ 25,625,251	$ 20,321,837

The following is a reconciliation of net increase per Form 5500 to the financial statements:

	For the Year Ended December 31, 2025
Net increase in net assets per the Form 5500	$ 5,303,416
Other adjustment - rounding	(2)
Net increase in net assets per the financial statements	$ 5,303,414
