Report of Independent Auditor

To the Board of Trustees and Participants
Baker Manufacturing Company, LLC
401(k) Deferred Profit Sharing Plan
Evansville, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Baker Manufacturing Company, LLC 401(k) Deferred Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2025, and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of the Plan

The following description of the Baker Manufacturing Company, LLC 401(k) Deferred Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan was established November 30, 1968, to provide future security for eligible employees of Baker Manufacturing Company, LLC (the "Company" or "Plan Sponsor") by accumulating funds and sharing in the Company profits. The Plan is a defined contribution plan covering all eligible employees of the Company and Campbell Manufacturing, LLC, a wholly subsidiary of the Company. The Plan was last restated March 1, 2022.

Eligibility – Employees of the Company become eligible to defer compensation into the Plan on the first day of the month coinciding with or next following the completion of two consecutive months of employment. The Plan includes a provision whereby all new employees are automatically enrolled in the Plan at a 3% deferral rate after they become eligible unless a different percentage is elected by the employee.

Employees of the Company become eligible to participate in the Plan's match and profit sharing on the first day of the month following the completion of 12 consecutive months of employment in which they are credited with 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration – The Plan is administered by the Company's 401(k) Board of Trustees. The Board of Trustees has overall responsibility for the operation and administration of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Contributions – A participant may contribute a percentage of pre-tax annual compensation, subject to certain limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company can make a discretionary profit sharing contribution equal to a percentage of each participant's compensation. This percentage is determined annually by the Company. In addition, the Plan calls for a discretionary matching contribution equal to a percentage of the amount of the salary reduction the participant elects to defer. This percentage is also determined each year by the Company. For the year ended December 31, 2025, the discretionary matching contribution was 50% of participant deferral percentages up to a maximum of 6% of eligible compensation, as defined by the Plan document. All contributions are subject to certain limitations, including Internal Revenue Services ("IRS") limitations. There was no discretionary profit sharing contribution for the year ended December 31, 2025.

Participant Accounts – Each participant's account is credited with the participant's contributions, Company matching contributions, an allocation of the Company's profit sharing contribution, and Plan earnings, and is charged with benefit payments and an allocation of administration expenses that are paid by the Plan. Allocation of the profit sharing contribution is based on participant compensation for the Plan year, and Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are 100% vested in their entire account balance upon participation in the Plan.

Investment Options – Upon enrollment in the Plan, participants may direct all contributions into selected investment options as made available and determined by the Plan administrator. Participants have the option to transfer monies between funds and may change their investment options daily.

Note 1—Description of the Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms shall not exceed five years unless the purpose of the note is to acquire a primary residence, in which case the note term shall not exceed 15 years. The notes are secured by the balance in the participant's account and bear interest at 1% over the Wall Street Journal prime rate. Principal and interest are paid ratably through payroll deductions or an ACH agreement. As of December 31, 2025, interest rates ranged from 4.25% to 9.50% and with maturity dates through January 2031.

Payment of Benefits – Upon death, disability, retirement, or termination of service for any reason, a participant with $5,000 or less in vested benefits will receive the value of the vested interest in their account as a lump-sum distribution. A participant with more than $5,000 in vested benefits may elect to receive either a lump-sum equal to the vested value of the participant's account or equal installments over their life expectancy. In addition, in-service withdrawals from a participant's account are permitted upon reaching age 59½ years of age or to the extent needed for financial hardship as defined by the Plan.

Forfeitures – Amounts forfeited from a participant's account shall be used to restore forfeitures, reduce Company contributions, or to pay reasonable Plan expenses. There was no forfeiture balance as of December 31, 2025 and 2024.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could vary from the estimates that were used.

Risks and Uncertainties – The Plan provides for various investment options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants is measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan is reduced, and a benefit payment is recorded.

Excess Contribution Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as liability with a corresponding reduction to participant contributions. The Plan distributes the excess contributions to the applicable participants prior to March 15 of the subsequent year.

Note 2—Summary of significant accounting policies (continued)

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation using information provided by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA (" qualified institution"). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Unrealized gains and losses are recognized in the period in which they occur. Dividends are recognized in the period earned and realized gains or losses on securities are recorded in the period of sale. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits – Benefit payments are recorded when paid.

Administrative Expenses – Administrative expenses of maintaining the Plan can be paid either by the Company or by the Plan. Expenses paid directly by the Company are excluded from these Plan financial statements.

Note 3—Information prepared and certified by the Plan's qualified institution

The Plan Sponsor has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the "qualified institution," has certified to the completeness and accuracy of the following data included in the accompanying financial statements:

- Non-interest bearing cash, investments at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value of financial investments

U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability and in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Note 4—Fair value of financial investments (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation methodologies used were unchanged from 2024. The following are descriptions of the valuation methodologies used to measure the Plan's investments at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual Funds – These investments are public investment vehicles valued using net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Common Collective Trust Funds – Value based on NAV per unit of the collective investment trust funds. NAV, as provided by the qualified institution, is used as a practical expedient to estimate fair value. NAV is based upon the fair value of the underlying investments of the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described above as of December 31:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Assets:				
Mutual funds	$ 5,323,012	$ -	$ -	$ 5,323,012
Common collective trust funds measured at NAV (*)				16,795,150
Investments, at fair value				$ 22,118,162

	2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Assets:				
Mutual funds	$ 4,761,935	$ -	$ -	$ 4,761,935
Common collective trust funds measured at NAV (*)				14,467,951
Investments, at fair value				$ 19,229,886

* In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4—Fair value of financial investments (continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

2025				
Asset	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Units of common collective trust:				
Gallaird Stable	$ 752,598	$ -	Daily	12 Months
Matrix Trust Company	16,042,552	-	Daily	None

2024				
Asset	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Units of common collective trust:				
Gallaird Stable	$ 724,967	$ -	Daily	12 Months
Matrix Trust Company	13,742,984	-	Daily	None

Note 5—Related party and party-in-interest transactions

Plan investments are managed by Steele Capital Management and affiliates, the investment advisor, as defined by the Plan. Therefore, transactions with Steele Capital Management and affiliates qualify as party-in-interest. Fees paid to Steele Capital Management and affiliates for investment management expenses were $49,132 for the year ended December 31, 2025.

EPIC Retirement Plan Services (“EPIC”) provides recordkeeping services to the Plan and, therefore, qualifies as a party-in-interest. Fees paid to EPIC were $32,901 for the year ended December 31, 2025.

Certain administrative functions are performed by officers or employees of the Company and its subsidiaries for which no compensation was received from the Plan.

Notes receivable from participants are also considered party-in-interest transactions because they are transacted with Plan participants.

Note 6—Plan termination

Although the Company intends to maintain the Plan indefinitely, the Company may amend or terminate the Plan at any time in its sole discretion, subject to provisions of ERISA. If the Plan is terminated, all amounts credited to participants’ accounts will become 100% vested.

Note 7—Tax status

The Plan adopted a prototype, non-standardized profit sharing with a cash or deferred arrangement plan which received a favorable opinion letter from the IRS on June 30, 2020, which stated the prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Prohibited transactions

During the year ended December 31, 2024, the Plan failed to remit in a timely manner certain participant contributions from its assets within the required time period as specified by DOL's Regulation 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. The Plan made the deposit after the required timeframe and remitted lost earnings and late remittances in 2025.

Note 9—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent to the statements of net assets available for benefits date of December 31, 2025 through October 9, 2026, the date these financial statements were available to be issued.
