Independent Auditors' Report

To the Plan Administrator
NWT 401(k) Profit Sharing Plan
Elkridge, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of NWT 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of NWT 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NWT 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NWT 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NWT 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NWT 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

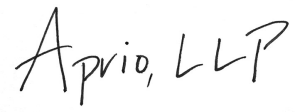

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2025 and Delinquent Participant Contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Independent Auditors' Report (continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the NWT 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of NewWave Telecom & Technologies, Inc., iQuartic, and New Wave Foundation, Inc. (collectively, the "Company") who are at least 18 years old, except for nonresident aliens, employees covered by a collective bargaining agreement and residents of Puerto Rico. Employees are eligible to participate in Company discretionary contributions after completing six months of service with at least 500 hours. There is no such service requirement to be eligible to make participant or receive Company safe harbor contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In March 2025, the Plan was amended to remove ONYX Technologies LLC as a participating employer effective November 8, 2024. In January 2025, net assets totaling $731,209 for participants of ONYX Technologies LLC were transferred to ONYX Technologies LLC 401(k) Plan.

Contributions: Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for automatic enrollment. Any newly eligible employee who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan will be automatically enrolled in the Plan with a three percent withholding of pretax annual compensation. The Plan allows for discretionary matching contributions. There were no such contributions for the Plan year ended December 31, 2025. Nonelective profit sharing amounts may be contributed at the discretion of the Company. Participants must be employed on the last day of the Plan year and have completed a year of service or have terminated service due to death, disability or retirement to receive an allocation of any discretionary nonelective profit sharing contribution. There were no such contributions for the Plan year ended December 31, 2025. Operational defects related to the Plan's automatic enrollment provisions were discovered that required corrective contributions. These amounts are reflected on the Plan's financial statements as Other employer contributions. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, if any, as well as allocations of the Company's discretionary nonelective profit sharing contribution, if any, and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary nonelective profit sharing contributions, if any, are based on the ratio of the participant's compensation to total compensation for the Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits: Benefits are payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum, installment and partial withdrawal payments.

Vesting: Participants are vested immediately in their contributions and safe harbor contributions, which are no longer permitted by the Plan, plus actual earnings thereon. Vesting in the Company discretionary matching and nonelective profit sharing contributions is based on years of continuous service of at least 1,000 hours per year. A participant is 20 percent vested after two years of service is completed, and vests an additional 20 percent per year until full vesting after six years.

Forfeited accounts and unallocated amounts: At December 31, 2025 and 2024, forfeited nonvested accounts totaled $12,015 and $10,786, respectively. These accounts will be used to reduce future Company contributions, to pay Plan expenses or to restore participant accounts. During 2025, no forfeited nonvested accounts were used to reduce Company contributions or to pay Plan expenses.

At December 31, 2025 and 2024, unallocated balances (other than forfeited nonvested accounts) totaled $41,935 and $46,342, respectively. These amounts represent unclaimed benefits previously distributed to participants. These amounts will be restored to participant accounts or used in the same manner as forfeited nonvested accounts. During 2025, no unallocated amounts were used to reduce Company contributions or to pay Plan expenses. $5,613 of unallocated amounts were used to restore participant accounts and reissue benefit payments.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest are paid through payroll deductions.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees are charged directly to the participant's account and are included in administrative expenses. Participants are also charged a monthly asset based fee for investment advisory services.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Contributions: Participant contributions and any related Company discretionary matching contributions are recognized in the period the participant contribution is withheld from compensation. Company discretionary nonelective profit sharing contributions, if any, are recognized in the period the related eligible compensation is paid to the participant.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through October 9, 2026, which is the date the financial statements were available to be issued.

3. Certified information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest income from notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the custodian and insurance company of the Plan, respectively.

4. Fair value measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of the collective trust funds is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the collective trust is used as a practical expedient to estimate fair value and is determined by the fund trustee based on the fair value of underlying assets in the trust, less its liabilities.

The fair value of assets is as follows:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,880,236	$ -	$ -	$ 5,880,236
Total assets within the fair value hierarchy	$ 5,880,236	$ -	$ -	5,880,236
Investments measured at net asset value[(a)]				12,654,906
Total assets at fair value				$ 18,535,142

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,921,663	$ -	$ -	$ 6,921,663
Total assets within the fair value hierarchy	$ 6,921,663	$ -	$ -	6,921,663
Investments measured at net asset value[(a)]				15,369,483
Total assets at fair value				$ 22,291,146

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2025 and 2024 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments in the Reliance Trust Company Stable Value collective trust fund can be redeemed immediately at the current net asset value based on the fair value of the underlying assets for participant withdrawals. Company initiated withdrawals may result in a reduction in value if the fair value of the fund's underlying assets is less than the guaranteed value of the fund. Participant initiated withdrawals from the Great Gray collective trust funds can be redeemed immediately at the current net asset value. Company initiated withdrawals which will exceed $1 million require advanced written notice of five business days. There are no other withdrawal limits, redemption frequency limits or redemption notice periods for the collective trust funds. There were no unfunded commitments for this investment as of December 31, 2025 and 2024.

5. Guaranteed investment contract

The Plan participated in a traditional benefit responsive investment contract with Empower Annuity Insurance Company of America ("Empower") via an investment in a Guaranteed Investment Contract (“GIC”). Empower commingled the assets of the GIC with other assets in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Empower was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. Contract value, as reported to the Plan by Empower, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. No events limit the ability of the Plan to transact at contract value.

6. Risks and uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

7. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

8. Tax status

The Plan is a pre-approved plan of Empower Retirement, LLC which received an opinion letter on November 14, 2022, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-in-interest transactions

Certain Plan investments are managed by affiliates of Empower Trust Company, LLC. Empower Trust Company, LLC is the trustee and recordkeeper as defined by the Plan. The Plan paid a total of $53,432 to Empower Trust Company, LLC and the investment advisor for administrative and advisory services for the year ended December 31, 2025. These transactions qualify as exempt party-in-interest transactions.

The Company has a Plan Expense Agreement ("PEA") with Empower Retirement, LLC that provides for a portion of the revenue earned by Empower Retirement, LLC with respect to the services it provides for the Plan, including the recordkeeping fees paid from participant accounts, to be made available to the Plan to pay expenses. For the year ended December 31, 2025, Empower deposited $36,175 into the Plan under the PEA and the Plan paid $36,175 in investment advisor fees under the PEA. The deposit is presented net of expenses and included in the administrative expenses in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025. At December 31, 2025 and 2024, the balance in the PEA account was $46 and $45, respectively. These transactions qualify as exempt party-in-interest transactions.

During 2025, the Company failed to remit to the trustee certain employee contributions and loan repayments totaling $30,594 within the period prescribed by Department of Labor regulations. These delinquent remittances are considered nonexempt party-in-interest transactions.

10. Reconciliation to Form 5500

The following is a reconciliation of amounts in the financial statements to Form 5500 as of December 31, 2025 and 2024 and for the year ended December 31, 2025:
