INDEPENDENT AUDITOR'S REPORT

October 13, 2026

To the Plan Administrator of the
St. James Hospital 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of St. James Hospital 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT
(Continued)

Other Matter - Supplemental Schedule Required by ERISA (Continued)
In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ST. JAMES HOSPITAL 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF PLAN

The following description of the St. James Hospital 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan available to all employees of St. James Hospital (the Hospital and Plan Sponsor) who meet certain eligibility requirements as defined by the Plan document. The Plan is administered by the Hospital who has elected a Retirement Plan Committee to oversee operations and management of the Plan. Ascensus Trust Company and Newport Trust Company, LLC (Ascensus) is the custodian and recordkeeper of the Plan. The USI Consulting Group also provides recordkeeping and administrative functions for the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974. The initial effective date of the Plan was January 1, 2020. Prior to this date, employees of the Hospital participated in a different, multi-employer plan. Upon inception of the Plan, participant balances for Hospital employees were transferred into the newly formed Plan.

Eligibility
Employees who are not a union employee, nonresident alien, leased employee, part-time employee scheduled to work less than 1,000 hours, temporary employee, or seasonal employee and that have attained the age of 21 are eligible to participate in the Plan after completing one month of service. All eligible employees can begin salary deferrals on the first day of the month coinciding with or next following the date requirements are met. Participants are eligible to receive Hospital contributions upon reaching age 21 and completing one month of service for employer matching contributions, or upon reaching age 21 and completing one year of service for employer profit sharing contributions.

Contributions
Active participants may make voluntary contributions in the form of salary reductions. Pre-tax contributions are limited to a maximum contribution of the lesser of 100% of the participant's total compensation for the Plan year or the maximum amount permitted by the Internal Revenue Code (IRC) and any applicable rollovers from other qualified Plans, subject to certain limitations of the Plan and IRC. Eligible participants, that attain the age of 50 before the end of the Plan year, are eligible to make catch-up contributions, subject to certain limitations of the IRC.

The Hospital makes matching contributions equal to 3.0% of the participant's compensation, plus 50% of the amount of the participant's elective deferral that exceeds 3.0% but does not exceed 5% of their compensation. In addition, the Hospital may make discretionary profit-sharing contributions if approved by the Hospital Board of Directors. There were no discretionary profit-sharing contributions approved for the years ended December 31, 2025 and 2024.

Eligible employees are automatically enrolled in the Plan at a 3% deferral rate. There are currently no annual escalation provisions.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts
Each participant's account is credited with the participant's contribution, the Hospital's contribution, and allocation of Plan earnings (losses) on all contributions. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings/(losses) or account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are fully vested in their elective deferrals and actual earnings thereon immediately upon participating in the Plan. Participants are subject to a vesting schedule relative to the Plan's employer matching contribution – 20% each year over a five-year span, at which time they are 100% vested, and profit-sharing contributions – 20% after two years and fully vested after three years.

Payment of Benefits
Vested funds are paid to the participants when they retire or terminate employment with the Hospital, upon attaining early retirement age of 55 and completing at least 5 years of service, or normal retirement age of 65. Benefits may be paid out in a single lump-sum or in periodic installments over a period that is not greater than or equal to the life expectancy of the participant.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Participants may borrow from funds attributable to the participants' employee elective deferral contributions, vested Hospital contributions and rollover contributions. Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less, and have a maximum of two loans at one time. Loans are repayable through a payroll deduction or check for prepayment purposes for a term of five years, except for the purchase of a principal residence which is ten years. All loans bear interest at the prime rate + 1%. All outstanding loan balances will become due and payable in their entirety upon severance of employment unless directly rolled over to another employer's plan.

Hardship Withdrawals
Prior to age 59 ½, a participant may withdraw his or her participant contributions for reasons of hardship. All hardship withdrawals must comply with the rules relating to hardships which are uniformly applicable to all participants.

Forfeited Accounts
Forfeitures are used to reduce employer matching or profit-sharing contributions. There were no amounts forfeited during the year ended December 31, 2025. Forfeited amounts were $750 for the year ended December 31, 2024. At December 31, 2025 and 2024, unallocated forfeitures amounted to $2,185 and $2,097, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments

Investments are reported at fair value, except for the fully benefit responsive collective investment trust, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are reflected on a trade date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments sold, as well as held, during the year.

All investments are participant directed.

Fair Value

Generally acceptable accounting principles establish a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable assets (Level 3). The three levels of fair value hierarchy are as follows:

- Level 1 - Valuations are based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

- Level 2 - Valuations are based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations are based on inputs that are unobservable and significant to the overall fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: Fair value is determined using market quotations or prices obtained from independent pricing services. Included in registered investment companies are variable annuity contracts, which are valued based on each account's daily net asset value corroborated against individual underlying holdings that are primarily valued using market quotations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, political, currency, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits
Benefit payments to participants are recorded when paid.

Administrative Expenses
Substantially all administrative expenses associated with the Plan are paid by plan participants. Management fees and operating expenses charged to the Plan are deducted from earnings daily and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in the fair value of investments.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as accurate and complete by Ascensus and is included in the accompanying financial statements and supplemental schedule at December 31, 2025 and 2024, and for the years ended December 31 as follows:

	2025	2024
Investments, at fair value	$ 10,801,515	$ 9,120,957
Guaranteed investment contract, at contract value	$ 62,481	$ 49,645
Notes receivable from participants	$ 153,231	$ 87,234
Net appreciation in fair value of investments	$ 1,338,505	$ 716,201
Interest and dividend income	$ 313,865	$ 322,527
Notes receivable interest income	$ 6,625	$ 4,597
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's assets are measured at fair value on a recurring basis as follows at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$10,801,515	$ -	$ -	$10,801,515

4. FAIR VALUE MEASUREMENTS (Continued)

The Plan's assets are measured at fair value on a recurring basis as follows at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 9,120,957	$ -	$ -	$ 9,120,957

There were no changes in valuation methodologies for the years ended December 31, 2025 and 2024.

5. FULLY BENEFIT RESPONSIVE COLLECTIVE INVESTMENT TRUST

The Putnam Stable Value Fund (the Fund) is a collective investment trust. The fund is designed to provide a stable fixed income and invests in cash alternatives, traditional GICs, and wrapped, actively managed strategies and similar contracts issued by insurance companies, banks and other financial institutions. Stable value funds purchase contracts from insurance companies and banks that are considered "benefit responsive," allowing participant transactions at contract value regardless of market value.

Each individual book value contract has an associated crediting rate (or interest rate). The portfolio is valued daily, and the crediting rate is calculated based on the weighted average of the crediting rates of all of the book value instruments of the fund. The portfolio calculates interest on a daily accrual basis, and the crediting rate fluctuates daily. The overall portfolio crediting rate will fluctuate based on contract crediting rates as well as trading and cash flow activity.

Unlike an insurance company general account product, stable value third-party pooled funds (including Putnam Stable Value Fund) and segregated accounts do not guarantee principal and interest, and there is no guaranteed floor for the interest rate at the fund level. Insurance company general account and separate account contracts only guarantee principal and interest to the extent of the creditworthiness of the issuing insurance company. The actual rate of return for the years ended December 31, 2025 and 2024 was 3.89% and 3.81%, respectively.

Withdrawals from the Fund will generally be permitted daily at contract value, however if the Fund determines, in its sole discretion, that the fund does not have sufficient liquidity to meet any withdrawal request, the fund may defer honoring any payment request or other obligation, if, as a result of the closing or other disruption of financial markets or exchanges, the fund is unable to settle the necessary transaction prudently in order to honor on a timely basis such payment request or other payment obligation. The Fund may defer honoring employer withdrawal requests (e.g., a withdrawal due to plan termination) or an asset allocation fund's withdrawal request, for up to 12 months. Notwithstanding such 12-month deferral, qualified employee-initiated benefit payments generally will continue.

The Fund negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and plan terminations. Due to the size of the Fund and the specific percentage allowances negotiated by the Fund, it is highly unlikely (not probable) that any event would occur that would limit the Fund's ability to transact at contract value with each issuer under these events.

5. FULLY BENEFIT RESPONSIVE COLLECTIVE INVESTMENT TRUST (Continued)

The only event or circumstance that would allow issuers to immediately terminate a fully benefit-responsive wrap contract with the Fund at an amount different from contract value would be if they were provided with willingly fraudulent information about the Fund by the Trustee. This would constitute a breach of contract and would allow for termination at a value that could be different from contract value.

6. PARTY-IN-INTEREST TRANSACTIONS

The following are considered parties-in-interest based upon their relationship and services they provide to the Plan:

- Plan Participants with outstanding notes
- St James. Hospital, Inc. - Plan Sponsor
- USI Consulting Group - Third Party Administrator
- Ascensus Trust Company -Trustee and Custodian of Plan Assets
- Bonadio & Co., LLP - Plan Auditor

As such, transactions involving any of the above qualify as party-in-interest transactions.

7. TAX STATUS

The Plan adopted a pre-approved plan offered by Newport Group Inc. The pre-approved plan received an Internal Revenue Service (IRS) Opinion Letter dated November 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is exempt.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their accounts.

9. RECONCILIATION TO FORM 5500

Certain classifications may differ between the financial statements and Form 5500. In addition, the following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2025:

Net assets available for benefits per the financial statements	$ 11,017,227
Deemed loans	(21,037)
Net assets available for benefits per Form 5500	$ 10,996,190

9. RECONCILIATION TO FORM 5500 (Continued)

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Change in net assets available for benefits per the financial statements	$ 1,759,391
Change in deemed loans	(21,037)
Change in net assets available for benefits per Form 5500	$ 1,738,354

Net assets available for benefits and the change in net assets available for benefits per the financial statements agree to Form 5500 in total as of December 31, 2024, and for the year then ended.

10. SUBSEQUENT EVENTS

Subsequent to year-end, the Plan Sponsor identified an operational failure related to the eligibility provisions of the Plan affecting certain per diem employees. The IRS determined that per diem employees should become eligible to participate in the Plan upon satisfying the applicable 1,000 hours of service requirement. As a result, the Plan Sponsor is evaluating the extent of required corrective contributions, including missed deferrals and employer matching contributions for affected participants. As of the date the financial statements were available to be issued, the amount of any required corrective contributions had not been determined and, accordingly, no related receivable has been recorded in the accompanying financial statements.

Subsequent events have been evaluated through October 13, 2026, which is the date the financial statements were available to be issued.
