Scope and Nature of the ERISA Section 103(A)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of AIK 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AIK 401(k) Plan's financial statements performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AIK 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements whether due to fraud of error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AIK 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transaction that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AIK 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment there are conditions or events, considered in the aggregate, that raise substantial doubt about AIK 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, line 4i - Schedule of Assets Held (At End of Year) and Schedule H Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards for information included in the supplemental schedules that agreed to or are derived from the certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AIK 401(K) PLAN
Notes to Financial Statements
December 31, 2025 and 2024

Note 1 - Description of Plan

The following description of the AIK 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Aisan Industries Kentucky, LLC (the "Company") who have completed six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan was amended and restated January 1, 2021, for a change in custodian and administrator. The plan was amended and restated January 1, 2023 to elect safe harbor matching contributions. Effective April 1, 2023, the Plan sponsor was acquired by Aisan Industries Kentucky, LLC. The Plan was continued under the new plan sponsor and the plan name changed from KDMK 401(K) Plan to AIK 401(K) Plan.

Contributions

Each year, participants may contribute a percentage of pre-tax annual compensation, as defined by the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The plan allows for the company to make discretionary matching contributions and discretionary profit sharing contributions. Effective January 1, 2023, the Plan elected to make safe harbor matching contributions. The Company Safe Harbor matching contribution is 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation during 2025 and 2024. Additional amounts may be contributed at the discretion of the Company's Members and Managers. Contributions are subject to certain limitations. The Company made safe harbor matching contributions of $437,422 and $370,722 in 2025 and 2024, respectively.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) the Company's matching contribution, and (c) allocations of Company discretionary contributions, plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Upon enrollment in the Plan, participants may direct the custodian of the Plan as to the investment of their account balances in accordance with guidelines established by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are automatically invested in funds in accordance with the participants' election. The Plan currently offers various pooled investment funds and one common/collective trust fund as investment options for participants.

Forfeitures

Forfeitures are used to offset employer contributions. For the years ended December 31, 2025 and 2024, forfeitures of terminated participants' non-vested accounts totaled $1,115 and $3,355. For the years ended December 31, 2025 and 2024, forfeitures of $-0- and $39,053, respectively, were used to reduce employer matching contributions. As of December 31, 2025 and 2024, forfeitures available to reduce future employer matching contributions totaled $1,216 and $-0-, respectively.

AIK 401(K) PLAN
Notes to Financial Statements

Note 1 - Description of Plan (continued)

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loans are secured by the balance in the participant's account and bear interest at the prime rate, which is commensurate with local prevailing rates as determined annually. Principal and interest are paid ratably through payroll deductions, with various maturities through 2031.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and non-elective contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after five years. As of January 1, 2023, the Plan was amended to elect Safe Harbor provisions. Participants are immediately vested in the Company's matching and non- matching contribution portion of their accounts plus actual earnings thereon.

Payment of benefits

On termination of service due to death, disability, retirement, or other termination of employment, a participant may elect to receive a lump-sum amount or annual installments, equal to the value of his or her account. Hardship withdrawals are permitted and are limited to the amount of employee contributions excluding investment earnings thereon. As of January 1, 2023, a participant may elect to receive in-service distributions upon attaining the age of 59 ½.

Note 2 - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's pooled separate accounts investments are recorded at fair value. The Plan's interest in the common collective trust is based on the contract value of the collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. Pooled separate accounts, managed by Lincoln National Life Insurance company, are based on the net asset value (NAV) of shares held by the Plan at year-end. The NAV is based on quoted market prices of the underlying investments. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a monthly basis.

As described under FASB ASC 962-325-35 "*Plan Accounting - Defined Contribution Pension* Plans", the Plan values all fully-benefit responsive contracts at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

AIK 401(K) PLAN
Notes to Financial Statements
December 31, 2025 and 2024

Note 2 - Summary of Accounting Policies (continued)

Participant loan receivables

Participant loan receivables are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income on participant loan receivables is recognized in the period in which it is earned and is recorded as interest income on the statements of changes in net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Credit risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Expenses

Certain administrative expenses of the Plan are paid by the Company. Certain transaction fees are paid by the Plan.

Note 3 - Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

AIK 401(K) PLAN
Notes to Financial Statements
December 31, 2025 and 2024

Note 3 - Fair Value Measurements (continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts: The fair value of the pooled separate accounts is based on the underlying net asset values which is the practical expedient.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

AIK 401(K) PLAN
Notes to Financial Statements
December 31, 2025 and 2024

Note 3 - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025 and 2024:

	Total Fair Value	Fair Value Measurement Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2025			
Other Investments measured at net asset value	$ 11,645,860	$ -	$ -
Total	$ 11,645,860	$ -	$ -

	Total Fair Value	Fair Value Measurement Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2024			
Other Investments measured at net asset value	$ 9,736,552	$ -	$ -
Total	$ 9,736,552	$ -	$ -

Investments measured at net asset value above are presented using the net asset value per share practical expedient. In accordance with ASU 2015-07 and Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments measured using the net asset value per share practical expedient

The following table summarizes investments for which fair value measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 4 – Investment in common collective trust

The Plan has a benefit-responsive investment contract in a common collective trust. The contract is included in the financial statements at contract value as reported to the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract value of the common collective trust is $203,880 and $193,281 as of December 31, 2025 and 2024, respectively.

Notes to Financial Statements
December 31, 2025 and 2024

Note 4 – Investment in common collective trust (continued)

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact a contract value with Plan participants are probable of occurring.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 6 – Tax Status

The Internal Revenue Service has determined by a letter dated June 30, 2020, that the adopted prototype plan is qualified under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025 and 2024, no uncertain positions are taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 7 – Related Party Transactions

Certain Plan investments are units of pooled separate investments and common collective trust funds managed by the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to custodian for investment management services amounted to $37,930 and $32,924 for the years ended December 31, 2025 and 2024, respectively.

The Company paid administrative fees for the Plan of $16,022 and $19,425 for the years ending December 31, 2025 and 2024, respectively.

Note 8 – Return of Excess Contributions

In 2025 and 2024, there were no excess employer contributions. In 2025 and 2024, there were no excess deferral contributions.
