# INDEPENDENT AUDITORS' REPORT

Employee Stock Ownership Plan Committee
Consulting Engineers Group Employee Stock Ownership Plan
Mount Prospect, Illinois

## Report on the Audit of the Financial Statements

### *Opinion*

We have audited the financial statements of Consulting Engineers Group Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTE 1 DESCRIPTION OF PLAN

The following description of the Consulting Engineers Group Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Consulting Engineers Group, Inc. established The Consulting Engineers Group, Inc. Employee Stock Ownership Plan effective January 1, 1985 as a money purchase plan and the Plan was restated effective January 1, 1989 as a defined contribution plan intended to constitute a leveraged employee stock ownership plan (the ESOP). The Plan was last restated January 1, 2020 and amended on January 1, 2024. Other participating Employers include The Consulting Engineers Group, Inc., the former sponsor, The Consulting Engineers Group, Inc. (Texas), CEG-West Precast Services, Inc., CEG International, Inc., The Consulting Engineers Group – NM, P.C., and The Consulting Engineers Group – FL, Inc., collectively with the sponsor, CEG Group, Inc., (the Company). The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC). The Plan covers all employees of the Company, excluding collectively bargained employees unless covered under a bona fide collective bargaining agreement, certain leased employees and nonresident aliens, who have completed the eligibility requirements including the completion of 1,000 hours of service and attainment of age 21. An eligible employee will begin participation on the first day of each Plan year during which the employee completes the eligibility requirements. The Plan is designed to invest primarily in securities issued by the Company and is authorized to borrow money for such investments. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by an Employee Stock Ownership Plan Committee comprising up to eight persons appointed by the Sponsor Company's Board of Directors. Two members of the Sponsor's Board of Directors are the Plan's trustees.

The Plan purchased Company common stock using the proceeds of various notes payable to the Company and holds the stock in a trust established under the Plan (see Note 5). As the Plan makes debt payments, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender had no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2025 and 2024 and for the year ended December 31, 2025; present separately the assets and liabilities and changes therein pertaining to:

(a) The accounts of employees with vested rights in allocated common stock (Allocated), and
(b) Common stock not yet allocated to employees (Unallocated).

## NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

### Contributions

Each year, the Company may contribute to the Plan up to a discretionary amount of covered compensation as determined annually by the Company's Board of Directors. Contributions may be in the form of shares of common stock or cash. Contributions for each year are never less than the amount required to enable the Plan to discharge its current obligations, without regard to whether some or all of such contribution may fail to qualify for an income tax deduction by the Company. In order to receive an allocation of Company contributions, a participant must complete 1,000 hours of service and be employed on the last day of the Plan year unless termination is due to death, disability or retirement. Contributions by Plan participants are not permitted by the Plan. Contributions are subject to Internal Revenue Service (IRS) limitations.

### Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of the Company's discretionary contribution, Company stock released from the unallocated account for that year, and forfeitures of terminated participants' nonvested accounts. Only those participants who have completed 1,000 hours of service during the Plan year and are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation, as defined. Plan earnings or losses are allocated based on each participant's share of the investment at the beginning of the year, less distributions and withdrawals during the year. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

### Vesting

Vesting of participant's accounts is based on years of credited service with the Company. A participant's account becomes fully vested after six years of credited service with the Company, under a graded vesting schedule. A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

### Voting Rights

Each participant is entitled to exercise certain voting rights attributable to the shares allocated to his or her account and is notified by the trustees prior to the time that such rights are to be exercised. The trustees are not permitted to vote any allocated share for which instructions have not been given by a participant or the Plan administrator. The Plan administrator shall direct the trustees to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

## NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

### Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

### Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation service in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution or can elect to have the cash transferred to another qualified plan maintained by the Company, or elect a rollover distribution, if applicable.

### Payment of Benefits

Upon termination of service, a participant will receive a lump sum distribution of their account balance without the participant's consent if their balance does not exceed $1,000. For accounts of not more than $50,000, the distribution will be made in a lump sum payment. For stock accounts exceeding $50,000, the distribution will be made in substantially equal annual installments over a period not to exceed five years with the first installment being paid no later than one year after the close of the Plan year which is the fifth Plan year following the Plan year in which the participant terminates employment. The amount to be distributed is based upon the account valuation date immediately preceding the distribution. Distributions are made in cash, as the Company has elected tax treatment under the IRC as a Subchapter S corporation.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan. During 2025, the Plan repurchased from participants' stock accounts 627 shares for the payment of benefits and diversifications, at prices determined from the independent appraisal.

### Forfeited Accounts

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants for the year ended December 31, 2025 were 33 shares and $6,364. There were no balances in forfeited nonvested accounts at December 31, 2025 and 2024.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

### Investment Valuation and Income Recognition

The shares of Company common stock are valued at estimated fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Benefit Payments

Benefits are recorded when paid.

### Administrative Expenses

As provided in the Plan document, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan.

### Subsequent Events

The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.

## NOTE 3 INVESTMENTS

The Plan's initial investment in Company common stock consisted of 3,639 shares of the outstanding common stock of The Consulting Engineers Group, Inc., the prior Plan Sponsor, which effective January 1, 2014, became a subsidiary of CEG Group, Inc., the current Plan Sponsor. The shares were acquired in 1989 for $166 per share, which was the estimated fair market value, as determined by independent appraisal, at that time. Subsequently, shares totaling 7,849 were acquired between the years of 1994 and 2021, including 1,855 shares repurchased from the Company in November 2021 with a note payable (see Note 5). The estimated fair market value, as determined by independent appraisal as of December 31, 2025 and 2024 was $3,614 and $3,283 per share, respectively.

During 2025, 124 shares were released and allocated to participants.

The Plan's investments in Company stock at December 31 are presented in the following table:

| | 2025 | | 2024 | |
|---|---|---|---|---|
| CEG Group, Inc. | Allocated | Unallocated | Allocated | Unallocated |
| Common Shares: | | | | |
| Number of Shares | 8,397 | 1,236 | 8,273 | 1,360 |
| Cost | $ 17,143,952 | $ 2,523,511 | $ 2,956,191 | $ 3,224,719 |
| Estimated Fair Value | $ 30,342,956 | $ 4,467,838 | $ 27,159,746 | $ 4,464,782 |

## NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

## NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

*Common Stock* – The fair value of the Sponsor Company's common stock held by the Plan is valued at fair value based on an independent third-party appraisal. This appraisal is based upon a combination of the asset and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

| | 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Common Stock - CEG Group, Inc. | $ - | $ - | $ 34,810,794 | $ 34,810,794 |
| Total Investments at Fair Value | $ - | $ - | $ 34,810,794 | $ 34,810,794 |

| | 2024 | | | |

## NOTE 5 NOTES PAYABLE

On November 30, 2021, the Plan entered into a $4,397,343 term loan agreement with the Company. The proceeds of the loan were used to purchase the Company's common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The Plan has a note payable related to the purchase of Company stock on December 31 as follows:

| Description | 2025 | 2024 |
|---|---|---|
| Note Payable - CEG Group, Inc., Interest fixed at 1.86%, Due December 31, 2035; Secured by unallocated CEG Group, Inc. common stock purchased with proceeds from this note and cash contributions from the Company. | $ 3,013,275 | $ 3,285,176 |

## NOTE 5 NOTES PAYABLE (CONTINUED)

While the Company reserves the right to change the amounts and the timing of contributions to the Plan, the scheduled amortization of the Plan's loan and related Plan contributions for the next five years are as follows:

| Year Ending December 31, | Amount |
|---|---|
| 2026 | $ 276,958 |
| 2027 | 282,109 |
| 2028 | 287,357 |
| 2029 | 292,702 |
| 2030 | 298,146 |
| Thereafter | 1,576,003 |
| Total | $ 3,013,275 |

## NOTE 6 PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Employee Stock Ownership Plan Committee shall direct the trustees to pay all liabilities and expenses of the trust fund. In the event of Plan termination, participants will become 100% vested in their accounts.

## NOTE 7 PLAN TAX STATUS

The IRS has determined and informed the Company by a letter dated December 5, 2014, that the Plan and related trust are designed in accordance with the applicable requirements of the IRC and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## NOTE 8 RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumption process, it is at least reasonably possible that changes in the value of common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

## NOTE 9 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets, which consist primarily of Company common shares, are held by the trustees of the Plan.

The Plan is administered by CEG Group, Inc. and the Plan administrator, the Employee Stock Ownership Plan Committee, and certain administrative functions are outsourced to a third-party administrator. Two officers of the Company are Plan trustees. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

The Plan invests in Company common stock and had indebtedness guaranteed by the Company. As the Company is the Plan Sponsor, transactions involving Company common stock qualify as party-in-interest transactions. At December 31, 2025 and 2024, the Plan held 9,633 shares of Company common stock. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
