Empire Today, LLC 401(k) Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Empire Today, LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Empire Today, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Empire Today, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Empower Trust Company, LLC ("Empower") is the Plan's Trustee and Custodian, and Empower Annuity Insurance Company ("EAIC"), is an insurance entity for the Plan.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Effective June 20, 2025, the Company amended the Plan to permit Roth elective deferrals.

The Plan has an eligible auto enrollment feature (automatic contribution at 4% of eligible compensation) and an unwind feature (following auto enrollment an employee has up to 90 days to stop the deferral and have their monies removed from the Plan). The automatic deferral election of 4% of eligible compensation applies to all eligible employees unless otherwise elected by the participant. As participation is voluntary, those who do not wish to contribute to the Plan can change their contribution rate. The Plan was amended in 2023 to exclude the automatic enrollment of outside sales employees of the Company and 21st Century Flooring, LLC (d/b/a Luna). Prior to the amendment, outside sales employees were automatically enrolled.

The Company provided a safe harbor matching contribution of 100%, up to 4% of participant's compensation contributed to the Plan (including catch-up deferrals). All safe harbor matching contributions are 100% vested. Safe harbor matching contributions were discontinued as of December 1, 2025.

Profit-sharing amounts may be contributed at the option of the Company's board of managers and are invested as directed by the participants into the various investment options offered by the Plan. Participants who have one year of service and are age 21 or older are eligible to receive profit-sharing contributions. No profit-sharing contribution was made by the Company during the years ended December 31, 2025 or 2024.

Participants direct the investment of their contributions and account balances into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company safe harbor match contributions, allocations of the Company's profit-sharing contribution, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participant accounts are also charged with withdrawals and applicable administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants in the Plan are 100% vested in their salary reduction and rollover contributions and the related earnings. Participants are also immediately 100% vested in Company safe harbor match contributions.

Profit-sharing contributions vest under a 2-to-6-year graded vesting schedule and are 100% vested after six years of service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. A participant may only have one loan outstanding from the Plan at any time, and the term of any loan shall not exceed five years, unless the loan is related to the purchase of the participant's principal residence for which the term is 30 years. The loans are secured by the balance in the participant's account. The loan interest rate is determined quarterly by the Plan Administrator, and this rate is commensurate to local prevailing rates as referenced to the bank prime rate as reported by the U.S. Federal Reserve, plus 2% (ranging from 5.25% to 10.5% for loans outstanding as of December 31, 2025). Principal and interest are paid ratably through payroll deductions or paid directly by the participant.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Minimum required distributions for participants age 73 and above may be received in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately $17,700 and $16,600, respectively. Forfeitures can be used to pay Plan expenses or to reduce Company contributions. In 2025, expenses were reduced by approximately $71,900 and there were no forfeitures used to offset Company contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for the Plan's stable value investment option (see Note D), the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reported as distributions based on the Plan's loan policy.

Administrative Expenses

Certain Plan expenses (such as investment-related fees) are recorded as an offset to investment income. Other expenses are charged directly to the participant's account and are included in administrative expenses. Unless otherwise paid by the Plan, certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

Except for the Plan's stable value investment option, the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The accounting framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to valuations using significant unobservable inputs (Level 3).

In accordance with the framework, Plan assets and liabilities measured at fair value are grouped into three levels based on the markets in which the assets and liabilities are traded, and the reliability of the assumptions used to determine fair value. These levels are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies and inputs used for assets and liabilities measured at fair value, as well as the general classification pursuant to the valuation hierarchy:

Mutual funds - Valued based on the daily quoted net asset value ("NAV") of the shares held by the Plan at year end.

Pooled separate accounts - Valued at the NAV of units held by the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV for the pooled separate account is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 59,630,825	$ -	$ -	$ 59,630,825
Total assets in the fair value hierarchy	$ 59,630,825	$ -	$ -	
Investments at fair value				$ 59,630,825

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 36,213,356	$ -	$ -	$ 36,213,356
Total assets in the fair value hierarchy	$ 36,213,356	$ -	$ -	36,213,356
Investments measured at NAV[(a)]				15,989,980
Investments at fair value				$ 52,203,336

[(a)] Redemption of pooled separate accounts is generally permitted daily, and there are no unfunded commitments. Funds in this category invest in a diversified portfolio of domestic and/or foreign stocks to achieve a long-term rate of return.

NOTE D - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan provides a stable value investment option issued by EAIC, that simulates the performance of a guaranteed investment contract. EAIC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include (1) transfers of assets from the fund into a competing investment option and (2) when total distributions and transfers in the fund exceed certain levels. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

NOTE E - CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, the Plan's trustee, and EAIC, an insurance entity, have certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE F - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Empower. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments. Participant loans are considered party-in-interest transactions.

The Plan participates in a revenue sharing program with Empower. Empower receives revenue from certain investment fund service providers for services the recordkeeper provides to the investment funds. This revenue is used to offset certain amounts owed to Empower for its administrative services. If the revenue exceeds the administrative expenses offset, the excess revenue is remitted to the Plan. During 2025, revenue received by the Plan was used to offset administrative expenses of the Plan and is reported as other income in the statement of changes in net assets available for benefits.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company profit-sharing portion of their accounts.

NOTE H - TAX STATUS

The Plan is a non-standardized pre-approved profit sharing plan (“Pre-Approved Plan”) sponsored by Empower Retirement, LLC, and adopted by the Company. The Pre-Approved Plan obtained its latest opinion letter on September 16, 2022, in which the IRS stated that the Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“Code”). The Plan has been amended since the date in which the Pre-Approved Plan received its opinion letter; however, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2025 financial statements for subsequent events through October 5, 2026, the date the financial statements were available to be issued. There were no subsequent events that required recognition or additional disclosure other than those noted below.

Effective January 1, 2026, the Company amended the Plan to reduce the service requirement for eligibility to receive profit-sharing contributions from one year of eligibility service based on 1,000 hours to 14 days of elapsed-time service. The amendment also changed the vesting service from graded 2-6 years to immediate vesting.

The Plan was also amended to add in-plan Roth rollovers and in-plan Roth transfers.
