Plan Administrator
DiamondBack Automotive Accessories, Inc. 401(k) Profit Sharing Plan and Trust
Philipsburg, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DiamondBack Automotive Accessories, Inc. 401(K) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DiamondBack Automotive Accessories, Inc. 401(K) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DiamondBack Automotive Accessories, Inc. 401(K) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DiamondBack Automotive Accessories, Inc. 401(K) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DiamondBack Automotive Accessories, Inc. 401(K) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the DiamondBack Automotive Accessories, Inc. 401(K) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution 401(k) plan covering all eligible employees of DiamondBack Automotive Accessories, Inc. (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees must have completed three months of service to be eligible to participate in the Plan. The Plan has no age requirements for employees to participate. Participants are able to enroll in the plan immediately upon meeting service requirement. Newly eligible participants are enrolled automatically at a deferral rate of 3% unless they opt-out or elect a different amount. Effective January 1, 2024, the Plan document was amended to adjust the determination period used to determine safe harbor matching contributions from each pay period to the plan year.

Contributions

Participants may elect to defer a portion of their eligible compensation, as defined by the Plan, up to the maximum dollar limit prescribed by the Internal Revenue Code (IRC). Amounts contributed to the Roth 401(k) will be subject to Federal income tax when made, but any earnings thereon will generally not be taxed upon distribution provided funds are not withdrawn within five years and other conditions are met. Participants age 50 or older may elect to defer additional “catch-up” amounts. Participants that do not opt-out or make an affirmative election are automatically enrolled at a deferral rate of 3% of eligible compensation, which will auto-escalate by 1% each plan year up to a maximum deferral of 6%.

Employer profit-sharing contributions are discretionary and determined annually by the Board of Directors. The Company makes a minimum safe harbor contribution equal to 100% of employee deferrals up to 3%, then 50% match up to 5% of employee deferrals. The Plan allows rollover contributions from other qualified plans. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain annual limitations as determined by the Internal Revenue Code.

Participant Investment Options

Participants direct the investment of their individual account balances into a variety of investment fund options. Participants may change their investment options as often as they like.

Participants' Accounts

Each participant's account is credited with the participant’s contributions and allocations of (a) employer matching contributions, (b) other discretionary employer contributions, and (c) an allocation of Plan earnings or losses and charged with an allocation of administrative expenses. Participants must be employed on the last day of the Plan year to share in any annual employer discretionary contribution. The Plan’s earnings or losses are allocated according to the participant’s relative account balance in the various investment options. The benefit to which a participant is entitled is the vested benefit in the participant’s account.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum loan equal to the lesser of $50,000 or 50% of their vested account balance. The Plan permits only permitted one loan to be authorized at a time per participant. Effective July 31, 2023 loan terms may not exceed five years, previously four and a half years, unless taken out for the purchase of a primary residence. Interest rates on loans are fixed for the duration of the loan based on prime interest rate plus one-percentage-point. Loans must be repaid via payroll withholdings. Loans are secured by the vested balance in the participant’s account.

1. Description of Plan (Continued)

Vesting

Participants are immediately vested in their account upon their effective date of participation.

Payment of Benefits

On termination of service, death, disability, or upon attaining age 59½, a participant may elect to receive their vested benefits, generally as a lump sum distribution. Distributions may be delayed until benefits are requested or age 72, at which date required minimum distributions must be paid to the participant. Vested account balances less than $5,000 at the distribution date will be automatically rolled over to an IRA selected by the Plan Administrator unless the participant consents to a lump sum distribution or other distribution. Hardship withdrawals based on demonstrated need are also permitted on a limited basis.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $1 and $0, respectively. During 2025 forfeitures of $285 were used to reduce employer contributions, in accordance with plan provisions.

Administrative Expenses

Expenses incurred for the administration of the Plan are paid either by the Plan or by the Plan Sponsor.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Accounting Policies (Continued)

Subsequent Events

Subsequent events were evaluated through October 9, 2026, the date the financial statements were available to be issued. See Note 9.

3. Information Certified by Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary Schedule H, Item 4i, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments and dividends for the year ended December 31, 2025, was obtained by management and agreed to information certified as complete and accurate by Principal Trust Company (the Custodian of the Plan). The Custodian did not certify the notes receivable due from the plan participants as of December 31, 2025 and 2024, nor the related interest income received from participant loans for the year ended December 31, 2025,

4. Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1	Quoted, market prices in active markets that the Plan has the ability to access.
Level 2	Observable, market-based inputs or unobservable inputs that are corroborated by market data.
Level 3	Unobservable inputs to the valuation technique that are not corroborated by market data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Registered Investment Companies

Shares of registered investment companies (mutual funds) are valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-ended mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Cash

Interest bearing cash is valued daily based on the balance of funds held in the bank deposit account at closing, as reported by the financial institution. Interest earned is deposited as additional cash.

4. Investments and Fair Value Measurements (Continued)

Collective Investment Trusts

The Plan invests in Principal Life-Time Hybrid collective investment trust funds offered by Principal Global Investors Trust Company. The collective investment trust funds are valued based upon the net asset value (NAV) of units of the Trusts as reported to the Plan by the trusts. Units of the trusts are published daily and used as the basis for current transactions. The units of the CIT are valued daily based on closing market prices of the underlying investments. The daily unit value is computed by dividing the total assets of the trusts, less its liabilities, by the total number of units outstanding as of the valuation date. Investment income earned is reinvested in the trusts and included in the determination of unit values. The collective investment trust funds provide for daily redemptions by the Plan at reported NAV, with no advance notice requirements.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,060,117	$ -	$ -	$ 1,060,117
Investments measured at net asset value*				
Collective investment trust funds	-	-	-	7,383,632
Total investments, at fair value	$ 1,060,117	$ -	$ -	$ 8,443,749

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 761,066	$ -	$ -	$ 761,066
Investments measured at net asset value*				
Collective investment trust funds	-	-	-	5,159,605
Total investments, at fair value	$ 761,066	$ -	$ -	$ 5,920,671

*In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for plan benefits.

4. Investments and Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments at Net Asset Value as of December 31, 2025

Collective Investment Trust	Fair Value 2025	Fair Value 2024	Unfunded Commitment	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Principal Life-Time Hybrid Funds	$7,383,632	$5,159,605	n/a	Daily	12 months

5. Related-Party and Party-In-Interest Transactions

Plan investments held at December 31, 2025 and 2024, include investments managed by Principal Trust Company. Principal Trust Company is the Custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

Effective July 31, 2023, the Plan adopted a non-standardized pre-approved plan sponsored by Dunbar Bender & Zapf Inc. The pre-approved plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, that the pre-approved plan as then designed, was in compliance with the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended subsequently, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Subsequent Events

The Plan was amended and restated on January 1, 2026, to incorporate several provisions related to the Secure Act 2.0 as follows:

- The definition of "Eligible Employee" is expanded to include Long-term Part-Time Employees for Pre-Tax Elective Deferrals.
- Highly paid individuals may only make Catch-up Contributions on a Roth basis.
- Difficulty of care payments are included in eligible compensation.
- Increase in age for required mandatory distributions to age 73.
- Roth Accounts are no longer subject to the required minimum distribution rules.
- The maximum vested account balance subject to involuntary force-out is increased to $7,000.
- Participants may self-certify safe harbor hardship withdrawal requirements.
- Participants who have not attained age 21 and completed 1,000 Hours of Service during a given Plan Year shall not be entitled to a top-heavy minimum contribution unless the Employer, in its sole discretion, elects to provide a Non-Elective Contribution that may not exceed the top-heavy minimum contribution to which the Participants would have otherwise been entitled.

The Plan was amended January 1, 2026 to include bonuses, personal use of a company vehicle, and 2% shareholder health as eligible compensation.
