Independent Auditor's Report

October 1, 2026

To the Participants, Plan Administrator and Trustee of the
Bond, Schoeneck & King, PLLC 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Bond, Schoeneck & King, PLLC 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the **Auditor's Responsibilities for the Audits of the Financial Statements** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the **Auditor's Responsibilities for the Audits of the Financial Statements** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

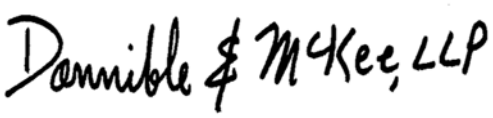

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bond, Schoeneck & King, PLLC 401(k) Savings Plan

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Bond, Schoeneck & King, PLLC (the "Firm") 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a qualified defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code, with a Section 401(k) salary deferral provision. All employees are eligible to participate in the Plan upon reaching the age of eighteen and completing one hour of service. The Plan is subject to the provisions of ERISA.

Plan provisions - The Plan implemented certain provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), a law which, among others, extends the age for required minimum distributions to seventy-two. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Contributions - Eligible employees can contribute to their employee deferral account as defined by the Plan and subject to the maximum amount allowed by the Internal Revenue Code. Participants who meet certain age requirements are allowed to make catch-up elective deferrals. Rollover contributions from other plans are permitted.

Once an employee meets the eligibility requirements, the Plan automatically enrolls them under its automatic enrollment feature. Under automatic enrollment, a participant is automatically enrolled to begin making elective contributions of 3% of their annual compensation to the Plan. This deferral percentage is increased automatically by 1% each year, up to a maximum of 6%, unless the participant elects a different percentage or expressly elects not to participate in the Plan.

The Firm will make a fixed profit-sharing contribution equal to 5.5% of compensation, plus an additional 3.5% of compensation for each active participant who both (a) was an active participant in the Bond, Schoeneck & King, PLLC Retirement Plan for Employees ("BSK Pension Plan") as of December 31, 2018; and (b) was either age fifty-five and older with at least twenty years of service as of December 31, 2018, or had a combination of attained age and years of completed service totaling seventy-five or more as of December 31, 2018. For those former employees of Jaeckle Fleischmann & Mugel, LLP ("JFM"), the Firm will make a fixed profit-sharing contribution of 5.5% of compensation, plus 5.5% of compensation in excess of the taxable wage base. In addition, for those former employees of JFM, the Firm will make matching contributions equal to 25% of the first 2% that they contribute to the Plan, up to a maximum of 0.5% of an eligible participant's compensation. The Firm's total profit-sharing and matching contributions amounted to $2,062,444 for the year ended December 31, 2025, of which the Firm paid $1,855,480, the Plan recorded an employer contribution receivable of $33,846 as of December 31, 2025, and the Firm used $173,118 of available forfeitures to fund the remainder, see below. The Firm's total

profit-sharing and matching contributions amounted to $1,965,541 for the year ended December 31, 2024, of which the Firm paid $1,576,681, the Plan recorded an employer contribution receivable of $33,296 as of December 31, 2024, and used $355,564 of available forfeitures to fund the remainder; see below.

Participant accounts - Each participant's account is credited with the participant's elective deferral contribution, the Firm's contributions, plan earnings, and is charged with an allocation of administrative expenses. Allocations of plan earnings and administrative expenses are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can access their account information via Vanguard Fiduciary Trust Company's website where they have the ability to change their elective deferrals and investment options, as well as apply for participant notes receivable and request distributions.

Vesting - Participants are immediately vested in their 401(k) salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. Participants are fully vested after three years of service for employer profit-sharing contributions. Participants are 100% vested after five years of credited service for employer matching contributions.

Forfeited non-vested accounts - Forfeited non-vested accounts may be used to reduce future employer contributions or pay administrative expenses, which is at the discretion of the trustees. The Firm used $173,118 and $355,564 of available forfeited non-vested accounts to reduce employer contributions for the years ended December 31, 2025 and 2024, respectively. Unused forfeited, non-vested accounts totaled $27,533 and $1,877 as of December 31, 2025 and 2024, respectively.

Notes receivable from participants - Participants may borrow from their fund accounts up to a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. Interest rates on outstanding notes range from 4.25% to 9.50%. Principal and interest is repaid ratably through payroll deductions. According to requirements of the participant note receivable program, the plan administrator will consider a note in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Any notes that are in default as defined by the plan document are reported as benefits paid to participants; see below under deemed distributions.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on the outstanding notes as required under the notes receivable from the participant's program. There were no deemed distributions for the year ended December 31, 2025. Deemed distributions amounted to $19,884 and are included in benefits paid to participants in the accompanying statements of changes in net assets available for the year ended December 31, 2024.

Investment options - Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered by the Plan. Participants may change their investment options daily through online access, as discussed above.

Payment of benefits - Upon termination of service due to retirement, death or disability, a participant (or participant's beneficiary in the event of death) shall receive a lump-sum distribution equal to the participant's account balance. Upon termination of service due to other reasons, a participant or beneficiary may receive a lump-sum distribution paid at any time. If the value of a terminated participant's vested interest is $7,000 or less, the participant's account value will be automatically distributed to the participant in a lump-sum amount. A required minimum distribution is made to certain participants that meet the necessary age requirement as defined by current rules and regulations, unless the participant elects to defer such distribution.

Plan termination - Although it has not expressed any intent to do so, the Firm has the right, under the plan document, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, participants will become 100% vested in their account balance. Upon plan termination, all assets would be used to pay administrative expenses, liquidation expenses and participant claims until all fund assets have been expended. The Firm would not be entitled to receive any assets or other distributions upon termination of the Plan.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market risk. Market risks include domestic and global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - Investments are stated at fair value (see Note 4) with the exception of common collective trusts, which are valued at net asset value as a practical expedient as reported by the sponsor of the fund; see below, and life insurance

policies, which are valued at cash surrender value, which approximates fair value; see below. All investment values have been determined and certified by Vanguard Fiduciary Trust Company, the Trustee of the Plan (see Note 3). Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The common collective trust ("CCT"), Vanguard Retirement Savings Trust III, is made up of various investment and security-backed contracts. The CCT is valued at net asset value ("NAV"), which serves as a practical expedient to estimate its fair value. The NAV of each common collective trust is not publicly quoted in the active markets and is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the CCT will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of any CCT, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no redemption restrictions or unfunded commitments as of December 31, 2025 and 2024. Investments measured at NAV per share used as a practical expedient are not required to be classified in the fair value hierarchy.

The Plan holds a life insurance policy issued by Security Mutual Life Insurance Company of New York. This policy is for the benefit of the participant insured and may be distributed or surrendered at the participant's direction. Premiums shall be paid first from policy dividends and other amounts in the participant's rollover account. If these sources are insufficient, premiums shall be paid from salary reduction contributions, subject to limits as established by the provisions of the plan document. Upon distribution of the participant's total vested account balance, the policy must also be converted to cash or distributed to the participant. This policy is fully allocated to the insured participant's rollover account, with the change in cash surrender value recorded as other income in the statements of changes in net assets available for benefits.

Economic dependency and concentration of credit risk - Approximately 95% and 85% annually of the Plan's investments were held and administered by The Vanguard Group, Inc. as of December 31, 2025 and 2024, respectively. Accordingly, the Plan is dependent upon the financial condition of this company.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Administrative costs, legal and accounting costs, are the obligation of the Plan; however, the Firm may pay for such expenses or reimburse the Plan for any payment of these expenses. Costs of managing the investments are paid directly out of the Plan's assets (see Note 6).

Subsequent events - Management has evaluated subsequent events through October 1, 2026, the date that the financial statements were available for issue.

Note 3 - Information certified by the Trustee of the Plan

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2025 and 2024, net appreciation in investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company, the Trustee of the Plan. Furthermore, the Plan's independent auditor did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4 - Fair value measurement

The Financial Accounting Standard Board's authoritative guidance on fair value measurements provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that a plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (i.e., Mutual Funds) - Valued at the closing price reported on the active market on which the individual security is traded (Level 1).

Life Insurance Policy - Valued at the cash surrender value of the individual policy, which approximates fair value (Level 2).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

The following tables set forth, by Level within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$235,348,949	$ -	$ -	$235,348,949
Life Insurance policy	-	317,382	-	317,382
Total assets at fair value	$235,348,949	$ 317,382	$ -	$235,666,331

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$202,484,961	$ -	$ -	$202,484,961
Life Insurance policy	-	302,091	-	302,091
Total assets at fair value	$202,484,961	$ 302,091	$ -	$202,787,052

Note 5 - Tax status of the Plan

The Internal Revenue Service has determined and informed the Firm that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and/or interest for the years ended December 31, 2025 and 2024. The Plan is no longer subject to regulatory examinations by tax authorities for the closed tax years before 2022.

Note 6 - Related party transactions

Certain plan investments are managed by The Vanguard Group, Inc. Fees paid for these services qualify as party-in-interest transactions and are included in the net appreciation in investments on the accompanying statements of changes in net assets available for benefits.

The Plan pays for certain expenses related to plan operations and investment advisory to various service providers, which are party-in-interest transactions under ERISA and are included in administrative expenses on the accompanying statements of changes in net assets available for benefits as follows: The Plan contracts with The Vanguard Group, Inc. to provide recordkeeping and third-party administrative services. Fees paid for these services amounted to $66,871 and $64,056 for the years ended December 31, 2025 and 2024, respectively. The Plan contracts with Alesco Advisors LLC to provide investment advisory services. Fees paid for these services amounted to $66,250 and $27,500 for the years ended December 31, 2025 and 2024, respectively. The Plan contracts with BPAS Actuarial & Pension Services to certain third-party administrative services. Fees paid for these services amounted to $4,661 and $4,300 for the years ended December 31, 2025 and 2024, respectively. The Plan contracts with Dannible & McKee, LLP to provide independent auditing services, which qualifies as party-in-interest transactions. Fees for these services were paid for by the Firm for the years ended December 31, 2025 and 2024.

Note 7 - Reconciliation of the financial statements to Form 5500

Form 5500 has certain investment balances, income and expense items that differ from amounts shown on the accompanying financial statements. These differences relate to classification and rounding only and have no effect on the net assets available for benefits as of December 31, 2025 and 2024, nor changes in net assets available for benefits for the years then ended.
