Independent Auditors' Report

To the Plan Administrator
Alacriant, Inc. 401(k) Plan
Streetsboro, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Alacriant, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet

our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Alacriant, Inc.
401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Alacriant, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement and the summary plan description for a more complete description of the Plan's provisions.

General

Alacriant, Inc. (the Plan Sponsor) established the Plan effective March 1, 2001. The Plan is a defined contribution plan that covers substantially all employees of the Plan Sponsor who have completed two months of service and have attained the age of eighteen. The Plan is subject to the provisions of ERISA.

Contributions

Each year participants may contribute up to 100% of their annual pre-tax compensation into the Plan, subject to the maximum amount allowed by the Internal Revenue Code (IRC). The Company also offers a Roth 401(k) option. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides for an automatic enrollment deferral percentage of 2% of compensation for newly eligible participants. The new participant may affirmatively elect a different percentage or elect not to make an elective deferral contribution.

The Plan Sponsor may contribute a discretionary matching percentage of each participant's eligible deferral contribution. The Plan Sponsor matched 100% of the participants' voluntary contributions up to 2% of compensation, which resulted in matching contributions of $106,847 for the year ended December 31, 2025.

The Plan Sponsor may also make other contributions to the Plan which are referred to as qualified matching contributions and qualified non-elective contributions. These contributions are totally discretionary, including the discretion to forego the contribution for one or more Plan years. The Plan Sponsor made no qualified matching contributions or non-elective contributions for the year ended December 31, 2025. All contributions are limited to the maximum allowed as a deduction under the IRC.

Vesting

A participant is fully vested immediately in elective wage deferrals and amounts rolled over from other qualified plans. Vesting for discretionary employer matching contributions is as follows:

Years of Service	Vesting %
0-2	0%
3 or more	100%

Participant Accounts

Each participant's account is credited with the participant's contribution including elective deferrals and rollover contributions and an allocation of the Plan Sponsor's contribution and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments of the Plan are fully participant-directed.

Notes Receivable from Participants

Participants are permitted to borrow from their vested interest of their individual account a maximum of $50,000 or the greater of 50% of their vested account balance, whichever is less. The notes are secured by the participant's vested account balance and are considered a direct investment from their account under the Plan and bear interest at rates ranging from 3.25% to 8.50% at December 31, 2025. These notes are generally payable in equal installments through payroll deductions and carry a reasonable interest rate based on a bank or other professional lender's rate charged for a loan under similar circumstances.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum distribution, a direct rollover distribution, or partial installment distributions to satisfy the required minimum distribution rules, equal to the value of the participants' vested interest in his or her account. The Plan Sponsor automatically cashes out participants who leave the company after the date of termination if the participants' account balance is $5,000 or less. A participant having a balance between $1,000 and $5,000 must elect to receive either a lump-sum distribution or a direct rollover distribution. A participant having less than a $1,000 balance must take a lump-sum distribution. Non-terminated employees who have reached age 59 ½ may make withdrawals of up to 100% of their vested account balance. Non-terminated employees may make withdrawals from their vested account balance as a hardship withdrawal. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Forfeited Accounts

Forfeitures which occur pursuant to the Plan may be used to restore amounts previously forfeited, reduce employer contributions, or to reduce administrative expenses. During the year ended December 31, 2025, $25,695 was transferred into the forfeiture account, $69 was earned on investments, and $24,831 was used to offset a portion of employer contributions. As of December 31, 2025, the Plan had $936 of forfeitures available. The Plan had no forfeitures available as of December 31, 2024.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates that affect reported amounts in the financial statements and accompanying notes. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make note repayments and the plan administrator considers the participant note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Certain investment management and other fees are paid directly by the Plan. Investment related expenses are included in appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 7, 2026, which is the date the financial statements were available to be issued.

3. Information Provided by the Custodians

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and investment income (loss) and benefit payments for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company and Principal Life Insurance Company, the custodians.

4. Fair Value Measurements

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs include quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

***Registered investment companies*:** Valued at the closing price reported on the active market on which the individual securities are traded.

***Pooled separate accounts*:** Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common/collective trusts: Valued at the daily NAV of units of a collective trust. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets in the following tables, set forth by level within the fair value hierarchy, are as follows:

December 31, 2025:	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments, at fair value:				
Registered investment companies	$ 4,383,493	$ -	$ -	$ 4,383,493
Pooled separate account - at NAV				839
Common/collective trust - at NAV				50,913
Total investments at fair value				$ 4,435,245

December 31, 2024:	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Registered investment companies	$ 3,741,477	$ -	$ -	$ 3,741,477
Pooled separate accounts - at NAV				163
Common/collective trusts - at NAV				58,491
Total investments at fair value				$ 3,800,131

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of:

December 31, 2025:	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice
Pooled separate account*	$ 839	$ -	Daily	1 day
Common/collective trust*	50,913	-	Daily	1 day
	$ 51,752	$ -		

December 31, 2024:	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice
Pooled separate accounts*	$ 163	$ -	Daily	1 day
Common/collective trusts*	58,491	-	Daily	1 day
	$ 58,654	$ -		

* Investment strategy for these investments, valued using NAV per share, is not being presented since it is a fund that files a Form 5500 as a direct filing entity (DFE).

5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Sponsor to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Transactions with Parties in Interest

Principal Trust Company and Principal Life Insurance Company are the custodians of the Plan and hold all of the Plan's investments. Principal Trust Company and Principal Life Insurance Company are parties in interest of the Plan as defined by ERISA Section 3(14), and accordingly investment transactions in the funds are parties in interest transactions. Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are absorbed by the Plan Sponsor. Other than as described above or pursuant to a trust agreement, the Plan has no agreements or transactions with any parties in interest.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
