Probity Inc. 401(k) Profit Sharing Plan
Herndon, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Probity Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the years then ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

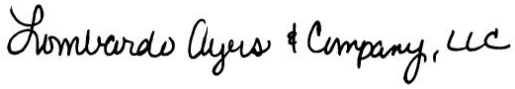

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – PLAN DESCRIPTION

Plan Description

The following description of the Probity, Inc 401(k) Profit Sharing Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan Agreement, as amended and restated, for a more complete description of the Plan's provisions.

General

The Plan was established on March 27, 2011 and was most recently amended and restated effective March 31, 2021, which resulted in no material changes to the Plan. The Plan is a defined-contribution plan and profit-sharing plan sponsored by Probity, Inc. (the "Company" or "Plan Sponsor") covering substantially all employees of the Plan Sponsor. The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Eligible employees will enter the Plan on the date they are hired. Participants may make salary deferral contributions from their compensation up to 100% each pay period, up to a maximum of $23,500 for the year ended December 31, 2025. In addition, participants between 50-59 and 64 years of age or older may elect to make catch-up contributions up to $7,500, and those between 60-63 years of age may elect to make "Super Catch-up" contributions up to $11,250, for the year ended December 31, 2025. Distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Employer Contributions

The Company shall make a safe harbor non-elective contribution equal to 3% of each employee's compensation. For the year ended December 31, 2025, the Company made safe harbor contributions of $931,092. The Company may also make discretionary profit-sharing contributions in an amount to be determined each year. For the year ended December 31, 2025, the Plan Sponsor contributed $2,476,677 in discretionary contributions.

Participant Accounts

Individual accounts are maintained for each participant and include participant salary deferral contributions, rollover contributions and distributions, plus an allocation of the Plan Sponsor's safe harbor contributions and profit-sharing contributions, Plan earnings (losses), including realized and unrealized gains and losses on investments, and Plan expenses. Allocations are based on participant earnings or account balances, as defined.

NOTE 1 – PLAN DESCRIPTION (Continued)

Vesting

Participants are immediately vested in their salary deferral contributions, including Roth 401(k) deferrals and catch-up contributions, safe harbor contributions, employer profit-sharing contributions, and rollover contributions, plus actual earnings (losses) thereon. A participant also becomes 100% vested upon death, becoming disabled, or reaching retirement age, as defined by the Plan.

Investment Options

Participants may direct Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Trustees") as to the investment of their account balances into various investment options offered by the Plan. The Plan currently offers various annuities and guaranteed portfolio funds as investment options for participants. Participants may change their investment directions at any time, subject to such restrictions and procedures as established by the recordkeeper, Plan, and the Company.

Notes Receivable from Participants

Participants may borrow not less than $1,000 from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes must be repaid within five years unless it is for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate, as determined by the Plan administrator. At December 31, 2025, the interest rates on notes receivable were between 5.25% and 10.50%. Principal and interest are paid ratably through payroll deductions.

The Plan evaluates notes receivable from participants for collectability based on the terms of the Plan document and applicable regulations. Participant notes are secured by the participants' vested account balances. Delinquent participant notes are reclassified as deemed distributions in accordance with the terms of the Plan document and applicable regulatory guidance. Accordingly, no allowance for credit losses was recorded as of December 31, 2025 or 2024.

Payment of Benefits

The Plan allows for distributions upon termination of service, death, disability, attainment of age 59½, or in certain hardship situations while actively employed. A participant may elect to receive a lump sum payment or installment payments, rollover the value of their account into another qualified plan, or a combination. If the vested account balance payable to an individual does not exceed $7,000 upon termination, there will be an automatic cash-out, or required rollover. Hardship withdrawals are subject to IRC restrictions and penalties.

NOTE 1 – PLAN DESCRIPTION (Continued)

Plan Administrative Cost

The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid either directly by the Plan Sponsor or from participant's accounts. The Plan paid $141,392 of administrative expenses for the year ended December 31, 2025.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments (other than fully benefit-responsive investments) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit-responsive investments are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned. Net change in fair value includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. See Note 8 for discussion of fair value measurements.

Benefits Payable

Net assets available for benefits include amounts allocated to individuals who have withdrawn from participation in the Plan but have not yet been paid of $2,368,959 and $1,985,405 as of December 31, 2025 and 2024, respectively. Benefit payments are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

In accordance with ASC Topic 326, Financial Instruments—Credit Losses, the Plan evaluates financial assets measured at amortized cost for expected credit losses. The Plan considers historical loss experience, current conditions, and reasonable and supportable forecasts, as applicable, in estimating expected credit losses over the contractual term of the financial assets. At December 31, 2025 and 2024, no allowance for credit losses was considered necessary.

Subsequent Events

Events that occurred subsequent to December 31, 2025 have been evaluated by the Plan's management for potential recognition or disclosure in the financial statements through the date of the independent auditor's report, which is the date the financial statements were available to be issued. The Plan did not have any material recognizable subsequent events during this period. Management has determined no events occurred that would require recognition.

NOTE 3 – TAX STATUS

The Plan is qualified pursuant to Section 401(a) of the Internal Revenue Code and, accordingly, the net investment income is exempt from income taxes. The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving its latest determination letter. However, the plan administrator and the plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Management evaluated the Plan's tax positions and concluded that the Plan had taken no uncertain tax positions that require recognition or disclosure in the financial statements

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the participants will become fully vested in their accounts.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY QUALIFIED INSTITUTION (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees of the Plan, have certified the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value, and investment at contract value as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments and interest and dividend income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared, and certified to as complete, and accurate, by the custodian:

	2025	2024
Investments, at fair value	$ 58,915,539	$ 49,185,518
Investments, at contract value	1,121,736	957,887
	$ 60,037,275	$ 50,143,405
Investment income	$ 8,940,064	$ 6,649,229

NOTE 6 – EXCESS PARTICIPANT CONTRIBUTIONS

During the years ended December 31, 2025 and 2024 the Plan identified excess contributions that were made by participants during the plan year. Corrective distributions, including allocable earnings, totaled $1,030 and $7,217, for the years ended December 31, 2025 and 2024, respectively. The corrective distributions are also reported separately on Form 5500, Schedule H, Line 2f, in accordance with Department of Labor (DOL) instructions. No material impact to the Plan's net assets resulted from these distributions, and no reconciliation adjustment was deemed necessary.

At December 31, 2025 and 2024, the Plan had no accrued payables for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service. If applicable, excess contributions outstanding at year-end will be repaid to the respective participants in the subsequent period.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares or units of funds managed by Principal Life Insurance Company or Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. These entities are parties-in-interest to the Plan; therefore, these transactions qualify as party-in interest transactions. Such transactions are exempt from the prohibited transaction rules under applicable statutory or administrative exemptions. Fees paid by the Plan totaled $141,392 for the year ended December 31, 2025. Notes receivable from participants also qualify as party-in interest transactions.

NOTE 8 – FAIR VALUE MEASUREMENTS

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standard Codification ("ASC") 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025.

Mutual Funds

Mutual funds are valued at quoted market prices in active markets, which represent the net asset value of shares held by the Plan at year-end.

Common / Collective Trusts ("CCT")

CCTs are generally pooled investment vehicles maintained by banks or trust companies and are valued using net asset value ("NAV") as a practical expedient to estimating fair value provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is not a publicly-quoted price in an active market. The investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. Pursuant to Accounting Standards Codification 820, Fair Value Measurement, the CCTs have not been classified under the fair value hierarchy.

Fixed Income Guaranteed Option

Principal fixed income guaranteed option ("PFIGO") is a single group annuity contract with a fixed rate of interest. The PFIGO is a fully benefit-responsive annuity contract issued by Principal Life Insurance Company. The guaranteed minimum interest rate is 1.00%. Under the terms of the existing contract, the composite crediting rate is currently reset on a semiannual basis and will never be less than the guaranteed minimum interest rate.

Average yield earned by the Plan is calculated by dividing the annualized earnings of all fully benefit-responsive investment contracts by the fair value of all fully benefit-responsive investment contracts. The average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

The interest rate history for the contract is as follows:

Time Period	Rate
December 1, 2023 - May 31, 2024	1.55%
June 1, 2024 - November 30, 2024	1.55%
December 1, 2024 - May 31, 2025	1.55%
June 1, 2025 - November 30, 2025	1.65%
December 1, 2025 - May 31, 2026	2.15%

The investment is valued at contract value, which is the amount participants would receive if they were to withdraw or transfer funds prior to maturity. This does not include a 5% surrender charge which would be imposed if the Plan decided to terminate this investment contract. Certain events limit the ability of the Plan to transact at contract value with the issuer such as the termination of a Plan's interest or termination of the Plan; however, the Plan Sponsor does not believe any of these events are probable.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Uncategorized	Total
Assets:					
Mutual funds	$ 28,951,464	$ -	$ -	$ -	$ 28,951,464
Common / collective trusts measured at NAV (a)	-	-	-	29,964,075	29,964,075
Total Investments, at fair value	$ 28,951,464	$ -	$ -	$ 29,964,075	$ 58,915,539

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Uncategorized	Total
Assets:					
Mutual funds	$ 22,913,742	$ -	$ -	$ -	$ 22,913,742
Common / collective trusts measured at NAV (a)	-	-	-	26,271,776	26,271,776
Total investments, at fair value	$ 22,913,742	$ -	$ -	$ 26,271,776	$ 49,185,518

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There were no unfunded commitments to the Plan. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	Fair Value			
	2025	2024	Redemption Frequency	Redemption Notice Period
Common / collective trusts	$ 29,964,075	$ 26,271,776	Daily	30 days
Total	$ 29,964,075	$ 26,271,776		

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As of December 31, 2025 and 2024 there are no reconciling items of net assets available for plan benefits per the financial statements to Schedule H of Form 5500.

There are no reconciling items of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2025.

NOTE 10 – DEEMED DISTRIBUTIONS OF PARTICIPANT LOANS

During the year ended December 31, 2025, certain participant loans totaling $63,566 were deemed distributed in accordance with the terms of the Plan and applicable Internal Revenue Service regulations. A deemed distribution occurs when a participant fails to satisfy the repayment requirements of a participant loan. Upon default, the outstanding loan balance is treated as a taxable distribution to the participant for tax reporting purposes; however, the Plan does not distribute cash or other assets at the time of the deemed distribution.

NOTE 10 – DEEMED DISTRIBUTIONS OF PARTICIPANT LOANS (Continued)

Accordingly, the deemed distributions were reported as deductions from net assets available for benefits in the accompanying statement of changes in net assets available for benefits. The associated participant loan balances were removed from notes receivable from participants upon classification as deemed distributions.

Probity Inc. 401(k) Profit Sharing Plan
Herndon, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Probity Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the years then ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

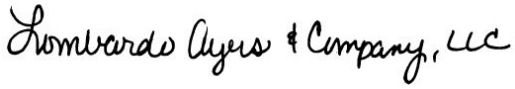

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – PLAN DESCRIPTION

Plan Description

The following description of the Probity, Inc 401(k) Profit Sharing Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan Agreement, as amended and restated, for a more complete description of the Plan's provisions.

General

The Plan was established on March 27, 2011 and was most recently amended and restated effective March 31, 2021, which resulted in no material changes to the Plan. The Plan is a defined-contribution plan and profit-sharing plan sponsored by Probity, Inc. (the "Company" or "Plan Sponsor") covering substantially all employees of the Plan Sponsor. The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Eligible employees will enter the Plan on the date they are hired. Participants may make salary deferral contributions from their compensation up to 100% each pay period, up to a maximum of $23,500 for the year ended December 31, 2025. In addition, participants between 50-59 and 64 years of age or older may elect to make catch-up contributions up to $7,500, and those between 60-63 years of age may elect to make "Super Catch-up" contributions up to $11,250, for the year ended December 31, 2025. Distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Employer Contributions

The Company shall make a safe harbor non-elective contribution equal to 3% of each employee's compensation. For the year ended December 31, 2025, the Company made safe harbor contributions of $931,092. The Company may also make discretionary profit-sharing contributions in an amount to be determined each year. For the year ended December 31, 2025, the Plan Sponsor contributed $2,476,677 in discretionary contributions.

Participant Accounts

Individual accounts are maintained for each participant and include participant salary deferral contributions, rollover contributions and distributions, plus an allocation of the Plan Sponsor's safe harbor contributions and profit-sharing contributions, Plan earnings (losses), including realized and unrealized gains and losses on investments, and Plan expenses. Allocations are based on participant earnings or account balances, as defined.

NOTE 1 – PLAN DESCRIPTION (Continued)

Vesting

Participants are immediately vested in their salary deferral contributions, including Roth 401(k) deferrals and catch-up contributions, safe harbor contributions, employer profit-sharing contributions, and rollover contributions, plus actual earnings (losses) thereon. A participant also becomes 100% vested upon death, becoming disabled, or reaching retirement age, as defined by the Plan.

Investment Options

Participants may direct Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Trustees") as to the investment of their account balances into various investment options offered by the Plan. The Plan currently offers various annuities and guaranteed portfolio funds as investment options for participants. Participants may change their investment directions at any time, subject to such restrictions and procedures as established by the recordkeeper, Plan, and the Company.

Notes Receivable from Participants

Participants may borrow not less than $1,000 from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes must be repaid within five years unless it is for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate, as determined by the Plan administrator. At December 31, 2025, the interest rates on notes receivable were between 5.25% and 10.50%. Principal and interest are paid ratably through payroll deductions.

The Plan evaluates notes receivable from participants for collectability based on the terms of the Plan document and applicable regulations. Participant notes are secured by the participants' vested account balances. Delinquent participant notes are reclassified as deemed distributions in accordance with the terms of the Plan document and applicable regulatory guidance. Accordingly, no allowance for credit losses was recorded as of December 31, 2025 or 2024.

Payment of Benefits

The Plan allows for distributions upon termination of service, death, disability, attainment of age 59½, or in certain hardship situations while actively employed. A participant may elect to receive a lump sum payment or installment payments, rollover the value of their account into another qualified plan, or a combination. If the vested account balance payable to an individual does not exceed $7,000 upon termination, there will be an automatic cash-out, or required rollover. Hardship withdrawals are subject to IRC restrictions and penalties.

NOTE 1 – PLAN DESCRIPTION (Continued)

Plan Administrative Cost

The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid either directly by the Plan Sponsor or from participant's accounts. The Plan paid $141,392 of administrative expenses for the year ended December 31, 2025.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments (other than fully benefit-responsive investments) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit-responsive investments are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned. Net change in fair value includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. See Note 8 for discussion of fair value measurements.

Benefits Payable

Net assets available for benefits include amounts allocated to individuals who have withdrawn from participation in the Plan but have not yet been paid of $2,368,959 and $1,985,405 as of December 31, 2025 and 2024, respectively. Benefit payments are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

In accordance with ASC Topic 326, Financial Instruments—Credit Losses, the Plan evaluates financial assets measured at amortized cost for expected credit losses. The Plan considers historical loss experience, current conditions, and reasonable and supportable forecasts, as applicable, in estimating expected credit losses over the contractual term of the financial assets. At December 31, 2025 and 2024, no allowance for credit losses was considered necessary.

Subsequent Events

Events that occurred subsequent to December 31, 2025 have been evaluated by the Plan's management for potential recognition or disclosure in the financial statements through the date of the independent auditor's report, which is the date the financial statements were available to be issued. The Plan did not have any material recognizable subsequent events during this period. Management has determined no events occurred that would require recognition.

NOTE 3 – TAX STATUS

The Plan is qualified pursuant to Section 401(a) of the Internal Revenue Code and, accordingly, the net investment income is exempt from income taxes. The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving its latest determination letter. However, the plan administrator and the plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Management evaluated the Plan's tax positions and concluded that the Plan had taken no uncertain tax positions that require recognition or disclosure in the financial statements

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the participants will become fully vested in their accounts.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY QUALIFIED INSTITUTION (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees of the Plan, have certified the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

- Investments, at fair value, and investment at contract value as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments and interest and dividend income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared, and certified to as complete, and accurate, by the custodian:

	2025	2024
Investments, at fair value	$ 58,915,539	$ 49,185,518
Investments, at contract value	1,121,736	957,887
	$ 60,037,275	$ 50,143,405
Investment income	$ 8,940,064	$ 6,649,229

NOTE 6 – EXCESS PARTICIPANT CONTRIBUTIONS

During the years ended December 31, 2025 and 2024 the Plan identified excess contributions that were made by participants during the plan year. Corrective distributions, including allocable earnings, totaled $1,030 and $7,217, for the years ended December 31, 2025 and 2024, respectively. The corrective distributions are also reported separately on Form 5500, Schedule H, Line 2f, in accordance with Department of Labor (DOL) instructions. No material impact to the Plan's net assets resulted from these distributions, and no reconciliation adjustment was deemed necessary.

At December 31, 2025 and 2024, the Plan had no accrued payables for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service. If applicable, excess contributions outstanding at year-end will be repaid to the respective participants in the subsequent period.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares or units of funds managed by Principal Life Insurance Company or Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. These entities are parties-in-interest to the Plan; therefore, these transactions qualify as party-in interest transactions. Such transactions are exempt from the prohibited transaction rules under applicable statutory or administrative exemptions. Fees paid by the Plan totaled $141,392 for the year ended December 31, 2025. Notes receivable from participants also qualify as party-in interest transactions.

NOTE 8 – FAIR VALUE MEASUREMENTS

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standard Codification ("ASC") 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025.

Mutual Funds

Mutual funds are valued at quoted market prices in active markets, which represent the net asset value of shares held by the Plan at year-end.

Common / Collective Trusts ("CCT")

CCTs are generally pooled investment vehicles maintained by banks or trust companies and are valued using net asset value ("NAV") as a practical expedient to estimating fair value provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is not a publicly-quoted price in an active market. The investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. Pursuant to Accounting Standards Codification 820, Fair Value Measurement, the CCTs have not been classified under the fair value hierarchy.

Fixed Income Guaranteed Option

Principal fixed income guaranteed option ("PFIGO") is a single group annuity contract with a fixed rate of interest. The PFIGO is a fully benefit-responsive annuity contract issued by Principal Life Insurance Company. The guaranteed minimum interest rate is 1.00%. Under the terms of the existing contract, the composite crediting rate is currently reset on a semiannual basis and will never be less than the guaranteed minimum interest rate.

Average yield earned by the Plan is calculated by dividing the annualized earnings of all fully benefit-responsive investment contracts by the fair value of all fully benefit-responsive investment contracts. The average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

The interest rate history for the contract is as follows:

Time Period	Rate
December 1, 2023 - May 31, 2024	1.55%
June 1, 2024 - November 30, 2024	1.55%
December 1, 2024 - May 31, 2025	1.55%
June 1, 2025 - November 30, 2025	1.65%
December 1, 2025 - May 31, 2026	2.15%

The investment is valued at contract value, which is the amount participants would receive if they were to withdraw or transfer funds prior to maturity. This does not include a 5% surrender charge which would be imposed if the Plan decided to terminate this investment contract. Certain events limit the ability of the Plan to transact at contract value with the issuer such as the termination of a Plan's interest or termination of the Plan; however, the Plan Sponsor does not believe any of these events are probable.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Uncategorized	Total
Assets:					
Mutual funds	$ 28,951,464	$ -	$ -	$ -	$ 28,951,464
Common / collective trusts measured at NAV (a)	-	-	-	29,964,075	29,964,075
Total Investments, at fair value	$ 28,951,464	$ -	$ -	$ 29,964,075	$ 58,915,539

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Uncategorized	Total
Assets:					
Mutual funds	$ 22,913,742	$ -	$ -	$ -	$ 22,913,742
Common / collective trusts measured at NAV (a)	-	-	-	26,271,776	26,271,776
Total investments, at fair value	$ 22,913,742	$ -	$ -	$ 26,271,776	$ 49,185,518

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There were no unfunded commitments to the Plan. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	Fair Value			
	2025	2024	Redemption Frequency	Redemption Notice Period
Common / collective trusts	$ 29,964,075	$ 26,271,776	Daily	30 days
Total	$ 29,964,075	$ 26,271,776		

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As of December 31, 2025 and 2024 there are no reconciling items of net assets available for plan benefits per the financial statements to Schedule H of Form 5500.

There are no reconciling items of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2025.

NOTE 10 – DEEMED DISTRIBUTIONS OF PARTICIPANT LOANS

During the year ended December 31, 2025, certain participant loans totaling $63,566 were deemed distributed in accordance with the terms of the Plan and applicable Internal Revenue Service regulations. A deemed distribution occurs when a participant fails to satisfy the repayment requirements of a participant loan. Upon default, the outstanding loan balance is treated as a taxable distribution to the participant for tax reporting purposes; however, the Plan does not distribute cash or other assets at the time of the deemed distribution.

NOTE 10 – DEEMED DISTRIBUTIONS OF PARTICIPANT LOANS (Continued)

Accordingly, the deemed distributions were reported as deductions from net assets available for benefits in the accompanying statement of changes in net assets available for benefits. The associated participant loan balances were removed from notes receivable from participants upon classification as deemed distributions.
