Independent Auditors' Report

To the Participants and Administrator of
American Cancer Society Cancer Action Network, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of American Cancer Society Cancer Action Network, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

As of December 31, 2025 and 2024 and For the Year Ended December 31, 2025

NOTE A - DESCRIPTION OF THE PLAN

The following description of the American Cancer Society Cancer Action Network, Inc. 401(k) Plan (the Plan) provides only general information. For further description of the Plan, reference should be made to the Plan document.

1. General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA) as amended. The Plan covers all employees of the American Cancer Society Cancer Action Network, Inc. (ACS CAN or the Plan Sponsor) who are employed in eligible employment categories covered by the Plan as defined in the Plan document.

2. Eligibility

All active regular and temporary employees of ACS CAN who provide 1,000 hours of service or more during a 12 consecutive month period are eligible to participate in the Plan immediately upon hire. Effective January 1, 2025, the Plan was amended to allow long-term part-time employees to participate in the salary deferral feature and receive a discretionary matching contribution if they work at least 500 hours in two consecutive 12-month periods.

3. Plan Administration

ACS CAN, as Plan administrator, has appointed Transamerica Retirement Solutions (Transamerica) to provide recordkeeping and other administrative services for the Plan effective January 1, 2009. State Street Bank and Trust Company (State Street) and Transamerica Life Insurance Company (TLIC) (collectively the custodians) are the custodians of all Plan assets.

4. Contributions

Participants may contribute up to 100% of their compensation on a pre-tax basis to the Plan, subject to certain regulatory limitations. A participant may also elect to defer a portion of his or her compensation as Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Employees hired or who otherwise first become eligible to participate in the Plan on or after January 1, 2017, are deemed to have elected to become participants and to have 6% of his or her compensation deferred as an automatic enrollment in the Plan. Such automatic salary deferrals shall be made as soon as administratively feasible once eligibility requirements have been satisfied.

ACS CAN makes discretionary matching contributions to the Plan. In 2025, ACS CAN made a discretionary matching contribution equal to 100% of the first 4% plus 50% of the next 4% of compensation contributed by each participant. Effective January 1, 2023, the Plan was amended to add a true-up on its discretionary matching contribution. The true-up for the year ended December 31, 2025 totaled $34,947. The Plan also allows for ACS CAN to make a discretionary nonelective contribution to the Plan. There was no nonelective contribution made for the year ended December 31, 2025. Contributions are subject to certain limitations.

5. Participant Accounts

Participant accounts may be invested in one or more of the investment funds available under the Plan at the direction of the participant. Each participant's account is credited with (a) participant contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings, and charged with (a) withdrawals, (b) an allocation of investment losses and (c) an allocation of Plan expenses.

6. Vesting and Unallocated Accounts

Participants vest immediately in their contributions, rollovers and related earnings thereon. Participants vest 100% in the employer contributions and related earnings thereon upon completing three years of vesting service as defined in the Plan document.

Forfeited non-vested employer contributions and related earnings may be used to reduce employer matching contributions or may be used to pay administrative expenses of the Plan. Unused forfeitures totaled $10,009 and $4,138 as of December 31, 2025 and 2024, respectively. During 2025, the Plan administrator used forfeitures of $48,681 to reduce employer matching contributions.

The Plan holds an Expense Budget Account (EBA) which is credited by Transamerica with the return of certain excess revenue generated by certain investments. The EBA may be used to pay reasonable Plan expenses or be allocated to participants. As of December 31, 2025 and 2024, the Plan had $1,619 and $3,573 in the EBA, respectively. The Plan Sponsor paid administrative expenses to Transamerica totaling $6,568 from the EBA during the year ended December 31, 2025.

7. Benefit Payments

Upon termination of service due to death or retirement, a participant or beneficiary will receive an amount equal to the value of the vested interest in the participant's account. Participants may request in-service withdrawals if they are at least age 59½ or have an immediate financial hardship. Participants receive payments in the form of lump sums or annuities.

8. Notes Receivable from Participants

Participants may borrow from their vested fund accounts an amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates at the date of issuance, as determined quarterly by ACS CAN. Principal and interest are paid ratably through payroll deductions. Participants are allowed to have one outstanding loan at any time. The maximum term of repayment for a loan is five years, except if the loan is used for the purchase of a principal residence, then the term may be extended to ten years.

9. Investment Options

Participants may direct their contributions and any related earnings into a number of available investment options that vary in degree of risk and investment objective. Participants may change their investment options daily. The Plan administrator may change the investment options available to participants at any time, subject to review by the Plan's Fiduciary Committee.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of the guaranteed investment contract, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a description of fair value measurements.

Contract value is the relevant measurement attribute for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, plus interest at the contract rate, less funds used to pay participants' benefits. The guaranteed investment contract held by the Plan is fully benefit-responsive; therefore, contract value reporting is required.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Benefit Payments

Benefits are recorded when paid.

5. Administrative Expenses

Administrative expenses are paid by the Plan as permitted by the Plan's provisions. All other expenses are paid by ACS CAN.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

8. Subsequent Events

Effective May 1, 2026, Empower Trust Company and Empower Annuity Insurance Company of America were appointed as the custodians of the Plan.

Management has evaluated subsequent events through September 29, 2026, which is the date the financial statements were available to be issued and has determined that there are no additional subsequent events that require disclosure under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events.*

NOTE C - FAIR VALUE MEASUREMENTS

The guidance for fair value measurements establishes the authoritative definition for fair value, sets out a framework for measuring fair value and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: valued at the market value of the shares held by the Plan at year-end.

The valuation methodology described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2025 and 2024:

December 31, 2025	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	$ 44,546,775	$ -	$ -	$ 44,546,775
Total investments, at fair value	$ 44,546,775	$ -	$ -	$ 44,546,775

December 31, 2024	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	$ 37,048,840	$ -	$ -	$ 37,048,840
Total investments, at fair value	$ 37,048,840	$ -	$ -	$ 37,048,840

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Levels 1, 2 or 3.

NOTE D - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan offers a stable value investment option issued by TLIC for its general accounts that simulates the performance of a guaranteed investment contract and is measured at contract value. TLIC maintains the cash contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include (1) transfers of assets from the fund into a competing investment option and (2) when total distributions and transfers in the fund exceed certain levels. The Plan administrator does not believe that the occurrence of any event limiting the Plan's ability to transact at contract value with participants is probable.

NOTE E - INFORMATION CERTIFIED BY PLAN CUSTODIANS

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodians of the Plan.

NOTE F - TERMINATION OF THE PLAN

Although it has not expressed any intention to do so, ACS CAN has the right to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants become fully vested in their account balances.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments include a fixed annuity contract and mutual funds managed by the custodians. Therefore, transactions in these investments qualify as party-in-interest transactions. The Plan paid administrative fees to Transamerica indirectly through the EBA for recordkeeping services. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments.

NOTE H - TAX STATUS

The Plan has adopted a volume submitter plan sponsored by Transamerica. The volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020, indicating that the volume submitter adopted by the Plan, as then designed, was in compliance with the applicable regulations of the Internal Revenue Code (the IRC). Although the Plan has been amended since adopting the volume submitter plan, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
