Independent Auditor's Report

To the Plan Administrator, Trustees and Participants
Sid Harvey Industries' 401(k) Savings and Profit Sharing Plan
Garden City, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sid Harvey Industries' 401(k) Savings and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Sid Harvey Industries' 401(k) Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan established September 1, 1992, by Sid Harvey Industries, Inc. (the "Company", "Employer", or "Plan Sponsor") to provide benefits to all eligible employees as defined in the Plan. Employees who complete 60 days of eligible service and are age 18 or older are eligible for the 401(k) feature. Eligible employees who complete 60 days of eligible service are automatically enrolled in the Plan with a 4% deferral, unless they elect not to participate. Employees are eligible to receive profit-sharing contributions after completing 6 months of continuous employment, 1,000 hours worked and are employed on the last day of the Plan year. The Employer has the right to amend the Plan at any time. Assets of the Plan are held by a trust established under the Plan. T. Rowe Price Retirement Plan Services ("T. Rowe" or the "Custodian") is the Plan's Custodian. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has appointed the Administrative Committee to oversee the operation and administration of the Plan. T. Rowe serves as the Plan's asset Custodian and an affiliate of T. Rowe provides record-keeping services and manages participant accounts and participant related transactions.

Contributions

Each year, participants may contribute up to 25% of pre-tax annual compensation as defined in the Plan. In addition, participants 50 years of age or older may make certain catch-up contributions. Participants may also elect to contribute to the "after tax" Roth 401(k) Deferral Contribution. Except, with respect to the application of income taxes to Roth Deferral Contributions, Roth Deferral Contributions are subject to the same rules applicable to "pre-tax" deferral contributions. During 2025 the maximum annual 401(k) pre-tax contribution limit was $23,500, and the maximum annual catch-up contribution for participants aged 50 and older was $7,500. Additionally, during 2025 participants between the ages of 60 and 63 may make catch-up contributions of up to $11,250 for a total deferral limit of $34,750.

The Plan provides for the Employer to match 25% of each participant's contribution but the match will not exceed 4% of the participant's compensation and totaled $324,993 for the year ended December 31, 2025. In addition, the Employer may make discretionary contributions to the Plan to ensure compliance with ERISA requirements. Such contributions are called Qualified Non-Elective Contributions ("QNECs"). There were $266 of QNECs related to the year ended December 31, 2025. At December 31, 2025 and 2024, the QNEC receivable was $266, and $-0-, respectively. In addition to the Employer Matching Contributions and any QNECs contributions, the Employer may make a Profit-Sharing Contribution. The Employer's Profit-Sharing Contribution will be allocated to each eligible participant's profit-sharing account in proportion to the ratio which their plan year eligible compensation bears to the total plan year compensation of all eligible participants. The profit-sharing contribution for December 31, 2025, totaled $1,221,959. Forfeitures totaling $323,787 were used to reduce employer matching and profit share contributions for the year then ended December 31, 2025.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's Contribution and Matching Company Contribution, Profit Sharing Contributions, and an allocation of QNECs (if any). Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their Contributions and any QNECs plus actual earnings thereon. Vesting in the Matching Company Contribution portion of their accounts plus actual earnings thereon is based on years of vesting service (1,000 hours of service during the Plan year), as follows:

Years of Service	Vesting %
Less than 2	0
2	25
3	50
4	75
5 or more	100

Vesting in the Company's Profit Sharing Contribution plus actual earnings thereon is based on years of vesting service (1,000 hours of service during the Plan year), as follows:

Years of Service	Vesting %
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

Investment Options

Upon enrollment in the Plan, participants may direct employee and employer contributions in various investment options made available by the Employer and managed by the Custodian. Investment options may be changed daily and are subject to the Custodian's policies relating to excessive trading.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their vested fund account balance provided the participant submits positive evidence of severe hardship to the Plan Administrator. Effective April 1, 2015 the minimum loan may not be less than $1,000, and cannot exceed the lesser of (a) $50,000 or 50% of the value of their vested account balance. The maximum payment term allowed for loans will be five years with the interest rate fixed at the prevailing prime rate (6.75% and 7.50% at December 31, 2025 and 2024, respectively) plus 2% at the time of the approval of the loan. However, if the loan qualifies as a "Primary Residence" loan, the term may be longer than 5 years. The term of repayment of a "Primary Residence" loan may not be greater than 15 years. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions. Loans mature at various dates through September 2040. Participants may only have one outstanding Plan loan at any time. Notes receivable from participants are valued at the outstanding loan balance which approximates fair value.

Hardship Withdrawals and In-Service Withdrawals

A participant may receive a distribution on account of hardship from all of their accounts that are fully 100% vested. Participants must submit evidence of severe hardship as defined in the Plan to the Plan Administrator for approval of hardship withdrawals. The Plan Administrator may establish uniform procedures that include, but are not limited to, prescribing limitations on the frequency and minimum amount of in-service withdrawals. All distributions will be made in the form of a single sum as soon as practicable following the valuation date as of which such withdrawal is made. Such distributions will be paid in cash or in kind. Only employees are eligible to receive in-service distributions.

Forfeited Accounts

Forfeited nonvested profit sharing amounts are allocated to participants in the same manner as profit sharing contributions, whereas, forfeited nonvested matching amounts are used to reduce future Employer matching contributions. At December 31, 2025 and 2024, forfeited accounts totaled $222,147 and $74,469, respectively. During the year ended December 31, 2025 and 2024, unallocated forfeited nonvested amounts of $221,959 and $50,065, respectively, were available to reduce Employer matching contributions. The majority of the December 31, 2025 and 2024 amounts are from profit sharing accounts and will be allocated to participants as a profit sharing forfeiture.

Benefit Payments

Upon termination of service due to death, disability or retirement, as defined in the Plan, a participant is entitled to a fully vested lump sum payment of their account balance. For termination of service due to other reasons, a participant is entitled to the value of the vested interest in the respective account as a lump-sum distribution. As of December 31, 2025, all employees who elected to withdraw from the Plan had been paid.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Administrative expenses not paid by the Plan are paid by the Employer.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All Plan investments are held by the Custodian. Mutual funds are stated at fair market value as determined by quoted market prices. The common collective trust's fair value is determined using the Net Asset Value ("NAV") provided by the Plan Administrator of the fund under the practical expedient approach (See Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as components of net appreciation or depreciation in fair market value of investments for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deemed Distributions

Employee loans are repaid via payroll reductions. Upon termination of employment any remaining unpaid loan balance is considered a deemed distribution. There were no deemed distributions for the year ended December 31, 2025.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available to be issued, October 6, 2026.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA for the 2025 Plan Year. Accordingly, T. Rowe Price, the Trustee of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025;
- Net appreciation in the fair value of investments, dividend income, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments that use the practical expedient are not classified within the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the quoted market prices of share or units held by the Plan. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at quoted market prices of shares held by the Plan.

Stable value common collective trust: Valued using the NAV provided by T. Rowe Price. The fund is designed to deliver safety and stability by preserving principal and accumulating earnings. The fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant directed redemptions have no restrictions; however, the Plan is required to provide a one year redemption notice to liquidate its entire share in the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets required to be measured at fair value on a recurring basis:

As of December 31, 2025:	Level 1	Total
Mutual funds	**$ 49,556,821**	**$ 49,556,821**
Money market funds	**283,760**	**283,760**
Total assets in the fair value hierarchy	**$ 49,840,581**	
Investments measured at NAV practical expedient (1)		**3,479,633**
Investments at fair value		**$ 53,320,214**

As of December 31, 2024:	Level 1	Total
Mutual funds	$ 43,342,574	$ 43,342,574
Money market funds	133,986	133,986
Total assets in the fair value hierarchy	$ 43,476,560	
Investments measured at NAV practical expedient (1)		3,898,702
Investments at fair value		$ 47,375,262

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

(1) In accordance with FASB Accounting Standards Codification ("ASC") Subtopic 820-10 "Fair Value Measurements," certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurements of investments in certain entities that calculate NAV per share (or its equivalent):

As of December 31, 2025:	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type:				
Stable value common collective trust	**$ 3,479,633**	**$ -**	Daily	Daily

As of December 31, 2024:	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type:				
Stable value common collective trust	$ 3,898,702	$ -	Daily	Daily

NOTE 5– EXEMPT PARTY-IN-INTEREST

At December 31, 2025 and 2024, certain Plan investments were managed by T. Rowe Price, the Custodian, and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the Custodian were $31,341 for the year ending December 31, 2025. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Company adopted a Non-Standardized Pre-Approved Profit-Sharing Plan with a Cash or Deferred Arrangement ("CODA") sponsored by T. Rowe Price Retirement Plan Services Inc. The Internal Revenue Service ("IRS") has issued a favorable opinion letter dated August 19, 2020, on the prototype plan that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan's management does not believe that there are uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 8 – PROHIBITED TRANSACTIONS

The DOL considers late deposits to be prohibited transactions. Plan Management determined that during the years ended December 31, 2025, the Plan Sponsor failed to remit certain employee deferrals to the Plan in a timely manner according to DOL regulations. These late remittances totaled $8,382. The Employer has undertaken the necessary procedures to calculate and reimburse the affected participants for lost earnings due to these late contributions. During 2026, corrections for lost earnings and interest thereon, have been fully restored to the participants' accounts for the late contributions made in the year ended December 31, 2025, totaling $769. The Plan Sponsor filed form 5330 and paid the applicable excise tax to the IRS. The correction was made from the Plan Sponsor's assets and not from assets of the Plan. The lost earnings are included in the employer contribution receivables in the statements of net assets available for benefits and the employer contributions of the statement of changes in net assets available for benefits.
