INDEPENDENT AUDITOR'S REPORT

Plan Administrator
LJ Inc. 401(k) Plan
6359 Miller Road
Swartz Creek, MI 48473

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of LJ Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of LJ Inc. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year then ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of LJ 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about LJ Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LJ Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LJ Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at the end of the year as of December 31, 2025 and delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified

investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - PLAN DESCRIPTION

The following description of the LJ Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

LJ Inc. ("Company") sponsors the Plan. The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of LJ Inc. and Supreme Manufacturing, LLC who have completed 90 days of service and are age 18 or older. The Plan, which commenced effective July 1, 2012 and amended June 7, 2024 is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual compensation subject to the maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Participants can split their contributions between their pre-tax and/or after-tax accounts.

Certain participant contributions and loan repayments in 2025 were paid after the time frame required by the Department of Labor. The Company remitted these contributions in 2026, including the lost earnings related to the late contributions and loan repayments.

The Plan provides for Company discretionary matching contributions to be made at the discretion of management. The Company contributed $253,822, net of forfeitures, for the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses, if not paid by the Company. Allocations are based on participant's compensation, account balances, and specific investments selected, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in their salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in discretionary contributions made by the Company 20 percent after two years of continuous service and then an additional 20 percent after each year of continuous service until they become fully vested after six years of credited service.

NOTE 1 - PLAN DESCRIPTION - (Continued)

In-Service Withdrawals

In-service withdrawals to employees are limited to post-age 59.5 withdrawals or Qualified Reservist Distributions. Employees are limited to only one withdrawal during any one-year period. Participants over the age of 59.5 can withdraw any part of their vested account balance. Participants who meet the requirements for a Qualified Reservist Distribution may withdraw any part of their vested account resulting from elective deferral contributions.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the participants vested account balance and bear interest at a market rate comparable to rates available on similar loans from commericial lending institutions determined at the time the loan is requested to be processed. Principal and interest are paid ratably through payroll deductions and the repayment period is a maximum of five years.

Benefit Payments

On termination of service due to death, disability, or retirement, if the vested account balance is more than $7,000, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. If the vested account is $7,000 or less and greater than $1,000, and the participant has not reached the age of 65, and has not elected to have the vested account paid in a single sum or rolled to another retirement plan or Individual Retirement Account, participants vested account will automatically be distributed from the plan in the form of a direct rollover to an Individual Retirement Account. If the vested account is $1,000 or less, the amount will automatically be paid to the participant in a single sum.

Forfeitures

Participants who terminate employment with the Company prior to full vesting forfeit the non-vested portion of their account. Forfeitures are used to reduce Company matching contributions or to pay administrative expenses of the Plan. Forfeitures of $53,359 were used to offset Company matching contributions during the Plan year.

Party-In-Interest Transactions

The Plan's Investments are held in Pooled Separate Accounts and Common/Collective Investment Trusts managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian and recordkeeper for the plan, therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are to be reported at fair value.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair market value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Per the terms of the Plan Document, if a participant stops making loan payments and the amount remains unpaid for 90 days after the due date, the loan is in default. Upon default, the entire principal balance and interest becomes immediately due and payable. The amount of the outstanding loan is treated as a distribution and is taxable.

Benefit Payments

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are, therefore excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments. Fees for the administration of withdrawals are included in the administrative expenses and charged directly to the participant's account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through October 9, 2026, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of market observables and have less priority than Level 1, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. The Plan's assessment of the significance of particular inputs to the fair value measurements requires judgment and considers factors specific to the asset.

The following valuation methods methodologies have been used to value the Plan's investments:

Common/Collective Investment Trusts

The common/collective investment trusts are valued at net asset value per share (NAV) or its equivalent of the funds, which is based on the fair value of the funds' underlying assets.

Pooled Separate Accounts

The pooled separate accounts are valued at NAV or its equivalent of the funds, which is based on the fair value of the funds underlying net assets.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2025 and 2024:

NOTE 3 - FAIR VALUE MEASUREMENTS - (Continued)

Pooled Separate Accounts	4,051,400	3,215,585
Pooled Separate Accounts - US Property (a)	95,907	85,077
Total Investments at Fair Value	$ 7,526,622	$ 5,830,918

(a) The US Property Separate Account invests the majority of assets in owned private equity commercial real estate. Under the terms of the group annuity contract, Principal Life Insurance Company may defer plan-level withdrawals, such as those resulting from a change in the Plan's investment options or termination of the contract, until sufficient cash is available from the sale of underlying properties. As of December 31, 2025, Principal Life Insurance Company had imposed this withdrawal limitation, noting a delay in the payment of most withdrawal of transfer requests from the account. In accordance with the terms of the group annuity contract, delayed payment requests will be honored proportionately meaning the transactions may be processed in a series of payments until enough cash is available to pay obligations. Principal Life has not communicated when the limitation is expected to be lifted, and the timing is unknown. As of December 31, 2025, the plan had no withdrawal requests pending.

There were no unfunded commitments on the investments described above. All investments have a daily redemption frequency and no redemption notice period except for the investment described in note (a) above.

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation in fair value of investments.

NOTE 4 - CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including all investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company, a qualified institution.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTE 6 - TAX STATUS

The Plan uses a preapproved prototype plan. The prototype plan has received favorable opinion letters dated June 30, 2020 from the Internal Revenue Service which states its terms are in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not individually sought its own determination letter. Although the Plan may be subsequently amended and restated, the Plan administrator believes that the Plan will continue to operate in compliance with relevant regulations to maintain its qualified status.

The years 2022, 2023, and 2024 are open tax years relating to the possibility of audit by the federal taxing authorities.
