INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators of
North Dakota Farmers Union Employee Salary Savings Plan
Jamestown, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of North Dakota Farmers Union Employee Salary Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of North Dakota Farmers Union Employee Salary Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of North Dakota Farmers Union Employee Salary Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about North Dakota Farmers Union Employee Salary Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of North Dakota Farmers Union Employee Salary Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about North Dakota Farmers Union Employee Salary Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 PLAN DESCRIPTION

The following description of the North Dakota Farmers Union Employee Salary Savings Plan provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering all qualified employees of Agraria Insurance Company, Farmers Union Mutual Insurance Company of Arkansas, Farmers Union Service Association, Ltd., and Farmers Educational and Cooperative Union of America, North Dakota Division (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by a committee appointed by the Company. A third-party administrator maintains the records of the participant data and a separate trustee holds the Plan assets.

Eligibility

Employees are eligible to participate in the Plan if they are 18 years of age or older. There is no service requirement for employee contributions. Temporary employees, such as camp staff, bus drivers and tour guides, are specifically excluded from participation in the Plan per the Plan document. However, under the SECURE 2.0 Act, employees who work at least 500 hours in two consecutive years are allowed to make elective deferral contributions to the Plan. Employees are eligible for employer matching contributions if they have completed 1 year of service. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service.

Contributions

Participants may contribute any percentage of their annual compensation, as defined by the plan, but are restricted by the annual IRS limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to allocate contributions between pretax and after tax (Roth 401(k)) deferrals. The Plan has an automatic contribution arrangement, under which eligible participants are automatically enrolled into the Plan at 5% of compensation unless they specifically opt out.

The Company contributes a discretionary match each year. Effective for the years ended December 31, 2025 and 2024, the Company provided a matching contribution equal to 60% of employee deferrals up to and including 5% of compensation. The maximum employer matching contribution is 3%.

Participants may make rollover contributions for amounts representing distributions from other qualified defined benefit plans, defined contribution plans, or individual retirement accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contribution. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allows for participant-directed investment programs for which separate funds are maintained. The value of each participant's account is determined daily.

Participants' Investment Options

Participants must direct their salary deferral contributions and Company discretionary matching contributions to selected investments as offered by the Plan. Participants may change their investment options throughout the year by contacting Empower.

Vesting

Participants are immediately vested in their deferral contributions plus actual earnings thereon. Vesting for any discretionary employer matching contributions received from the Company is based on a graded schedule and after six years of completed service, the participant is 100 percent vested.

Payment of benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account, a series of equal payments over a set period of time that does not exceed the participant's life expectancy, or a combination of lump sum and installment payments. If the vested value of the account does not exceed $7,000, the participant will be forced out of the Plan. If a mandatory distribution is being made because a participant has not elected to receive or roll over the distribution and participant's vested interest in the Plan exceeds $.01 but does not exceed $7,000, then the Plan will roll over the distribution to an IRA. Hardship distributions and in-service retirement distributions are also permitted for participants who have not separated from service. Participants must have attained age 59 1/2 to qualify for in-service distributions.

Generally, certain minimum distributions are required for participants who have separated from service and have reached the required minimum distribution age.

Forfeitures

Forfeitures can be used to pay administrative expenses or reduce employer matching contributions. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $2,311 and $4,200, respectively. During the years ended December 31, 2025 and 2024, Plan expenses were paid with $8,745 and $3,227, respectively, from forfeited non-vested accounts. No forfeitures were used to reduce employer matching contributions during the years ended December 31, 2025 and 2024.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully-benefit responsive contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors and the custodian of the Plan. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and is reflected in the statements of changes in net assets available for benefits.

Contributions

Contributions from Plan participants and matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The investment funds in the Plan are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Recordkeeping fees, investment advisory fees and audit fees related to the administration of the Plan are paid from Plan assets. Certain administrative expenses that are paid by the Company are not reflected in the accompanying financial statements.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 3 INFORMATION CERTIFIED BY THE TRUSTEE AND PROVIDER

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held as of December 31 2025 and 2024, and the interest income, dividend income, and net appreciation in fair value of investments for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee, Empower Trust Company, and the provider, Empower Annuity Insurance Company on behalf of Massachusetts Mutual Life Insurance Company, both qualified institutions.

NOTE 4 FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2025 and 2024.

Mutual Funds (including money market mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled Separate Accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025:			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 13,863,073	$ -	$ -	$ 13,863,073
Investments measured at net asset value (a)				1,213,811
Investments at Fair Value				$ 15,076,884

	Assets at Fair Value as of December 31, 2024:			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,281,923	$ -	$ -	$ 4,281,923
Investments measured at net asset value (a)				8,832,380
Investments at Fair Value				$ 13,114,303

(a)In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31,				
	2025	2024			
Investment Type	Fair Market Value	Fair Market Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust Funds	$ -	$ 7,820,949	$ -	Daily	N/A
Pooled Separate Accounts	1,213,811	1,011,431	-	Daily	N/A
Total	$ 1,213,811	$ 8,832,380			

NOTE 5 MASSMUTUAL GUARANTEED INTEREST ACCOUNT

The Plan's investments include the MassMutual Guaranteed Interest Account. This is a stable value investment with a guaranteed rate of return and a guarantee of principal that is backed by Massachusetts Mutual Life Insurance Company ("MassMutual"). The guaranteed interest account is provided through a group annuity contract issued by MassMutual to a retirement plan. Under the contract, a credited rate is established for a six-month period of time and all assets invested in the guaranteed interest account are credited with that rate. At the expiration of each rate period, a new credited rate is declared. The guaranteed interest account credited rate was approximately 2.15% and 2.45% for the years ended December 31, 2025 and 2024, respectively.

Among the asset types included in the guaranteed interest account portfolio are long-term bonds, mortgage loans, short-term investments and cash, and small positions of common stock, partnership arrangements, and real estate.

All bona fide participant initiated withdrawals from the guaranteed interest account, including benefit payments at termination or retirement, loans, and transfers to other non-competing investment options, are paid at contract value. Transfers to competing fixed income investments are not allowed. Employer initiated events such as layoffs, a sale of business unit, a company merger, or change in the stable value option offered under a plan are considered market value events. Upon full or partial contract or plan termination and certain other sponsor-initiated events, distributions from the guaranteed interest account may be subject to a liquidation value (market value) adjustment pursuant to a formula specified in the contract. The market value formula may produce a value that is more or less than the contract value of the plan's investment in the guaranteed interest account. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants.

The value of the guaranteed interest account is equal to the total of all amounts allocated under the contract plus all interest accrued thereon, minus the sum of any withdrawals, transfers and participant's administrative charges. The Plan's ability to receive amounts due in accordance with the contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 6 INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved plan sponsored by Empower. The pre-approved plan has received an opinion letter dated November 14, 2022, from the Internal Revenue Service as to the Plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 7 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

Empower serves as the recordkeeper and third-party administrator of the Plan. Empower provides certain administrative services to the Plan pursuant to the service agreement between the Company and Empower. Empower receives revenue from mutual fund service providers for services Empower provides to the funds. This revenue is used to offset certain amounts owed to Empower for its administrative services to the Plan. During the years ended December 31, 2025 and 2024, $15,000 and $0, respectively, of revenue sharing was used to offset investment advisor fees.

RPM Advisors LLC merged with Intellicents Investment Solutions in 2025 and serves as the investment advisor to the Plan and Brady Martz, PLLC is the auditor of the Plan.

Transactions with the parties above qualify as exempt party-in-interest transactions.

NOTE 8 PLAN TERMINATION AND AMENDMENTS

The Company has the right to amend the Plan if it determines it is necessary or desirable to do so. Further, although the Company intends to continue the Plan, it reserves the right to terminate it. Any termination of the Plan is subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts, regardless of the Participant’s vested percentage.

NOTE 9 RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 SUBSEQUENT EVENTS

No significant events occurred subsequent to the Plan’s year end. Subsequent events have been evaluated through October 2, 2026, which is the date these financial statements were available to be issued.
