Independent Auditor's Report

To the Plan Administrator
ValSource, Inc. 401(k) Plan
Downingtown, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the accompanying financial statements of ValSource, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ValSource, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of December 31, 2025 and 2024 and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of ValSource, Inc. 401(k) Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ValSource, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ValSource, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ValSource, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the ValSource, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution covering eligible employees of the following participating employers (the "Company"):

a) ValSource, Inc. (VS)
b) Concordia Valsource, LLC. (CV)

General

The Plan is a defined contribution plan covering eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan after 2 months of service and the participant's entry date is the 1st day of the month coinciding with or next following the date of eligibility. Employees who are residents of Puerto Rico are excluded from participation.

While the Company has not expressed any intent to do so, the Company may terminate the Plan at any time.

Compensation

A participant may contribute up to 90% of pre-tax and Roth eligible compensation, subject to certain IRC limitations. Bonuses are excluded from eligible compensation which is generally defined as total compensation subject to income tax and paid by the Company.

Contributions

In 2025 and 2024, the Company contributed 3% of eligible compensation to all eligible employees who were excluded from the ValSource, Inc. Employee Stock Ownership Plan (ESOP). Employees in the Company who are excluded from the ESOP are special work visa employees, former stockholders and their relatives.

The Plan has a discretionary employer profit sharing contribution option which is a uniform percentage of eligible Plan compensation. No Company profit sharing contributions were made in 2025 and 2024.

Effective January 1, 2020, the Plan includes an automatic enrollment provision whereby eligible employees are automatically enrolled at a 3% pre-tax deferral rate unless they affirmatively elect another deferral rate or elect not to participate. The automatic deferral rate increases by 1% annually, up to a maximum of 10% of eligible compensation.

Contributions (Continued)
Auto enrollment contributions are automatically invested in a designated balance fund until changed by the participant. Participants may modify or terminate their deferral election in accordance with the Plan's provisions.

Participant Accounts
Participants may elect to invest their contributions in any of the funds selected by the Company in accordance with the objectives stated in the Plan. Each participant's account is credited with the participant's contributions and allocations of the Company contributions, Company matching contributions and Plan earnings and losses, if any.

Vesting
Participants are immediately vested in all participant and employer contributions plus actual earnings thereon. Forfeitures of old non-vested account balances, if any, can be used to reduce the Company's contributions to the Plan. The total forfeitures unused at December 31, 2025 and 2024 were $1,722 and $1,674, respectively, and there have been no forfeitures used in 2025 or 2024.

Distributions and withdrawals
In the event of retirement, death, permanent disability or attainment of age 65, participants may make distributions either in a lump sum or in periodic payments over a period not to exceed life expectancy, as defined. A participant may also elect to receive in service distributions upon attainment of age 59 ½.

Participants may withdraw the sum of their salary reduction contributions due to hardship, medical care expenses, costs related to the purchase of a principal residence, payment of certain eligible tuition fees and certain other immediate and heavy financial needs as published by the Internal Revenue Service.

All distributions and withdrawals are subject to approval by the trustee.

Loans to participants
Participants may have up to 5 loans outstanding and borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of the value of the participant's vested interest in the participant's account. Loan duration can range from 1 to 5 years, unless the loan is for the purchase of a primary residence. All loans are due in full on termination. The loans are secured by the balance in the participant's account and bear interest at Prime plus 1% fixed. As of December 31, 2025, the loan rates vary from 4.15% to 8.63%. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses
The Plan pays for substantially all of the administrative expenses of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan provides for various investment options by the participants in any of several combinations of stocks, bonds and mutual funds. Investments in mutual funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain mutual funds and the level of uncertainty related to changes in the value of the mutual funds, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Payment of Benefits
Benefits are recorded when paid.

Related Party Transactions
During 2025 and 2024, Plan investments included shares of funds sold and managed by Empower Trust Company, LLC (Empower). Transactions in those funds qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Investments Valuation and Income Recognition
The Plan's investments are stated at fair value. Variable annuity investments are valued at the annuity provider's calculated valuation according to contract terms. The Reliance stable value fund is valued at the net asset value (NAV) as reported by the custodian at the Plan's year end.

Investments Valuation and Income Recognition (Continued)
Equity and bond mutual funds are valued at the net unit value as reported by the Trustee at the Plan's year-end. Shares of registered investment companies are valued at quoted market prices, which represent net asset value as of the Plan's year-end. Money market funds are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

3. Information Certified by the Trustee

All Plan assets and investment transactions and participant loan balances, except for contributions received and contributions receivable, have been certified by Empower as being complete and accurate for the years ended December 31, 2025 and 2024.

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, no auditing procedures were performed on the above information other than comparison with the information contained in the financial statements and schedules.

4. Tax Status

The Internal Revenue Service has determined and informed the Plan's administrator, Pentegra Services Inc., by a letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan is designed in accordance with applicable sections of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS.

Tax Status (Continued)
The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs are observable for substantially the full term of the asset and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements
The fair value of the mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements
The variable annuity investments are valued at the annuity provider's calculated valuation according to contract terms.

Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Total investments at fair value	$ 42,974,886			

6. Subsequent Events

In preparing the financial statements, the Plan administrator has evaluated events and transactions for potential recognition or disclosure through October 5, 2026, the date the financial statements were available to be issued. There were no subsequent events that require recognition of, or disclosure in, the financial statements.
