Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

The Maple Press Company Pension Plan
Actuarial Valuation as of January 1, 2025

Summary of Plan Provisions

The Maple Press Company Pension Plan is a defined benefit pension plan that was established January 1, 1964, and was last amended and restated effective as of January 1, 2015. The Plan was frozen effective December 31, 2006.

Eligibility To Participate

An employee becomes a participant in the Plan immediately as of his employment commencement date.

Effective May 29, 1998, individuals employed by the Company at the Lebanon Distribution Center and compensated on an hourly basis are excluded from coverage under this Plan.

However, no one shall be eligible to become a participant after December 31, 2006.

Normal Retirement Benefit

Normal Retirement Date

A participant is eligible for his normal retirement pension after the participant satisfies the following conditions:

- Attainment of age 65.
- Participation in the Plan for five years.

Normal Retirement Benefit

The normal retirement pension is payable monthly as long as the participant lives, with payments ceasing upon the participant's death.

Normal Retirement Pension Formula

If the participant retires as of his normal retirement date, his monthly pension will be equal to:

- $21.00 per year of benefit service for years of benefit service through December 31, 2003, plus
- $21.50 per year of benefit service for years of benefit service from January 1, 2004 through December 31, 2004, plus
- $22.00 per year of benefit service for years of benefit service from January 1, 2005 through December 31, 2005, plus
- $23.00 per year of benefit service for years of benefit service from January 1. 2006 through December 31, 2006.

There are no benefit accruals for years of service after December 31, 2006.

Accrued Benefit

The accrued benefit on any date other than the normal retirement date is determined according to the normal retirement pension formula, but based upon the participant's benefit service to date.

Retirement Payment Options

A participant may elect to receive his monthly pension in one of these optional forms of payment:

- **Lifetime Pension**
- **Joint and 50% Survivor Pension** with the spouse named as survivor annuitant. This form of pension is not available if the participant is not married.
- **Joint and 75% Survivor Pension** with the spouse named as survivor annuitant. This form of pension is not available if the participant is not married.

If the present value of the benefit does not exceed $3,500, a lump sum is the only payment option. If the present value of the benefit exceeds $3,500, but is not more than $10,000 then a lump sum may be elected.

If the participant is married at the time payments are to begin, the automatic form of payment will be a Joint and 50% Survivor Pension with the spouse named as survivor annuitant. If the participant is not married at the time payments are to begin, the automatic form of payment will be a Lifetime Pension.

Employment after Retirement

If a participant in pay status returns to employment, retirement benefits may be suspended. A full description of the suspension of benefits conditions is detailed in the Plan document.

Other Retirement Benefits

Late Retirement

If a participant continues working after his normal retirement date, his pension will not commence until he actually retires. The late retirement benefit is the normal retirement benefit determined under the pension formula using current service.

Early Retirement

A participant is eligible for early retirement after attainment of age 55 and completion of 25 years of vesting service. The early retirement pension is the actuarial equivalent of the pension accrued to the date of early retirement.

Disability Benefit

The participant is entitled to receive a disability benefit if he meets **all** of the following requirements:

- He is actively employed.
- Becomes disabled and remains so for five months.
- Completes 20 years of vesting service.

The benefit will be payable in the form of a Lifetime Pension until the earliest of: recovery, death, or normal retirement date. The participant's monthly disability benefit is equal to his normal retirement pension accrued as of the date of disability reduced for early commencement. Upon attaining normal retirement age, the participant will receive the full, unreduced accrued benefit.

Death Benefit

If a participant dies after he has become vested under the Plan but before he begins to receive a retirement pension benefit, his spouse will receive a 50% survivor benefit if he has been married at least one year. Payment will begin on the date on which he first would have been eligible for retirement. The amount of his

surviving spouse's benefit is equal to the 50% survivor benefit payable under the joint and 50% survivor pension option, based upon his accrued pension at the date of death and reduced for early commencement of benefits, if applicable. If the participant is not married or has not been married for a full year at the time of death, no benefit will be paid by the Plan.

The cost of this benefit is not paid for by the Participant in the form of a reduction in the Participant's benefit.

Termination Of Employment Benefits

Vesting in Accrued Pension

If employment terminates other than by retirement or disability, the amount payable from the Plan is based upon the following vesting schedule:

Years of Service	Vesting Percentage
0–4 Years	0%
5 or More Years	100%

Time of Payment

The participant may elect payment after his early retirement date, reduced to reflect the early commencement of benefits. No pension payment is available under the Plan prior to early retirement, disability, or death, except for the following. If the present value of the vested accrued benefit does not exceed $10,000, the lump sum value can be paid following termination of employment. Other payment options are available if the lump sum value is at least $3,500. If the present value of the vested accrued benefit does not exceed $3,500, a lump sum is the only payment option.

Forfeitures and Restoration

Forfeiture occurs when the participant terminates employment before being vested. The forfeited amount is used to reduce any employer contribution otherwise due under the Plan. If the participant returns to employment with the employer during the restoration period, the employer will restore the forfeited accrued pension upon completion of one year of service. The restoration period ends on the date the participant has breaks in service in accordance with the vesting service rules equaling the greater of 5 or his total years of vesting service. If a participant terminates employment after he is 100% vested and receives a distribution of his accrued pension, he cannot return his distribution to the Plan.

Service Rules

Vesting Service Rules

A participant is credited with a year of vesting service for each vesting period during which he has at least 1,000 hours of vesting service. A participant will incur a break in service if he is credited with 450 or fewer hours of vesting service in the vesting period. A "vesting period" is the 12-month period coinciding with the plan year.

Benefit Service Rules

A participant is credited with a year of benefit service for a benefit period as determined under the following table, based on his hours of benefit service for the benefit period:

Summary of Plan Provisions

Hours of Benefit Service	Years of Benefit Service
450 to 899	.25
900 to 1,000	.50
1,001 to 1,200	.60
1,201 to 1,400	.70
1,401 to 1,600	.80
1,601 to 1,799	.90
1,800 or More	1 Year

A "benefit period" is the 12-month period coinciding with the plan year.

Hours of benefit service shall include all straight-time hours worked as described in the Plan document.

Actuarial Equivalence

Early Retirement

The benefit is reduced by 1/180th for each of the first 60 months and 1/360th for each of the next 60 months that benefit commencement precedes Normal Retirement Age, actuarially reduced thereafter to reflect commencement before the employee's 55th birthday.

Monthly Pension

The Joint and 50% Survivor Pension will be equal to 85% of the Lifetime Pension with such percentage adjusted by 1/2% for each whole year that the participant's spouse is older or younger than the participant as described in the Plan document.

The Joint and 75% Survivor Pension will be equal to 81% of the Lifetime Pension with such percentage adjusted by 6/10% for each whole year that the participant's spouse is older or younger than the participant as described in the Plan document.

Lump Sum

Actuarial equivalence will be determined based on the following mortality and interest assumptions:

Mortality table:	Applicable Mortality Table released annually by the Internal Revenue Service.
Interest rate:	Segment Rates for the second month preceding the plan year.

Other

Unless otherwise specifically provided for under the Plan, an actuarial equivalent benefit will be based on the following:

Mortality table:	Preretirement	– UP 1984 (-1)
	Postretirement	– UP 1984 (-1)
Interest rate:	Preretirement	– 6.5%
	Postretirement	– 6.5%

Plan Year: 1/1/2025 - 12/31/2025

The following change in funding method was made for the actuarial valuation for the plan and plan year stated above:

Change in Asset Valuation Method

A change in funding method occurred because the asset valuation method was changed from a method that determines the value of plan assets as the average of the fair market value on the valuation date and the adjusted fair market value of assets determined for one or more earlier determination dates, as described in Internal Revenue Code 430(g)(3)(B) to fair market value**.**

Internal Revenue Service approval is not required for the change in funding method because the change meets the requirements of IRS Revenue Procedure 2017-56.
