INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
Loomis 401(k) Pre-Tax Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Loomis 401(k) Pre-Tax Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"Doeren Mayhew" is the brand name under which Doeren Mayhew Assurance, PC and Doeren Mayhew Advisors, LLC and its subsidiary entities provide professional services. Doeren Mayhew Assurance, PC and Doeren Mayhew Advisors, LLC (and its subsidiary entities) practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. Doeren Mayhew Assurance, PC is a licensed independent CPA firm that provides attest services to its clients, and Doeren Mayhew Advisors, LLC and its subsidiary entities provide tax and business consulting services to their clients. Doeren Mayhew Advisors, LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

General

The Loomis 401(k) Pre-Tax Savings Plan (the Plan) is a defined contribution plan established for the benefit of eligible employees of Loomis Armored US, LLC and participating companies. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following information is as of December 31, 2025, unless otherwise noted, and is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

Administration of the Plan

Loomis Armored US, LLC is the Plan Administrator. The trustee of the Plan is Bank of America, N.A. Among other duties, the trustee receives contributions, holds and invests assets in accordance with the directions of the participants, and makes disbursements as directed by the Plan Administrator. The recordkeeper of the Plan is Merrill Lynch, Pierce, Fenner, & Smith Inc.

Eligibility

The Plan covers all eligible employees of Loomis Armored US, LLC, Loomis International US, Inc., AIB Express Logistics LLC, CIMA Cash Handling America Inc., and Loomis Strategic Solutions, LLC (collectively, Employer). All employees, except for nonresident aliens, Puerto Rican employees, or those employees belonging to a collective bargaining unit that has not expressly provided for participation in the Plan, are eligible to participate immediately.

Participant Contributions

Participants may elect to have the Employer contribute a portion of their compensation to the Plan as elective pre-tax deferrals. These deferrals may not be less than 1% or greater than 50% of an employee's eligible compensation for the year. Effective January 1, 2025, for participants who are determined to be highly compensated employees at the beginning of the Plan year, the elective deferral limit is 7% of compensation. Effective January 1, 2026, for participants who are determined to be highly compensated employees at the beginning of the Plan year, the elective deferral limit is 7.20% of compensation.

The Plan includes an automatic deferral feature. Accordingly, unless an election is made by the participant, effective January 1, 2025, the Employer will automatically withhold 5% of compensation upon a participant reaching their eligibility date. The automatic deferral percentage will increase each Plan year by 0.5% up to a maximum 8%.

Individuals who reach the age of 50 prior to the end of the calendar year are eligible to make additional catch-up contributions. The Increased Catch-Up Contribution Limit Based on Age as provided under SECURE Act 2.0 was added to the Plan effective January 1, 2025.

Participants may also elect to roll over distributions from a former employer's qualified retirement plan.

Participant contributions made to the Plan must meet certain limitations imposed by the Internal Revenue Code (the Code). Participants direct the investment allocation of all contributions.

Continued

Employer Contributions

The Employer may make a discretionary matching contribution equal to a uniform percentage or dollar amount of elective deferrals. Each year, the Employer will determine the formula for the discretionary matching contribution. For the year ended December 31, 2025, the Employer matched participant deferrals at a rate ranging from 25% to 35%, depending on years of service, with a maximum match ranging from $1,500 to $3,000, depending on years of service. Catch-up contributions are not eligible for the Employer match.

Additional discretionary contributions may be made by the Employer at the option of the Employer's Board of Directors. No discretionary contributions were made for the year ended December 31, 2025.

Employer contributions made to the Plan must meet certain limitations imposed by the Code. Participants direct the investment allocation of all contributions.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contribution, rollovers, and an allocation of (a) the Employer's matching and discretionary contributions and (b) Plan earnings and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and are 20% vested in Employer match or discretionary contributions after one year with an additional 20% for each year thereafter until the participant is 100% vested. A participant is also 100% vested in the Employer contributions plus earnings upon attainment of age 55 or upon termination prior to age 55 due to death or disability. Participants whose service terminates prior to age 55 for reasons other than retirement, death, or disability are eligible to receive accumulated Employer contributions, if any, and interest thereon based on years of continuous service.

Forfeited Accounts

As permitted by the Plan, forfeitures of nonvested accounts are used to reduce future Employer contributions or to pay Plan expenses. As of December 31, 2025 and 2024, forfeitures available for future use were $232,478 and $104,024, respectively. During the year ended December 31, 2025, forfeitures of $245,984 were used to offset Employer contributions and $763,047 were used to pay Plan expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance less the participant's highest outstanding loan balance during the preceding 12 months, subject to certain Department of Labor and IRS requirements ($100,000 or 100% of their vested account balance under the Coronavirus Aid, Relief, and Economic Security (CARES Act). A participant can only have one loan outstanding from the Plan. The maximum term of a loan is five years, unless the loan qualifies as a home loan, which can have a maximum term of 30 years; however, the loan terms may have been extended for one year related to suspension of loan repayments under the CARES Act. The interest rate is fixed at the time of borrowing and shall be a reasonable rate of interest as determined by the Plan Administrator. The loans are secured by the balance in the participant’s account. Principal and interest is paid ratably through payroll deductions.

Continued

Payment of Benefits

Upon termination of employment, retirement, death, or disability, as qualified under the Plan, participants or their beneficiaries may request to receive a lump-sum distribution, installment payments, or a rollover of vested accounts to a qualified plan. Hardship withdrawals may be made to satisfy an immediate and heavy financial need and are subject to certain limitations. In-service withdrawals are allowed upon reaching age 59 ½. Required minimum distributions are made in accordance with Internal Revenue Service (IRS) requirements. A terminating participant with an account balance of $7,000 or less automatically receives a lump sum distribution from the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on an accrual basis and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value as discussed in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan's administrative expenses related to the administration of loans and benefit payments are charged directly to the participant's account and are included in administrative expenses. Direct fees for recordkeeping services and advisory services are paid by the Plan and are also included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments. Certain administrative expenses are paid by the Employer.

Continued

Subsequent Events

The financial statements and related disclosures include evaluation of events up through October 12, 2026, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As such, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants for the years ended December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A., the trustee of the Plan.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Collective Investment Trusts (CITs) are not publicly traded and are measured at fair value based on the fair value of the underlying assets of the respective trust, using net asset value (NAV) as the practical expedient. The investments underlying the CITs primarily include domestic and international stock, bonds and cash equivalents and differ depending on the investment strategy of the CIT. The investment strategies of the CITs generally fall into inflation protection, current income, capital appreciation and current income, capital appreciation or a benchmark index.

Continued

Registered Investment Company (RIC) is a money market mutual fund which is valued at the daily closing price as reported by the fund. This RIC is registered with the Securities and Exchange Commission, and the fund is required to publish their daily NAV and to transact at that price. The RIC held by the Plan is deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	As of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment company	$ 8,045	$ -	$ -	$ 8,045
Investment measured at net asset value [(a)]				290,458,820
Investment at fair value				$ 290,466,865

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment company	$ 77,750	$ -	$ -	$ 77,750
Investment measured at net asset value [(a)]				248,562,510
Investment at fair value				$ 248,640,260

(a) In accordance with Subtopic 820-10, the collective investment trusts were measured using net asset value per share as a practical expedient and accordingly have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Additional disclosures for entities that use NAV as a practical expedient to measure fair value are as follows as of December 31:

	As of December 31,				
	2025 Fair Value	2024 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trusts	$ 290,458,820	$ 248,562,510	None	Daily	Daily

Continued

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon Plan termination, participants would become 100% vested in their account balances.

Note 6 - Tax Status

Effective May 4, 2022, the Plan was amended and restated through the adoption of the non-standardized defined contribution pre-approved plan of Merrill Lynch, Pierce, Fenner & Smith Inc. (the ML pre-approved plan). The ML pre-approved plan received a favorable opinion letter dated June 30, 2020 from the IRS. The Plan Administrator has elected not to apply for an individual IRS Determination Letter upon adoption of the ML non-standardized plan nor on any subsequent amendments. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified under Section 401(a) and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan has adopted mandatory provisions and certain optional provisions of SECURE Act 2.0. Written amendments to the Plan document to reflect these operational changes made for SECURE Act 2.0 will be executed at a later date in accordance with deadlines pursuant to applicable laws and IRS guidance.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by an affiliate of an entity that provides investment advisory services to the Plan. These investment transactions are considered party-in-interest transactions as defined by ERISA; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

During the year ended December 31, 2025, the Plan paid direct compensation to the recordkeeper of approximately $989,000 related to recordkeeping and administration. Additionally, compensation was paid to a professional services firm of approximately $190,000 related to investment advisory services for the year ended December 31, 2025.

Note 8 - Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
