INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Empire Merchants, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Empire Merchants, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Principal Trust Company ("Principal") as of December 31, 2025 and 2024, and for the year ended December 31, 2025, and Bank of America, N.A. ("Bank of America") as of December 31, 2025 and for the period from December 1, 2025 to December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Reid CPAs, LLP and Reid Tax & Advisory Services, LLC (and its subsidiary entities) practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable laws, regulations, and professional standards. Reid CPAs, LLP is a licensed independent CPA firm that provides attest services to its clients, and Reid Tax & Advisory Services, LLC, and its subsidiary entities provide tax and business consulting services to their clients. Reid Tax & Advisory Services, LLC, and its subsidiary entities are not licensed CPA firms.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year, as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - Description of the Plan

The following description of the Empire Merchants, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering non-union full-time employees of Empire Merchants, LLC, (the "Company"), who have completed 3 months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. In December 2025, the Plan and all of its assets were transferred from Principal to Bank of America (the "trustee"), who will serve as the sole trustee of the Plan.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). The Plan currently offers various mutual funds, pooled separate accounts, common collective trust fund accounts and an investment in an insurance contract as investment options for participants. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 3% of the participant's compensation to the Plan. In addition, the Company can make an annual discretionary contribution to employees meeting eligibility requirements. For the year ended December 31, 2025, the Company did not make any discretionary contributions. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, participant earnings (losses) or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. A participant is 100% vested after one year of credited service for the Company's non-elective contribution of 3%. A participant vests in the Company's elective contribution, if applicable, as follows: 0% vested at one year; 20% vested at two years; 40% vested at three years; 60% vested at four years; 80% vested at five years; and 100% vested at six years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 10.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through weekly payroll deductions.

Benefits Paid to Participants

On termination of service due to death, disability, retirement, or any other causes, a participant may elect to receive a lump-sum amount, installment payments subject to required minimum distributions or ad-hoc distributions, equal to the value of the participant's vested interest in his or her account. In addition, a participant may receive a payment of benefits, if they are still employed and eligible through an in-service withdrawal.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately $60,800 and $68,100, respectively. These accounts can be used to reduce future employer contributions. In 2025, approximately $30,000 were used to reduce employer contributions from forfeited nonvested accounts.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") under the accrual basis of accounting and is in compliance with the Accounting Standards Codification ("ASC") of the Financial Accounting Standards Board ("FASB").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair Value of Investments

Net change in unrealized appreciation (depreciation) and net realized gains (losses) on investments are recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 - Investments

During 2025, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	$ 7,106,928
Common collective trust funds	1,418,457
Pooled separate accounts	513,863
Net appreciation in fair value of investments	$ 9,039,248

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820, *Fair Value Measurement*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (the "SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: According to the Plan trustee, these accounts are maintained by an insurance company that are used for the collective investment of Plan funds from multiple employee benefit plans. The value of an interest in a pooled separate account is the market value of the underlying assets of the separate account plus income accrued but not yet received less operating expenses accrued but not deducted, if any. The assets allocated to the separate accounts can include, but are not limited to, stocks, bonds, mortgages, real estate, mutual funds, other separate accounts, and cash or cash equivalents.

Common collective trust funds: Valued at the NAV per unit as determined by the collective trust as of the valuation date. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily and have no restrictions.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025	
	Total	Level 1
Mutual funds and money market funds	$ 49,482,676	$ 49,482,676
Pooled separate accounts	-	-
Total in the fair value hierarchy	49,482,676	49,482,676
(a) Common collective trust funds (NAV)	14,381,560	-

(a) Common collective trust funds (NAV)	12,658,432	-
Total	$ 62,590,613	$ 49,932,181

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 5 – Guaranteed Investment Contract with Principal Life Insurance Company

The Plan invests in fully-benefit responsive guaranteed investment contract ("GIC") with Principal Life Insurance Company, a guaranteed general account backed group annuity contract that has been issued to Principal Trust Company as custodian. The Principal Fixed Income Guaranteed Option ("PFIGO") guaranteed general account is presented in the financial statements within net assets available for benefits at its contract value. Contract value represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan, which approximates fair value.

The issuer of the GIC maintains the contributions in a general account and is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The GIC does not have specific underlying assets assigned. No redemption fees, early withdrawal charges or market value adjustments are charged on participant transfers into or out of the contract. There are no events in which the issuer can terminate the GIC with the Plan and settle at an amount different from contract value. Termination of the Plan's interest in the PFIGO is subject to either a 12-month advance notice or a 5% surrender charge calculated using the 12-month average value of the Plan's interest in the contract. There are no restrictions on investment transfers initiated by a participant to non-competing investment options.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include changes to the Plan's policy on transfers to competing investment options or the related equity wash provision and termination of the Plan's interest in the GIC by the Plan Administrator. The Plan Administrator does not believe that the occurrence of either such event is probable.

The net crediting rate is reset semiannually on the first day of June and December. At December 31, 2025, the net crediting rate was 4.65%.

NOTE 6 - Information Certified by the Plan's Trustees (Unaudited)

In accordance with the provisions of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Plan's trustees, except for comparing such information to the related information included in the financial statements. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by the Plan trustees, Principal and Bank of America, who are qualified institutions. The Plan's trustees have provided and certified that the following information is complete and accurate as of December 31, 2025 and 2024 and for the period covered by Bank of America from December 1, 2025 to December 31, 2025 and for the periods covered by Principal from January 1, 2025 to December 31, 2025 and January 1, 2024 to December 31, 2024:

- Statement of Net Assets Available for Benefits - all investments and notes receivable from participants.
- Statement of Changes in Net Assets Available for Benefits – net appreciation in fair value of investments, interest, dividends and other investment income.
- Supplemental Schedule - all investments and notes receivable from participants.

NOTE 7 – Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments in mutual funds, a pooled separate account and the guaranteed investment contract are managed by Principal. Principal was the trustee and recordkeeper as defined by the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025. Therefore, these transactions qualify as party-in-interest transactions. During December 2025, the Plan transitioned its trustee to Bank of America who became the successor trustee of the Plan.

NOTE 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions allocated to their account.

NOTE 9 - Tax Status

The Plan obtained its opinion letter on a prototype plan approved by the Internal Revenue Service (the "IRS"), effective June 30, 2020. The IRS stated that the prototype plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the IRS opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require an adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 81,723,661	$ 76,910,108
Participant contributions receivable	(26,970)	-
Employer contributions receivable	(969,771)	(1,020,237)
Deemed distributions	(27,336)	(41,071)
Net assets available for benefits per Form 5500	$ 80,699,584	$ 75,848,800

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2025 to Form 5500:

Net increase in net assets available for benefits before Net transfers in per the financial statements	$	4,818,024
Change in participant contribution receivable		(26,970)
Change in employer contribution receivable		50,466
Deemed distributions		13,735
Net income per Form 5500	$	4,855,255

NOTE 12 – Subsequent Events

The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.
