Intermountain Health 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Intermountain Health 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Intermountain Health 403(b) Plan
Notes to Financial Statements
(Dollars in Thousands)

1. Description of the Plan

The following description of the Intermountain Health 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective January 31, 2024, there was a plan name change from the Intermountain Healthcare Tax Deferred Savings 403(b) Plan to the Intermountain Health 403(b) Plan.

General
The Plan is a defined contribution plan established by Intermountain Health Care, Inc. (Intermountain) under the provisions of Section 403(b) of the Internal Revenue Code (the Code), which includes an elective contribution arrangement for the benefit of eligible employees of participating Intermountain subsidiaries. The Benefits Administration Committee and Benefits Finance Committee are responsible for oversight of the Plan in accordance with each committees' charter and report to the Finance Committee of the Board of Trustees of Intermountain. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration
Intermountain is the administrator and sponsor of the Plan and T. Rowe Price Trust Company (TRP) serves as the Plan's custodian, record keeper, and trustee.

Eligibility
Employees of participating Intermountain subsidiaries qualifying as tax-exempt entities under Section 501(c)(3) of the Code are eligible to participate in the Plan upon hire.

Participant Accounts
Individual accounts are maintained for each of the Plan's participants. Participants' accounts are valued daily based on quoted market prices and contract values. Allocations of expenses and investment earnings are based on the proportion that each participant's account balance has to the total of all participants' account balances.

Investment Options
Participants may direct their account balance into the investment options allowed under the Plan in 1% increments or specified dollar amounts. Participants can also elect to direct their account balance to investment options using predefined diversified portfolio allocations that are designed to match certain risk-based investment objectives. Investment options include shares of a money market fund, a guaranteed investment contract account, and registered investment company funds. Participants may change their investment elections and make transfers among investment options daily.

The Plan provides participants the option to invest in various funds, which in turn invest in a combination of stocks, bonds, and other investments. Investments, in general, are exposed to various risks, such as interest rate, market, credit risks, and global events. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could significantly affect the amounts reported in the statements of net assets available for benefits.

1. Description of the Plan (continued)

Plan Termination
Although it has not expressed any intent to do so, Intermountain has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain fully vested in their accounts.

Contributions
Participants may voluntarily elect to make pre-tax (traditional) and post-tax (Roth) contributions, subject to certain limitations under the Code. In addition, participants may rollover amounts representing distributions from other qualified defined benefit or contribution plans. Intermountain does not contribute to the Plan.

Vesting
Participants are fully vested in all contributions and earnings thereon.

Notes Receivable from Participants
A participant may borrow from a minimum of five hundred dollars up to a maximum equal to 50% of the participant's account balance or fifty thousand dollars minus the highest aggregate outstanding loan balance during the preceding 12 months, whichever is less. These loan parameters apply to the Plan and the Intermountain Health 401(k) Plan on a combined basis. Loan terms range from 1 to 5 years, or up to 10 years for the purchase of a primary residence. Loans bear interest at a fixed rate of prime plus 1% as of the time the loan is secured. Principal and interest are paid ratably through biweekly payroll deductions. As of December 31, 2025, the interest rates on Plan loans ranged from 4.25% to 9.50% with maturities through October 2033.

Hardship Withdrawals
Under certain circumstances, a participant, while still employed by Intermountain, is permitted to withdraw, in a single lump-sum, the participant's contributions exclusive of any earnings thereon. These circumstances include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, the payment of funeral costs of immediate family members, the payment of natural disaster cleanup on the participant's principal residence, and preventing eviction or foreclosure from the participant's principal residence.

Payment of Benefits
Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive an amount equal to the value of his or her account in a lump-sum or installment payments over time, as defined in the Plan or the Code.

Administrative Expenses
Administrative expenses for record keeping, audit, legal, and consulting services are paid by the Plan. Administrative expenses for services performed by Intermountain are paid by Intermountain.

2. Significant Accounting Policies

Basis of Accounting
The financial statements have been prepared on the accrual basis of accounting, other than benefit payments. Benefit payments are recorded when paid.

Use of Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and those differences could be significant.

Participant-directed Investments and Investment Income
The Plan's investments in shares of the money market fund and registered investment company funds are stated at fair value as determined by quoted market prices in the accompanying statements of net assets available for benefits.

Investments in the Prudential Guaranteed Interest 403(b) Annuity Account (the Prudential GIA) are fully benefit-responsive. These investments consist of a guaranteed investment contract with an insurance company that is stated at contract value in the accompanying statements of net assets available for benefits. Contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Prudential GIA contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity dates. There are no reserves against contract value for credit or other risks of the contract issuers.

The crediting interest rate of the contract is based upon an agreed-upon formula with the issuer, as defined in the contract agreement, but cannot be less than three percent. The interest rate is reviewed on a semi-annual basis for resetting per the contract.

Certain events may limit the ability of the Plan to transact at the contract value of the Prudential GIA with the issuer. Such events include the following: (a) amendments to the Plan document including complete or partial Plan termination or merger with another plan; (b) changes to the Plan's prohibition on competing investment options or the deletion of equity wash provisions; (c) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the Plan to qualify for exemption from federal income taxes or any prohibited transaction exemption under ERISA. Management does not believe that the occurrence of such events is probable.

2. Significant Accounting Policies (continued)

Participant-directed Investments and Investment Income (continued)
Net appreciation in fair value of investments represents the unrealized change in fair value of investments and realized gains and losses on the sales of investments during the year. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade date.

Notes Receivable from Participants
Notes receivable from participants represent participant loans and are reported at the unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. The notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

3. Fair Value Measurements

The methods used to determine the fair value of financial instruments reflect market participant objectives and are based on the application of a valuation hierarchy that prioritizes observable market inputs over unobservable inputs. The hierarchy is based on the reliability of inputs as follows:

- Level 1 – Valuation is based on quoted prices for identical financial instruments in active markets. The Plan does not adjust the quoted price for Level 1 financial instruments.
- Level 2 – Valuation is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and independent pricing models or other model-based valuation techniques using observable inputs. As of December 31, 2025 and 2024, the Plan did not have any financial instruments classified as Level 2.
- Level 3 – Certain types of financial instruments are classified as Level 3 within the valuation hierarchy because these financial instruments trade infrequently and, therefore, have little or no price transparency. As of December 31, 2025 and 2024, the Plan did not have any financial instruments classified as Level 3.

The following table presents a categorization, based on the foregoing valuation hierarchy, of the Plan’s financial instruments as of December 31, 2025:

Money market fund	$	11,062
Registered investment company funds		356,203
Total investments at fair value (Level 1)		367,265
Investments at contract value		19,222
Total investments	$	386,487

3. Fair Value Measurements (continued)

The following table presents a categorization, based on the foregoing valuation hierarchy, of the Plan's financial instruments as of December 31, 2024:

Money market fund	$	8,994
Registered investment company funds		313,345
Total investments at fair value (Level 1)		322,339
Investments at contract value		18,219
Total investments	$	340,558

4. Information Certified by the Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by TRP.

5. Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan investments include cash or securities managed by TRP and a guaranteed investment contract managed by Prudential Insurance. Therefore, purchases, sales and holdings of these investments qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants also reflect party-in-interest transactions.

6. Reconciliation of Financial Statements to Form 5500

The following reconciles net assets available for benefits reported in the financial statements as of December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits reported in the financial statements	$ 387,540	$ 341,704
Deemed distributions to participants of notes receivable	(41)	(18)
Net assets available for benefits reported in Form 5500	$ 387,499	$ 341,686

The following reconciles the net increase in net assets available for benefits reported in the financial statements for the year ended December 31, 2025 to Form 5500:

Net increase reported in the financial statements	$ 45,836
Deemed distributions to participants of notes receivable	(23)
Net income reported in Form 5500	$ 45,813

7. Income Tax Status

The Plan is not required to receive, and has not received, a private ruling from the Internal Revenue Service as to compliance with Section 403(b) of the Code. However, management believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code and, as such, is exempt from federal income taxes.

U.S. generally accepted accounting principles require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

8. Subsequent Events

Effective January 1, 2026, the Plan was amended to permit enhanced catch-up contributions for participants who attain ages 60 through 63 during the Plan year, subject to the annual limitations prescribed by the Code.

Management evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued, and determined that no additional disclosures were necessary.
