INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee
National Cement Company of Alabama, Inc. Hourly Pension Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of National Cement Company of Alabama, Inc. Hourly Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of National Cement Company of Alabama, Inc. Hourly Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of National Cement Company of Alabama, Inc. Hourly Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about National Cement Company of Alabama, Inc. Hourly Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of National Cement Company of Alabama, Inc. Hourly Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about National Cement Company of Alabama, Inc. Hourly Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - PLAN DESCRIPTION

The following description of National Cement Company of Alabama, Inc. (Sponsor) Hourly Pension Plan (Plan) is provided for general information only. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan available to qualifying employees of the Sponsor. The Plan covers substantially all hourly employees of National Cement Company of Alabama, Inc. who are members of United Paperworkers International Union (membership transferred to United Steelworkers Union as of April 14, 2005). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As of April 30, 2013, the accrual of pension benefits was frozen for employees with less than twenty years of service as of December 31, 2012. The Plan also excludes any employees hired on or after January 1, 2013 from being eligible to participate in the Plan. Those employees with twenty or more years of service as of December 31, 2012 will continue to accrue benefits.

Vesting

Participants become 100% vested in Sponsor contributions after five years of service. A year of service means the applicable computation period during which an employee has completed at least 1,000 hours of service. If participants become totally and permanently disabled after completing ten years of service, but before attaining age sixty-five, their benefits also become fully vested.

Payment of Benefits

Upon termination of service, due to death, disability, early retirement, normal retirement, or retirement due to permanent shutdown or layoff, a participant may elect to receive either a lump-sum distribution or installment payments under various options, or any alternative method of equivalent value using a formula outlined in the Plan agreement.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments. Administrative expenses recorded in the Plan represent trustee, investment and other advisory fees paid directly from the Plan, as well as certain shared costs related to professional services and participant communications that are reimbursed by the Plan Sponsor.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. In preparing the financial statements, management evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Market Risk

As of December 31, 2025 and 2024, 100% of the Plan's net assets had a 23% interest in the National Cement Company Master Trust (Master Trust). The underlying value of the investments is dependent on the performance of the individual investment holdings and the market's evaluation of such performance.

Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Realized gains and losses from security transactions are reported on the average cost method.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Fair Value

The established framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price the Plan would expect to receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Sponsor has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs which are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Actuarial Present Value of Accumulated Plan Benefits and Actuarial Assumptions - Continued

Accumulated Plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan for vested employees equals the applicable monthly benefit rate at the time of retirement ($45 as of December 31, 2024) times the participant's credited years of service. The actuarial present value of accumulated Plan benefits is determined by Aon and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal, or retirement) between the valuation date and the date of payment. The significant actuarial assumptions used in the valuation as of December 31, 2024 were (a) life expectancy of participants (the 2025 Static Mortality Table, male and female), (b) retirement age assumptions (varying rates from ages 55 to 65 for hourly employees), (c) investment return is not applicable, (d) discount rates of 5.00%/5.27%/5.50%, (e) marriage factors for participants (80% of all participants assumed to be married with males being three years older than their spouses), (f) disability (based on participant age - rates of disability range from 0.01% to 1.30% as participants increase in age from 15 to 54 years old, respectively, and 0% for participants 55+), and (g) turnover (based on participant age - rates of turnover range from 6.58% to 0.02% as participants increase in age from 15 to 59 years old, respectively, and 0% for participants 60+).

The actuarial cost method used in measuring the actuarial present value of accumulated Plan benefits and over- or under-funding required by the Internal Revenue Service is known as the standard unit credit cost method. The computations of the actuarial present value of accumulated Plan benefits were made as of January 1, 2025. Had the valuations been performed as of December 31, 2024, there would be no material differences.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, The Bank of New York Mellon, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments at fair value, included in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income, included in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- The schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025, included in the supplemental information.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 4 - PLAN'S INTEREST IN THE MASTER TRUST

All of the assets of the Plan are invested in the Master Trust. The Plan's trustee and recordkeeper maintain a separate account for the associated Plan assets and liabilities held within the Master Trust. Investments and the income therefrom are allocated to participating plans based on each Plan's participation in investment options within the Master Trust. On December 13, 2017, an agreement was signed whereby the Master Trust and the Plan would commingle certain assets in the Master Trust under custody of The Bank of New York Mellon. As of December 31, 2025 and 2024, the Plan's interests in the net assets of the Master Trust were 23%.

The net change in value from participation in the Master Trust is reported as one line item in the accompanying statements of changes in net assets available for benefits, and the Plan's interest in the Master Trust is reported as a single line item in the accompanying statements of net assets available for benefits.

NOTE 4 - PLAN'S INTEREST IN THE MASTER TRUST - Continued

The Master Trust totals are presented below in a statement of Master Trust assets and in a statement of changes in Master Trust assets.

	2025	2024
Assets		
Investments, at fair value		
Partnership/joint venture interest	$ 10,016,148	$ 11,689,029

Liabilities		
Other liabilities	159,132	158,734
Net assets available for benefits	$ 58,146,848	$ 54,737,423

The Plan's interest totaled $13,128,737 and $12,814,226 in the Master Trust investments of $58,146,848 and $54,737,423 as of December 31, 2025 and 2024, respectively.

NOTE 4 - PLAN'S INTEREST IN THE MASTER TRUST - Continued

	2025	2024
Additions		
Contributions		
Employer	$ 1,668,148	$ 1,328,000
Master Trust income		
Net appreciation in fair value of Master Trust	6,025,906	2,422,742
Interest income	59,308	57,851

Net assets available for benefits - end of year	$ 58,146,848	$ 54,737,423

For the years ended December 31, 2025 and 2024, the Plan's interest in the total Master Trust income of $5,663,210 and $2,072,927 totaled $1,396,055 and $599,303, respectively. This includes interest income of $13,612 and $13,776 and net appreciation of $1,382,443 and $585,527, respectively.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used during the years ended December 31, 2025 or 2024.

- *Partnership/joint venture interest*: Fair value determined by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the creditworthiness of the issuer of the specific instruments of the fund at year end.
- *Common collective trusts*: Fair value determined by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the creditworthiness of the issuer of the specific instruments of the fund at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - PLAN'S INTEREST IN THE MASTER TRUST - Continued

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value, as of December 31, 2025 and 2024.

	$ 54,881,948	$ -	$ -	$ 54,881,948

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets held in the Master Trust for the years ended December 31, 2025 and 2024.

Plan's Interest of Changes in Master Trust's Level 3 Assets

Balance - December 31, 2023	$ 55,079,516
Purchases	14,924,140
Sales	(17,272,373)
Realized gain	2,508,699

Balance - December 31, 2024	54,881,948
Purchases	14,850,308
Sales	(17,455,140)
Realized gain	2,464,576
Net change in unrealized gain	3,561,331
Balance - December 31, 2025	$ 58,303,023

NOTE 5 - RELATED PARTY TRANSACTIONS

The Plan's investments consist of the Plan's interest in the Master Trust, which includes shares of registered investment companies and collective trusts managed by The Bank of New York Mellon. All investment transactions are managed by the trustee and qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules. These transactions are allowed by the Plan.

During the years ended December 31, 2025 and 2024, the Plan had transactions with The Bank of New York Mellon and Aon, the Plan's trustee and actuary, respectively. These transactions are allowed by the Plan and the Internal Revenue Code (IRC), and qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

NOTE 6 - FUNDING POLICY

The Sponsor's funding policy is to make annual contributions to the Plan as determined by the Plan's independent actuary. No employee contributions are permitted. Dividends received on investments for the Plan and forfeitures of participants' non-vested benefits derived from employer contributions shall be applied to reduce future Sponsor contributions. No contribution was required for the years ended December 31, 2025 or 2024.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 8 - PLAN TERMINATION

In the event the Plan terminates, participants will become fully vested in their accrued benefits as of the date of complete or partial Plan termination. Upon complete termination of the Plan, no further employees will become participants, and no further contributions will be made except as required by any governmental agency to which the Plan's termination is subject. Participants' recourse to full and complete satisfaction of their accrued benefits shall be limited to the assets of the Plan plus any amounts provided by the Pension Benefit Guaranty Corporation (PBGC). Plan assets available to provide benefits upon termination will be allocated as prescribed by ERISA.

Whether all participants receive their benefits, should the Plan be terminated at some future time, will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

NOTE 9 - INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan Committee, in a letter dated August 7, 2014, that the Plan is qualified, and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. Although the Plan has been amended since the determination letter, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Tax positions are recognized in the financial statements when it is more likely than not that the position will be sustained upon examination by the tax authorities.

As of December 31, 2025 and 2024, the Plan believes it had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements for open tax years based on an assessment of many factors including experience and interpretations of tax laws.

Effective Date

May 1, 1951. Restated effective January 1, 2014. Most recently amended effective January 1, 2018.

Eligibility for Participation

Employees covered by the collective bargaining agreement with the USW Local 9-00044 are eligible to participate on their date of hire.

Employees hired after December 31, 2012 are not eligible to participate.

Normal Retirement

Eligibility

Age 65 and five years of credited service.

Benefit

A monthly amount equal to years of credited service multiplied by an amount determined in connection with the date of termination of employment as follows:

Termination Date	Amount
On or after May 1, 2004	$47.50
On or after May 1, 2005	$49.00
On or after May 1, 2006	$50.50
On or after May 1, 2007	$52.00
On or after January 1, 2007	$45.00

Credited service was frozen effective April 30, 2013 for employees with less than 20 years of credited service as of December 31, 2012.

Early Retirement

Eligibility

Age 55 and five years of credited service.

Benefit

A monthly benefit equal to the normal retirement benefit reduced by 3/10 of 1% for each month the early retirement precedes the normal retirement.

There is no reduction for participants with 30 or more years of credited service.

Postponed Retirement

Eligibility

Retirement after normal retirement age.

Benefit

The greater of the accrued benefit as of the late retirement date and the accrued benefit as of the normal retirement date actuarially increased to the late retirement date.

Schedule SB Attachment (Form 5500) —2025 Plan Year
National Cement Company of Alabama, Inc. Hourly Pension Plan
EIN: 63-1029293 PN: 002

Vested Termination	
Eligibility	Five years of credited service.
Benefit	The accrued benefit at the date of termination. Reduced payments may begin any time after eligibility for early retirement based on the same reductions as early retirement from active status.
Disability	
Eligibility	Totally and permanently disabled and 10 years of credited service as of December 31, 2012.
Benefit	A monthly amount equal to the accrued benefit, subject to a minimum amount of $1,000, payable immediately, unreduced for early commencement.
Surviving Spouse	
Eligibility	Five years of credited service and married.
Benefit	For participants who die after becoming eligible for early retirement, a monthly benefit payable to the surviving spouse beginning immediately equal to 66⅔% of the amount payable if the participant had retired early with a 66⅔% joint and survivor benefit. The monthly benefit payable to the surviving spouse prior to the surviving spouse attaining age 62 shall not be less than $75. For participants who die before becoming eligible for early retirement, a monthly benefit payable to the surviving spouse beginning at the employee's earliest retirement age equal to 50% of the amount payable if the participant had retired early with a 50% joint and survivor benefit.
Normal Form of Annuity	
Without Spouse	Single life annuity.
With Spouse	50% Joint and survivor annuity reduced to be equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continues to surviving spouse.
Optional Forms of Annuity	Single life annuity 100% joint and survivor annuity 75% joint and survivor annuity 66⅔% joint and survivor annuity 50% joint and survivor annuity Lump sum amount less than $5,000

Actuarial Equivalence	Optional payment forms are adjusted as per the factors in Exhibit 1 of the plan document. For all other purposes, actuarial equivalence is the IRC section 417(e) mortality table for the applicable plan year and the IRC section 417(e) interest rates for the applicable plan year with one-month lookback.
Definitions	
Credited Service	A full year of credited service is earned if the employee works 1,200 or more hours in one plan year. Fractional years are computed by crediting 1/12 of a year for each 100 hours. Credited service is frozen effective April 30, 2013 for employees with less than 20 years of credited service as of December 31, 2012.
Eligibility Service	One year of eligibility service is earned if the employee works 1,000 or more hours in one plan year

. Plan Changes Since the Prior Year

The funding valuation does not reflect any plan changes.
