INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants
Pet Supermarket 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Pet Supermarket 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Pet Supermarket 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pet Supermarket 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pet Supermarket 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pet Supermarket 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Pet Supermarket 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution 401(k) plan established on January 1, 1997 covering eligible employees of Pet Supermarket, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation
Employees are generally eligible to participate in the Plan upon attaining age 21 and completing one month of service, with entry permitted on the first day of each month. Certain employees, including residents of Puerto Rico, employees covered by collective bargaining agreements (unless the agreement provides for participation), leased employees, and nonresident aliens with no U.S.-source income, are excluded from participation.

Contributions
Participants may contribute up to 60% of their eligible annual compensation to the Plan on a pretax or Roth basis, subject to Internal Revenue Code (IRC) limitations. Participants may also make catch-up contributions in accordance with applicable IRC provisions.

Through February 28, 2025, the Company made safe harbor matching contributions equal to 100% of the first 3% of eligible compensation contributed by participants and 50% of the next 2% of eligible compensation contributed by participants.

Effective March 1, 2025, the Plan was amended to replace the safe harbor matching contribution provision with a discretionary employer matching contribution provision. Under the amended Plan, the Company may make discretionary matching contributions based on participants' eligible compensation deferred into the Plan during each payroll period. The amount of any discretionary matching contributions is determined by the Company.

In addition, the Company may make discretionary nonelective (profit-sharing) contributions to the Plan. Generally, participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to be eligible for these contributions, subject to certain exceptions. No discretionary nonelective contributions were made for the years ended December 31, 2025 and 2024.

Rollover contributions are permitted under the Plan.

Participant Accounts
Each participant's account is credited with the participant's contributions, applicable Company matching and nonelective contributions, and allocations of Plan investment earnings or losses. Participants' accounts are charged with applicable Plan expenses. The benefit to which a participant is entitled is based on the vested balance of the participant's account.

Vesting
Participants are immediately 100% vested in their contributions, Company matching and nonelective contributions, rollover contributions, and related earnings except for certain employer contributions subject to historical vesting provisions.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting (Continued)
For participants who terminated employment without completing an hour of service on or after August 2, 2021, certain employer matching and profit-sharing contributions vest at 20% after one year of service and an additional 20% for each subsequent year, becoming fully vested after five years of service. For certain former Pet Valu participants who did not complete an hour of service on or after January 1, 2007, discretionary nonelective contributions become fully vested after five years of service, with no vesting before that time.

Notes Receivable from Participants
Under defined conditions and approval by the Plan Administrator, participants may borrow between $1,000 and one-half of their vested account balance, up to a maximum of $50,000. Principal and interest are repaid ratably through payroll deductions over no more than five years unless the loan provides funding for the purchase of the participant's principal residence, which may be repaid over a ten-year period. The loans are collateralized by the balance in the participant's account and bear interest based on the prevailing rates charged under similar circumstances. The interest rate remains fixed throughout the duration of the loan.

Payment of Benefits
Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account balance. For termination of employment for other reasons, if a participant's account balance is less than $1,000 or the participant requests a distribution from the Plan, the participant receives the value of the vested interest in their account balance as a lump sum distribution. The Plan also allows for hardship withdrawals in certain circumstances.

Forfeited Accounts
A participant who terminates employment and is less than 100% vested forfeits the nonvested portion of their account balance. A forfeiture will occur in the plan year that the participant receives a distribution of their vested account balance or five years after termination of their employment if they did not receive a distribution. Forfeitures are retained in the Plan and are used to pay administrative expenses then reduce future employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $42,267 and $22,521. Forfeitures of $17,313 and $57,432 were used to pay administrative expenses and reduce employer matching contributions for the years ended December 31, 2025 and 2024.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan maintains its accounting records and prepares its financial statements on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions
Contributions from Plan participants and matching contributions from the employer are recorded in the year in which the related employee contributions are withheld from compensation. Discretionary nonelective contributions, if any, are recorded in the year to which they relate.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Other administrative expenses, such as recordkeeping and investment advisory fees, are allocated to a participant's account based on the plan document. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855-10 establishes general standards of accounting and disclosure of events that occur after the statement of net assets available for benefits date but before the date the financial statements are available to be issued. Subsequent events have been evaluated through October 13, 2026, the date that the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan), a qualified institution.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market fund: Comprised of funds which seek to maintain a stable price of $1.00 per share. The money market funds held by the Plan are deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: Valued using the net asset value (NAV) per unit of the collective investment trust (CIT), as provided by the trustee, as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust, less its liabilities. The practical expedient is not used when it is probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions may occur daily. In the event of a full redemption by the Plan, the investment advisor reserves the right to temporarily delay withdrawals to allow for the orderly liquidation of the underlying investments.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 524	$ -	$ -	$ 524
Mutual funds	3,370,321	-	-	3,370,321
Total assets in the fair value hierarchy	3,370,845	-	-	3,370,845
Investments at net asset value[(a)]				20,790,372
Investments at fair value				$ 24,161,217

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 504	$ -	$ -	$ 504
Mutual funds	23,608,272	-	-	23,608,272
Total assets in the fair value hierarchy	23,608,776	-	-	23,608,776
Investments at net asset value[(a)]				266,884
Investments at fair value				$ 23,875,660

(a) Assets measured at NAV are excluded from the fair value hierarchy.

Fair Value of Investments in Entities that Use Net Asset Value

The following tables summarize the Plan's investments measured at fair value using the net asset value (NAV) per share practical expedient, by investment class, as of December 31, 2025 and 2024. These investments consist of collective investment trusts with varying investment strategies and redemption provisions. There are no unfunded commitments associated with these investments.

December 31, 2025	Fair Value	Unfunded Commitments	Frequency (if currently eligible)	Redemption Notice Period
Stable value CITs	$ 332,699	n/a	Daily	None
Target-date CITs	$ 20,149,033	n/a	Daily	None
Other CITs	$ 308,640	n/a	Daily	None

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

December 31, 2024	Fair Value	Unfunded Commitments	Frequency (if currently eligible)	Redemption Notice Period
Stable value CIT	$ 266,884	n/a	Daily	None

Stable value collective investment trusts seek to preserve principal while providing a stable rate of return. Target-date collective investment trusts invest in diversified portfolios of equity and fixed-income securities, with asset allocations that generally become more conservative as the target retirement date approaches. Other collective investment trusts invest primarily in equity and fixed-income securities based on their respective investment objectives.

Participant transactions in these investments may occur daily. There are no participant-level redemption restrictions; however, certain investments may be subject to temporary delays or restrictions on full Plan-level redemptions to facilitate the orderly liquidation of underlying investments.

NOTE 5 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan's investments are comprised of shares of a money market, mutual funds, and collective investment trusts offered through Fidelity Investments Institutional Services Company and other affiliates of the trustee. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party in interest transactions.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in any remaining nonvested employer contributions.

NOTE 7 – TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants
Pet Supermarket 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Pet Supermarket 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Pet Supermarket 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pet Supermarket 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pet Supermarket 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pet Supermarket 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Pet Supermarket 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution 401(k) plan established on January 1, 1997 covering eligible employees of Pet Supermarket, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation
Employees are generally eligible to participate in the Plan upon attaining age 21 and completing one month of service, with entry permitted on the first day of each month. Certain employees, including residents of Puerto Rico, employees covered by collective bargaining agreements (unless the agreement provides for participation), leased employees, and nonresident aliens with no U.S.-source income, are excluded from participation.

Contributions
Participants may contribute up to 60% of their eligible annual compensation to the Plan on a pretax or Roth basis, subject to Internal Revenue Code (IRC) limitations. Participants may also make catch-up contributions in accordance with applicable IRC provisions.

Through February 28, 2025, the Company made safe harbor matching contributions equal to 100% of the first 3% of eligible compensation contributed by participants and 50% of the next 2% of eligible compensation contributed by participants.

Effective March 1, 2025, the Plan was amended to replace the safe harbor matching contribution provision with a discretionary employer matching contribution provision. Under the amended Plan, the Company may make discretionary matching contributions based on participants' eligible compensation deferred into the Plan during each payroll period. The amount of any discretionary matching contributions is determined by the Company.

In addition, the Company may make discretionary nonelective (profit-sharing) contributions to the Plan. Generally, participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to be eligible for these contributions, subject to certain exceptions. No discretionary nonelective contributions were made for the years ended December 31, 2025 and 2024.

Rollover contributions are permitted under the Plan.

Participant Accounts
Each participant's account is credited with the participant's contributions, applicable Company matching and nonelective contributions, and allocations of Plan investment earnings or losses. Participants' accounts are charged with applicable Plan expenses. The benefit to which a participant is entitled is based on the vested balance of the participant's account.

Vesting
Participants are immediately 100% vested in their contributions, Company matching and nonelective contributions, rollover contributions, and related earnings except for certain employer contributions subject to historical vesting provisions.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting (Continued)
For participants who terminated employment without completing an hour of service on or after August 2, 2021, certain employer matching and profit-sharing contributions vest at 20% after one year of service and an additional 20% for each subsequent year, becoming fully vested after five years of service. For certain former Pet Valu participants who did not complete an hour of service on or after January 1, 2007, discretionary nonelective contributions become fully vested after five years of service, with no vesting before that time.

Notes Receivable from Participants
Under defined conditions and approval by the Plan Administrator, participants may borrow between $1,000 and one-half of their vested account balance, up to a maximum of $50,000. Principal and interest are repaid ratably through payroll deductions over no more than five years unless the loan provides funding for the purchase of the participant's principal residence, which may be repaid over a ten-year period. The loans are collateralized by the balance in the participant's account and bear interest based on the prevailing rates charged under similar circumstances. The interest rate remains fixed throughout the duration of the loan.

Payment of Benefits
Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account balance. For termination of employment for other reasons, if a participant's account balance is less than $1,000 or the participant requests a distribution from the Plan, the participant receives the value of the vested interest in their account balance as a lump sum distribution. The Plan also allows for hardship withdrawals in certain circumstances.

Forfeited Accounts
A participant who terminates employment and is less than 100% vested forfeits the nonvested portion of their account balance. A forfeiture will occur in the plan year that the participant receives a distribution of their vested account balance or five years after termination of their employment if they did not receive a distribution. Forfeitures are retained in the Plan and are used to pay administrative expenses then reduce future employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $42,267 and $22,521. Forfeitures of $17,313 and $57,432 were used to pay administrative expenses and reduce employer matching contributions for the years ended December 31, 2025 and 2024.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan maintains its accounting records and prepares its financial statements on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions
Contributions from Plan participants and matching contributions from the employer are recorded in the year in which the related employee contributions are withheld from compensation. Discretionary nonelective contributions, if any, are recorded in the year to which they relate.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Other administrative expenses, such as recordkeeping and investment advisory fees, are allocated to a participant's account based on the plan document. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855-10 establishes general standards of accounting and disclosure of events that occur after the statement of net assets available for benefits date but before the date the financial statements are available to be issued. Subsequent events have been evaluated through October 13, 2026, the date that the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan), a qualified institution.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market fund: Comprised of funds which seek to maintain a stable price of $1.00 per share. The money market funds held by the Plan are deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: Valued using the net asset value (NAV) per unit of the collective investment trust (CIT), as provided by the trustee, as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust, less its liabilities. The practical expedient is not used when it is probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions may occur daily. In the event of a full redemption by the Plan, the investment advisor reserves the right to temporarily delay withdrawals to allow for the orderly liquidation of the underlying investments.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 524	$ -	$ -	$ 524
Mutual funds	3,370,321	-	-	3,370,321
Total assets in the fair value hierarchy	3,370,845	-	-	3,370,845
Investments at net asset value[(a)]				20,790,372
Investments at fair value				$ 24,161,217

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 504	$ -	$ -	$ 504
Mutual funds	23,608,272	-	-	23,608,272
Total assets in the fair value hierarchy	23,608,776	-	-	23,608,776
Investments at net asset value[(a)]				266,884
Investments at fair value				$ 23,875,660

(a) Assets measured at NAV are excluded from the fair value hierarchy.

Fair Value of Investments in Entities that Use Net Asset Value

The following tables summarize the Plan's investments measured at fair value using the net asset value (NAV) per share practical expedient, by investment class, as of December 31, 2025 and 2024. These investments consist of collective investment trusts with varying investment strategies and redemption provisions. There are no unfunded commitments associated with these investments.

December 31, 2025	Fair Value	Unfunded Commitments	Frequency (if currently eligible)	Redemption Notice Period
Stable value CITs	$ 332,699	n/a	Daily	None
Target-date CITs	$ 20,149,033	n/a	Daily	None
Other CITs	$ 308,640	n/a	Daily	None

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

December 31, 2024	Fair Value	Unfunded Commitments	Frequency (if currently eligible)	Redemption Notice Period
Stable value CIT	$ 266,884	n/a	Daily	None

Stable value collective investment trusts seek to preserve principal while providing a stable rate of return. Target-date collective investment trusts invest in diversified portfolios of equity and fixed-income securities, with asset allocations that generally become more conservative as the target retirement date approaches. Other collective investment trusts invest primarily in equity and fixed-income securities based on their respective investment objectives.

Participant transactions in these investments may occur daily. There are no participant-level redemption restrictions; however, certain investments may be subject to temporary delays or restrictions on full Plan-level redemptions to facilitate the orderly liquidation of underlying investments.

NOTE 5 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan's investments are comprised of shares of a money market, mutual funds, and collective investment trusts offered through Fidelity Investments Institutional Services Company and other affiliates of the trustee. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party in interest transactions.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in any remaining nonvested employer contributions.

NOTE 7 – TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
