INDEPENDENT AUDITORS' REPORT

To the 401(k) Investment Committee and Participants of
Brayton Purcell, LLP 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Brayton Purcell, LLP 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H – Line 4a: Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BRAYTON PURCELL, LLP 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Brayton Purcell, LLP 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 1990 by Brayton Purcell, LLP (the "Firm" or the "Company") to provide retirement benefits for its employees. In addition, the employees of Pacific eDocument Solutions, an adopting employer, are eligible to participate in the Plan.

The Plan is a voluntary defined contribution plan covering all employees who have completed three months of service and have reached 21 years of age. Employees become participants of the Plan on January 1, April 1, July 1 and October 1 after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Investment Committee is responsible for oversight of the Plan which includes, among other matters, determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participant contributions are made in the form of pretax or post-tax ("Roth") deferred salary deductions. A participant may elect to contribute up to a maximum of $23,500 for the year ended December 31, 2025 in accordance with the IRC. Additionally, participants age 50 and over at the end of the Plan year may make additional catch-up contributions up to $7,500 for the year ended December 31, 2025. Effective January 1, 2025, an optional provision of the SECURE 2.0 Act was adopted to increase catch-up contribution limits for participants aged 60 through 63 to $11,250. A participant may increase or decrease the amount of contributions quarterly, as defined by the Plan agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer Contributions – Under the Safe-Harbor contribution rules, the Firm makes mandatory matching contributions of each participant's contributions up to an amount equal to 100% up to a maximum of 4% of eligible compensation after one year of service, as defined in the Plan. The Company made $594,502 of Safe-Harbor contributions to the Plan for the year ended December 31, 2025.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions (Continued) – The Firm may, in its sole discretion, elect to make profit-sharing contributions and such contributions are allocated to all participants who either are credited with at least 500 hours of service or are employed on the last day of the Plan year. For the year ended December 31, 2025, the Company made no such discretionary profit-sharing contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, and Firm matching contributions, as well as allocations of the Firm's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, and employer Safe-Harbor contributions, plus actual earnings thereon. Participants in the Plan vest in the Firm's discretionary profit-sharing contributions according to the following schedule:

Years of Service	Vesting Percentage
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

Participant Investment Account Options – The Plan currently offers various pooled separate accounts, a common collective trust, and a fully benefit-responsive investment contract as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum loan amount is equal to the lesser of 50% of the participant's vested account balance or $50,000. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants (Continued) – The notes bear interest at rates comparable to those charged by other lenders for loans which would be made under similar circumstances and remain fixed throughout the life of the note. Principal and interest are paid ratably through bi-weekly payroll deductions. Loans are due upon the earlier of maturity date or date of termination of employment.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may receive either a lump-sum distribution or a direct rollover distribution into a qualified plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed and has reached 59½ years of age. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. The payment of benefits to retired participants is generally required to begin no later than April 1st following the end of the year in which the participant reaches 73 years of age. If a terminated participant's account balance is less than $7,000, and no instructions have been received from such participant, a distribution of the participant's vested account balance will be made automatically in a single lump-sum distribution.

Forfeited Accounts – The non-vested portion of a participant's balance is forfeited upon termination of employment. Forfeitures can be used to pay administrative expenses, applied to reduce employer contributions, or reallocated among eligible participants. As of December 31, 2025 and 2024, forfeited non-vested accounts amounted to $8,032 and $7,727, respectively. During the year ended December 31, 2025, no forfeitures were used to fund administrative expenses or reduce employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments, with the exception of the fully benefit-responsive investment contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fully benefit-responsive investment contract is reported at contract value. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred.

Contributions – Contributions from Plan participants and Safe-Harbor matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses of the Plan are paid by the Firm and are excluded from these financial statements, except for those fees funded from forfeitures and participant transaction fees for loans and distributions. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Certain expenses paid from Plan assets, such as fees for investment advisory services are proportionately allocated to the accounts of all participants in the Plan.

Concentrations – As of December 31, 2025 and 2024, two and three investments accounted for approximately 26% and 34% of total investments, respectively. Additionally, the target date family of funds utilized by the Plan, in the aggregate, accounted for approximately 41% and 40% of total investments as of December 31, 2025 and 2024, respectively.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this topic are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by VOYA Retirement Insurance and Annuity Company ("VOYA Insurance Company"), is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Collective Trust Fund: Valued at the NAV of the units of a collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trusts, the issuer requires thirty business days notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As described above, the fair value of pooled separate accounts and collective trust funds are measured using the NAV practical expedient. In accordance with the fair value measurement guidance, investments that are measured at fair value using the NAV practical expedient are not required to be classified in the fair value hierarchy.

The following tables set forth additional disclosure of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2025 and 2024:

Pooled Separate Accounts	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
December 31, 2025	$45,192,947	N/A	Daily	Daily
December 31, 2024	$38,872,807	N/A	Daily	Daily

Collective Trust Fund	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
December 31, 2025	$470,056	N/A	Daily	30 Days
December 31, 2024	$437,460	N/A	Daily	30 Days

NOTE 4 – INFORMATION CERTIFIED BY VOYA INSTITUTIONAL TRUST COMPANY

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The investment information and notes receivable from participants as of December 31, 2025 and 2024 and for the year ended December 31, 2025, including the information presented in the statements of net assets available for benefits as of December 31, 2025 and 2024, the related investment activity and interest income reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the Supplemental Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2025, were obtained from data that has been certified by VOYA Institutional Trust Company ("VOYA") as of December 31, 2025 and 2024 and for the year ended December 31, 2025, to be complete and accurate.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

As part of the Voya Fixed Account, the Plan has entered into an investment contract that meets the criteria to be considered fully benefit-responsive and; therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The insurance company maintains the contributions in a general account. Contract values, as reported to the Plan by the insurance company, represent contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan is credited with an annual interest rate of no less than 1.00% for as long as the contract remains in force. Each calendar year, the insurance company will set a floor interest rate which will be declared in writing, to the contract holder prior to its effective date.

The insurance company may terminate the contract after the completion of five contract years by providing the Plan a 90-day written notice to pay out the full value without fees, charges, or Market Value Adjustment ("MVA").

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Certain events may limit the ability of the Plan to transact at contract value with the insurance company. A surrender charge is assessed against contract withdrawals taken for reasons of participant retirement, severance from employment, death, disability, hardship, loan or in-service withdrawals after age 59½. There are restrictions on transfers to and from the Voya Fixed Account and a positive or negative MVA may apply if the contract is terminated by either the insurance company or the Plan sponsor. The plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

NOTE 6 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. The Plan adopted VOYA Retirement Insurance and Annuity Company Defined Contribution Pre-Approved Plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, in which the IRS stated that the Plan, as then designed, was in accordance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is intended to be designed and is currently being operated in substantial compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

VOYA Insurance Company, an affiliate of VOYA, maintains the Plan's assets in pooled separate accounts, a common collective trust, and under a fully benefit-responsive investment contract, and, therefore, these transactions qualify as party-in-interest transactions. VOYA Insurance Company provides certain administrative services to the Plan pursuant to a service agreement between the Firm and VOYA Insurance Company. VOYA Insurance Company receives revenue from certain investment service providers for services they provide to the funds.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

This revenue is used to offset certain amounts owed to VOYA Insurance Company for its administrative services to the Plan. Because these fees are paid through this revenue sharing arrangement, rather than a direct payment, they are netted against the net appreciation or depreciation in fair value of investments.

Portico Wealth Advisors LLC ("Portico") provides certain investment advisory services to the Plan pursuant to a service agreement between the Firm and Portico. Because these fees are paid through the Plan, these transactions qualify as related party transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2025, there were unintentional delays by the Firm in remitting employee contributions to VOYA amounting to $346, within the period prescribed by the Department of Labor's regulations. The Firm is in the process of calculating lost earnings and intends to take corrective action in 2026.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS (Continued)

During the year ended December 31, 2024, there were unintentional delays by the Firm in remitting employee contributions to Voya amounting to $2,216, within the period prescribed by the Department of Labor's regulations. In order to make the participants whole, the Firm has computed the lost earnings for the 2024 delinquent contributions and submitted them to the Plan for the affected participants on October 9, 2025.

NOTE 11 – NONDISCRIMINATION TESTING

Certain required nondiscrimination tests have not been completed for the 2025 Plan year as of the date the financial statements were available to be issued. Plan management is taking necessary steps to complete the tests and expects that all tests will be passed. However, in the event of any noncompliance, Plan management intends to take any required corrective actions.

NOTE 12 – SUBSEQUENT EVENTS

Effective January 1, 2026, the SECURE 2.0 Act requires that catch-up contributions made by participants aged 50 or older with prior-year compensation exceeding $150,000 be designated as Roth contributions.

Effective May 22, 2026, the Plan entered into a service agreement with Empower Trust Company ("Empower") for trustee and recordkeeper services. In connection with this transaction, the Plan's assets were transferred from VOYA on July 14, 2026. The Plan was subsequently amended and restated, in the form of an Empower pre-approved defined contribution plan with substantially the same provisions as the previous plan document. The amended and restated plan document received a favorable opinion letter from the IRS dated November 14, 2022.

The Firm has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.
