Kieckhafer Schiffer LLP

Independent Auditor's Report

Plan Administrator
Owl Companies 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Owl Companies 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Pan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OWL COMPANIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. Description of Plan

The following description of the Owl Companies 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

a. General

The Plan is a defined contribution plan originally established on January 1, 1966 by Owl Companies and its participating affiliates (collectively the “Company,” “Employer”, “Plan Sponsor” or “Plan Administrator”), as defined in the Plan document, under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan was amended and restated effective July 1, 2022. Effective January 1, 2024, the Plan was amended, to incorporate rollover contributions into the calculation of a participant’s vested account balance for purposes of mandatory distributions.

b. Administration

The Plan Administrator is responsible for the day-to-day administration and operation of the Plan. The Company delegates its duties under the Plan to its Retirement Plan Committee (the “Committee”). The Committee is appointed by the Company’s board of directors and is responsible for monitoring the Plan’s investments. The Plan’s contract administrator, third-party trustee and custodian is Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company (“Principal”).

c. Eligibility

The Plan covers all employees of the Company and Career Systems Development Corporation ("CSD"), a subsidiary of the Company (collectively, the "Companies"), who are age 18 or older. Employees excluded from participation include leased employees and employees covered by a collective bargaining agreement, unless the applicable collective bargaining agreement provides for participation in the Plan.

Prior to July 1, 2026, the Plan also excluded part-time, temporary, and seasonal employees whose regularly scheduled services were less than 1,000 hours of service during the computation period. Effective July 1, 2026, the Plan was amended to eliminate this exclusion and permit such employees to participate in the Plan. The amendment was applied retroactively to the period from March 3, 2023 through June 30, 2026.

d. Participant Contributions

Participants may contribute to the Plan up to 50% of eligible compensation through elective, pre-tax, and Roth salary deferrals, subject to IRC limit of $23,500 and $23,000, respectively, for the years ended December 31, 2025 and 2024.

During the years ended December 31, 2025 and 2024, contributions by highly compensated employees were limited to 5% of compensation per payroll period. Effective July 1, 2026, the Plan was amended to eliminate this limitation.

Participants who attained age 50 by the end of the Plan year were eligible to make catch-up contributions of up to $7,500 for the years ended December 31, 2025 and 2024. Effective January 1, 2025, pursuant to provisions of the SECURE 2.0 Act, certain participants who attain ages 60 through 63 during the Plan year may make enhanced catch-up contributions of up to $11,250, subject to applicable IRC limits. As a result, eligible participants could defer up to a maximum of $34,750 during the year ended December 31, 2025. For the year ended December 31, 2024, eligible participants could defer up to a maximum of $30,500.

Participants may also make rollover contributions from other qualified defined plans and certain individual retirement accounts.

e. Employer Contributions

The Company makes employer matching contributions to eligible participants who have been employed by the Company for at least one year. The Company matches 50% of the participant's elective deferral up to the first 6% of eligible compensation, excluding catch-up contributions. Matching contributions totaled $249,186 and $195,277 for the years ended December 31, 2025 and 2024, respectively.

CSD makes qualified non-elective contributions ("QNECs") to employees covered by, or working at sites subject to, the McNamara-O'Hara Service Contract Act, the Walsh-Healey Public Contracts Act, or the Davis-Bacon Act (collectively, "prevailing wage contracts"), based on compensation paid under such contracts. Prior to January 1, 2025, participants receiving these contributions were not eligible for employer matching contributions. Effective January 1, 2025, the Plan was amended to permit participants receiving QNECs to also receive employer matching contributions, provided all other eligibility requirements are met. QNECs totaled $1,706,505 and $2,708,895 for the years ended December 31, 2025 and 2024, respectively.

All contributions are invested in the participants' accounts according to their specified investment allocations as of the date of the contribution.

f. Participant Accounts

Individual accounts are maintained for each participant to reflect the participant's contributions, employer contributions, allocations of Plan earnings (losses), and administrative expenses. Allocations are done daily using a weighted-average of participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

g. Vesting

Participants are always 100% vested in their contributions, catch-up contributions, rollover contributions, qualified non-elective contributions, and the earnings thereon. Participants vest in matching contributions and the earnings thereon as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	70%
4	80%
5 or more	100%

Participants become 100% vested in their accounts if they are employed with the Companies and reach normal retirement age, become totally disabled, pass away, or if the Plan terminates.

h. Forfeitures

Participants who terminate employment forfeit the non-vested portion of their matching contributions and the earnings thereon. Forfeitures may be used to pay for Plan administrative expenses or to offset employer contributions. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $3 and $0, respectively. For the years ended December 31, 2025 and 2024, forfeitures of $41,027 and $79,968, respectively, were used to offset employer contributions.

i. Notes Receivable from Participants

Participants may borrow from their accounts the lesser of a) $50,000, reduced by their highest outstanding note balance during the prior year, or b) 50% of their vested account balance, subject to a $1,000 minimum. Notes are secured by the vested balance in the participant's account.

Note payments are made through payroll deductions over periods up to five years, unless the note is used to acquire a primary residence, in which case the loan term may not exceed 15 years. New notes bear interest at the prime rate plus 2% per annum, fixed at inception of the note. As of December 31, 2025, notes mature through 2030 and bear interest at rates ranging from 5.25% to 10.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator at the time of the note.

j. Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive an amount equal to the participant's vested account balance in a lump-sum payment, installment payments over the participant's or beneficiary's assumed life expectancy, roll the amount to an individual retirement account or other eligible transferee plan, or delay payment until the beginning date of required minimum distributions, depending on the value of the account. In addition, the Plan permits in-service distributions for participants who are age 59 ½ or older.

Distributions paid prior to the participant attaining age 59 ½ and not rolled into another retirement account are subject to federal income tax of 20% and a federal excise tax of 10%. Vested account balances less than $7,000, but more than $1,000 may be distributed as a lump-sum cash payment or in the form of a direct rollover to an individual retirement account or eligible retirement plan at the consent of the participant or beneficiary. Vested account balances less than $1,000 are distributed in a single lump-sum cash payment to the participant or beneficiary.

k. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Companies, are permitted to withdraw, in a single lump sum, a portion of their vested account balances as a result of an immediate and heavy financial need. These conditions include the payment of tax-deductible medical expenses, post-secondary education tuition for immediate family members, funeral or burial costs of immediate family members, natural disaster clean-up on the participant's primary residence, the purchase of the participant's primary residence, or to prevent eviction or foreclosure from the participant's primary residence.

l. Administrative Expenses

The Company pays certain administrative fees of the Plan, including legal, trustee and audit fees. Direct expenses paid by the Plan were $156,951 and $135,003 for the years ended December 31, 2025 and 2024, respectively. Certain expenses are included in the transaction prices of investments bought and sold and are not separately quantifiable. The Plan charges certain loan and distribution fees to the impacted participants.

m. Revenue Sharing

Certain investment funds available under the Plan provide revenue-sharing credits based on assets invested in those funds. Such amounts are maintained in an ERISA expense account and may be used to pay eligible Plan administrative expenses. Activity attributable to the Plan's revenue-sharing arrangement, including revenue-sharing credits and related ERISA account adjustments, totaled $21,375 and $47,578 for the years ended December 31, 2025 and 2024, respectively. Such amounts, together with other miscellaneous adjustments, are included in other income in the accompanying statements of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

a. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") as set forth by the Financial Accounting Standards Board (the "FASB").

b. Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the amounts of net assets available for benefits, changes therein, the accompanying notes and the supplemental schedules. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The common collective trust fund with underlying investments in investment contracts is valued at the net asset value ("NAV") of the underlying investments. See Note 4 for discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in unrealized gains during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If an active participant fails to make payments for more than 90 days after they are due, the note will be in default.

Under certain circumstances, as indicated in the Plan document, a note that is in default may be treated as a taxable distribution from the Plan and will be included in the statements of changes in net assets available for benefits as a benefit payment.

e. Payment of Benefits

Benefits are recorded when paid.

f. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 12, 2026, the date the financial statements were made available for issuance.

3. Information Certified by Asset Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA section 103(a)(3)(c) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal.

The classification of the investments into the appropriate fair value hierarchy levels (1, 2 or 3) as disclosed in Note 4 is not certified by the Custodian and is the responsibility of the Plan's management.

4. Fair Value Measurements

a. Fair Value Hierarchy

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments held in the Plan primarily consist of mutual funds and a common collective trust. These assets are recorded at fair value on a recurring basis. The common collective trust is measured at fair value using the NAV per share (or its equivalent) as a practical expedient.

The following is a description of the valuation methodologies used for the Plan's investments at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at quoted market prices which are available on active markets.

Common Collective Trust: Valued at the NAV of units of a bank collective trust. The NAV is used as the practical expedient to estimate fair value and it is based on the fair value of the underlying investments. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. See discussion at Note 5.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan administrator believes these valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$24,637,105	$ -	$ -	$24,637,105
Total assets in the fair value hierarchy	$24,637,105	$ -	$ -	$24,637,105
Investments measured at NAV**:				
Common collective trust				1,808,581
Total investments				$26,445,686

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$24,844,268	$ -	$ -	$24,844,268
Total assets in the fair value hierarchy	$24,844,268	$ -	$ -	$24,844,268
Investments measured at NAV**:				
Common collective trust				1,971,887
Total investments				$26,816,155

**Certain investments that are measured at fair value using the net asset value per share as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the statement of net assets available for benefits.

For the years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

b. Investment Calculated at Net Asset Value per Share

The common collective trust is a stable return fund whose primary objective is to provide investors with a moderate level of stable income without principal volatility. There were no unfunded commitments at December 31, 2025 and 2024.

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value as of December 31, 2025 and 2024:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2025	2024		
Common collective trust	$1,808,581	$1,971,887	Daily	1 Day

5. Investments

All Plan investments are participant-directed as of December 31, 2025 and 2024. Participants can direct their accounts among various mutual funds and a common collective trust.

The Plan invests in the Galliard Stable Return Fund PN60 (“SRF”), formerly the Wells Fargo Stable Return Fund N60 common collective trust fund. The SRF invests all of its assets in the Galliard Stable Return Fund Core (the “Fund"), formerly the Wells Fargo Stable Return Fund G. This investment is reported at fair value, which approximates contract value. The Fund invests in fully-benefit responsive investment contracts and security-backed contracts.

An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics to a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity. The Fund contains several redemption restrictions including the right to require a 12-month notice for withdrawal of assets from the Fund initiated by the Company. Withdrawals initiated by participants of the Plan will be honored when received. There are no unfunded commitments or reserves as of December 31, 2025 and 2024.

6. Party-in-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

Investment options are sponsored by Principal serving as a custodian of the Plan. Therefore, any investment transaction executed with the custodian qualifies as a party-in-interest transaction.

In addition, the Companies are parties-in-interest to the Plan. However, there were no transactions with the Companies other than the funding of contributions to the Plan and the payment of certain administrative expenses.

7. Non-Exempt Transaction

During the year ended December 31, 2024, certain participant contributions were not remitted to the Plan within the time period required by Department of Labor regulations. Accordingly, such late remittances constituted nonexempt prohibited transactions under ERISA.

During the year ended December 31, 2025, the Plan administrator corrected the delinquent participant contributions outside of the Department of Labor's Voluntary Fiduciary Correction Program ("VFCP") by remitting the delinquent contributions and restoring related lost earnings to affected participant accounts. The delinquent contributions totaled $1,730, and lost earnings restored to participant accounts totaled $192. Accordingly, no delinquent participant contributions were outstanding as of December 31, 2025. The Plan administrator intends to file any required excise tax returns and remit any applicable excise taxes associated with the prohibited transactions.

8. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue employer contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their matching and discretionary non-elective contributions and the earnings thereon.

9. Tax Status

The Plan utilizes the Principal Life Insurance Company Defined Contribution Volume Submitter Plan and Trust which received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that as of that date the Plan document was designed in compliance with the applicable IRC requirements.

The Plan has been amended and restated since Principal Life Insurance Company received the opinion letter. However, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the Plan is qualified and the related trust is tax exempt as of December 31, 2025 and 2024, and for the years then ended.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities, including mutual funds and a common collective trust. Investment securities, in general, are exposed to various risks such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
