INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Oxygen Service Company, Inc. 401(k) Savings Plan
St. Paul, MN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Oxygen Service Company, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Oxygen Service Company, Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements of information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Oxygen Service Company, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Oxygen Service Company, Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Oxygen Service Company, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Oxygen Service Company, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF PLAN

The following description of the Oxygen Service Company, Inc. 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan. Oxygen Service Company, Inc., (the Company) is the administrator and sponsor of the Plan. The Plan was established on February 1, 2019, and uses Empower Annuity Insurance Company of America and Empower Trust Company, LLC (Empower) as the plan trustees (custodians). The Plan was most recently restated on June 14, 2021. The participants are responsible for the direction of their account balances into specific investment options. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective February 28, 2025, the Company sold. After the transaction, the Plan remained active and was not terminated. The Plan continues to operate in accordance with its plan provisions and remains available for eligible employees of the successor entity. The Company's Employee Stock Ownership Plan (ESOP) was dissolved as a result of the transaction. In accordance with the ESOP's plan provisions and applicable regulations, participants were required to disburse their vested account balances out of the ESOP. Participants were given the option to rollover their ESOP distributions into the Plan. During 2025, a portion of the distributions made from the ESOP was contributed to the Plan through participant-elected rollover contributions.

Eligibility:

Employees of the Company who have obtained the age of eighteen years are eligible to participate in the Plan. Participation begins on the entry date, which is the first day of the month following the date eligibility is satisfied. Participants are automatically enrolled in the Plan on the entry date at predetermined deferral rates as defined in the Plan, unless an election is made by the participant to select an alternate deferral amount or to not defer compensation under the Plan. To be eligible for employer discretionary matching and non-elective contributions, employees must complete 500 hours and be employed on the last day of the Plan year. Additionally, employees do not need to be participating in the Plan to receive employer non-elective contributions.

Contributions:

Each year, participants may contribute to the Plan in amounts subject to certain IRS limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective for Plan years beginning on or after January 1, 2025, participants who attain ages 60 through 63 before the end of the Plan year are eligible for an increased catch-up contribution limit, as permitted under applicable law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. The contribution rate will automatically increase by 1% annually until the participant has reached a 6% contribution rate.

NOTE 1. (CONTINUED)

The Company may also make discretionary matching and non-elective contributions. During 2025 and 2024, the Company elected to match 100% of the first 3% of eligible compensation that a participant contributed to the Plan. No additional non-elective contributions were contributed to the Plan in 2025. An additional non-elective contribution of 2% of eligible compensation was contributed to the Plan by the Company in 2024. Contributions are subject to certain IRS limitations.

Participant accounts:

Each participant's account is credited with participant pre-tax deferrals, participant post-tax Roth contributions, employer discretionary contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participant accounts are valued at the end of each business day. The benefit the participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. For any discretionary company contributions and earnings thereon, participants are fully vested after five years of service.

Notes receivable from participants:

Participants may borrow from their accounts up to a maximum equal to the lesser of 50% of their vested account balances or $50,000. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 7.50% to 10.50%, which are commensurate with prevailing market rates. Principal and interest are paid through weekly payrolls and must be paid within five years, unless used for principal residence, which are repaid within ten years.

Payment of benefits:

Distributions to terminated or retired participants are made in a single lump-sum payment to the participant (or in the case of death, the participant's beneficiary) or periodic installments over a period specified by the plan. If terminated/retired participants do not voluntarily elect to move their funds out of the plan, vested account balances between $1,000 and $7,000 are rolled into an IRA on the employee's behalf. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator can authorize the benefit payment without the Participant's consent.

Active (not terminated/retired) participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan and withdrawals are limited pursuant to the Plan's provisions.

Forfeited accounts:

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $17,478 and 1,265, respectively. These accounts would be used first to pay administrative expenses. Any remaining forfeitures would then be used to reduce future employer contributions. During the years ended December 31, 2025 and 2024, $389 and $0 were used to pay administrative expenses and reduce employer contributions, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the Plan are maintained on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for the discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based on the terms of the Plan document.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits:

Benefits are recorded when paid.

NOTE 2. (CONTINUED)

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in the administrative expenses.

Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 28, 2026, the date the financial statements were available to be issued. Subsequent to year-end, management decided to amend the Plan's eligibility requirements for employer discretionary matching and non-elective contributions, effective January 1, 2027, to remove the requirements that participants complete 500 hours of service and be employed on the last day of the Plan year. The amendment is in process and had not been formally adopted as of September 28, 2026.

NOTE 3. CERTIFICATION OF INVESTMENT INFORMATION

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the trustees (custodians) of the Plan, have certified as to the completeness and accuracy of all investment information reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statements of changes in net assets available for benefits for the years ending December 31, 2025 and 2024, and the supplemental schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets and liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4. (CONTINUED)

Level 3*:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,323,771	$ -	$ -	$ 14,323,771
Investments at fair value	**$ 14,323,771**	**$ -**	**$ -**	**$ 14,323,771**

Investments at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,089,065	$ -	$ -	$ 7,089,065
Investments at fair value	**$ 7,089,065**	**$ -**	**$ -**	**$ 7,089,065**

NOTE 5. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America totaling $65,059 and $127,186 for 2025 and 2024, respectively. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5. (CONTINUED)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC. These companies are the trustees (custodians) and Empower Retirement, LLC (a subsidiary of Empower Annuity Insurance Company of America) is the record-keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8. PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated November 14, 2022, received from the Internal Revenue Service (IRS) on the Prototype Non-standardized Profit Sharing Plan with CODA indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under the current income tax law. The prototype Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10. SECURE ACT 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and administratively adopted an increase to catch-up contribution limits (see Note 1, Contributions subnote). Plan management will determine other optional provisions to elect in the future.
