INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee
Schulte Roth & Zabel LLP Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Schulte Roth & Zabel LLP Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditor's Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 6, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of Schulte Roth & Zabel LLP Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by McDermott Will & Schulte LLP (the Firm), formerly Schulte Roth & Zabel LLP (the Prior Firm). Effective August 1, 2025, the Prior Firm merged with another firm and became McDermott Will & Schulte LLP. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Eligible partners, special counsel and employees who are either legal assistants or secretaries and non-legal staff (as defined in the plan document), excluding nonresident aliens with no U.S. source income, leased employees and certain others (as defined in the plan document), are entitled to become participants of the Plan on the first day of the month coincident with or next following the date on which they are employed and attained age 21.

A plan amendment was executed July 31, 2025, effective August 1, 2025, and included the following changes to plan provisions:

- Participants in the Plan on July 31, 2025, shall continue to be a participant in accordance with the terms of the Plan
- No employee or partner with a date of hire after July 31, 2025 is eligible to participate in the Plan
- No person who is not an employee or partner prior to August 1, 2025, shall become a participant of the Plan

Plan Merger

Effective on the close of business on December 31, 2025, pursuant to an amendment to the Plan, the Plan merged into the McDermott Will & Schulte LLP Savings and Retirement Plan (MWS Plan). Under the terms of the merger, all assets and liabilities of the Plan were transferred to the MWS Plan effective at the close of business on December 31, 2025. As a result of the merger, the Plan reported zero net assets available for benefits as of December 31, 2025. The net assets of the Plan totaling $175,986,434 were transferred to the MWS Plan on January 2, 2026. In addition, net assets of $3,822,356 resulting from the discretionary employer contribution receivable and fourth quarter Group Trust earnings were deposited to the MWS Plan in 2026.

1. DESCRIPTION OF PLAN (Continued)

Plan Merger (Continued)

Management of the Firm believes that the Plan merger was a tax-exempt transaction under the applicable provisions of the Internal Revenue Code (IRC) and, therefore, are not subject to federal income taxes.

Prior to the Plan merger, provisions of the Plan were as follows:

Contributions

Each year, participants may elect to contribute up to the maximum allowed by the IRC, of pre-tax annual compensation, as defined in the Plan. Participants are permitted to designate a portion or all of their deferral contributions as Roth 401(k) contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In addition, effective January 1, 2025 participants who are ages 60-63 are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Firm may elect to make discretionary employer contributions based upon a discretionary percentage of compensation, as defined, determined by the Firm's executive committee. To be eligible for discretionary employer contributions, employees must have at least one year of service and be employed on the last day of the plan year, except that an employer contribution is made with respect to any participant who retires on or after his normal retirement date. Notwithstanding the foregoing, any partner who is a participant in a qualified defined benefit pension plan sponsored by the Firm during such Plan year, is eligible to receive an employer contribution. For the years ended December 31, 2025 and 2024, the Firm contributed to the Plan the sum of 5% of the participant's first $350,000 and $345,000, respectively, of compensation, as defined. The maximum employer contribution on behalf of the participants may not exceed 15% of the participant's total compensation for any Plan year.

Contributions from plan participants were recorded in the year in which the employee contributions are withheld from compensation.

Contributions were subject to certain limitations as mandated by the IRC.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions. In accordance with the Plan provisions, participants are to have a minimum of three investment fund options available providing a broad range of investment alternatives.

1. DESCRIPTION OF PLAN (Continued)

Investment Options (Continued)

Investment options include a money market fund, various mutual funds, collective trust funds, target retirement funds, self-directed brokerage accounts, SRZ Alternative Investment Account (the Fund), and the managed account program.

The Fund invests in the Schulte Roth & Zabel LLP Group Trust, which invests in mutual funds and private investment entities. Transfers may be made into the Fund on a quarterly basis (see Note 3).

The managed account program offers independent professional investment management, and personalized asset allocation with automatic rebalancing and reallocation of account assets.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Firm's contribution and (b) plan earnings (losses) and charged with the participant's benefit payments and an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and discretionary employer contributions plus actual earnings (losses) thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50% of their account balance, less defaulted loans (if any). Participants can have only three loans outstanding at any time. The loans are secured by the balances in the participants' accounts and bear interest at the prime rate plus 2%. The term of the loan may not exceed 5 years or up to 15 years if the loan proceeds will be used to acquire the principal residence of the participant. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service withdrawals of all or a portion of the participant's vested account balance are also permitted upon the participant's attainment of age 59½.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)

Participants of the Plan for at least five (5) years may receive a full in-service distribution of their employer contribution. Participants in the Plan for less than five (5) years, may receive an in-service distribution limited to the amount of employer contributions that have been in their account for at least two (2) full Plan years, measured from the date such contributions were allocated into the Plan. Under certain conditions participants may receive a hardship distribution their pre-tax 401(k) contributions or Roth contributions if certain criteria are met.

Benefits payable under the Plan shall be in one lump sum payment, except as defined by the Plan. The entire interest of a participant must be distributed or begin to be distributed no later than the April 1 of the calendar year following the calendar year in which the participant attains the age of 72 if the participant is a 5% owner of the Employer, as defined by IRC. For all other participants that attain the age of 72 while still an employee, the distribution date is the date service is terminated.

If the value of a terminated participant's account is $1,000 or less, the Plan shall immediately distribute the participant's entire vested account balance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America (US GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Retirement Plan Committee determine the Plan’s valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted (if any). Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Firm and are excluded from these financial statements. Loan administration and distribution fees were charged directly to the participant's account and are included in administrative expenses. The Plan also paid certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Recent Accounting and Regulatory Pronouncements

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the years ended December 31, 2025 and 2024. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements for the plan years ended December 31, 2025 and 2024.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

3. FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets,

b. Quoted prices for identical or similar assets or liabilities in inactive markets,

c. Inputs other than quoted prices that are observable for the asset or liability,

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024. There were no investments held at December 31, 2025.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the US Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices. The types of investments within these accounts are limited to certain investments, as defined, in accordance with ERISA.

3. FAIR VALUE MEASUREMENTS (Continued)

Collective trusts: Investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The Plan invests in the Galliard Stable Return Fund C (Stable Return C) collective trust fund and the Putnam Large Cap Value Trust II (Putnam) collective investment trust.

Stable Return C invests all its assets in the Galliard Stable Return Fund Core. Stable Return C is trusteed by SEI Trust Company and managed by Galliard Capital Management, LLC.

Stable Return C seeks to provide investors with a moderate level of stable income without principal volatility. Putnam is maintained by Great Gray Trust Company as the fund's trustee and seeks to provide investors with capital growth and current income and is benchmarked to the Russell 2000 Growth Index. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner. Participant transactions (purchases and sales) may occur daily. The collective trust funds contain several redemption restrictions to withdraw, including the right to require up to a 12-month advance notice period for fund withdrawals initiated by the Plan sponsor. As of December 31, 2024, there were no unfunded commitments; the redemption frequency for participant transactions in the collective trust funds is daily upon receipt of an authorized request on or prior to the valuation date.

SRZ Alternative Investment Account: for the Plan's investments in the Fund, which invests in the Schulte Roth & Zabel LLP Group Trust (Group Trust), the Plan administrator's policy is to consider the valuation provided by the third-party managers of the underlying investments of the Group Trust, which is based on the computed NAV of the underlying investments. The underlying investments of the Group Trust include a variety of security and financial instruments, including interest-bearing cash, mutual funds, and also limited partnership and limited liability company interests, which are classified within Level 3 of the fair value hierarchy. The underlying investments trade infrequently and do not have readily available market prices or observable inputs. Factors considered in valuing investments include, without limitations, the type of security, cost, the price activity of similar instruments and financial conditions of the investee. Investments in the Fund are recorded at the NAV at year-end, which represents fair value based upon financial information supplied by each underlying Group Trust investment holding or from its investment manager. The values assigned to the Fund and any unrealized gains or losses are based on available information and do not necessarily represent amounts that might be realized if a ready market existed, and such differences could be material. Furthermore, the ultimate realization of such amounts depends on future events and circumstances, and

3. FAIR VALUE MEASUREMENTS (Continued)

SRZ Alternative Investment Account (Continued): therefore, valuation estimates may differ from the value realized upon disposition. The liquidity for the private investment entities within the Group Trust range from monthly to quarterly, and in some cases, annually, with advance notice and are subject to liquidity of the underlying funds. In some cases, there may be side-pockets for non-liquid assets. At December 31, 2024, there were no unfunded Fund commitments. Participants may invest in the Fund on a quarterly basis. Due to the liquidity limitations of the private investment entities within the Group Trust, participant withdrawals from the Fund (and the underlying Group Trust) may be requested effective as of the end of the second quarter of the calendar year and as of the end of the calendar year, after giving 120-days prior notice.

Withdrawals are generally processed initially at approximately 90% of the estimated value and the remainder is processed upon completion of the applicable period's Group Trust valuation. As a result, there were Fund withdrawals of approximately $1,581,360 and $657,550, respectively, unpaid at December 31, 2025 and 2024.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no investments held at December 31, 2025. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 129,598,237	$ -	$ -	$ 129,598,237
Self-directed brokerage accounts	7,091,713	-	-	7,091,713
The Fund	-	-	24,759,315	24,759,315
TOTAL	$ 136,689,950	$ -	$ 24,749,315	
Investments measured at net asset value [(a)]				4,663,042
TOTAL INVESTMENTS AT FAIR VALUE				$ 166,112,307

3. FAIR VALUE MEASUREMENTS (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. The Plan's Level 3 assets for the years ended December 31, 2025 and 2024 included purchases of $415,892 and $270,213, respectively, and issuances of $1,462,720 and $72,062, respectively. Transfers out of Level 3 were $26,714,116 as a result of the Plan merger for the year ended December 31, 2025. There were no transfers into or out of Level 3 for the year ended December 31, 2024.

4. CERTIFICATION OF FINANCIAL INFORMATION

The financial data included in the accompanying financial statements as of December 31, 2025 and 2024, excluding the Fund, has been certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust Company), a qualified institution. The following certified information was obtained by management and agreed to or derived from information certified as complete and accurate and has not been audited by the independent auditors for the Plan.

The Plan's investment income and interest and dividend income certified by the custodian during the years ended December 31, 2025 and 2024 were as follows (excluding activity of the Fund):

	2025	2024
Net appreciation in the fair value of mutual funds, collective trusts, and self-directed brokerage account	$ 22,471,587	$ 11,281,298

5. PLAN TERMINATION

Although the Firm did not express any intent to terminate the Plan, as discussed in Note 1, the Plan was merged with MWS Plan effective at the close of business on December 31, 2025, and accordingly has ceased to exist as a separate legal entity.

6. TAX STATUS

The IRS has determined and informed the Firm by letter dated December 12, 2017, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in the Fund, which invests in the Group Trust, which is managed by the Firm. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative expenses were paid by the Plan or the Firm. Employees of the Firm provided administrative services to the Plan for which no fees are charged.

In addition, the Plan received revenue sharing amounts from the custodian pursuant to an agreement. This revenue was used to offset certain expenses incurred from services provided by the custodian. Total amounts received from the custodian and used to offset expenses during the years ended December 31, 2025 and 2024 were $42,926 and $52,997, respectively.

8. RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the value of investment securities would occur in the near term.

9. TRANSFERS (TO) FROM OTHER QUALIFIED PLANS

The Plan permits participants who change their employment status with the Firm during the year as a result of promotion and other job status changes to transfer certain assets (to) from the other qualified plan sponsored by the Firm. During 2025 and 2024, $475,880 and $1,093,923, respectively, of account balances were transferred to the Plan from the Schulte Roth & Zabel LLP Associates Savings Plan and $2,100,096 and $364,272 (net), respectively, of account balances were transferred from the Plan to Schulte Roth & Zabel LLP Thrift Plan.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the years ended December 31, 2025 and 2024:

	2025	2024
Net increase in net assets available for benefits per the financial statements	$12,675,567	$ 6,642,597
Add contributions receivable – prior year	1,864,571	1,880,613
Less contributions receivable – current year	(2,835,150)	(1,864,571)
NET INCOME PER THE FORM 5500	$11,704,988	$ 6,658,639

The following is a reconciliation of plan transfers (to) from qualified plans, net per the financial statements to transfers of assets per the Form 5500 for the year ended December 31, 2025:

	2025
Net transfers (to) from qualified plans per the financial statements	$ (181,433,006)
Add contributions receivable – current year	2,835,150
TRANSFERS OF ASSETS PER THE FORM 5500	$ (178,597,856)

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2026, which was the date that these financial statements were available for issuance and determined that there were no significant non-recognized subsequent events through that date.
