Independent Auditor's Report

To the Benefits Plans Committee and Plan Participants
of the Abercrombie & Fitch Co. Savings and Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Abercrombie & Fitch Co. Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Abercrombie & Fitch Co. Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Abercrombie & Fitch Co. Savings and Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Abercrombie & Fitch Co. Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Abercrombie & Fitch Co. Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Abercrombie & Fitch Co. Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule G, Part III – Schedule of Nonexempt Transactions for the Year Ended December 31, 2025, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2025, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

The Abercrombie & Fitch Co. Savings and Retirement Plan (the "Plan"), originally effective July 1, 1998, and amended and restated in its entirety effective January 1, 2019, is a defined contribution plan covering certain employees of Abercrombie & Fitch Co. (the "Employer"). Employees are eligible to participate in the Plan upon employment and having attained 21 years of age.

The following description of the Plan provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Employer's Contributions:

The annual amount of compensation of each participant that is eligible for consideration under the Plan is limited to the maximum amount permitted under Section 401(a)(17) of the Internal Revenue Code ("Code"). The annual compensation limit for the Plan years ended December 31, 2025 and 2024 was $350,000 and $345,000, respectively.

The Employer will provide a matching contribution of 100% of the first 5% of the participant's voluntary contributions. To be eligible to receive Employer matching contributions a participant must attain the age of 21 with one year of service, determined on an elapsed time basis.

Participant's Voluntary Contributions:

A participant may elect to make a voluntary tax-deferred, or after-tax (Roth), contributions of 1% to 75% of their annual compensation up to the maximum permitted under Section 402(g) of the Code adjusted annually ($23,500 and $23,000 for 2025 and 2024, respectively). This voluntary contribution may be limited by Section 401(k) of the Code. If a participant will be age 50 or older as of the end of a calendar year, they may elect to make "catch-up contributions" in that year. Catch-up contributions are deferral contributions in excess of the limits discussed above and any other limit prescribed by law. Catch-up contributions could not exceed $7,500 for both of the Plan years ended 2025 and 2024.

Rollover contributions are assets transferred to the Plan by participants who receive distributions from other qualified plans. These contributions are not entitled to any employer matching contributions.

Investment Options

Participants direct the investment of both their own and the Employer's contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and collective investment trusts. If a participant does not direct their investment to any investment option, the Plan will choose a default fund based on the participant's date of birth and the assumption that they will retire at age 65.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of 1) the Employer's contributions, 2) investment earnings, and 3) administrative expenses. Allocations are based on the participant's contributions or account balances, as appropriate. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting
Participants are fully and immediately vested for voluntary contributions, the Employer matching contributions (for contributions made after April 13, 2003) and rollover contributions. A summary of vesting percentages in the Employer's matching contributions (for contributions made prior to April 13, 2003) and the Employer's discretionary non-elective contributions are as follows:

Years of Vested Service	Percentage
Less than one year	0%
One year, but less than two years	20%
Two years, but less than three years	40%
Three years, but less than four years	60%
Four years, but less than five years	80%
Five years or more	100%

Payment of Benefits
The full value of a participant's account becomes payable upon retirement, disability or death. Upon termination of employment for any other reason, a participant's account, to the extent vested, becomes payable. Those participants with vested account balances greater than $5,000 have the option of leaving their accounts invested in the Plan until age 65.

Those participants with vested account balances between $1,000 and $5,000 who have not elected to either have such distribution paid to them or to an eligible retirement plan shall be rolled over to an individual retirement account with a properly accredited and regulated financial institution. All benefits will be paid as a lump-sum distribution. Participants have the option of having their benefit paid directly to an eligible retirement plan specified by the participant.

A participant who is fully vested in his or her account and who has participated in the Plan for at least five years may obtain an in-service withdrawal from certain accounts based on the percentage amounts designated by the Plan. A participant may also request a hardship distribution from certain accounts due to an immediate and heavy financial need based on the terms of the Plan.

Participant Loans
Participants are permitted to borrow from their account the lesser of $50,000 or 50% of the vested balance of their account, with a minimum loan amount of $1,000. All loans become due and payable in full upon a participant's termination of employment with the Employer. The borrowing constitutes a separate earmarked investment of the participant's account. Interest on the borrowing is based on the customary rate for similar loans within the geographic area in which the Plan is administered.

Forfeitures
Forfeitures are used to reduce the Employer's contributions, and if so elected by the Employer, to reduce administrative expenses. Forfeitures of $15,493 and $67,177 were used to reduce the Employer's contributions for the years ended December 31, 2025 and 2024, respectively. There were $0 of forfeitures used to pay administrative expenses during 2025 and 2024. There were $0 in unused forfeitures as of December 31, 2025 and 2024.

Administrative Expenses
Administrative expenses may be paid by the Plan unless the Employer elects to pay such expenses. Participants are assessed a Plan recordkeeping fee and administrative fee that totaled approximately

$19 and $20 per quarter for the years ended December 31, 2025 and 2024, respectively. Other administrative expenses include participant initiated expenses such as loan administration fees and distribution fees.

Brokerage fees, transfer taxes, and other expenses incurred in connection with the investment of the Plan's assets will be added to the cost of such investments or deducted from the proceeds thereof, as the case may be.

2. Summary of Accounting Policies

Basis of Presentation
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the reported amounts in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from these estimates.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition
Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements. Purchases and sales of securities are recorded on a trade-date basis using fair value. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Net Appreciation in Fair Value of Investments
The net realized and unrealized appreciation is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments.

Contributions
Contributions from Plan participants, and the relating matching contributions from the Employer, are recorded in the year in which the participant contributions are withheld from payroll.

Benefit Payments
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants represent participant loans that are recorded at their unpaid principle balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Employer deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Fair Value Measurements

Accounting Standards Codification 820, *Fair Value Measurement*, ("ASC 820") provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – inputs are unadjusted quoted prices for identical assets or liabilities that are available in active markets.

- Level 2 – inputs are other than quoted market prices included within Level 1 that are observable for assets or liabilities, directly or indirectly.

- Level 3 – inputs to the valuation methodology are unobservable.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the techniques and inputs used for each major class of assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the quoted market price of shares held by the Plan at year-end and are classified within Level 1 of the valuation hierarchy.

Collective investment trusts: Valued at their respective Net Asset Value ("NAV") as reported by such trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective investment trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner. These investments are not classified within the valuation hierarchy, but represented for reconciliation purposes only.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The three levels of the hierarchy and the distribution of the Plan's financial assets are as follows:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 76,707,161	$ -	$ -	$ 76,707,161
Collective investment trusts measured at net asset value				500,556,242
Total assets at fair value				$ 577,263,403

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 66,781,065	$ -	$ -	$ 66,781,065
Collective investment trusts measured at net asset value				417,789,385
Total assets at fair value				$ 484,570,450

The following table summarizes investments for which fair value is measured using NAV practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments and the redemption notice periods below are applicable only to the Plan.

4. Unaudited Information Certified by the Plan Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at December 31, 2025 and 2024, and net appreciation, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was prepared by or derived from information certified by the Fidelity Management Trust Company (the "Trustee") and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

5. Plan Administration

A Committee, the members of which are appointed by the Board of Directors of the Employer, administers the Plan (the " Plan Administrator").

6. Tax status

The Internal Revenue Service ("IRS") has determined and informed the Employer by a letter dated February 13, 2018 that the Plan and related trust are designed in accordance with applicable sections of the Code. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

GAAP requires the Plan's management to evaluate uncertain tax positions taken by the Plan. The financial statement effect of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue their contributions at any time. The Employer has the right at any time, by action of its Board of Directors, to terminate the Plan subject to provisions of ERISA. Upon Plan termination or partial termination, participants will become fully vested in their accounts.

8. Parties-in-interest

Fidelity Management Trust Company, trustee of the plan, and its subsidiaries and affiliates, maintain and manage certain investments of the Plan for which the Plan is charged.

The Employer provides certain administrative services to the Plan at no charge. The cost of providing these services and the payment of these costs by the Employer, which is a party-in-interest, constitute exempt party-in-interest transactions under ERISA. The Plan also holds notes receivable from participants which represent party-in-interest transactions.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of benefits paid to participants per the financial statements to the Plan's Form 5500 for the year ended December 31, 2025:

	2025
Benefits paid to participants per the financial statements	$ 36,797,262
Deemed distributions of participant loans:	
At December 31, 2025	(30,999)
At December 31, 2024	65,546
Benefits paid to participants per Form 5500	$ 36,831,809

10. Prohibited Transaction

During 2025, the Employer remitted employees' deferrals for a payroll period to the Plan later than the period prescribed by the Department of Labor regulations. These delinquent remittances are considered nonexempt party-in-interest transactions. Plan management fully corrected these delinquent participant contributions with lost earnings during the year ended December 31, 2025.

11. Subsequent Events

Subsequent events have been reviewed through October 13, 2026, the date the financial statements were available to be issued.
