REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
International Motors, LLC Hourly Employees Pension Plan No. 2

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of The International Motors, LLC Hourly Employees Pension Plan No. 2 (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the International Motors, LLC Hourly Employees Pension Plan No. 2 (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan sponsored by International Motors, LLC (f/k/a Navistar, Inc.) (the "Company") that is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan contains two component plans: the NCRP Component and the IC Bus Plan Component, which provide retirement and other benefits for eligible represented and certain other employees and former employees of the Company and its participating subsidiaries and affiliates. Each component plan provides for the terms and conditions under the Plan applicable to its respective group of employees, terminated participants and retirees.

In general, employees are considered eligible for the NCRP Component of the Plan at the date of employment if they are represented by a union and meet certain service hour requirements. The IC Bus Plan Component covers participants who had been employees hired prior to January 1, 2006 of IC Bus, LLC ("IC Bus", a former wholly-owned subsidiary of the Company), except for those employees who had been transferred to another plan or whose benefits were provided under a group annuity contract.

The Plan's assets are held in the Navistar, Inc. Hourly Employees Pension Trust (the "Master Trust"), along with the assets of the International Motors, LLC Hourly Employees Pension Plan No. 1 ("HEPP 1"), a separate defined benefit plan sponsored by the Company. The Northern Trust Company (the "Trustee") serves as the trustee of the Plan and the Master Trust. The Trustee is authorized to hold the assets of the Plan, to invest or reinvest the assets of the Master Trust, and to deposit monies in separate checking accounts for the payment of benefits or expenses of the Plan and the Master Trust in accordance with the instructions of the Company.

Contributions

The Plan provides that the Company shall make annual contributions required under the minimum funding standards of the Internal Revenue Code (the "IRC") and ERISA. In no event, however, shall the Company be required to pay in any year an amount greater than the amount that is deductible for tax purposes in that year. The 2025 and 2024 contributions required to meet the minimum funding standards of ERISA were $1,722,422 and $1,716,375, respectively. The Company's contributions for 2025 and 2024 met or exceeded the minimum requirement. The Company elected to satisfy the 2025 and 2024 minimum contributions from the Plan's prefunding balance. Contributions funded by the Company are made directly to the Trustee.

Benefits

NCRP Component:

The NCRP Component of the Plan provides that eligible employees who retire after September 1, 1955, shall receive a benefit based on the employee's credited service and monthly benefit rate. Eligible employees who work on or after January 1, 1987, and who retire on or after October 1, 1995, receive benefits based on increased monthly benefit rates (subject to the provisions of the various collective bargaining agreements). Employees who retire at their option prior to age 62 and who have 10 years of credited service shall receive a reduced benefit based on attained age at retirement. Certain employees are eligible for supplemental allowances that are dependent on attained age and credited service at retirement date. Participants become fully vested in their accrued benefits upon completion of five years of vesting service.

IC Bus Plan Component:

The IC Bus Plan Component of the Plan provides that, upon retirement, the amount of benefits under the Plan is the highest amount using two different computations. Under each benefit computation, the annual benefit is a percentage of earnings or average annual earnings multiplied or adjusted by years of credited service. If employees terminate before rendering five years of service, they forfeit the right to receive the portion of their accumulated Plan benefits attributable to the Company's contributions for the IC Bus Plan Component.

Certain Plan participants ceased to be employees of IC Bus as of August 1, 2017 after IC Bus sold certain assets located in Conway, Arkansas. As a result, the pension benefits and vesting service accruals for those participants are frozen as of July 31, 2017.

Administrative Expenses

Administrative expenses are paid from the Plan unless the terms of the various collective bargaining agreements direct that the Company must pay such expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Investment Valuation and Income Recognition

The Plan's interest in the Master Trust is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis. Purchases and sales of securities are recorded on the trade-date basis. Net realized and unrealized appreciation (depreciation), along with dividend income and interest income are recorded in the accompanying statements of changes in net assets available for benefits as change in Plan's interest in Master Trust.

The Plan follows guidance on accounting for fair value measurements, which:

- Defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date, and establishes a framework for measuring fair value;

- Establishes a hierarchy of fair value measurement based on the observability of inputs used to value assets and liabilities;

- Requires consideration of nonperformance risk; and

- Requires disclosures about the methods used to measure fair value.

The framework for measuring fair value establishes a three-level hierarchy of measurements based on the reliability of observable and unobservable inputs used to arrive at fair value. Observable inputs are independent market data, while unobservable inputs reflect the Plan management's assumptions about valuation. Depending on the inputs, the Plan classifies each fair value measurement as follows:

- Level 1 - based on unadjusted quoted prices for *identical* instruments in active markets;

- Level 2 - based on quoted prices for *similar* instruments, prices for identical or similar instruments in markets that are not active, or model-derived valuations, all of whose significant inputs are observable; and

- Level 3 - based on one or more significant unobservable inputs.

The following describes the methods and significant assumptions used to estimate fair value of the investments held by the Master Trust. There were no changes in the methodologies used at December 31, 2025 and 2024.

Cash and short-term investments - Valued at cost plus earnings from investments for the period, which approximates fair market value due to the short-term duration. Short-term investments are valued at net asset value ("NAV") as provided by the administrator of the fund.

Collective trusts - Valued at the NAV provided by the administrator of each trust. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding.

Hedge fund, private debt funds, insurance-linked securities funds, and real estate - Valued at the NAV as reported to the Trustee from the respective fund's manager and is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

See Note C - Master Trust - for the Master Trust's investments by level within the fair value hierarchy as of December 31, 2025 and 2024.

Benefit Payments

Benefits are recorded when paid.

NOTE C - MASTER TRUST

The Master Trust holds the Plan's and HEPP 1's investment assets. Use of the Master Trust permits the commingling of Plan assets with the assets of HEPP 1 for investment and administrative purposes. Although assets of the plans are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the investments to the participating plans. Each plan holds a divided interest in the Master Trust's net assets as of December 31, 2025 and 2024. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust, plus actual contributions and investment income or loss, less actual benefits paid and administrative expenses.

The following table presents the Master Trust's net assets and the Plan's interest in the Master Trust's net assets as of December 31:

(a) All of the collective trusts file an annual report on Form 5500 as a direct filing entity. Except for two collective trusts, redemption is permitted daily with 2 or 15 days' written notice. One collective trust that is an exception permits redemption quarterly with 105 days' notice and a 10% holdback is applicable upon full liquidation. The other collective trust permits redemption monthly with 95 days' notice.

(b) This fund does not file an annual report on Form 5500 as a direct filing entity. The investment strategy of the fund is to generate attractive returns over a full market cycle by investing in a range of alternative investment opportunities with sources of return that have a low correlation to the broader financial markets, while also seeking to preserve capital. The fund has a one year lock up period and thereafter, redemptions are permitted semi-annually at the end of June and December with 95 days' notice. Full redemptions are subject to a 10% holdback.

(c) These funds are closed end funds and redemption is not permitted. One of the funds files an annual report on Form 5500 as a direct filing entity. The Master Trust is committed to invest $30,000,000 in this fund, of which $23,563,211 and $26,003,960 has been funded as of December 31, 2025 and 2024, respectively.

The other fund does not file an annual report on Form 5500 as a direct filing entity. The investment strategy of the fund is to primarily focus on private credit and real estate lending, with an additional allocation to opportunistic credit. The fund has a lock up through the life of the fund, however, capital distributions will be made during the term. The Master Trust is committed to invest $45,000,000 in the fund, of which $24,055,430 and $33,225,270 has been funded as of December 31, 2025 and 2024.

(d) These funds do not file an annual report on Form 5500 as a direct filing entity. These funds achieve their investment strategy by participating in collateralized reinsurance and retrocessional contracts or securities and other transactions which primarily provide exposure to risks traditionally associated with the insurance and reinsurance industry and, in particular catastrophe insurance risk across a number of

different geographic regions and perils. Redemption from one of the funds was not permitted until the expiration of the one year lock up period, at which time the Plan elected to reinvest its redemptions into another class of shares within the fund. Both share classes have begun a wind down phase to distribute all assets in the portfolio in cash and normal redemptions are no longer permitted. Both share classes will be compulsorily redeemed pro rata as cash becomes available for distribution. Certain events may suspend or delay the payment of the redemption proceeds. The other fund has a one year lock up and requires redemption notice as outlined by the fund. The fund will make redemption payouts and distributions on a monthly basis if there is liquidity from underlying investments.

(e) These funds do not file an annual report on Form 5500 as a direct filing entity. The funds are closed-end funds and redemption is not permitted. One of the funds pursues a high value-add and opportunistic investment strategy with respect to real estate and real estate-related investments primarily in North America and Europe. The Master Trust is committed to invest $13,382,353 in this fund, of which $7,896,712 and $7,431,832 has been funded as of December 31, 2025 and 2024, respectively.
The second fund seeks attractive opportunistic risk-adjusted returns by acquiring positions of control or significant influence in real estate and real estate companies globally capitalizing on market instabilities and volatility and assessing growth opportunities. The Master Trust is committed to invest $17,500,000 in this fund, of which $13,761,771 and $13,506,928 has been funded as of December 31, 2025 and 2024, respectively.

NOTE D - TAX STATUS

The Internal Revenue Service (“IRS”) issued a favorable determination letter, dated February 14, 2020, indicating that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

The Plan holds certain investments that are subject to Unrelated Business Income Tax and therefore, the Plan may be required to pay income tax. The Plan did not pay income tax for the 2025 and 2024 Plan years.

NOTE E - PLAN TERMINATION

If the Plan is terminated, the net assets of the Plan will be distributed to the participants in an order of priority determined in accordance with ERISA and its applicable regulations, and with the Plan document. Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (the "PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under covered plans, and the amount of benefit protection is subject to certain limitations.

The PBGC guarantees vested benefits at the level in effect on the date of Plan termination, subject to a statutory ceiling on the amount of an individual's monthly benefit. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE F - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements is complete and accurate, except for $231,599 and $88,083 that Plan management recorded to adjust certain alternative investments to fair value as of December 31, 2025 and 2024, respectively:

- Plan's interest in Master Trust as shown in the statements of net assets available for benefits as December 31, 2025 and 2024.

- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

NOTE G - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died and (3) present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits was determined by actuaries from the Plan's independent actuary, Willis Towers Watson US LLC, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation of accumulated plan benefits as of December 31, 2024 were (1) an interest rate of 5.40% (updated from 5.00% for 2023), (2) the life expectancy of healthy and disabled participants using 111% of Pri-2012 (blue collar) projected generationally to 2037 using scale MP-2021 (unchanged from 2023), and (3) there are no active employees participating in the Plan and it is assumed that IC Bus Plan Component participants with deferred vested benefits will commence receiving benefits at age 65 and NCRP Component participants with deferred vested benefits will commence receiving benefits at age 60.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits at December 31, 2024, is as follows:

Vested benefits	
Participants and beneficiaries currently receiving benefits	$110,213,317
Other participants	7,721,834
Total vested benefits	117,935,151
Nonvested benefits	-
Total actuarial present value of accumulated plan benefits	$117,935,151

The net change in the actuarial present value of accumulated plan benefits for the year ended December 31, 2024, is as follows:

Balance as of December 31, 2023	$132,067,219
Actuarial gains	(206,462)
Interest due to decrease in discount period	6,178,822
Assumption changes	(2,913,200)
Benefits paid	(17,191,228)
Balance as of December 31, 2024	$117,935,151

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

The Plan paid fees to the Trustee for trustee and investment services. Aon serves as the Plan's investment advisor and the Plan paid Aon investment advisor fees. In addition, certain Master Trust investments are managed by the Trustee and Aon. Payments to the Trustee and Aon and investments managed by the Trustee and Aon qualify as party-in-interest transactions.

NOTE I - SUBSEQUENT EVENTS

Management of the Plan has evaluated its December 31, 2025 financial statements for subsequent events through October 12, 2026, the date the financial statements were available to be issued. There were no subsequent events that require recognition or additional disclosure in these financial statements.

Spouse age	Wife three years younger than husband.
At-risk assumptions	For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan, which is usually the life form of payment for single participants and the 55% QJSA for married participants.
Timing of benefit payments	Benefit payments are assumed to be made uniformly throughout the year.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year as required by regulations under IRC §430.

SCHEDULE SB ATTACHMENTS

Actuarial value of assets

The actuarial value of assets is equal to the market value of assets as of the valuation date plus the discounted present value of contributions made after the valuation date for the prior plan year, discounted using the effective interest rate for the prior plan year.

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with the plan sponsor and, based on that review, is not aware any significant benefits required to be valued that are not.

Sources of Data and Other Information

The plan sponsor furnished participant data as of 1/1/2025. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available. All such assumptions are documented in the January 1, 2025 Valuation Data Diagnostics report. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Schedule SB, Line 22
Description of Weighted Average Retirement Age
as of January 1, 2025

For each active participant, an expected retirement age was calculated weighted in proportion to the probability (as shown in the retirement rates table below) that the individual would remain an active participant to each age and then retire at that age. The plan's weighted average retirement age of 62 is the arithmetic average of the expected retirement ages of all participants on January 1, 2025.

Laid-off participants are assumed to retire upon attainment of any of the criteria below:

- Age 65 and 1 year of service
- Age 55 and age plus service greater than or equal to 90 (90 points)

Schedule SB, Part V
Summary of Plan Provisions

The Hourly Employees Pension Plan (HEPP) was amended to spinoff certain participants as of January 1, 2019 to form the Hourly Employees Pension Plan No. 2 (HEPP No. 2). The HEPP Plan was renamed the Hourly Employees Pension Plan No. 1 (HEPP No. 1) effective January 1, 2019. All former IC Bus participants are in HEPP No. 2. The plan provisions remain unchanged following the spinoff.

Former Navistar, Inc. Non-Contributory Retirement Plan

General

Covered Employees	Union employees covered by collective bargaining agreement with the UAW and other unions
Participation Date	At employment or transfer to covered group

Definitions

Credited Service	One year for each calendar year in which the employee completes at least 1,700 hours of service. A partial year of service is earned for years in which a participant completes less than 1,700 hours of service.
Monthly Pension Benefit (MPB)	Fixed dollar amount based on job classification and location per years of service. See Negotiated Retirement Rates for more detailed information
Monthly Spouse Benefit	If eligible for early or normal retirement, surviving spouse receives 55% of retirement benefit payable under normal form. If not eligible for early or normal retirement, spouse receives 50% of terminated vested benefit commencing no earlier than the benefit could have otherwise commenced, reduced for the period the participant elected to be covered for this benefit

Eligibility for Benefits

Normal Retirement	Later of age 65 and 1 year of service
Early Retirement	• Age 55 and age plus service greater than or equal to 85 (85 points) • Age 60 and 10 years of service, or • 30 years of service

SCHEDULE SB ATTACHMENTS

Vested Termination	5 years of service and not eligible for early retirement
Disability	10 years of service
Preretirement Death Benefit	5 years of service
Supplemental Allowance	Eligible for early retirement benefit
Special Early Retirement	Age 55 and 10 years of service under mutually satisfactory conditions as set forward in the Standard for Applications for Special Early Retirement Provisions

Benefits Paid Upon the Following Events

Normal Retirement	MPB determined at Normal Retirement
Early Retirement	MPB formula based on service at early retirement reduced approximately 5%-6% per year before age 62. If retiring with “85 points” or 30 years of service, reduction is eliminated at age 62
Vested Termination	MPB actuarially reduced for benefit commencement prior to age 65
Disablement	MPB payable for life plus temporary supplement to age 62. Temporary supplement equals a flat dollar amount multiplied by service up to 25 or 30 years, depending on location. The flat dollar amount also varies by location
Preretirement Death	Monthly Preretirement Spouse Benefit is payable
Supplemental Allowance	Fixed dollar amount based on location (prorated for less than 30 years of service and reduced 1% per month for commencement prior to age 60 if service less than 30 years) less early retirement benefit payable to age 62. See Schedule of Negotiated Retirement Rates for more details
Benefits for Participants on Permanent Layoff	Most participants on a layoff status can accrue up to 1.9 years of additional service. Also, with at least 10 years of seniority, they may be able to grow-in to early retirement eligibility
Special Early Retirement	MPB payable for life plus temporary supplement to age 62. Temporary supplement equals a flat dollar amount multiplied by service up to 25 or 30 years, depending on location. The flat

	dollar amount also varies by location. See Schedule of Negotiated Retirement Rates for more details.

Other Plan Provisions

Forms of Payment	Life annuity, 55% Qualified Joint and Survivor Annuity, 75% Qualified Optional Survivor Annuity
Pension Increase	None
Maximum on Benefits and Pay	Dollar limitation under IRC Section 415 in effect during year beginning on the valuation date recognizing limitations for retirement prior to Social Security retirement age

Future Plan Changes

No future plan changes were recognized in the determination of the plan's obligations or pension cost.

Changes in Benefits Valued Since Prior Year

Plan provisions have changed since the prior year to reflect current year changes in the Internal Revenue Code maximums on benefits.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
