Independent Auditor's Report

In-Depth Engineering Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of In-Depth Engineering Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material, if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required supplemental schedule (Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the In-Depth Engineering Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with 401(k) salary deferral provisions covering all employees of In-Depth Engineering, Inc. (the Company or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Trustee and Administration of the Plan

Ascensus, LLC, as an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, is the trustee and recordkeeper of the Plan. The administrator of the Plan is the Company. Ascensus holds all assets of the Plan in accordance with the service provider contract with the Company. The Company's management determines the appropriateness of the Plan's investment offerings, monitors investment performance, reports to the Plan's Board of Trustees and is responsible for oversight of the Plan.

Eligibility

Employees are eligible to participate in the Plan on their date of hire.

Employees not eligible to participate in the Plan are interns and temporary/seasonal employees who have completed less than a year of service.

Contributions

Eligible participants may contribute an amount of pre-tax and after-tax Roth annual compensation, as defined in the Plan document, subject to limitations imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

The Company makes a safe harbor nonelective contribution equal to 3% of a participant's eligible compensation. For the year ended December 31, 2025, the Company made safe harbor contributions of $822,829. The Company may also make a discretionary matching contribution equal to a percentage of each participant's salary deferrals, not to exceed 4% of compensation. The Company made no discretionary matching contribution during the year ended December 31, 2025.

The Company may also make a nonelective discretionary profit sharing contribution at the option of the Company's Board of Directors. Participants who have attained 1,000 hours of service and are active employees as of the last day of the Plan year are eligible for the profit sharing contribution. During the year ended December 31, 2025, the Company made a profit-sharing contribution of $1,197,073 to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, and the Company's safe harbor contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to (i) the lesser of $50,000 reduced by the highest outstanding balance of any prior loans from the plan during the prior one-year period, or (ii) 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms range from one to five years, or up to fifteen years for the purchase of a primary residence. Principal and interest are paid ratably through monthly payroll deductions. Each participant may not have more than two loans outstanding at any time. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Payment of Benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

The Plan also provides for involuntary distribution of account balances for terminated participants with account balances of less than $5,000. Participant accounts of terminated participants with balances greater than $1,000 are automatically rolled into an IRA account if the participant does not elect payment.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited accounts totaled $124 and $455, respectively. Forfeited accounts are utilized to reduce Plan expenses and employer contributions. During the year ended December 31, 2025, $378 forfeited accounts were used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for additional information related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions and any related safe harbor contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Profit sharing contributions are recorded in the year earned in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the participants are charged directly to the participant's account and are included

in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets held (at end of year), related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus, a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 or 2024.

The following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Funds - Money market funds are valued at the daily closing price as reported by the fund.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2025	Level 1	Level 2	Level 3	Total
Money market fund	$ 50,599	$ -	$ -	$ 50,599
Mutual funds	43,642,675	-	-	43,642,675
Total Assets, at fair value	$43,693,274	$ -	$ -	$ 43,693,274

December 31, 2024	Level 1	Level 2	Level 3	Total
Money market fund	$ 51,027	$ -	$ -	$ 51,027
Mutual funds	35,777,133	-	-	35,777,133
Total Assets, at fair value	$ 35,828,160	$ -	$ -	$ 35,828,160

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed Ascensus. Ascensus is the recordkeeper and trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules under ERISA. Participant loan and distribution processing fees are paid to Ascensus by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. The Plan Sponsor pays any other fees related to the Plan's operations.

6. Tax Status

Effective January 1, 2021, the Plan adopted the Newport Group, Inc. Non-Standardized Defined Contribution Pre-Approved Plan (Pre-Approved Plan). The IRS ruled on June 30, 2020, that the Pre-Approved Plan, including related amendments, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the adoption of the Pre-Approved Plan. The Plan Administrator believes the Plan is currently designed and is being operated in accordance with the IRC.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Operational Defect

During the year ended December 31, 2025, it was discovered that certain of the Plan's provisions were not properly applied in the daily operation of the Plan. The definition of compensation for participant and employer contributions as per the Plan Document was not properly applied when calculating contribution amounts. Management has determined that the Plan will be amended to conform the Plan's definition of compensation to the compensation actually used in administering participant and employer contributions, subject to applicable Internal Revenue Service requirements. Management believes the amendment is an appropriate correction method and is in the process of obtaining the necessary approvals and executing the amendment. The Company filed a Voluntary Correction Program (VCP) submission with the IRS, which further detailed these matters. The Company does not expect the VCP submission to affect the Plan's tax status.

9. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

10. Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	**2025**	2024
Net Assets Available for Benefits, per the financial statements	**$ 45,125,818**	$ 37,183,808
Less: employer contribution receivable	**(1,197,073)**	(1,128,316)
Net Assets Available for Benefits, per the Form 5500	**$ 43,928,745**	$ 36,055,492

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500:

Year ended December 31, 2025		
Change in Net Assets Available for Benefits, per the financial statements	$	7,942,010
Less: current year employer contribution receivable		(1,197,073)
Plus: prior year employer contribution receivable		1,128,316
Change in Net Assets Available for Benefits, per the Form 5500	$	7,873,253

11. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
