INDEPENDENT AUDITOR'S REPORT

Benefits Committee
CoorsTek LLC Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CoorsTek LLC Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the CoorsTek, LLC Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by CoorsTek LLC to provide benefits to eligible employees, as defined in the Plan agreement. CoorsTek LLC is charged with assuming the direct responsibility for all health, welfare, retirement and benefit plans for CoorsTek, Inc. and its portfolio companies (the "Company" or "Employer"). The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Benefits Committee is responsible for the oversight of the Plan. The Benefits Committee also determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Company has appointed a Plan Administrator to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company to act as the trustee and the third-party administrator affiliated with the Plan to process and maintain the records of participant data.

Eligibility

All full-time employees of the Company and certain affiliates who are at least age 18 are eligible to participate in the Plan as of the first day of the month coinciding with or following 30 days of service. The following groups are excluded from participation: residents of Puerto Rico, employees covered by collective bargaining agreements, leased employees, nonresident aliens with no income from U.S. sources, independent contractors, and employees who are hired on a probationary basis, until the probation period is satisfied. Further, probationary employees cannot participate until they are at least age 21 and have completed 1,000 hours of service.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants. Each participant's account is credited with the participant's contributions, Plan earnings or losses and an allocation of the Employer's matching contribution and discretionary contribution, if any. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Contributions

Each year, participants are allowed to make contributions based on any whole percentage of compensation, as defined in the Plan, received in a pay period up to a maximum of 80% of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to the maximum of 80% of compensation. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions (Continued)
The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set initially at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The designated fund is the JPMCB SmartRetirement Fund that has a target retirement date closest to the year the participant might retire based on their current age. The auto-enrollment deferral percentage increases 1% annually until a maximum deferral rate of 6% is reached.

Any participant contributions deposited prior to December 1, 1986, as part of the predecessor Coors Savings and Investment Plan have been taxed previously and are not taxable when paid to the participant. Participant contributions deposited subsequent to November 30, 1986, are taxable when paid to participants.

Participants are allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans.

Employer Contributions
The Company contributes 100% of the first 6% of eligible compensation that a participant contributes to the Plan (matching contribution). The Plan allows for an additional discretionary match. There were no discretionary match contributions for the year ended December 31, 2025. Contributions are subject to certain IRS limitations.

Investment Options
Participants must direct their salary deferral contributions to selected investments, as made available and determined by the Benefits Committee. Company contributions are invested in the same manner as the participant's contributions. Participants may change their investment options at any time throughout the year via the third-party administrator's website.

Vesting
Participants are immediately vested in their entire account balance, including their voluntary contributions, the Employer's contributions, and all investment earnings on those funds.

On March 15, 2012, the assets of Ceramatec, Inc. Profit Sharing 401(k) Plan were transferred into the Plan. As part of the transfer, a prior vesting schedule related to pre-2010 employer matching and profit-sharing contributions was preserved for participants in the Ceramatec, Inc. Profit Sharing 401(k) Plan who terminated on or before November 8, 2011. The preserved vesting schedule for the pre-2010 employer matching and profit-sharing contributions is as follows:

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting (Continued)

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

A participant may borrow from their fund accounts up to 50% of the total value of his or her Plan accounts, excluding the PAYSOP account, as defined in the Plan document. The minimum loan amount is $1,000 and the maximum loan amount is $50,000 minus the highest outstanding loan balance in the preceding 12 months. Only one loan may be outstanding at any time. The loans are secured by the participant's account balance. Rates are equal to the U.S. Prime rate plus one percent and are reset when the U.S. Prime rate changes. A loan origination fee is charged to participants upon initiation of a loan. Loan terms are available for 12, 24, 36, 48 or 60 months. Loans are normally repaid by bi-weekly payroll deductions and these payments are credited back to the participants' Plan accounts and invested according to the most current investment election. At termination of employment, any outstanding balance is due. At December 31, 2025, outstanding loans bore interest ranging from 4.25% to 9.50% and mature through 2031. At December 31, 2024, outstanding loans bore interest ranging from 4.25% to 9.50% and mature through 2030.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or various annuity options. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or as an annuity as outlined in the Plan documents. Generally, participants may not make withdrawals from their accounts prior to retirement, except in the event of disability, death, termination of employment, or notice of hardship, without being subject to certain restrictions and penalties. The Plan allows for an automatic lump sum distribution of participant vested account balances that do not exceed $1,000. If the vested amount of a participant's account exceeds $1,000, the participant must consent to any distribution of the account balance.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with Internal Revenue Service (IRS) regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts

The amounts in the forfeiture account at year end are used to offset Company contributions or pay any reasonable costs and expenses incurred on behalf of the Plan. Any balance in the forfeiture account at December 31st is carried over to the next year. During the year ended December 31, 2025, $1,357 of forfeitures were used to pay expenses on behalf of the Plan. The forfeiture account totaled $6,606 and $2,900 as of December 31, 2025 and 2024, respectively.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive contracts which are reported at contract value (See Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees charged to the Plan for investments are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits
Benefits payments to participants are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are directly paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Uncertain Tax Positions
U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or asset, or disclosure, in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events
The Plan has evaluated subsequent events through October 9, 2026, the date the financial statements were made available to be issued and has determined that there are no subsequent events that require disclosure.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Self-directed brokerage accounts:
Interest bearing cash included in the self-directed brokerage accounts is valued at the carrying value, which approximates fair value due to the short-term nature of such investments. Common stock included in the self-directed brokerage accounts is valued at the closing price reported on the active market on which the individual securities are traded.

Registered investment companies/mutual funds:
Valued at the daily closing price reported by the fund. Registered investment companies/mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies/mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Money Market Funds:
Valued at cost, which approximates fair value.

Collective Investment Trusts
Valued at the NAV of units of the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024 for all recurring items:

	Investments at Fair Value as of December 31, 2025

Investments measured at NAV (practical expedient) (common collective trusts)				306,657,672
Total				$331,023,731

NOTE 5 – STABLE VALUE FUND

The Plan holds a fully benefit-responsive deposit annuity contract with Goldman Sachs Trust Company, N.A. (GSTC). GSTC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. GSTC is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but it cannot be less than the contract's minimum guaranteed interest rate. Such interest rates are reviewed on a quarterly basis for resetting. The interest rates at December 31, 2025 and 2024 were 3.46% and 3.10%, respectively.

The contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the permitted measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GSTC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 – STABLE VALUE FUND (Continued)

Certain events limit the ability of the Plan to transact at contract value with GSTC. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants.

The deposit annuity contract does not permit GSTC to terminate the agreement prior to the scheduled maturity date.

The contract is supported by the assets in the general accounts of GSTC. There are no reserves against contract values for credit risk of the contract issuers or otherwise.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants qualify as party-in-interest transactions. Additionally, certain Plan investments are shares of mutual funds or investments included in the self-directed brokerage accounts managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are presented as a reduction to investment income, as they are paid through revenue sharing rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan's operations. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time, by resolution of its board of directors, and is subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease, and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 8 – FORM 5500 RECONCILIATION

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500, at December 31:

	2025	2024
Net assets available for plan benefits per the financial statements	$386,853,134	$344,702,476
Deemed distributed loans, December 31, 2025	(167,962)	-
Deemed distributed loans, December 31, 2024	-	(179,469)
Net assets per the Form 5500	**$386,685,172**	**$344,523,007**

The following is a reconciliation of the affected components of the changes in net assets available for plan benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Net changes in net assets available for Plan benefits per the financial statements	$42,150,658
Change in deemed distributed loans with no post default payments	11,507
Net income per Form 5500	**$42,162,165**

NOTE 9 – TAX STATUS

The Plan has adopted a non-standardized form of a volume submitter plan, sponsored by Fidelity Management Trust Company. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since the volume submitter plan received the opinion letter. The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the IRC.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the risks associated with certain investments securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits, and the statement of changes in net assets available for plan benefits.
